

CHAPTER 24

PURCHASING CARD PROCEDURES

24-1 INTRODUCTION

The School Board of Palm Beach County, Florida has authorized the use of a Purchasing Card to expedite small dollar purchases for materials, supplies, and other items needed for daily operations or for authorized travel. The Purchasing Card represents another step-in simplifying District financial transactions and saving on administrative costs while offering schools/departments broad choices in card-based services. Purchasing Cards are issued to school and department staff as an alternative method for making purchases.

This Purchasing Card Program is designed to empower selected school and department employees to make purchases equal to or less than \$1000 per vendor, per day (\$2500 per vendor, per day for Board Members) in accordance with District Purchasing Policies, Procedures, and Guidelines. PeopleSoft Special Request Purchase Orders will not be processed for orders under \$1,000.00. Employee reimbursements with receipts is another means of handling low dollar purchases. The School District no longer utilizes the Direct Pay Process. The goals of this program include the following:

- Allow a convenient and expedient method of purchasing small items and approved travel expenses.
- Offer an efficient, low-cost procurement and payment mechanism which significantly shortens the time between need and acquisition while providing management with monthly reports.
- Streamline payment process and reduce administrative costs for acquisitions of certain supplies.
- Provide flexibility to schools and departments to obtain authorized materials and supplies.

The District P-Card Administrator issues all Purchasing Cards and is responsible for establishing the card profiles that dictate card controls. All cardholders are associated with a card profile with limits that are pre-defined and enforced at the point of purchase by Bank of America. Limitations have been established for single (per vendor per day) and monthly transaction credit limits and the types of vendors from whom purchases can be made.

Principals/Directors; 1) shall appoint a P-Card Site Admin to manage the Purchasing Card Program at the school or department level, 2) have the flexibility to designate the employees assigned Purchasing Cards, and 3) accept responsibility that card purchases comply with District Purchasing Policies, Procedures and Guidelines as well as State Statues when approving the cardholder's statement.

Although ultimately up to the Principal/Director, the cardholder is given inherent authority to spend funds when the Principal/Director approves an employee for cardholder privileges. **When a cardholder agrees to the Cardholder Acceptance Guidelines and Contract (*signed electronically in eLearning Management: P-Card Mandatory Training*), the employee accepts responsibility for all purchases charged against the card and any liability from abuse or violation of the terms of the agreement.** The authorized cardholder, whose name appears on the face of the Purchasing Card, should purchase materials and supplies with the Purchasing Card assigned to them.

24-2 PURPOSE

24-7 PURCHASING GUIDELINES FOR CARDHOLDERS

Authorized cardholders can purchase materials and supplies of \$1000 or less with the Purchasing Card assigned to them. Bid awarded vendors must be used where available. The cardholder should verify funds are available prior to purchasing items; if funds are **not** available, do **not** make purchase. If guidance is needed when choosing an item, contact the appropriate Purchasing Agent. If special circumstance require the need to purchase over the \$1,000 daily vendor limit (\$2,500 daily vendor limit for Board Members), email "purchasing card system" for guidance and / or approval review.

- P-Card cardholders are responsible for reviewing the accuracy of charges, confirming compliance with bid terms and conditions, and verifying the delivery of goods.
- P-Card cardholders must retain detailed vendor receipts/invoices for the monthly account reconciliation. At the close of each billing period, the p-card site administrator will supply a Bank of America p-card statement to each cardholder and they will review it for accuracy, attach the invoices and back-up documentation to the bank statement, sign the bank statement, and forward it to the Purchasing Card Site Coordinator for review, processing, and records retention.

A. TYPES OF PURCHASES

Regular Purchases. Catalogs from bid awarded vendors should be used to obtain item descriptions and pricing. Whenever possible, purchases should be made from bid awarded vendors. For a listing of bid-awarded vendors and other helpful purchasing information, check under Ordering Info > All-In-One Webpage on the Purchasing website.

Summer Camp - Each year the Aftercare Department will send an approved list of Summer Camp transactions to each Aftercare Site Director with a Summer Camp location. This same approved list is to be sent by each respective Aftercare Site Director to purchasingcards@palmbeachschools.org for approval. This one time approval for each summer session serves as backup documentation for all Summer Camp transactions requiring daily increases or overrides. This will eliminate the individual email approval for each Summer Camp transaction. Along with this approval, the Purchasing Department will send a Google Form to each Aftercare Site Director with a Summer Camp location to enter each increase/override for Summer Camp transactions that was approved for their locations. If any Summer Camp transactions are added after the list was originally sent to the Purchasing

Purchasing Manual – Chapter 24

Department for approval, then an individual email will need to be sent to purchasingcards@palmbeachschools.org from the Aftercare Site Director for each Summer Camp transaction increase or override request which will be required for backup documentation.

Asset Purchases. Assets are not allowed to be purchased on the P-Card.

Technology Purchases. If purchasing computer peripheral equipment, fax machines, printers, etc., purchase through the Marketplace or contact the applicable purchasing agent for District recommendations.

Only approved TCC software may be purchased.

Purchases of “all” computers are prohibited with the Purchasing Card

Travel Purchases. The District Policies, Procedures, and Guidelines regarding travel apply to all Purchasing Card travel related transactions. See **Florida Statutes 112.061 (13), (12), (3)(e); School Board Policy 6.01 and 6.14(2) (d) &(e)**(<http://www.boarddocs.com/fl/palmbeach/Board.nsf/Public>). When using a Purchasing Card for travel:

- **If the total cost for any travel purchase is over \$1,000 (\$2,500 for Board Members) then you must contact the District Purchasing Card Administrator and request authority to have your card temporarily increased above the \$1,000 single transaction limit (\$2,500 single transaction limit for Board Members). Please email requests to “Purchasing Card System”.**
- All travel for employees or other authorized persons must be approved by the Superintendent or designee prior to the incurrences of expenses and departure. If the traveler is using funding from another department a TDE approved through the Chief in charge of the funding will be considered as prior written authorization.
- If travel is allowed on card, the card can be used as a room guarantee when making a hotel reservation. If the room(s) is no longer required, it is the cardholder’s responsibility to cancel the reservation prior to the hotel’s cancellation deadline.
- If Principal/Director/Asst. Superintendent/Chief’s Purchasing Card was used to reserve a room, often the hotel has a standard form for the cardholder to complete, sign and fax back which allows the room to be charged without the cardholder’s presence. This is an acceptable practice.
- Rental Cars – Avis is the District’s preferred vendor for car rentals, and Budget is the District’s preferred vendor for box and moving trucks. Please contact Maria Telfair at 561.434.8096 to obtain rental instructions. If Avis or Budget is not available, then your P-Card may be used at an alternate source with prior approval from Maria Telfair. Please make sure to solicit the best rates for the rental.
- Gas purchases are allowed for rental vehicles and custodial equipment only. Gas is not allowed to be purchased on the P-Card when using a personal or District owned vehicle. Please note the reason for purchase on receipt.
- Summer Camp - Each year the Aftercare Department will send an approved list of Summer Camp day trips for students to each Aftercare Site Director with a Summer Camp location. This same approved list is to be sent by each respective Aftercare Site Director to purchasingcards@palmbeachschools.org for approval. This one-time approval for each summer session serves as backup documentation for all Summer Camp day trips listed requiring daily increases or overrides. This will eliminate the individual email approval for each Summer Camp day trip for students. Along with this approval, the Purchasing Department will send a Google Form to each Aftercare Site Director with a Summer Camp location to enter each increase/override for Summer Camp day trips for students that was approved for their locations. If any Summer Camp day trip for students are added after the

Purchasing Manual – Chapter 24

list was originally sent to the Purchasing Department for approval, then an individual email will need to be sent to purchasingcards@palmbeachschools.org from the Aftercare Site Director for each Summer Camp day trip for students increase or override request which will be required for backup documentation.

Registration/Conference Fees. All registration/conference fees should be paid using your P-card. If the dollar amount exceeds the daily vendor limit of \$1,000 (\$2,500 for Board Members), email 'Purchasing Card System' and request a temporary increase. Indicate if you have the fully approved TDE(s). In some cases, the TDE(s) will have to be sent to Purchasing prior to approval. Board Policy 6.01 states approval must be granted before expenses are incurred. If the entity does not accept p-cards then enter a special request requisition in PeopleSoft. NOTE: Conferences held on school district property can only be considered registration if the public is invited to attend. Otherwise, they should be handled as a consultant using Form 1420 and may not be paid with a p-card.

Placing personal charges on the purchasing card and then later having the amount deducted from the travel reimbursement form is not allowed.

B. CARD LIMITATIONS AND RESTRICTIONS

When using the card, reasonableness, common sense and discretion should prevail. Purchases should be made within the District's Policies, Procedures, and Guidelines as well as any grant constraints.

24-9 CREDITS DUE

A. RETURNS

All returns of merchandise for which credit is given should be listed on the Cardholder's End-of-Cycle Checklist until the credit appears on the monthly Bank of America statement. The cardholder must check subsequent billing statements for credit and attach the credit slip to the statement when it appears. If a credit slip was not obtained, attach other documentation explaining the return. If a credit does not appear within 45 days, it is the cardholder's responsibility to immediately file a dispute with Bank of America and notify the District P-Card Administrator.

Purchasing Manual – Chapter 24

B. DUPLICATE CHARGES

These transactions represent a multiple billing to your account when only one charge from the merchant has been authorized.

- When this takes place, request a credit on your Purchasing Card from vendor and track on End-of-Cycle Checklist.

C. ITEMS NOT RECEIVED

Occasionally, an item charged during the previous billing cycle may not be received by the time the cardholder performs the monthly reconciliation process. If this occurs, track the item as a credit due on the Cardholder's End-of-Cycle Checklist until resolved.

24-10 FUNDING TRANSACTIONS (P-Card Site Admin)

24-11 MONTHLY PROCESS

A. MONTHLY CYCLE

All transactions must be funded and approved by the P-card Site Admin by the force post date listed on the P-Card webpage. After this date, transactions will be force posted, which is undesirable, but necessary in order to pay the monthly Bank of America statement. When a transaction is force posted, it will most likely either put the school or department in an over budget status or be charged to the card's default account. It is the responsibility of the P-card Site Admin to review the Monthly PeopleSoft Transaction Report and month-end Force Post report for funding accuracy and request journal entries or initiate a budget amendment to correct transactions funded incorrectly.

B. BILLING CYCLE

The Purchasing Card monthly billing cycle is from the 28th of the previous month through the 27th of the current month.

C. MONTH-END RECONCILIATION

Based on Duties and Responsibilities described above for:

- 1) Cardholder
- 2) P-Card Site Admin
- 3) Principal/Director

24-12 YEAR-END PROCESS

The year-end process is the same as the month-end process; the only difference is that the cardholder needs to allow enough time for transactions to **post on or before the 27th of June**. Transactions posted by June 27th (not the transaction date) will be charged to the current fiscal year; all transactions **posted after June 27th will be charged to the next fiscal year**, even if the transaction date is before June 27.

24-13 PURCHASING CARD ASSIGNMENT AND CONTROL

A. CARD SECURITY

Each cardholder is responsible for the security of their Purchasing Card and PIN; all precautions should be used to maintain confidentiality of all related information, such as cardholder account number and expiration date. The bank does not maintain the individual cardholder information such as personal credit records and social security numbers, only the cardholder's work address. The listed phone number for all cards is 561-434-8410. The card should be treated in the same manner as you would treat your own personal credit card.

All cardholders should register for PIN access at www.bofaml.com/globalcardaccess. The Site Admin will be able to help you obtain your Verification ID that will be needed to choose PIN and register PIN.

All Purchasing Cards will have the School District's name, logo, tax exemption number, and the card's expiration date on the face of the card. Each card is associated to a profile with limits that are pre-defined and enforced at the point of purchase. Controls are established for single transaction limits, monthly transaction limits, and types of vendors from whom purchases can be made.

F. ABUSE / VIOLATIONS

Participation in the District's Purchasing Card Program is a convenience that carries responsibilities along with it. Purchasing Cards are the property of the School District of Palm Beach County and shall be used with good judgment. Cardholders are expected to comply with the District Purchasing Policies, Procedures and Guidelines in order to protect District assets. This includes keeping receipts, reconciling monthly statements, and following proper card security measures.

Improper use of the card can be considered misappropriation of District funds, which may result in disciplinary action up to and including termination and/or criminal prosecution. See *Disciplinary Action Guidelines*, sections G and H. Acts of abuse, misuse, and violation, include but are not limited to:

- Purchase of items in excess of authorized amounts or budgeted funds.
- Purchase of unauthorized or prohibited goods/services.
- Making multiple transactions with the same vendor, on the same day, to circumvent single transaction limits (pyramiding).
- Not providing proper documentation, receipts, invoices, monthly statements, etc.
- Purchase of assets or capital project items that require a purchase order.
- Purchase from vendors which creates a conflict of interest, such as a relative.
- Purchase of personal goods/services.
- Failure to report a lost or stolen card in a timely manner.
- Not performing the cardholder monthly reconciliation in a timely manner.
- Shipping items directly to a personal home address or P.O. Box. The shipping address for all goods purchased with District funds MUST be shipped to the school or department's physical address unless otherwise approved in writing by the Director of Purchasing.

G. DISCIPLINARY ACTION GUIDELINES FOR PURCHASING CARD MISUSE & PYRAMIDING

The purpose of the Purchasing Card is to expedite small dollar purchases for materials, supplies, and other items needed for daily operations or for travel as authorized in accordance with Board Policy 6.01.

Although budget is ultimately the responsibility of the Principal/Director, the cardholder is given inherent authority to spend budgetary funds when the Principal/Director approves an employee for cardholder privileges. When a cardholder agrees to the Cardholder Acceptance Guidelines and Contract, the employee accepts responsibility for all purchases charged against the card and any liability from abuse or violation of the terms of the agreement, up to and including termination of employment. Disciplinary action will be determined based upon the severity of the non-compliance.

This Purchasing Card Program is designed to empower selected school and department employees to make purchases equal to or less than \$1000 per vendor, per day (\$2,500 per vendor, per day for Board Members) in accordance with District Purchasing Policies, Procedures, and Guidelines or to pay for approved travel expenses.

Pyramiding, or fragmenting, is making a purchase greater than \$1,000 (greater than \$2,500 for Board Members) and paying for the item(s) in separate payments of less than \$1,000 (\$2,500 for Board Members) over an interval of time. Individual purchases to any merchant may not exceed \$1000 (\$2,500

Purchasing Manual – Chapter 24

for Board Members) unless prior approval received from Purchasing Department. Intentional fragmenting of a purchase is not allowed based on District Purchasing Policies, Procedures and Guidelines. A purchase order must be issued for purchases for greater than \$1,000 unless special approval for p-card payment has been granted from Purchasing.

Notification of Possible Procedure Non-Compliance

The following process has been established for notification of Purchasing Card non-compliance, except for scan violations which are addressed in section H:

- An e-mail will be sent to the cardholder with the 'Cardholder Notification of Possible P-Card Non-Compliance' Form 2093. This form will notify the cardholder of the possible procedure violation and the necessary documentation required.
- The cardholder will have 5 business days from the e-mail notification to sign and complete their response to the District P-Card Administration including an electronic signature from their Principal /Director. **If cardholder does not provide requested documentation within 5 business days from e-mail notification, their P-Card may be suspended.** P-Card suspension will be lifted when adequate documentation is received and/or, if determined necessary, cardholder attends re-training.
- Original documentation should be kept with the month end p-card reconciliation package.
- Determination of whether or not there is non-compliance will be made after receipt of adequate documentation.
- Upon the second occurrence, notification may be made to the cardholder's supervisor, Regional / Instructional Superintendent, appropriate Chief, or other appropriate personnel.
- On the third occurrence, the P-Card may be suspended for the remainder of the fiscal year or terminated indefinitely. Notification may be made to the Regional / Instructional Superintendent, appropriate Chief, or other appropriate personnel.

Note: If the purchase in question was for non-approved or questionable items, the appropriate Chief may be copied on the request for information, as well as the responses received and the action may be forwarded to Professional Standards for possible disciplinary action.

H. Disciplinary Action Guidelines for Non-Compliance of Monthly Scan Requirements

Receiving Scans:

Monthly p-card scan packages are due on the 20th of the month following the end date of the statement (Example: If the statement end date is September 27th, the scans are due no later than October 20th). The following process has been established for p-card scans not received by the deadline:

- A first e-mail notification will be sent to the P-Card Site Administrator, and Principal / Department Head asking for the monthly p-card packages. Valid justification is requested if scans cannot be received by a given extension date.
 - If justification is valid, the P-Card administration may give an additional extension either verbally or in writing. No extensions will be given beyond 60 days without the approval of the Director of Purchasing.
- If the extension deadline was not met and a valid justification was not given, a second e-mail notification will be sent to the P-Card Site Administrator and the Principal / Department Head with notice that if a third e-mail notification needs to be sent, p-cards may be suspended.

Purchasing Manual – Chapter 24

- The school is responsible for providing a back -up plan in the event the named P-Card Site Administrator is unable to perform the monthly p-card scan.
- If scans are still not received, p-cards may be suspended. A suspension notification e-mail will be sent to the Purchasing Director, General Manager of Purchasing, P-Card Site Administrator, Principal / Department Head and Regional / Instructional Superintendent and/or appropriate Chief.

Missing Scan Package Documentation:

- An e-mail notification will be sent to the Cardholder, P-Card Site Administrator, and Principal / Department Head asking for the missing documentation. If documentation is not received, it may constitute an audit finding.

24-14 DISCREPANCY AND DISPUTE PROCEDURES

A. DISCREPANCIES

A discrepancy is any billing difference with a vendor that is unresolved; the majority of discrepancies can be resolved amicably between the cardholder and vendor. *See Credits Due, section 24-9.*

Tracking a Discrepancy

Cardholder should attempt to resolve the discrepancy with the vendor in a timely manner. Discrepancies should be tracked by listing the item on the Cardholder's End-of-Cycle Checklist until resolved. If there is no resolution with 45 days of the transaction date, then file a formal dispute.

B. DISPUTES

A dispute is any discrepancy that cannot be resolved between the cardholder and vendor. The District handles disputed transactions through a "pay and confirm" process. In this process, payment of invoice is made promptly, subject to follow-up verification of receipt and acceptance of goods. Bank of America will:

- Issue temporary credit from the balance due when a dispute is properly initiated and received.
- Resolve most disputes within 30 days and all disputes within 180 days.
- Notify the cardholder in writing of the dispute resolution.

Filing a Dispute

A formal dispute must be filed with Bank of America no later than 45 days of the billing close date.

Please complete the Commercial Card Claims Statement of Disputed Item form located on the Purchasing Card Website. The form should be completed and faxed to Bank of America at **(888) 678-6046** and a copy sent to the District P-Card Administrator. Print fax confirmation for proof of delivery and attach to dispute form. Include dispute form and confirmation in the monthly scan package.

C. COMMON CAUSES OF DISPUTES

Items Billed but Not Received. The most common reason for cardholder disputes involves transactions for items billed but not received. Sometimes the item that you charged may not be received until the next billing cycle. If the item does not arrive by the time the next billing statement is received, the transaction must be formally disputed with the bank. Cardholders are requested to wait 30 days prior to disputing non-receipt of billed items. This waiting period eliminates the requirement for cardholders to initiate a formal dispute for purchases that may be received during the next billing cycle.

Erroneous Charges. If a cardholder receives a Monthly Billing Statement that lists an unauthorized or incorrect charge, the cardholder must try to resolve the charge with the vendor. After the cardholder makes a reasonable attempt to resolve the situation with the vendor and the situation cannot be resolved, the transaction must be formally disputed with the bank. Suspected FRAUD is the only exception to this policy.

Merchandise Returned. Your account has been charged for the transaction, but you have documented evidence, such as a credit or refund slip, that the merchandise has since been returned.

Purchasing Manual – Chapter 24

Defective Items. If items purchased with the District's purchasing card are found to be defective, the cardholder must obtain replacement of the item or correction of the defect as soon as possible. If the merchant refuses to replace or correct the faulty item, then the purchase of the item must be formally disputed with the bank.

Duplicate Charge. The transaction represents a multiple billing to your account when only one charge from the merchant has been authorized.

24-15 REPORT PRINTING INSTRUCTIONS

Monthly PeopleSoft Transaction Reports and Force Post reports are generated and e-mailed to each P-Card Site Admin once District P-Card Administrators finish the end of month close process. If you are not receiving these reports, please contact the District P-Card Administrators via 'Purchasing Card System' e-mail.

Reports can also be generated on-demand: Purchasing>Procurement Cards>Reports. See job aid for detailed directions.

24-16 P-CARD REVIEWS

The District Purchasing card team will:

- Monitor that monthly reconciliation packages are scanned each month for each active P-Card. Send reminders and temporarily suspend P-Cards, if necessary, to ensure users do not become delinquent completing their monthly reconciliations.
- Spot check random monthly reconciliation packages for completeness.
- No less than once each year, ensure that any purchasing card limits above the standard amount are in line with usage.
- Cancel all P-Card access for cardholders who are terminated or transferred to a different position.

COMMONLY ASKED QUESTIONS & ANSWERS

For what types of purchases should I use the Purchasing Card?

The District's Purchasing Policies, Procedures, and Guidelines govern how you should use the Purchasing Card.

In what ways do I benefit from using the Purchasing Card?

When you use the Purchasing Card, you enjoy reduced paperwork, direct contact with suppliers, quick and efficient order processing, faster delivery, and reduced potential for errors and no out of pocket purchases.

How does the District benefit from the Purchasing Card Program?

When employees use the Purchasing Card, the District achieves greater productivity as a result of reduced paperwork, savings from one consolidated monthly statement with multiple vendor invoices, and greater control over spending.

What should I do if my Purchasing Card is lost, stolen, or missing?

If a Purchasing Card is lost, stolen, or missing during non-business hours, the cardholder must immediately notify Bank of America at 1-888-449-2273. Cardholder must notify P-Card Site Admin as soon as possible during normal business hours. The P-Card Site Admin will notify the District P-Card Admin.

If during normal business hours:

Cardholder should notify the P-Card Site Admin, and if not available, the Principal/Director.

Purchasing Manual – Chapter 24

P-Card Site Admin (or the Principal) should immediately notify the District P-Card Administrator at 434-8410/357-7567 or via email at Purchasing Card System.

How do I obtain a PIN?

When activating a new card, you will be prompted to select a PIN. You will need the following information:

Verification ID: Please see your Site Administrator for this number or insert in card envelope

Zip Code: Zip code of your school or department

Phone Number: 561-434-8410

Card Information: Front and back of card

What if I forget my PIN?

Cardholders should register for PIN access at bofam1.com/globalcardaccess. You will need your verification ID.

What do I do if a purchase is denied?

Your purchase may have exceeded the per vendor limit, monthly credit limit, or the District excluded that type of supplier or merchant. Contact Bank of America at 1-888-449-2273. If they cannot assist, then contact the District P-Card Administration or your Site Administrator to determine the reason.

How is the monthly credit limit on my card determined?

The monthly credit limit is based on the default spending profile identified on the P-Card Application. These limits are set when the card is established on the bank system. The P-Card limit set on the bank system does not change as the available money in your budget changes.

What should I do if I want to change my monthly credit limit?

Your Principal/Director will need to request an increase via e-mail to purchasingcards@palmbeachschools.org. The new limit amount, time frame for increase, and reason for increase should be included in the request. If an increase is needed for a Principal's card, e-mail approval from the Regional / Instructional Superintendent is required. Director's and higher are required to have their supervisor approve of the increased monthly limit.

What is the per vendor per day (single transaction) limit on my card?

General Employee, Principal, Director, Chief, Superintendent cards are set to \$1,000 per vendor, per day limit. The P-card department must be contacted for any approved request over \$1000.

Board Member cards are set to \$2,500 per vendor, per day limit. The P-card department must be contacted for any approved request over \$2,500.

What do I do if my purchase is for over \$1,000?

Create a requisition in PeopleSoft for any purchase from a single vendor over \$1,000. Do not place order with the P-Card and have the vendor split the charges to the P-Card. This is considered pyramiding which is against P-Card procedures. If you have special circumstances requiring the need use the p-card for a purchase over the \$1,000 per vendor, per day limit (\$2,500 per vendor, per day limit for Board Members), email "purchasing card system" for guidance.

How can I get travel added to my card?

Your Principal/Director will need to notify the District P-Card Administrators in writing to request that travel be added to your card for a specified time frame.

Can the P-Card be used to buy Gift Cards?

Purchasing Manual – Chapter 24

The P-Card can be used to buy gift cards for students only. If your total gift card purchase will exceed the \$1,000 threshold (\$2,500 threshold for Board Members), please e-mail Purchasing Card System for approval and so credit limits can be adjusted accordingly. Gift cards **cannot** be purchased for staff. Please reference Bulletin PD 18-002 CFO.

What is my default funding strip and how is it used?

A default funding strip is identified on the P-Card Application. This should be the funding that will be most frequently used for P-Card transactions. Every transaction that is loaded into PeopleSoft from the bank will post to your budget with the default funding. If the default funding is not appropriate for the transaction it can be changed under the Reconcile Statement page in PeopleSoft. Once funding is changed and budget validation process is run, the default fund will be credited and the new fund will be debited. Internal Accounts (Fund 1801) may not be used as a default fund.

How do I change my default funding strip?

Request that your P-Card Site Coordinator send an e-mail to 'Purchasing Card System' e-mail requesting that the change be made. Once the change is made, any new transactions loaded from the bank will reflect the new default funding.

What should I do if a supplier does not accept the Purchasing Card?

Create a requisition. Also, contact the P-Card Site Admin, who will in turn contact the District's P-Card Administrator if necessary. The District's Procurement Card Administrator may work with the bank to solicit the vendor to accept Visa cards.

Will use of the Purchasing Card affect my credit report?

No. The Purchasing Card is a corporate liability card, and carries no personal liability for cardholders that use the Purchasing Card according to Bank of America's policy.

Whom should I contact to resolve an error or dispute concerning my account?

You should first contact the vendor. Most exceptions or issues can be resolved between you and the vendor. If you cannot resolve an issue with the vendor, complete the dispute procedures outlined in section 24-14 B of this policy within 45 days. **At year-end, which fiscal year will the transaction be charged to?**

Transactions which the bank posts by June 27 (not the transaction date) will be charged to the current fiscal year; all transactions posted by the bank after June 27 will be charged to the new fiscal year, even if the transaction date is before June 27.

Where can I find job aids for anything p-card related?

Job aids and helpful information can be found on the Purchasing section of the Hub under the Purchasing Card (P-Cards) tab:
