Responsibility for Collection Management Development :

The acquisition and maintenance of the Library Media Center materials collection is a primary function of the library media staff. Collection development and management refers to the process of building and maintaining the library's entire materials collection, in print, non-print, audio visual and electronic formats so that they are available to every student at the time of need to support and enrich the student's educational experience.

The collection development process includes the formulation of policy and procedures, budget allocations, needs assessments, selection, collection maintenance and evaluation, de-selection and resource sharing.

The primary goal of the Woodlands Media Center's collection development efforts is to build a current collection that supports the needs of the curriculum and the school community and maintains the recommended boundaries for:

- size of collection
- average age of collection and
- access to the collection.

This goal supports the information needs of students as defined by the mission and goals of the:

- School District of Palm Beach County;
- ALA /AASL Standards for the 21st Century Learner;
- Partnership for 21st Century Skills;
- International Society for Technology in Education (ISTE)
- National Education Technology Standards (NETS)

The Library Media Center recognizes its responsibility to respond to the reading, reference and research needs of the student body and faculty in an age of information abundance. The electronic catalog of resources for the school and the district is maintained by the Department of K-12 Instructional

Materials and Library Media Services and is available at all times to students, faculty and parents.

The library is open every day to students and/or faculty who are in attendance. Summer hours will be provided when the budget is available. Research and reference materials are available at all times through the district wide-wide electronic subscription databases.

Library Media Center Program:

At Woodlands Middle School, our library media center program is designed to support both students and teachers. We offer a variety of resources and services to enhance instructional lessons and provide access to information. Here's what our program looks like:

- **Instructional Support:** The Library Media Specialist (LMS) is available to collaborate with teachers and provide assistance in gathering resources and materials. The LMS also provides instruction in information literacy skills, instructional methodologies, and educational technology applications. LMS works closely with language arts, social studies, AVID, and our Academy programs to support their unique needs.

National standards for school library media center programs are needed to work collaboratively with teachers to develop meaningful information literacy lesson plans that integrate into classroom learning.

At Woodlands Middle School the library media specialist uses Blender as a mechanism to review the standards being taught at a grade-level in any given week and works with the classroom teacher to develop compatible lessons that support classroom learning.

The Department of Instructional Materials and Library Media Services oversees lesson plans that are uploaded to Blender software on the district's main web page. Lesson plans are designed to be collaborative lessons with emphasis on supporting the Information and Media Literacy Sunshine State Standards embedded in Language Arts.

- **Student Access:** Our library is open in the mornings for students to return or check out books, use computers, study, work on homework or projects, and play academic games. etc. Students may also visit the library during the school day with permission from their teacher. Teachers are encouraged to bring their entire class to the library during the regular school day. A daily **school calendar** is provided to all teachers and staff.

The library is open throughout each day that students are in attendance to ensure equitable access for all students to library media resources. A flexible schedule is used throughout the year.

- **Media Production:** Our production room is fully equipped and available for use by all school staff, but specifically for our Media Production class. A wide variety of machines and equipment, including a poster-sized color printer, laminating machine, poster maker, and more. Basic production supplies such as rechargeable batteries, staples, and paper clips are provided, along with digital media production equipment. LMC staff and volunteers are available to provide production room assistance and services.
- **Reading Programs:** Woodlands Middle School will participate in Sunshine State Young Reader Awards by making available the books on the list and organizing the voting. The SSYRA program can be accessed at <http://myssyra.org/> . The District has a **Battle of the Books** competition for students to participate in.

Scope of Collection:

The collection development is focused on the curriculum of Woodlands Middle School, which follows the guidelines of the School District of Palm Beach County, which in turn are governed by the Department of Education of the State of Florida.

According to best practices for school libraries in the United States, the print and non-print collection at Woodlands Middle School is arranged by the Dewey Decimal Classification System and by genre categories. Additional resources are provided by district-wide subscriptions to electronic information databases.

The library media collection includes all the resources available in the school library media center along with all those that students, faculty and administrators can access through interlibrary loan.

Collection Development:

Collection development is a crucial process in providing high-quality materials and resources for the library media center. Its primary objective is to ensure that the collection meets the academic and personal interests of the students by offering a variety of information sources in sufficient quantity. The media specialist spearheads this process, working collaboratively with stakeholders such as administrators, teachers, students, and parents to make informed decisions about the materials to be included. The ultimate aim is to create a diverse and engaging collection that supports the educational objectives of the school and enriches the learning experience of the students.

Selection Evaluation & Criteria:

The District-Wide Procedures for Selecting and Developing Library Collections are guided by the School Board Policy on Selection, which outlines the criteria for evaluating and selecting materials for inclusion in the library collections. These criteria include the relevance of the material to the curriculum and educational objectives, the accuracy and currency of the information, the appropriateness of the content for the intended audience, and the literary or artistic merit of the work. Additionally, materials should represent diverse perspectives, cultures, and experiences, and should not promote discrimination, stereotypes, or intolerance.

To ensure that the selection process is comprehensive and informed, we will use multiple professional review sources to evaluate potential materials. The first review source we will utilize is the [School Library Journal](#), which offers professional reviews and ratings based on a range of criteria, including educational value, literary quality, and potential appeal to readers. The second review source is [Booklist](#), which provides expert reviews and ratings of books and other materials for children and young adults, with a focus on literary quality, accuracy of information, and relevance to the intended audience. Lastly, we will also use [Kirkus Reviews](#), which offers in-depth reviews and ratings of books, with a focus on literary quality, relevance to the intended audience, and potential impact on readers.

By using multiple reviewing tools, we can gather a range of perspectives and ensure that the selection process is thorough and objective. This approach will enable us to make well-informed decisions and ensure that the library collections are diverse, engaging, and appropriate for the District's students and community. The use of these professional review sources, in conjunction with the School Board Policy on Selection, will help us to create a critical thinking process that is grounded in research, analysis, and careful consideration of the materials available.

Media Center materials are selected for a reason. The materials are evaluated according to their aesthetic, literary and social value, appropriateness to student age and emotional maturity and relevance to the curriculum.

Media Center materials reflect sensitivity to the achievements, needs, and rights of men and women, various ethnic groups, and other cultures.

The selection of media center materials about political theories and ideologies, religion, public issues and controversial topics is directed toward maintaining a balanced representation with various opinions.

Media center materials are judged as a whole, considering the author's/producer's intent rather than focusing solely upon individual pages, phrases, pictures or incidents taken out of context.

Other factors that are considered in the final decision to purchase new materials include their educational significance; need and value to the collection as a whole; and their relationship to the interests of students and curriculum course of study.

Electronic database subscriptions and online curricular software that are made available to Woodlands Middle School Library Media Center users on the school **district's wide area network (WAN)** are selected using similar educational criteria to that established for the materials in a school except availability and compatibility of technology hardware and software platforms are reviewed and resolved. In addition, the WAN maintains software that complies with the federally legislated Children's Internet Protection Act [CIPA] designed to protect children from obscene or adult-content material.

Gifts & Donations:

Gifts to the library media center are encouraged. However, the Library Media Specialist reserves the right to add such items to the school's library or classroom collections only if it has been determined that they meet the **SDPBC 8.12** selection policy. Such materials will meet the same criteria as resources, which are purchased. Gifts that are not deemed appropriate for the school collection may be disposed of at the discretion of the Library Media Specialist who can consult if needed with the Library Media Advisory Committee assigned to provide oversight to the library media program.

A librarian, regardless of education and training, is not considered by the Internal Revenue Service (IRS) to be qualified to place a value on gift books and other used materials unless the librarian is a certified appraiser of such materials. In acknowledging gifts the library may write a letter indicating how much of what kind of material has been given (i.e., 10 trade paperbacks in excellent condition or 56 hardcover adult nonfiction books about animals) but the library cannot say how much such materials might be worth. Furthermore, material is considered used unless the library buys it directly even if the donor has not read the book, if they own it or just bought it and then gave it to the library, it is considered used and should not be referenced in the letter as "new."

Collection Maintenance:

As per Board Policy 8.12 (5), an inventory of the library media center's collection will be completed on a three-year rotation. This means that each year, a different category of materials will be evaluated to ensure that they are up-to-date, accurate, and relevant to the intended audience. To provide clarity and continuity, we have established a rotation plan that specifies which category of materials will be evaluated in each year. *For instance, in 2021, the inventory will focus on Fiction, in 2022 on Easy materials, and in 2023 on Non-fiction.* By adhering to this rotation plan, we can ensure that the entire collection is reviewed regularly and that any necessary updates or replacements are made in a timely manner. Additionally, this plan provides a roadmap for future media specialists to continue the inventory process seamlessly.

Weeding & Maintenance:

Weeding of materials and resources is essential for the maintenance of a healthy reading, research and reference library media collection. Weeding is a form of quality control of the collection in which outdated, inaccurate and worn-out materials and equipment are discarded from the electronic catalog and physically removed from the collection.

The Library Media Specialist is responsible for the on-going maintenance of a quality collection which includes procurement of new materials and discard of ineffective items. Teachers, administration and the school library media advisory committee assist in the reevaluation and systematic deleting of materials and equipment to ensure that the collection remains responsive to user needs, changing curriculum and advancing technology.

In coordinating this process, the library media specialist will follow objective criteria for removing materials and equipment from the media center, which include obsolescence, physical age and condition, and general inapplicability for continued inclusion in the existing collection. One popular criteria for weeding is found in the CREW Manual. The Texas State Library has made the complete CREW Manual in PDF or HTML available via the Web at <http://www.tsl.state.tx.us/ld/pubs/crew/> .

Materials that are weeded can be disposed of in different ways. Keep in mind media that is obsolete or has misinformation should be discarded in recycling bins to prevent inaccurate from being shared. Other materials can be disposed of by:

- a. Giving them to students for individual use
- b. Recycling the materials for various instructional activities
- c. Cannibalizing non-repairable parts or pages
- d. Destroying (i.e., trashing in recycle bins) by any reasonable and safe method in accordance with **Board Policy 7.12 (2)**

The Superintendent shall dispose of tangible property (equipment, furniture, busses, vehicles, etc.) in accordance with **Fla. Stat. 1013.28(2)**, but he/she shall dispose of obsolete or surplus instructional materials as provided within **Fla. Stat. 1006.41** and **School Board Policy 8.122(5)**.

Library Bill of Rights:

The American Library Association affirms that all libraries are forums for information and ideas and that the following basic policies should guide their services.

- I. Books and other library resources should be provided for the interest, information, and enlightenment of all people of the community the library serves. Materials should not be excluded because of the origin, background, or views of those contributing to their creation.
- II. Libraries should provide materials and information presenting all points of view on current and historical issues. Materials should not be proscribed or removed because of partisan or doctrinal disapproval.
- III. Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment.
- IV. Libraries should cooperate with all persons and groups concerned with resisting the abridgment of free expression and free access to ideas.
- V. A person's right to use a library should not be denied or abridged because of origin, age, background, or views.
- VI. Libraries that make exhibit spaces and meeting rooms available to the public they serve should make such facilities available on an equitable basis, regardless of the beliefs or affiliations of individuals or groups requesting their use.

INTELLECTUAL FREEDOM

AMERICAN LIBRARY ASSOCIATION THE FREEDOM TO READ STATEMENT

The freedom to read is guaranteed by the Constitution. Those with faith in free people will stand firm on these constitutional guarantees of essential rights and will exercise the responsibilities that accompany these rights.

We therefore affirm these propositions:

1. *It is in the public interest for publishers and librarians to make available the widest diversity of views and expressions, including those that are unorthodox, unpopular, or considered dangerous by the majority.*
2. *Publishers, librarians, and booksellers do not need to endorse every idea or presentation they make available. It would conflict with the public interest for them to establish their own political, moral, or aesthetic views as a standard for determining what should be published or circulated.*
3. *It is contrary to the public interest for publishers or librarians to bar access to writings on the basis of the personal history or political affiliations of the author.*
4. *There is no place in our society for efforts to coerce the taste of others, to confine adults to the reading matter deemed suitable for adolescents, or to inhibit the efforts of writers to achieve artistic expression.*
5. *It is not in the public interest to force a reader to accept the prejudgment of a label characterizing any expression or its author as subversive or dangerous.*
6. *It is the responsibility of publishers and librarians, as guardians of the people's freedom to read, to contest encroachments upon that freedom by individuals or groups seeking to impose their own standards or tastes upon the community at large; and by the government whenever it seeks to reduce or deny public access to public information.*
7. *It is the responsibility of publishers and librarians to give full meaning to the freedom to read by providing books that enrich the quality and diversity of thought and expression. By the exercise of this affirmative responsibility, they can demonstrate that the answer to a "bad" book is a good one, the answer to a "bad" idea is a good one.*

This statement was originally issued in May of 1953 by the Westchester Conference of the American Library Association and the American Book Publishers Council, which in 1970 consolidated with the American Educational Publishers Institute to become the Association of American Publishers.

Adopted June 25, 1953; revised January 28, 1972, January 16, 1991, July 12, 2000, June 30, 2004, by the ALA Council and the AAP Freedom to Read Committee.

First Amendment of the Bill of Rights to the United States Constitution CONGRESS SHALL MAKE NO LAW RESPECTING AN ESTABLISHMENT OF RELIGION, OR PROHIBITING THE FREE EXERCISE THEREOF; OR ABRIDGING THE FREEDOM OF SPEECH, OR OF THE PRESS; OR THE RIGHT OF THE PEOPLE PEACEABLY TO ASSEMBLE, AND TO PETITION THE GOVERNMENT FOR A REDRESS OF GRIEVANCES.

The Bill of Rights to the U.S. Constitution was ratified on December 15, 1791

Policy 8.12 - Selection of Library Media Center Materials and Reading List Materials

1. **Adequate Library Media Materials.**-- Library media materials for the school's Library Media Center, including print, non-print, serials [periodicals], electronic resources, computer software, video images, films, and instructional television programs, represent fundamental resources selected for schools to support instruction, promote reading, further the pursuit of knowledge through research and exploration, and provide information literacy experiences of educational significance for class groups, individual students, teachers and administrators. It is the shared responsibility of the State, District, and school, within budgetary constraints, to provide an adequate number and range of library media materials and resources in a variety of formats that are appropriate, timely, and essential to the attainment of specified educational objectives subject to District policy. It is also the responsibility of the State and District and school to provide library media materials that represent the diverse cultures, ethnic groups, languages and religious beliefs of the community and that are free of bias, stereotypes, distortions, and prejudices.
2. **Reading List Materials.**-- Reading list materials are recommended or assigned materials school- wide or grade level.
3. **Purpose.**-- The Board believes that the selection of library media materials and reading list materials is within its jurisdiction pursuant to relevant statutory and constitutional laws. The library media center, within budgetary constraints, shall contain a comprehensive collection of materials and equipment, in a variety of media formats that are accessible to students during the school day, to:
 - a. Promote the development of lifelong reading habits and information literacy skills in students;
 - b. Provide a broad background of information resources in areas of knowledge;
 - c. Support the general educational goals of the District and the objectives of specific courses, including materials that represent diverse points of view in order that young citizens may develop, under guidance, the practice of critical analysis of media and intellectual integrity in forming judgments;
 - d. Meet the personal needs and interests of students, including materials that: nurture the development of recreational reading/listening/ viewing, cultural appreciation, and aesthetic values; represent the many religious, racial, ethnic, linguistic, and cultural groups in our society and reflect their contributions to the heritage and culture of our civilization; foster respect for the diverse roles available to women and men in today's society; and provide access to materials in heritage language as stipulated by the META agreement.
 - e. Support the professional needs of teachers and administrators; and
 - f. Introduce new instructional technologies into the learning environment.

4. **Choice.**-- Library media materials are available to students and staff as optional resources and are usually not mandatory reading as is the case with textbook instructional materials.

Library media that is sensitive or mature may not be appropriate for all readers in a school but remains a part of the collection to address the needs of some of the reading community if it meets the selection criteria of the school. Educators and library media specialists should be sensitive to the reading level, belief system, interest level and maturity level of students when helping make selections for individuals, reading aloud to groups, or when having whole class participation in a reading project. If a parent or adult student states a reasonable objection to library reading material assigned to a class, comparable instruction will be made available for the student through an alternate reading assignment without penalty.

5. **Use of Library Media Materials Allocation.**-- School principals are responsible for ensuring that operating budget and state categorical funds are used to purchase library media materials that reinforce instruction and stimulate leisure reading for the students enrolled at the grade level(s) for which the materials are designed and to effectively communicate to parents the manner in which materials are used to implement the curriculum of the school under Fla. Stat. § 1006.40.

6. **Management of Library Media Materials.**-- Following practice and precedent, the school library media centers in Palm Beach County will arrange media and materials according to the Dewey Decimal Classification System. Library media materials acquired with funds from the General Appropriation Act of the State of Florida are to be cataloged and inventoried as part of the library media collection. Library media materials may be inventoried in one to three year cycles.

7. **Selection.**-- HB 1467 (2022), amending Fla. Stat. § 1006.28 provides selection requirements.

a. Initial Review Process

i. "Each book made available to students through a school district library media center or included in a recommended or assigned school or grade-level reading list must be selected by a school district employee who holds a valid educational media specialist certificate, regardless of whether the book is purchased, donated, or otherwise made available to students."

ii. For resources needing additional review by District Library Media Services, school-based certified library media specialists or principal designee will use PBSD 2671, attached hereto and incorporated as part of this policy, to solicit additional input.

b. The School Board is herein adopting "procedures for developing library media center collections" and shall "post the procedures" on each school's website within the District.

c. Each elementary school ^[1] must "publish on its website, in a searchable format prescribed by the [Florida Department of Education], a list of all materials maintained in the school library media center (as defined by SBER 6A-7.0713, including classroom libraries) or required as part of a school or grade-level reading list."

d. Per HB 1467 (2022), § 1006.28 (2) (d), these procedures for developing library media center collections must:

i. "Require that **book selections** meet the criteria in s. 1006.40(3) (d)."^[2] ___

ii. Require consultation of reputable, professionally recognized reviewing periodicals^[3] ___, if available after a documented diligent search, and school community stakeholders.^[4] ___

iii. "Provide for library media center collections based on reader interest, support of state academic standards and aligned curriculum, and the academic needs of students and faculty."

iv. "Provide for the regular removal or discontinuance of books based on, at a minimum, physical condition, rate of recent circulation, alignment to state academic standards and relevancy to curriculum, out-of-date content, and required removal pursuant to subparagraph (a) 2."^[5] ___

In addition to regular review, removal, or discontinuance by a school library media specialist, the Superintendent or designee, even without an Objection or challenge, has the authority to remove library media materials or materials on reading lists based on statutory considerations. The basis for the removal shall be documented. Removal procedures regarding an Objection are based on Statute and/or School Board Policy 8.1205 Objection Procedures for Instructional Materials.

e. The District may restrict access to school library media and reading list materials from students in grade

Kindergarten through Grade Three if such materials instruct on sexual orientation or gender identity because HB 1557 (2022) prohibits such instruction.

8. Additional Selection Criteria

- a. Materials for use in school media centers or classroom library collections shall be carefully selected subject to the requirements stated above in Paragraph 7. A choice of materials that support the instructional program and promote reading shall be available to students and professional staff to allow for varying achievement levels, interests, and teaching/learning styles. Each school shall, in conjunction with the "Library Bill of Rights" (<https://www.ala.org/advocacy/intfreedom/librarybill>) of the American Library Association ("ALA"), State Statute, and District policy, follow District procedures for the evaluation, selection, management, and disposal of library media materials in conformance with this Policy and Policy 8.1205. Annually, the District requires using the selection criteria and the removal criteria referenced in this Policy to have library media specialists evaluate their collection in order to write a School Collection Development Plan to enhance their individual library programs that align to the District required components^[6]. They will share that plan with both their principal and District Library Media Services. Once the plan is approved, the school will post the school's plan on the school website. District Library Media Services will offer annual training on this process.
- b. The "Library Bill of Rights" referenced herein is to be used as a suggested guideline. To the extent that there are inconsistencies between the guidelines in the "Library Bill of Rights" and State Statute, or District policy, State Statute and District policy shall take precedence and shall govern the selection, retention and disposition criteria of library media materials for library media centers and classrooms.
- c. Selection of materials shall also be consistent with the provisions in the School Board's collective bargaining agreement with CTA relating to academic freedom and responsibilities--Article II, Section K--to the extent those provisions are applicable.
- d. Moreover, consistent with Fla. Stat. § 1006.28 (2) (a) 2, library media materials must be suited to student needs and their ability to comprehend the material presented.
- e. In conjunction with the selection criteria above, employees holding a valid educational media specialist certificate (with the required training once it is available as stated in Paragraph 10 below) at each school location or if a qualified person is not employed at the school, by another District employee with these qualifications, shall evaluate and select print and non-print materials for the library media center using several of the criteria outlined below, as appropriate for the media type. **Any library media material containing pornography or otherwise prohibited by Fla Stat. § 847.012 as harmful to minors may not be used or made available within any public school.**
- f. Additional criteria used in evaluating and selecting all materials include:
 - i. EDUCATIONAL SIGNIFICANCE. -- Material is valuable to an individual course of study or to the library media collection; the degree to which the material would be supplemented and explained by mature classroom instruction.

Policy 8.1205 - Objection Procedures for Instructional Materials, Library Media Materials, and Supplemental Classroom Materials, including Reading Lists

This Policy does not apply to the 30-day post-adoption challenges to specific instructional materials by parents or County residents in compliance with Fla. Stat. § 1006.28(1) (a) (3). The procedures to follow for those challenges are outlined in School Board Policy 8.122, subparagraph (3)(g).

In addition, the Superintendent or designee, even without an objection or challenge, has the authority to remove instructional materials, library media materials, supplemental classroom materials on reading list based on statutory considerations. The basis for the removal shall be documented.

This Policy implements Fla. Stat. § 1006.28 (2)(a)2 relating to: objections by parents or this County's residents to: a) instructional materials more than 30 days after adoption of instructional materials and b): library media materials, including reading lists, and non-adopted classroom materials. The procedures to follow for those challenges are outlined below; however, a parent or a resident of this County has the option to speak and proffer evidence at the Board hearing on adopting instructional materials and the Board adoption meeting without having followed the procedures below.

1. Grievance Procedures Concerning Core Instructional Materials, Library Media Materials, Reading Lists, and Supplemental Classroom Instructional Materials

- a. The Superintendent or his/her designee is authorized to administer the following procedures in accordance with federal and state law.
- b. Any resident of Palm Beach County, or emancipated student or parent of a child attending public school in Palm Beach County may file an objection with a school or the Board Clerk concerning the use of or content in instructional materials, library media materials, and supplemental classroom materials, including reading lists.
- c. The parent or resident will be provided the opportunity to proffer evidence on the grounds stated within Fla. Stat. § 1006.28(2)(a)(2), relating to instructional materials, library media materials, and supplemental classroom materials, including reading lists.
- d. Challenged materials may be removed from use in the school where the objection was initiated after the procedures of this Policy have been completed or if it is agreed by the District at any of these stages. Per Fla. Stat. § 1006.28(2)(a)(2), if the School Board "finds that an instructional material does not meet the criteria under sub-subparagraph a. or that any other material contains prohibited content under sub- subparagraph b., the school district shall discontinue use of the material for any grade level or age group for which such use is inappropriate or unsuitable."

- e. Objections filed by a parent or emancipated student shall be heard in the school in which that student is registered. If the parent has children at different schools in Palm Beach County, then the objection must specify which school(s) the objection pertains to and it will be heard in that/those school(s). If the objecting party is not the parent of a child in the School District, the objection will be assigned to the appropriate school within the boundary corresponding to the residence of the objecting party for review if the material is located at that school or to the school in close proximity where the material is located.

2. School Level: Informal Complaint

- a. Any complaint arising out of the use of a material in a school shall be registered in writing with the principal of the school. Within five school days of the receipt of the complaint, the principal and/or his/her designee and the appropriate staff member(s) shall meet with the complainant to explain:
- i. the school's selection procedures for these materials;
 - ii. the criteria used for the selection of these materials;
 - iii. the role that the material in question has in the school's curriculum or library media center or classroom collection; and
 - iv. whatever additional information is deemed needed regarding the item's use.
- b. If the complainant is not satisfied with the explanation and desires to file a formal complaint, the formal procedures below shall be followed.

3. School Level: Formal Complaint

- a. As stated in Policy 8.122, objections to instructional materials and Supplemental Classroom Materials, including Reading Lists, shall be filed on form PBSO 2569 (Petition to Object/Objection to Instructional Materials), which is part of this policy and incorporated herein as part of this Policy. The form can be found on the District's forms website at: <https://www2.palmbeachschools.org/formssearch/pdf/2569.pdf> .
- b. For objections to Library Media Materials, the complainant shall file form PBSO 1113 ("Objection to, Library Media Materials") and this form can be obtained from the Principal or a designee. - c. The complainant shall sign and sufficiently complete the applicable form in its entirety for each material to be considered, including stating the basis of the objection, retain one copy, and send one copy of the completed form to the principal of the school. *Failure to sufficiently fill out the form along with complainant's signature will result in the rejection of the form and no formal review process under this subsection will be initiated.*
- d. A challenge to the same material(s) by multiple challengers within one school can be consolidated into one challenge for consideration by the School Materials Review Committee, Principal, Superintendent, District Material Review Committee, and School Board (the reviewing persons and entities) as set forth in the below proceedings.
- e. A challenge to multiple materials will require additional preparation time for the reviewing persons and entities set forth below. A challenge of more than five materials will add an additional two (2) days per item to the time deadlines for the school or District actions that are specified within this Policy.
- f. For materials used *in that school*, the form and the material in question shall be studied by a School Materials Review Committee appointed on an ad hoc basis by the school Principal. Representation on the School Materials Review Committee should reflect the diversity of the District and school, and the following provisions apply:
- i. The committee shall consist of the Principal or his/her designee of the school where the complaint was made; two teachers in the appropriate subject area/grade; one teacher from another subject area/grade; a library media specialist; a guidance counselor; one student from the appropriate grade level or a student who is accomplished in the specific subject area (middle and senior high school only); one layperson from the school's Parent-Teacher Association or the School Advisory Council; a representative designated by the Regional Superintendent, and a representative from the District department representing Instructional Materials and/or Library Media Services.
 - ii. The School Materials Review Committee shall meet within fifteen (15) school work days of receipt by the Principal of the reconsideration form. The complainant shall be notified of the committee's meeting

date and time and shall be invited to present arguments for no more than 10 minutes unless time is extended by the committee for good cause. A question/answer period or committee discussion may follow the presentation at the committee's discretion.

- iii. The School Materials Review Committee shall solicit, if readily available, professionally written reviews of the material, from sources such as those listed in School Board Policy 8.12(7)(d)(ii).
 - iv. The School Materials Review Committee shall be chaired by the Principal or his/her designee. A recorder of minutes shall be appointed from the membership of the committee to take minutes and to record the recommendation of the committee.
 - v. If the review is not completed, the committee may schedule additional meetings. Within five (5) school work days of its final meeting, the School Materials Review Committee shall prepare the committee's recommendation with supporting reasons and use form PBSB 1857, School Materials Review Committee Recommendations, or a signed letter written on school letterhead. The form can be found on the District's forms Web site at <https://www2.palmbeachschools.org/formssearch/pdf/1857.pdf> and is incorporated herein by reference.
- g. Guidelines for Committee's Recommendation. -- The School Materials Review Committee shall review enough of the relevant portions of the material being challenged in order to make an informed recommendation on the request. The committee shall also consider readily available reviews of the material, study the comments on the complainant's questionnaire, consider one or more of the evaluative criteria in Policy 8.12(7) (for media center materials) or State requirements and guidelines and Policy 8.122 (for textbooks or other instructional materials and reading lists) and shall render a decision based on a majority vote.
- i. The selection criteria in Policy 8.12(7), for media center, shall be made available to all interested persons.
 - ii. The recommendation to the Principal will be based on the selection criteria in School Board Policy 8.12(7) (for media center materials), State requirements and guidelines and School Board Policy 8.122 (for textbooks and instructional materials), and the following additional factors and criteria:
 - A. educational significance of the material;
 - B. appropriateness of age and maturity level;
 - C. need and value to the collection/curriculum;
 - D. summation of the professional reviews on the media;
 - E. literary merit;
 - F. validity, accuracy, objectivity, and up-to-date and appropriate information;
 - G. freedom from stereotypes, bias, prejudice or distortion; and
 - H. timeliness or permanence.

A. In addition, the recommendation shall also consider the provisions in the School Board's collective bargaining agreement with CTA relating to academic freedom and responsibilities-- Article II, Section K--to the extent those provisions are applicable. However, pursuant to current case law, the committee may not recommend removal of non-curricular books from the school's media center or classroom simply because a majority of the committee dislikes the ideas or the points-of-view contained in the media center instructional or supplemental classroom instructional materials.
- h. Committee's Recommendation to the Principal. -- The committee's final recommendation shall be immediately forwarded to the school Principal and may be any or a combination of the following:
- i. allow the challenged material to maintain its current status;

- iv. transfer the challenged material to a higher level school (e. g. elementary to a middle school); and/or
- v. remove the challenged material from the school environment.

i. Principal's Written Decision. -- Within five (5) school work days after receipt of the School Materials Review Committee's recommendation, the Principal shall make a decision, based on the same criteria considered by the committee as set forth in subsection (3)(g) above, on whether to follow the committee's recommendation, and shall inform the complainant *in writing* of the recommendation of the committee, the Principal's decision, and *the reasons for the recommendation and decision*. This written communication must inform the complainant of the next level of appeal under this policy and the time deadline if the decision is not the relief sought by the objecting party. Such communication shall be sent by regular U. S. Mail, and certified mail, return receipt requested.

4. **District Level: Formal Appeal.** -- The complainant may appeal the Principal's decision to the Superintendent, subject to the following provisions.

- a. If the complainant appeals the Principal's decision, the Principal shall send copies of all reports and communications to division and department heads that supervise Instructional Materials and Library Media Services and to the appropriate Regional Superintendent.
- b. Access to challenged materials shall not be restricted during the reconsideration process; the materials shall remain in use unless the School Materials Review Committee, through formal vote, recommended removal of the instructional materials to the Principal, and the decision to remove is made by the Principal.
- c. Within twenty (20) calendar days of the date of the Principal's decision, the complainant shall notify the Superintendent in writing of the request to appeal. *Failure to comply with these requirements will result in the appeal not being considered.*
- d. Within twenty (20) school work days of receipt of such request, the Superintendent or his/her designee and appropriate staff shall review the action taken at the school level and issue a decision based on the same criteria set forth in subsection (3)(g) above and with the same alternative results as set forth in subsection (3)(h) above. If the decision does not include further review by the Superintendent/designee (and District Materials Review Committee), the complainant shall be so notified of the decision and be informed of the ability and deadline to request *in writing* an appearance to appeal directly to The School Board of Palm Beach County, Florida in accordance with this Policy. Notice to the complainant shall be made by regular U. S. Mail and certified mail, return receipt requested.
- e. If the Superintendent finds cause for further review, the complaint shall be submitted to a District Materials Review Committee whose representation reflects the diversity of the District and school, appointed on an ad hoc basis by the Superintendent or his/her designee, according to the following provisions:
 - i. Representation on District Instructional Materials Committees should reflect the diversity of the District and schools.
 - ii. Individuals on the District Materials Review Committee cannot be the same as those that served on the School Materials Review Committee.

- f.
