Purpose of Collection Development Policy

The purpose of this policy is to adopt criteria for the selection, removal, and replacement of library materials at the Boynton Beach Community High School. The principles outlined in the American Library Associations Bill of Rights guide this policy and the interpretation of school libraries. The collection development is an ongoing process that identifies the strengths and weaknesses of the school's library collection in terms of community needs.

Background Statement & School Community

The Boynton Beach Community High School Library Media Center users are students in grades 9-12. There are approximately 435 freshmen, 398 sophomores, 335 juniors, 308 seniors, and 156 faculty and staff members. Minority enrollment is approximately 92% of the student population, which is higher than the Florida state average of 62%. Approximately 87% of the student population are eligible for free or reduced-price lunch and 17% are English language learners. The student-to-teacher ratio is approximately 16:1, which is equal to the Florida state level of 16:1.

Responsibility for Collection Management & Development

This collection development policy is a statement of the principles and guidelines used by the Boynton Beach Community High School Media Center in the selection, acquisition, evaluation, and maintenance of media center materials. This policy provides consistency among those responsible for developing the collection and communicating the media center's policies to faculty, students, staff, and other stakeholders. It is understood that as the programs and other information needs of the school change, so too, the collection development policy will change to meet these needs.

The Collection Development Policy is designed to support the Library's Mission statement and serves as a guide for the selection, acquisition, maintenance, and retention of materials by establishing roles, responsibilities, and a process for addressing Library user concerns. As our student population changes, the Media Center at Boynton Beach Community High School reassesses and adapts its collections to reflect new and differing areas of interest and concern. The collection development policy is annually evaluated and revised as necessary to provide guidance for implementing changes in the collection.

Library Program

The Library Media Program is an integral component of academics at Boynton Beach Community High School. The program is just one piece of the curriculum that prepares students to be responsible digital citizens in today's information age. This collection development policy was established to determine criteria for selecting materials to ensure that all instructional materials extend the knowledge and understanding of the curriculum.

The library media specialist collaborates with administrators and teachers to provide resources that represent diverse points of view, stimulate growth in thinking skills, and promote the overall educational program. To ensure these goals are met, the library media specialist uses the recommended selection tools and applies the appropriate selection criteria. This policy reflects the philosophy and goals of the school system and supports the principles of information literacy and intellectual freedom described in position statements on intellectual freedom for the American Library Association and the American Association of School Librarians.

The Library Media Program will:

- Encourage the love of reading and lifelong learning.
- Provide maximum access to library media center resources, facilities & services.

Scope of the Collection

The Media Center Collection Development Policy is influenced by the curriculum of Boynton Beach Community High School. We follow the School District of Palm Beach County guidelines, which are governed by the Florida Department of Education. Special emphasis is given to our choice programs of Boynton Beach Community High School. The choice programs include the Boynton Aeronautical Science Academy (BASA), Culinary Arts Academy, Dance Academy, Digital Media Academy, Early Childhood Academy, Informational Technology Academy, Instrumental Music Academy, Marine Corps JROTC, Medical Science Academy, Theater Arts Academy, Visual Arts Academy, and Vocal Music Academy.

Collection Development

The Boynton Beach Community High School Media Center collection development takes place under the leadership of a certified library media specialist, who is trained in the evaluation of learning resources and instructional characteristics, and the availability of educational resources. The media specialist will review the issues pertinent to the overall programs of the media center and will serve as the liaison to all departments as well as to parents and students.

The primary goal of the Boynton Beach Community High School Media Center's collection development efforts is to build a collection that supports the needs of the school community. This goal reinforces the Palm Beach County School District and Boynton Beach Community High School missions. The collection development is a dynamic process involving the staff, administration, students, and other stakeholders. This process includes the formulation of policy and procedures, budget allocations, needs assessment, selection, collection maintenance, evaluation, and resource sharing.

The Boynton Beach Community High School Media Center recognizes its responsibility to respond to the research needs of the student body and faculty. It will do this through its commitment to provide access services, including online database searching and document delivery. With the understanding that no media center can supply materials to satisfy all the needs of its users, the Boynton Beach Community High School Media Center will participate in UNLINK, the Department of Florida database of all school's collections available for inter-library loan.

Collection Age: Non-Fiction

The non-fiction collection is evaluated annually to remove items containing obvious factual errors, outdated information, that no longer meets the current curricular needs, or is damaged beyond repair. Non-fiction items removed from the collection are weeded according to CREW standards and SDPBC guidelines.

In 2019, when the current media specialist took the position, the average age of the nonfiction collection was 2001 and there were 12,340 nonfiction titles. This year, the average age for nonfiction is 2003 and there are 5, 409 nonfiction titles. The 2023 current average decreased by 2 years and 6, 391 books in the past three years.

Selection and Evaluation Criteria

Materials for use in school media centers or classroom library collections shall be carefully selected. A choice of materials that support the instructional program and promote reading shall be available to students and professional staff to allow for varying achievement levels, interests, and teaching/learning styles. Each school shall, in conjunction with the "Library Bill of Rights"

(www.ala.org/advocacy/sites/ala.org.advocacy/files/content/intfreedom/librarybill/lbor.pdf) of the American Library Association ("ALA") and District policy, establish procedures for the evaluation, selection, management, and disposal of library media materials in conformance with this policy and Policy 8.1205 and shall record such in the school's collection development plan.

The "Library Bill of Rights" referenced herein is to be used as a suggested guideline. To the extent that there are inconsistencies between the guidelines in the "Library Bill of Rights" and District policy, District policy shall take precedence and shall govern the selection, retention, and disposition criteria of library media materials for library media centers and classrooms.

The selection of materials shall also be consistent with the provisions in the School Board's collective bargaining agreement with CTA relating to academic freedom and responsibilities--Article II, Section K--to the extent those provisions are applicable.

Moreover, consistent with Fla. Stat. § 1006.28 (2) (a) 2, library media materials must be suited to student needs and their ability to comprehend the material presented, and be appropriate for the grade level and age group for which the material is used.

In conjunction with the selection criteria above, library media specialists, teachers, and administrators at each school location shall evaluate and select print and non-print materials for the library media center using several of the criteria outlined below, as appropriate for the media type. Any library media material containing pornography or otherwise prohibited by Fla Stat. § 847.012 as harmful to minors may not be used or made available within any public school.

Gifts and Donations

Any books gifted or donated to the school must meet the same selection criteria as all other materials. No materials will be added to the collection if they are out-of-date or age-inappropriate material simply because they were donated. All gifts and donations must follow the same processes as new book orders.

Collection Maintenance

This year, we continued weeding the nonfiction sections and looking for inappropriate/uncirculated/outdated fiction. This will continue on the same schedule next year until the work is completed.

Per Florida Statute governing Instructional Materials, instructional material stored in the Library Media Center must be inventoried annually. To facilitate the circulation and inventory process, Destiny Library Manager software has been made available to all schools. Boynton Beach Community High School typically inventories part of its collection each year on a rotational basis, every 3 years.

Weeding of materials and resources is essential for the maintenance of a healthy reading, research, and

reference library media collection. Weeding is a form of quality control of the collection in which outdated, inaccurate, and worn-out materials and equipment are discarded from the electronic catalog and physically removed from the collection.

The Library Media Specialist is responsible for the ongoing maintenance of a quality collection which includes the procurement of new materials and discarding of ineffective items. Teachers, administration, and the school library media advisory committee assist in the re-evaluation and systematic deleting of materials and equipment to ensure that the collection remains responsive to user needs, changing curriculum, and advancing technology.

In coordinating this process, the library media specialist will follow objective criteria for removing materials and equipment from the media center, which include obsolescence, physical age and condition, and general inapplicability for continued inclusion in the existing collection. One popular criterion for weeding is found in the CREW Manual and the School Library Journal.

Strategic Focus – Weeding and Acquisitions

2023-2024 Strategic Focus

Selection Priority 1	Focus on high interest areas such as Manga and historical sports content with the intent on improving circulation.
Selection Priority 2	Open media center in the morning from 7-7:20 for book check in/out to improve the quantity of lost titles.
Selection Priority 3	Work with the ESOL coordinator Mrs. Bryant to apply for grants to improve the diversity of titles in the library. Specifically focusing on titles that come in various languages or large fonts.
Inventory/weeding Priority 1	Have all weeded materials picked up to clear space for the professional library and newly acquired class sets.
Inventory/weeding Priority 1	Continue to weed titles as the district updates its policies. Non-Fiction will be the focus as it is a rather small section that needs to be cleared out and rebuilt.
Inventory/weeding Priority 1	Bring all inventory to the front of the library to promote check out and evaluate what is being interacted with the most by students. Add a suggestion box to the checkout area.

2024-2025 Strategic Focus

Selection Priority 1	Titles that feature diverse characters from unique backgrounds that are in line with the demographics of BBCHS.
Selection Priority 2	High focus on fiction titles. Romance books are highly favored by the teens at BBCHS. Use social media as a

	method to gather research on popular books and then investigate using district guidelines for appropriate selections.
Selection Priority 3	Improve makerspace by adding games and interactive stations. Including the set up of self-checkout.
Inventory/weeding Priority 1	References will need to be weeded to prevent information becoming out of date. Reference section should be chosen for the $\frac{1}{3}$ evaluation process.
Inventory/weeding Priority 1	Classics will need to be weeded for age level and quality of books.
Inventory/weeding Priority 1	Magazines should be updated and reviewed for accuracy.

2025-2026 Strategic Focus

Selection Priority 1	Continue to prioritize a completed maker space by donations, grants, and district funding.
Selection Priority 2	Furniture including desks, tables, and seating need to be replaced and modernized.
Selection Priority 3	Classics sections will need to be repurchased with new covers that modernize the content and draw in readers.
Inventory/weeding Priority 1	Fiction books need to be reviewed on a three year loop should be the $\frac{1}{3}$ of the books reviewed.
Inventory/weeding Priority 1	Weed over used/broken toys such as the lego collection, puzzles, and chess sets. Monitor usage to determine the need or want for these items.
Inventory/weeding Priority 1	Revisit class sets from previous years and determine if more quantities are needed or any damaged title needing to be removed.

LIBRARY BILL OF RIGHTS

The American Library Association affirms that all libraries are forums for information and ideas and that the following basic policies should guide their services.

- I. Books and other library resources should be provided for the interest, information, and enlightenment of all people of the community the library serves. Materials should not be excluded because of the origin, background, or views of those contributing to their creation.
- II. Libraries should provide materials and information presenting all points of view on current and historical issues. Materials should not be proscribed or removed because of partisan or doctrinal disapproval.
- III. Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment.
- IV. Libraries should cooperate with all persons and groups concerned with resisting the abridgment of free expression and free access to ideas.
- V. A person's right to use a library should not be denied or abridged because of origin, age, background, or views.
- VI. Libraries that make exhibit spaces and meeting rooms available to the public they serve should make such facilities available on an equitable basis, regardless of the beliefs or affiliations of individuals or groups requesting their use.

INTELLECTUAL FREEDOM AMERICAN LIBRARY ASSOCIATION THE FREEDOM TO READ STATEMENT

The freedom to read is guaranteed by the Constitution. Those with faith in free people will stand firm on these constitutional guarantees of essential rights and will exercise the responsibilities that accompany these rights.

We therefore affirm these propositions:

1. *It is in the public interest for publishers and librarians to make available the widest diversity of views and expressions, including those that are unorthodox, unpopular, or considered dangerous by the majority.*
2. *Publishers, librarians, and booksellers do not need to endorse every idea or presentation they make available. It would conflict with the public interest for them to establish their own political, moral, or aesthetic views as a standard for determining what should be published or circulated.*
3. *It is contrary to the public interest for publishers or librarians to bar access to writings on the basis of the personal history or political affiliations of the author.*
4. *There is no place in our society for efforts to coerce the taste of others, to confine adults to the reading matter deemed suitable for adolescents, or to inhibit the efforts of writers to achieve artistic expression.*
5. *It is not in the public interest to force a reader to accept the prejudgment of a label characterizing any expression or its author as subversive or dangerous.*
6. *It is the responsibility of publishers and librarians, as guardians of the people's freedom to read, to contest encroachments upon that freedom by individuals or groups seeking to impose their own standards or tastes upon the community at large; and by the government whenever it seeks to reduce or deny public access to public information.*
7. *It is the responsibility of publishers and librarians to give full meaning to the freedom to read by providing books that enrich the quality and diversity of thought and expression. By the exercise of this affirmative responsibility, they can demonstrate that the answer to a "bad" book is a good one, the answer to a "bad" idea is a good one.*

This statement was originally issued in May of 1953 by the Westchester Conference of the American Library Association and the American Book Publishers Council, which in 1970 consolidated with the American Educational Publishers Institute to become the Association of American Publishers.

Adopted June 25, 1953; revised January 28, 1972, January 16, 1991, July 12, 2000, June 30, 2004, by the ALA Council and the AAP Freedom to Read Committee.

Policy 8.12 - Selection of Library Media Center Materials and Reading List Materials

1. **Adequate Library Media Materials.**-- Library media materials for the school's Library Media Center, including print, non-print, serials [periodicals], electronic resources, computer software, video images, films, and instructional television programs, represent fundamental resources selected for schools to support instruction, promote reading, further the pursuit of knowledge through research and exploration, and provide information literacy experiences of educational significance for class groups, individual students, teachers and administrators. It is the shared responsibility of the State, District, and school, within budgetary constraints, to provide an adequate number and range of library media materials and resources in a variety of formats that are appropriate, timely, and essential to the attainment of specified educational objectives subject to District policy. It is also the responsibility of the State and District and school to provide library media materials that represent the diverse cultures, ethnic groups, languages and religious beliefs of the community and that are free of bias, stereotypes, distortions, and prejudices.
2. **Reading List Materials.**-- Reading list materials are recommended or assigned materials school- wide or grade level.
3. **Purpose.**-- The Board believes that the selection of library media materials and reading list materials is within its jurisdiction pursuant to relevant statutory and constitutional laws. The library media center, within budgetary constraints, shall contain a comprehensive collection of materials and equipment, in a variety of media formats that are accessible to students during the school day, to:
 - a. Promote the development of lifelong reading habits and information literacy skills in students;
 - b. Provide a broad background of information resources in areas of knowledge;
 - c. Support the general educational goals of the District and the objectives of specific courses, including materials that represent diverse points of view in order that young citizens may develop, under guidance, the practice of critical analysis of media and intellectual integrity in forming judgments;
 - d. Meet the personal needs and interests of students, including materials that: nurture the development of recreational reading/listening/ viewing, cultural appreciation, and aesthetic values; represent the many religious, racial, ethnic, linguistic, and cultural groups in our society and reflect their contributions to the heritage and culture of our civilization; foster respect for the diverse roles available to women and men in today's society; and provide access to materials in heritage language as stipulated by the META agreement.

e. Support the professional needs of teachers and administrators; and

f. Introduce new instructional technologies into the learning environment.

4. **Choice.**-- Library media materials are available to students and staff as optional resources and are usually not mandatory reading as is the case with textbook instructional materials.

Library media that is sensitive or mature may not be appropriate for all readers in a school but remains a part of the collection to address the needs of some of the reading community if it meets the selection criteria of the school. Educators and library media specialists should be sensitive to the reading level, belief system, interest level and maturity level of students when helping make selections for individuals, reading aloud to groups, or when having whole class participation in a reading project. If a parent or adult student states a reasonable objection to library reading material assigned to a class, comparable instruction will be made available for the student through an alternate reading assignment without penalty.

5. **Use of Library Media Materials Allocation.**-- School principals are responsible for ensuring that operating budget and state categorical funds are used to purchase library media materials that reinforce instruction and stimulate leisure reading for the students enrolled at the grade level(s) for which the materials are designed and to effectively communicate to parents the manner in which materials are used to implement the curriculum of the school under Fla. Stat. § 1006.40.

6. **Management of Library Media Materials.**-- Following practice and precedent, the school library media centers in Palm Beach County will arrange media and materials according to the Dewey Decimal Classification System. Library media materials acquired with funds from the General Appropriation Act of the State of Florida are to be cataloged and inventoried as part of the library media collection. Library media materials may be inventoried in one to three year cycles.

7. **Selection.**-- HB 1467 (2022), amending Fla. Stat. § 1006.28 provides selection requirements.

a. Initial Review Process

- i. "Each book made available to students through a school district library media center or included in a recommended or assigned school or grade-level reading list must be selected by a school district employee who holds a valid educational media specialist certificate, regardless of whether the book is purchased, donated, or otherwise made available to students."
- ii. For resources needing additional review by District Library Media Services, school-based certified library media specialists or principal designee will use PBSD 2671, attached hereto and incorporated as part of this policy, to solicit additional input.

- b. The School Board is herein adopting "procedures for developing library media center collections" and shall "post the procedures" on each school's website within the District.

- c. Each elementary school ^[1] must "publish on its website, in a searchable format prescribed by the [Florida Department of Education], a list of all materials maintained in the school library media center (as defined by SBER 6A-7.0713, including classroom libraries) or required as part of a school or grade-level reading list."

- d. Per HB 1467 (2022), § 1006.28 (2) (d), these procedures for developing library media center collections must:

- i. "Require that **book selections** meet the criteria in s. 1006.40(3) (d)."^[2] ___
- ii. Require consultation of reputable, professionally recognized reviewing periodicals^[3]___, if available after a documented diligent search, and school community stakeholders. ^[4] ___
- iii. "Provide for library media center collections based on reader interest, support of state academic standards and aligned curriculum, and the academic needs of students and faculty."
- iv. "Provide for the regular removal or discontinuance of books based on, at a minimum, physical condition, rate of recent circulation, alignment to state academic standards and relevancy to curriculum, out-of-date content, and required removal pursuant to subparagraph (a) 2."^[5] ___

In addition to regular review, removal, or discontinuance by a school library media specialist, the Superintendent or designee, even without an Objection or challenge, has the authority to remove library media materials or materials on reading lists based on statutory considerations.

The basis for the removal shall be documented. Removal procedures regarding an Objection are based on Statute and/or School Board Policy 8.1205 Objection Procedures for Instructional Materials.

District Library Media Services will offer annual training on this process.

- d. Moreover, consistent with Fla. Stat. § 1006.28 (2) (a) 2, library media materials must be suited to student needs and their ability to comprehend the material presented.
- e. In conjunction with the selection criteria above, employees holding a valid educational media specialist certificate (with the required training once it is available as stated in Paragraph 10 below) at each school location or if a qualified person is not employed at the school, by another District employee with these qualifications, shall evaluate and select print and non-print materials for the library media center using several of the criteria outlined below, as appropriate for the media type. **Any library media material containing pornography or otherwise prohibited by Fla Stat. § 847.012 as harmful to minors may not be used or made available within any public school.**

Policy 8.1205 - Objection Procedures for Instructional Materials, Library Media Materials, and Supplemental Classroom Materials, including Reading Lists

This Policy does not apply to the 30-day post-adoption challenges to specific instructional materials by parents or County residents in compliance with Fla. Stat. § 1006.28(1) (a) (3). The procedures to follow for those challenges are outlined in School Board Policy 8.122, subparagraph (3)(g).

In addition, the Superintendent or designee, even without an objection or challenge, has the authority to remove instructional materials, library media materials, supplemental classroom materials on reading list based on statutory considerations. The basis for the removal shall be documented.

This Policy implements Fla. Stat. § 1006.28 (2)(a)2 relating to: objections by parents or this County's residents to: a) instructional materials more than 30 days after adoption of instructional materials and b): library media materials, including reading lists, and non-adopted classroom materials. The procedures to follow for those challenges are outlined below; however, a parent or a resident of this County has the option to speak and proffer evidence at the Board hearing on adopting instructional materials and the Board adoption meeting without having followed the procedures below.

1. Grievance Procedures Concerning Core Instructional Materials, Library Media Materials, Reading Lists, and Supplemental Classroom Instructional Materials

- a. The Superintendent or his/her designee is authorized to administer the following procedures in accordance with federal and state law.
- b. Any resident of Palm Beach County, or emancipated student or parent of a child attending public school in Palm Beach County may file an objection with a school or the Board Clerk concerning the use of or content in instructional materials, library media materials, and supplemental classroom materials, including reading lists.
- c. The parent or resident will be provided the opportunity to proffer evidence on the grounds stated within Fla. Stat. § 1006.28(2)(a)(2), relating to instructional materials, library media materials, and supplemental classroom materials, including reading lists.
- d. Challenged materials may be removed from use in the school where the objection was initiated after the procedures of this Policy have been completed or if it is agreed by the District at any of these stages. Per Fla. Stat. § 1006.28(2)(a)(2), if the School Board "finds that an instructional material does not meet the criteria under sub-subparagraph a. or that any other material contains prohibited content under sub- subparagraph b., the school district shall discontinue use of the material for any grade level or age group for which such

use is inappropriate or unsuitable.”

- e. Objections filed by a parent or emancipated student shall be heard in the school in which that student is registered. If the parent has children at different schools in Palm Beach County, then the objection must specify which school(s) the objection pertains to and it will be heard in that/those school(s). If the objecting party is not the parent of a child in the School District, the objection will be assigned to the appropriate school within the boundary corresponding to the residence of the objecting party for review if the material is located at that school or to the school in close proximity where the material is located.

2. School Level: Informal Complaint

- a. Any complaint arising out of the use of a material in a school shall be registered in writing with the principal of the school. Within five school days of the receipt of the complaint, the principal and/or his/her designee and the appropriate staff member(s) shall meet with the complainant to explain:

- d. A challenge to the same material(s) by multiple challengers within one school can be consolidated into one challenge for consideration by the School Materials Review Committee, Principal, Superintendent, District Material Review Committee, and School Board (the reviewing persons and entities) as set forth in the below proceedings.
- e. A challenge to multiple materials will require additional preparation time for the reviewing persons and entities set forth below. - f. For materials used *in that school*, the form and the material in question shall be studied by a School Materials Review Committee appointed on an ad hoc basis by the school Principal.
