## **Purpose of Collection Development Policy**

The purpose of this collection development policy is to target the needs of our student population and continue expanding the plan to meet these needs as stated in SDPBC Policy 8.12(6.a.). “ Each school shall, in conjunction with the Library Bill of Rights of the American Library Association and District policy, establish procedures for the evaluation, selection, management and disposal of library media materials in conformance with this policy and policy 8.1205 and shall record such in the schools collection development policy.” (Appendix A). Specifically, in addition to resource materials, team planning meetings with the Principal and individual departments are to be scheduled to define areas of academic support and resources to guide this collection development policy. The purpose of these meetings is to open communication with classroom teachers to elicit suggestions for means and methods of collaborating with the Library, and to elicit recommendations for resources to support our students.

The Collection Development Policy is designed to support the Library’s Mission statement and serves as a guide for the selection, acquisition, maintenance, and retention of materials by establishing roles, responsibilities, and a process for addressing Library user concerns. This policy is used to communicate the library’s policies to faculty, students, staff, and other stakeholders of our school's community. In response to the ebb and flow of student population, curricula, and emerging needs of the school, changes and updates to the collection will be determined as they occur.

For the past two years there has not been a media clerk to support our student population of 1300, so the acquisition and maintenance of materials collection has been entirely the media specialist’s responsibility. A media clerk has been hired for next year, which will enable more focus on building and maintaining the library collection of all materials across all formats, and which will help with scheduling classroom visits to the library on a regular basis.

As our student population changes, the Media Center at Lake Worth Community Middle School reassesses and adapts its collection to reflect new and differing areas of interest and concern. The collection development policy is annually evaluated and revised as necessary to provide guidance for implementing changes in the collection.

## **Background Statement & School Community**

Information about the school community was obtained from the [The Gold Report](#).

Lake Worth Community Middle School is a 95% Free and Reduced lunch Title I school serving 1282 students in grades 6,7, and 8. Student demographics are: 66% Hispanic, 27% Black, 6% White, and the remaining 1% are Asian, American Indian and Mixed Race. Active English Language Learners comprise 44% of the student population which is Hispanic, though many of these students do not speak Spanish as they come from Guatemala and identify as native Americans not Hispanic, and speak one of 23 indigenous verbal only Guatemalan languages. Nearly 30% of the students are Haitian Creole with a few percentage points of White, Black, and Mixed ethnicities. It must be noted that the English Language Learner percentage is based on students listed as active ELL, however, nearly 80% of our students speak a language other than English at home. The implications of this reality is that while these students have been released from active ELL status, their English proficiency is not at the level of students for whom English is their primary language, therefore the library development plan pays close attention to developing literacy tailored to the needs of our students.

### Special programs ~ School Choice Programs

- Biomedical Sciences
- Pre-Engineering

### In-House Programs

- Pre-Information Technology
- Spanish Dual Language
- AVID

Program specific resources will be sought to include in the collection along with high interest fiction at levels commensurate with identified student reading levels and interests.

### **School District of Palm Beach County Mission Statement**

The School District of Palm Beach County is committed to providing a world-class education with excellence and equity to empower each student to reach his or her highest potential with the most effective staff to foster the knowledge, skills, and ethics required for responsible citizenship and productive careers.

### **Lake Worth Community Middle School Mission Statement**

Lake Worth Community Middle School (LWMS) prepares students for graduation and beyond through the tenets of The Warrior Way. The Warrior Way is a pervasive school culture based on the values of good citizenship, relevant academic rigor, ethical behavior, and the fundamental attitude of respecting others as you would have them respect you. We serve our students with the understanding that diversity in gender, culture and background is a strength to be respected and that education is the shared responsibility of the student, home, school and community.

### **Media Center Mission Statement**

The LWMS Media Center/Library to be referred to as the I.D.E.A., (Investigate/ Implement, Dream, Explore, Achieve) Center, endeavors to serve as an intellectual makerspace and resource depot for all school stakeholders, including students, parents, teachers, and staff. The overarching goals are to:

- Facilitate connections with the curriculum.
- Connect with individual students' interests across all the languages and cultures in this diverse school to enable them to become auto-didacts and active participants in our democracy.
- Provide a safe space for students to explore topics of interest and themselves.
- Model and encourage the use of all media, digital and print mediums, to deepen empathy, kindness, understanding, diversity, self-advocacy, character, and self-esteem, by exploring other cultures and journeying to other places even though they may be virtual.
- Build digital literacy skills to support student growth.
- Encourage dialogue skills that help students listen and articulate their ideas while respectfully seeking to understand others.
- Include culturally relevant material for our student population such as books by and about African American, Haitian Creole, and Hispanic authors. Ensure availability of full-length versions of the excerpts used in ELA and Reading classes, and other books written by some of the same authors including eBooks.

## **Responsibility for Collection Management & Development**

Responsibility for Collection Management & Development is a collaborative effort shared among this Media Specialist, Faculty, Administration, Students, Parents, and District Stakeholders. Stakeholder input is sought through in-person and online faculty meetings, monthly SAC meetings at which parents, teachers, faculty, students, and community members are in attendance.

## **Library Program**

Our school is on a fixed six period a day schedule, within which the library is open all day for teachers to bring in classes for special media and ELA instruction, offering support for special initiatives such as author visits, (budget permitting), as well as to check books out on a rotating basis. Book Clubs and Battle of the Book groups, as well as Author visits are planned for next year, however due to not having a media clerk these programs were not possible in the 2022-2023 school year with the Media Specialist's teaching schedule. The Library Program includes student produced video announcements to build community within the school, share book talks and library programs, and to highlight individual student achievements throughout all the content areas. This program is student produced in our TV Production Studio, which has been refurbished with new equipment granted through the Palm Beach Education Foundation. Instruction that takes place in the Library includes other grant funded (written by this Media Specialist) endeavors that include students working collaboratively in small groups, to learn to think of themselves as Solutionaries (Weil, 2021), and collaboratively devise solutions to real world problems which they then co-create in Minecraft for Education. All content areas are strengthened as these cross curricular projects are researched, discussed, and written about. The soft skills, English language, and media skills the students learn in these classes help them now and in the future to prepare for satisfying and meaningful relationships and collaborative careers. It is a goal of this program to invest in opportunities to integrate multiple content areas into learning projects whenever possible.

## **Goals and Objectives**

**Goal 1** - To promote literacy development the first goal is to increase circulation of books for the 2023-2024 school year by working with Administration to schedule class visits to the Media Center on a regular basis to learn about current content being taught, teach research skills, and to check out and return books. Book Circulation will measure this objective and a calendar of classes attending Media Time will document implementation. This initiative will be publicized on our student-led morning announcements. Due to a full-time Media Clerk position just filled, a master schedule will be created. Each teacher can bring in their class to find books on topics they are studying that aligns with their scope and sequence, build time with eyes on text and develop reading as critical thinking across a wide variety of genres. Having a media clerk will allow the Media Specialist time to create curated collections to deepen curiosity and understanding in support of school wide curricula.

**Goal 2** - Provide content specific literacy skills for the 2023-2024 school year by working with Administration, Department Heads, and Faculty to identify and teach skills for using library and online resources. Learning modules will be created and placed on the Media Center google site for access by all faculty and staff.

**Goal 3** - Data from library circulation and a needs assessment survey will be used to purchase high interest books to engage our lowest level and ELL learners, and which relate to the needs and interests of the

student population in FY24. To this end, Titlewave reports show that the categories of Computer Science, Knowledge & Systems, Diversity, Equity & Inclusion, and Social & Emotional Learning need to be strengthened, and therefore will be purchased to update the collection.

**Goal 4** - Author Visits will be added to library programming through the sales of Literary T-Shirts, and ID Badge fundraisers.

## Budget and Funding

*The Lake Worth Community Middle School is given a school-based operating budget at the beginning of every school year. The Secondary School administration uses a formula to disperse the appropriated funds. The budget for the 2023 - 2024 school year is expected to be similar to the 2022-2023.*

### Scope of the Collection

This collection will include existing formats which are Books, eBooks, and hardware with the caveat that out of date hardware and software will be weeded along with books that are outdated and/or in poor condition. Additional materials to support our special programs will be a focus. The only outdated equipment that is being retained are the cassette players used for WIDA testing for which no alternative has been given.

In addition to the collection, the District provided databases and eBooks that expand our local collection and provide 24/7 access for students. Specific resources from Talking Books will be utilized and linked through the Media Center Google Site where heretofore they may not have been accessed. Pursuant to School Board Policy materials will support both curriculum and pleasure reading as per School Board Policy 8.12 Section 2 d, and the collection will be arranged in standard Dewey order.

Special emphasis in the development of the library collection is placed on bilingual books in dual English/Spanish and in English/Creole/French, as well as books entirely in Spanish. A grant written by Dr. Leach provided \$3,000 to expand this collection focus. Due to the students' preferences for graphic novels, both fiction and nonfiction texts to support literature and STEAM content will be an emphasis going forward, and this year nearly \$3,000 in graphic novels were purchased with funds raised by the Media Center fundraisers. Budget allowing, we plan to purchase Newsbank for our school, an online repository of primary source material which will be of use for all content areas. All district hurdles have been cleared by the vendor, so we are waiting to find out budgets and raise funds for next year.

Materials will support both curriculum and pleasure reading as per School Board Policy 8.12 (see Section 2 d) and per District policy, the collection will be arranged in standard Dewey order (see Section 5 Management of Library Media Instructional Materials).

## **Collection Development**

The Development of our Library/Media Center Collection here at Lake Worth Community Middle School entails compiling data and thinking through the needs of our population very carefully in order to provide quality materials and equipment for our faculty and students. The goal of collection development is to make sure that the collection includes information resources that encompass the breadth and depth of our students' academic and personal interests. This Media Specialist guides this process with the interest of faculty, administration, parents, students and stakeholders.

## **Selection and Evaluation Criteria**

The selection process and evaluation criteria for Lake Worth Community Middle School considers input from school administrators and faculty, and uses independent reviewing tools such as Kirkus Review, School Library Journal, and the Horn Book when considering material selection. Selection decisions regarding the acquisition of library materials are grounded in School Board Policy on Selection of materials criteria. These materials are carefully selected to support instruction, promote reading, further the pursuit of knowledge through research and exploration, and provide information and media literacy to prepare students for participation in our democracy.

## **District-Wide Procedures for Selecting and Developing Library Collections**

### **Who Makes the Selection**

1. Each book made available to students through this School District's library media centers must be selected by a school district employee who holds a valid educational media specialist certificate, regardless of whether the book is purchased, donated, or otherwise made available to students.
2. In HereFurther, employees holding a valid educational media specialist certificate must also have completed the required Florida Department of Education training once it is available and by law must be developed by January 1, 2023.
3. In addition, the person selecting the books is employed at that school location or if a qualified person is not employed at the school, by another District employee with these qualifications.
4. For resources needing additional review by District Library Media Services, school-based certified library media specialists or principal designee will use PBSD 2671 to solicit additional input.
5. Consultation with stakeholders is required which is accomplished by the following:
  - a. Any community stakeholders may provide consultation on selections via the list of LMS Selections for the current school year at Active Book Orders.
  - b. On the date of the requested purchase or acceptance of library media center materials,

the District will provide an email or text notice to current members of the Board's Academic Advisory Committee (Policy 1.097) that there are new materials under consideration, the link to find the list of materials, and the deadline(s) for submitting questions or comments.

- c. Stakeholders with questions or concerns are directed to the following email address: [librarymediaservices@palmbeachschools.org](mailto:librarymediaservices@palmbeachschools.org), for sending their feedback to be reviewed by the District Library Media Services for consideration.
- d. Selections may be purchased or accepted 72 hours after posting for book fair materials and two weeks after posting for all other purchases or donations.

  - b. Suited to student needs and their ability to comprehend the material presented.
  - c. The content is to be appropriate for the grade level and age group for which the materials are used or made available. The District shall rely on any State Board of Education Rules, if they exist, to determine what is age appropriate.
2. In developing library media center collections consultation of reputable, professionally recognized reviewing periodicals is required, if available, after a documented diligent search.

The basis for the removal shall be documented.
3. The District will restrict access to school library media and reading list materials from students in grade Kindergarten through Grade Three if such materials instruct on sexual orientation or gender identity because HB 1557 (2022) prohibits such instruction.

### **Oversight for Compliance**

1. School principals are responsible for overseeing compliance with school district procedures for selecting school library media center materials at the school to which they are assigned.
2. Support toward compliance is available when the assigned school library media specialist(s) attend professional development/training hosted by the District Library Media Services.

Annually, the District requires using the selection criteria and the removal criteria referenced in these procedures to have library media specialists evaluate their collection in order to write a School Collection Development Plan to enhance their individual library programs that align to the District required components. They will share that plan with both their principal and District Library Media Services. Once the plan is approved, the school will post the school's plan on the school website. District Library Media Services will offer annual training on this process.
4. The School Collection Development Plan will include: School Mission Statement, Library Mission Statement, Purpose of the Collection Development Plan, School Community Description, Description of Your Library Program, Budget and Funding, Scope of Collection, Collection Development, Gifts and Donations, Collection Maintenance, Challenged Materials, and Goals and Objectives.

I will follow Policy 8.125 see below, as well as form PBSD 1113 also included in the Appendix.

Appendix A

### LIBRARY BILL OF RIGHTS

The American Library Association affirms that all libraries are forums for information and ideas and that the following basic policies should guide their services.

- I. Books and other library resources should be provided for the interest, information, and enlightenment of all people of the community the library serves. Materials should not be excluded because of the origin, background, or views of those contributing to their creation.

- II. Libraries should provide materials and information presenting all points of view on current and historical issues. Materials should not be proscribed or removed because of partisan or doctrinal disapproval.
- III. Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment.
- IV. Libraries should cooperate with all persons and groups concerned with resisting the abridgment of free expression and free access to ideas.
- V. A person's right to use a library should not be denied or abridged because of origin, age, background, or views.
- VI. Libraries that make exhibit spaces and meeting rooms available to the public they serve should make such facilities available on an equitable basis, regardless of the beliefs or affiliations of individuals or groups requesting their use.

## Appendix B

### INTELLECTUAL FREEDOM

#### AMERICAN LIBRARY ASSOCIATION THE FREEDOM TO READ STATEMENT

The freedom to read is guaranteed by the Constitution. Those with faith in free people will stand firm on these constitutional guarantees of essential rights and will exercise the responsibilities that accompany these rights.

We therefore affirm these propositions:

1. *It is in the public interest for publishers and librarians to make available the widest diversity of views and expressions, including those that are unorthodox, unpopular, or considered dangerous by the majority.*
2. *Publishers, librarians, and booksellers do not need to endorse every idea or presentation they make available. It would conflict with the public interest for them to establish their own political, moral, or aesthetic views as a standard for determining what should be published or circulated.*
3. *It is contrary to the public interest for publishers or librarians to bar access to writings on the basis of the personal history or political affiliations of the author.*
4. *There is no place in our society for efforts to coerce the taste of others, to confine adults to the reading matter deemed suitable for adolescents, or to inhibit the efforts of writers to achieve artistic expression.*
5. *It is not in the public interest to force a reader to accept the prejudgment of a label characterizing any expression or its author as subversive or dangerous.*
6. *It is the responsibility of publishers and librarians, as guardians of the people's freedom to read, to contest encroachments upon that freedom by individuals or groups seeking to impose their own standards or tastes upon the community at large; and by the government whenever it seeks to reduce or deny public access to public information.*
7. *It is the responsibility of publishers and librarians to give full meaning to the freedom to read by providing books that enrich the quality and diversity of thought and expression. By the exercise of this affirmative responsibility, they can demonstrate that the answer to a "bad" book is a good one, the answer to a "bad" idea is a good one.*

This statement was originally issued in May of 1953 by the Westchester Conference of the American Library Association and the American Book Publishers Council, which in 1970 consolidated with the American Educational Publishers Institute to become the Association of American Publishers.

Adopted June 25, 1953; revised January 28, 1972, January 16, 1991, July 12, 2000, June 30, 2004, by the ALA Council and the AAP Freedom to Read Committee.

First Amendment of the Bill of Rights to the United States Constitution CONGRESS SHALL  
MAKE NO LAW RESPECTING AN ESTABLISHMENT OF RELIGION, OR  
PROHIBITING THE FREE EXERCISE THEREOF; OR ABRIDGING THE FREEDOM OF  
SPEECH, OR OF THE PRESS; OR THE RIGHT OF THE PEOPLE PEACEABLY TO  
ASSEMBLE, AND TO PETITION THE GOVERNMENT FOR A REDRESS OF  
GRIEVANCES.

The Bill of Rights to the U.S. Constitution was ratified on December 15, 1791  
Endorsed by the Board of Library Trustees: August 24, 2009, October 22, 2012,

### Policy 8.12 - Selection of Library Media Center Materials and Reading List Materials

1. **Adequate Library Media Materials.**-- Library media materials for the school's Library Media Center, including print, non-print, serials [periodicals], electronic resources, computer software, video images, films, and instructional television programs, represent fundamental resources selected for schools to support instruction, promote reading, further the pursuit of knowledge through research and exploration, and provide information literacy experiences of educational significance for class groups, individual students, teachers and administrators. It is the shared responsibility of the State, District, and school, within budgetary constraints, to provide an adequate number and range of library media materials and resources in a variety of formats that are appropriate, timely, and essential to the attainment of specified educational objectives subject to District policy. It is also the responsibility of the State and District and school to provide library media materials that represent the diverse cultures, ethnic groups, languages and religious beliefs of the community and that are free of bias, stereotypes, distortions, and prejudices.
2. **Reading List Materials.**-- Reading list materials are recommended or assigned materials school- wide or grade level.
3. **Purpose.**-- The Board believes that the selection of library media materials and reading list materials is within its jurisdiction pursuant to relevant statutory and constitutional laws. The library media center, within budgetary constraints, shall contain a comprehensive collection of materials and equipment, in a variety of media formats that are accessible to students during the school day, to:
  - a. Promote the development of lifelong reading habits and information literacy skills in students;
  - b. Provide a broad background of information resources in areas of knowledge;
  - c. Support the general educational goals of the District and the objectives of specific courses, including materials that represent diverse points of view in order that young citizens may develop, under guidance, the practice of critical analysis of media and intellectual integrity in forming judgments;
  - d. Meet the personal needs and interests of students, including materials that: nurture the development of recreational reading/listening/ viewing, cultural appreciation, and aesthetic values; represent the many religious, racial, ethnic, linguistic, and cultural groups in our society and reflect their contributions to the heritage and culture of our civilization; foster respect for the diverse roles available to women and men in today's society; and provide access to materials in heritage language as stipulated by the META agreement.
  - e. Support the professional needs of teachers and administrators; and
  - f. Introduce new instructional technologies into the learning environment.
4. **Choice.**-- Library media materials are available to students and staff as optional resources and are usually not mandatory reading as is the case with textbook instructional materials.

Library media that is sensitive or mature may not be appropriate for all readers in a school but remains a part of the collection to address the needs of some of the reading community if it meets the selection criteria of the school. Educators and library media

specialists should be sensitive to the reading level, belief system, interest level and maturity level of students when helping make selections for individuals, reading aloud to groups, or when having whole class participation in a reading project. If a parent or adult student states a reasonable objection to library reading material assigned to a class, comparable instruction will be made available for the student through an alternate reading assignment without penalty.

5. **Use of Library Media Materials Allocation.**-- School principals are responsible for ensuring that operating budget and state categorical funds are used to purchase library media materials that reinforce instruction and stimulate leisure reading for the students enrolled at the grade level(s) for which the materials are designed and to effectively communicate to parents the manner in which materials are used to implement the curriculum of the school under Fla. Stat. § 1006.40.

6. **Management of Library Media Materials.**-- Following practice and precedent, the school library media centers in Palm Beach County will arrange media and materials according to the Dewey Decimal Classification System. Library media materials acquired with funds from the General Appropriation Act of the State of Florida are to be cataloged and inventoried as part of the library media collection. Library media materials may be inventoried in one to three year cycles.

7. **Selection.**-- HB 1467 (2022), amending Fla. Stat. § 1006.28 provides selection requirements.

a. Initial Review Process

i. "Each book made available to students through a school district library media center or included in a recommended or assigned school or grade-level reading list must be selected by a school district employee who holds a valid educational media specialist certificate, regardless of whether the book is purchased, donated, or otherwise made available to students."

ii. For resources needing additional review by District Library Media Services, school-based certified library media specialists or principal designee will use PBSD 2671, attached hereto and incorporated as part of this policy, to solicit additional input.

b. The School Board is herein adopting "procedures for developing library media center collections" and shall "post the procedures" on each school's website within the District.

c. Each elementary school must <sup>[1]</sup> publish on its website, in a searchable format prescribed by the [Florida Department of Education], a list of all materials maintained in the school library media center (as defined by SBER 6A-7.0713, including classroom libraries) or required as part of a school or grade-level reading list."

d. Per HB 1467 (2022), § 1006.28 (2) (d), these procedures for developing library media center collections must:

i. "Require that **book selections** meet the criteria in s. 1006.40(3) (d)." <sup>[2]</sup>

ii. Require consultation of reputable, professionally recognized reviewing periodicals <sup>[3]</sup> \_\_\_\_\_, if available after a documented diligent search, and school community stakeholders. <sup>[4]</sup>

iii. "Provide for library media center collections based on reader interest, support of state academic standards and aligned curriculum, and the academic needs of students and faculty."

iv. "Provide for the regular removal or discontinuance of books based on, at a minimum, physical condition, rate of recent circulation, alignment to state academic standards and relevancy to curriculum, out-of-date <sup>[5]</sup> content, and required removal pursuant to subparagraph (a) 2." \_\_\_\_\_

In addition to regular review, removal, or discontinuance by a school library media specialist, the Superintendent or designee, even without an Objection or challenge, has the authority to remove library media materials or materials on reading lists based on statutory considerations. The basis for the removal shall be documented. Removal procedures regarding an Objection are based on Statute and/or School Board Policy 8.1205 Objection Procedures for Instructional Materials.

e. The District may restrict access to school library media and reading list materials from students in grade Kindergarten through Grade Three if such materials instruct on sexual orientation or gender identity because HB 1557 (2022) prohibits such instruction.

8. **Additional Selection Criteria**

a. Materials for use in school media centers or classroom library collections shall be carefully selected subject to the requirements stated above in Paragraph 7. A choice of materials that support the instructional program and promote reading shall be available to students and professional staff to allow for varying achievement levels, interests, and teaching/learning styles. Each school shall, in conjunction with the "Library Bill of Rights" (<https://www.ala.org/advocacy/intfreedom/librarybill>) of the American Library Association ("ALA"), State Statute, and District policy, follow District procedures for the evaluation, selection, management, and disposal of library media materials in conformance with this Policy and Policy 8.1205. Annually, the District requires using the selection criteria and the removal criteria referenced in this Policy to have library media specialists evaluate their collection in order to write a School Collection Development Plan to enhance their individual library programs that align to the District required components <sup>[6]</sup>. They will share that plan with both their principal and District Library Media Services. Once the plan is approved, the school will post the school's plan on the school website. District Library Media Services will offer

- annual training on this process.
- b. The "Library Bill of Rights" referenced herein is to be used as a suggested guideline. To the extent that there are inconsistencies between the guidelines in the "Library Bill of Rights" and State Statute, or District policy, State Statute and District policy shall take precedence and shall govern the selection, retention and disposition criteria of library media materials for library media centers and classrooms.
  - c. Selection of materials shall also be consistent with the provisions in the School Board's collective bargaining agreement with CTA relating to academic freedom and responsibilities--Article II, Section K--to the extent those provisions are applicable.
  - d. Moreover, consistent with Fla. Stat. § 1006.28 (2) (a) 2, library media materials must be suited to student needs and their ability to comprehend the material presented.
  - e. In conjunction with the selection criteria above, employees holding a valid educational media specialist certificate (with the required training once it is available as stated in Paragraph 10 below) at each school location or if a qualified person is not employed at the school, by another District employee with these qualifications, shall evaluate and select print and non-print materials for the library media center using several of the criteria outlined below, as appropriate for the media type. **Any library media material containing pornography or otherwise prohibited by Fla Stat. § 847.012 as harmful to minors may not be used or made available within any public school.**
  - f. Additional criteria used in evaluating and selecting all materials include:
    - i. EDUCATIONAL SIGNIFICANCE. -- Material is valuable to an individual course of study or to the library media collection; the degree to which the material would be supplemented and explained by mature classroom instruction.
    - ii. APPROPRIATENESS. -- Material is geared to the age, maturity, diverse interests, and learning levels of students for whom it is intended. Reading levels and Lexile's are considered to provide a range of material that challenges the student and guides their selection process.

- xvi. GRAPHIC NOVELS AND PERIODICALS.— In addition to the above criteria, all pictures are to be reviewed for appropriateness prior to placing the graphic novel or periodical into circulation.

**9. Compliance**

- a. Per HB 1467 (2022), school principals are responsible for overseeing compliance with school district procedures for selecting school library media center materials at the school to which they are assigned.
- b. Support toward compliance is available when the assigned school library media specialist(s) attend professional development/training hosted by the District Library Media team.

10. The Florida Department of Education (FL DOE) is developing an online training program by January 1, 2023 for school librarians, media specialists, and other personnel involved in the selection and maintenance of library media and collections or materials maintained on a reading list. These persons must complete this training once it is available before reviewing and selecting age appropriate materials, reading list materials, and library resources.

### **Policy 8.1205 - Objection Procedures for Instructional Materials, Library Media Materials, and Supplemental Classroom Materials, including Reading Lists**

This Policy does not apply to the 30-day post-adoption challenges to specific instructional materials by parents or County residents in compliance with Fla. Stat. § 1006.28(1) (a) (3). The procedures to follow for those challenges are outlined in School Board Policy 8.122, subparagraph (3)(g).

In addition, the Superintendent or designee, even without an objection or challenge, has the authority to remove instructional materials, library media materials, supplemental classroom materials on reading list based on statutory considerations. The basis for the removal shall be documented.

This Policy implements Fla. Stat. § 1006.28 (2)(a)2 relating to: objections by parents or this County's residents to: a) instructional materials more than 30 days after adoption of instructional materials and b) library media materials, including reading lists, and non-adopted classroom materials. The procedures to follow for those challenges are outlined below; however, a parent or a resident of this County has the option to speak and proffer evidence at the Board hearing on adopting instructional materials and the Board adoption meeting without having followed the procedures below.

#### **1. Grievance Procedures Concerning Core Instructional Materials, Library Media Materials, Reading Lists, and Supplemental Classroom Instructional Materials**

- a. The Superintendent or his/her designee is authorized to administer the following procedures in accordance with federal and state law.
- b. Any resident of Palm Beach County, or emancipated student or parent of a child attending public school in Palm Beach County may file an objection with a school or the Board Clerk concerning the use of or content in instructional materials, library media materials, and supplemental classroom materials, including reading lists.
- c. The parent or resident will be provided the opportunity to proffer evidence on the grounds stated within Fla. Stat. § 1006.28(2)(a)(2), relating to instructional materials, library media materials, and supplemental classroom materials, including reading lists.
- d. Challenged materials may be removed from use in the school where the objection was initiated after the procedures of this Policy have been completed or if it is agreed by the District at any of these stages. Per Fla. Stat. § 1006.28(2)(a)(2), if the School Board "finds that an instructional material does not meet the criteria under sub-subparagraph a. or that any other material contains prohibited content under sub- subparagraph b., the school district shall discontinue use of the material for any grade level or age group for which such use is inappropriate or unsuitable."
- e. Objections filed by a parent or emancipated student shall be heard in the school in which that student is registered. If the parent has children at different schools in Palm Beach County, then the objection must specify which school(s) the objection pertains to and it will be heard in that/those school(s). If the objecting party is not the parent of a child in the School District, the objection will be assigned to the appropriate school within the boundary corresponding to the residence of the objecting party for review if the material is located at that school or to the school in close proximity where the material is located.

#### **2. School Level: Informal Complaint**

- a. Any complaint arising out of the use of a material in a school shall be registered in writing with the principal of the school. Within five

school days of the receipt of the complaint, the principal and/or his/her designee and the appropriate staff member(s) shall meet with the complainant to explain:

- i. the school's selection procedures for these materials;
  - ii. the criteria used for the selection of these materials;
  - iii. the role that the material in question has in the school's curriculum or library media center or classroom collection; and
  - iv. whatever additional information is deemed needed regarding the item's use.
- b. If the complainant is not satisfied with the explanation and desires to file a formal complaint, the formal procedures below shall be followed.

### 3. School Level: Formal Complaint

- a. As stated in Policy 8.122, objections to instructional materials and Supplemental Classroom Materials, including Reading Lists, shall be filed on form PBSB 2569 (Petition to Object/Objection to Instructional Materials), which is part of this policy and incorporated herein as part of this Policy. The form can be found on the District's forms website at: <https://www2.palmbeachschools.org/formssearch/pdf/2569.pdf>.
- b. For objections to Library Media Materials, the complainant shall file form PBSB 1113 ("Objection to, Library Media Materials") and this form can be obtained from the Principal or a designee. A copy of the form is also available on the District's forms Web site at <https://www2.palmbeachschools.org/formssearch/pdf/1113.pdf> and is incorporated herein by reference as part of this Policy.
- c. The complainant shall sign and sufficiently complete the applicable form in its entirety for each material to be considered, including stating the basis of the objection, retain one copy, and send one copy of the completed form to the principal of the school. *Failure to sufficiently fill out the form along with complainant's signature will result in the rejection of the form and no formal review process under this subsection will be initiated.*
- d. A challenge to the same material(s) by multiple challengers within one school can be consolidated into one challenge for consideration by the School Materials Review Committee, Principal, Superintendent, District Material Review Committee, and School Board (the reviewing persons and entities) as set forth in the below proceedings.
- e. A challenge to multiple materials will require additional preparation time for the reviewing persons and entities set forth below. A challenge of more than five materials will add an additional two (2) days per item to the time deadlines for the school or District actions that are specified within this Policy.
- f. For materials used *in that school*, the form and the material in question shall be studied by a School Materials Review Committee appointed on an ad hoc basis by the school Principal. Representation on the School Materials Review Committee should reflect the diversity of the District and school, and the following provisions apply:
  - i. The committee shall consist of the Principal or his/her designee of the school where the complaint was made; two teachers in the appropriate subject area/grade; one teacher from another subject area/grade; a library media specialist; a guidance counselor; one student from the appropriate grade level or a student who is accomplished in the specific subject area (middle and senior high school only); one layperson from the school's Parent-Teacher Association or the School Advisory Council; a representative designated by the Regional Superintendent, and a representative from the District department representing Instructional Materials and/or Library Media Services.
  - ii. The School Materials Review Committee shall meet within fifteen (15) school work days of receipt by the Principal of the reconsideration form. The complainant shall be notified of the committee's meeting

- date and time and shall be invited to present arguments for no more than 10 minutes unless time is extended by the committee for good cause. A question/answer period or committee discussion may follow the presentation at the committee's discretion.
- iii. The School Materials Review Committee shall solicit, if readily available, professionally written reviews of the material, from sources such as those listed in School Board Policy 8.12(7)(d)(ii).
  - iv. The School Materials Review Committee shall be chaired by the Principal or his/her designee. A recorder of minutes shall be appointed from the membership of the committee to take minutes and to record the recommendation of the committee.
  - v. If the review is not completed, the committee may schedule additional meetings. Within five (5) school work days of its final meeting, the School Materials Review Committee shall prepare the committee's recommendation with supporting reasons and use form PBSB 1857, School Materials Review Committee Recommendations, or a signed letter written on school letterhead. The form can be found on the District's forms Web site at <https://www2.palmbeachschools.org/formssearch/pdf/1857.pdf> and is incorporated herein by reference.
- g. Guidelines for Committee's Recommendation. -- The School Materials Review Committee shall review enough of the relevant portions of the material being challenged in order to make an informed recommendation on the request. The committee shall also consider readily available reviews of the material, study the comments on the complainant's questionnaire, consider one or more of the evaluative criteria in Policy 8.12(7) (for media center materials) or State requirements and guidelines and Policy 8.122 (for textbooks or other instructional materials and reading lists) and shall render a decision based on a majority vote.
- i. The selection criteria in Policy 8.12(7), for media center, shall be made available to all interested persons.
  - ii. In addition, the recommendation shall also consider the provisions in the School Board's collective bargaining agreement with CTA relating to academic freedom and responsibilities-- Article II, Section K--to the extent those provisions are applicable. However, pursuant to current case law, the committee may not recommend removal of non-curricular books from the school's media center or classroom simply because a majority of the committee dislikes the ideas or the points-of-view contained in the media center instructional or supplemental classroom instructional materials.
- h. Committee's Recommendation to the Principal. -- The committee's final recommendation shall be immediately forwarded to the school Principal and may be any or a combination of the following:

This written communication must inform the complainant of the next level of appeal under this policy and the time deadline if the decision is not the relief sought by the objecting party. Such communication shall be sent by regular U. S. Mail, and certified mail, return receipt requested.

**4. District Level: Formal Appeal.** -- The complainant may appeal the Principal's decision to the Superintendent, subject to the following provisions.

- a. If the complainant appeals the Principal's decision, the Principal shall send copies of all reports and communications to division and department heads that supervise Instructional Materials and Library Media Services and to the appropriate Regional Superintendent.
- b. Access to challenged materials shall not be restricted during the reconsideration process; the materials shall remain in use unless the School Materials Review Committee, through formal vote, recommended removal of the instructional materials to the Principal, and the decision to remove is made by the Principal.
- c. Within twenty (20) calendar days of the date of the Principal's decision, the complainant shall notify the Superintendent in writing of the request to appeal. *Failure to comply with these requirements will result in the appeal not being considered.*
- d. Within twenty (20) school work days of receipt of such request, the Superintendent or his/her designee and appropriate staff shall review the action taken at the school level and issue a decision based on the same criteria set forth in subsection (3)(g) above and with the same alternative results as set forth in subsection (3)(h) above. If the decision does not include further review by the Superintendent/designee (and District Materials Review Committee), the complainant shall be so notified of the decision and be informed of the ability and deadline to request *in writing* an appearance to appeal directly to The School Board of Palm Beach County, Florida in accordance with this Policy. Notice to the complainant shall be made by regular U. S. Mail and certified mail, return receipt requested.
- e. If the Superintendent finds cause for further review, the complaint shall be submitted to a District Materials Review Committee whose representation reflects the diversity of the District and school, appointed on an ad hoc basis by the Superintendent or his/her designee, according to the following provisions:

The General Counsel to the School Board, or designated attorney(s) of his/her Office, may be invited to provide legal advice to the Committee, if deemed appropriate by the Superintendent.
  - iv. In the event that a person from a position named above cannot be present at the District Materials Review Committee meeting(s), the Superintendent may appoint an alternate.
  - v. **District Materials Review Committee Procedures**

- i. The Selection Criteria in Policy 8.12(7) (for media center materials) shall be made available to all interested persons.
  - ii. The recommendation to the Superintendent will be based on the selection criteria in School Board Policy 8.12(7) (for media center materials), State requirements and guidelines and School Board Policy 8.122 (for textbooks and instructional materials), as well as the following criteria:
