Proposed Plan Modification No. 29

## ½-CENT SALES TAX REFERENDUM RESOLUTION CAPITAL PLAN MODIFICATION

**School/Project:** Various Projects

**Recommendation:** *I recommend the Independent Sales Surtax Oversight Committee approve the Proposed Plan Modification revising the Plan to match the FY 2006-2010 Five-Year Capital Plan.*

### Description of Proposed Modification:

- This action aligns the referendum project plan (“The Plan” as defined in the resolution authorizing the referendum) to match the proposed FY 2006-2010 Five-Year Capital Plan.

### Reason for Modification:

- Many of the projects in the Plan are funded by sources other than the ½-Cent Sales Surtax, however they are presented here because they are included in “The Plan”. **THERE HAS BEEN NO CHANGE TO THE USE OR AMOUNT OF THE ½-CENT SALES SURTAX; IT REMAINS AT \$560 MILLION AND THE PROJECTS ARE BEING FUNDED AND CONSTRUCTED AS PROPOSED.**
- Each year the School District is required to update the Five-Year Capital Plan. This exercise involves numerous steps including, but not limited to:
  - updating enrollment projections
  - identifying new schools needed to meet school concurrency
  - including additional schools to be modernized
  - adding projects required based on programmatic needs
  - updating project budgets
  - updating project status
  - receiving input from the public, municipalities, advisory committees, Board Members and others
- Previously approved budget and schedule amendments have been reflected, however, budget and schedule amendments have also been included for future projects not previously discussed in other ISSOC meetings, therefore, approval of this modification is required at this time.
- Construction price increases have been explained previously, however, a presentation will be made at the September 7<sup>th</sup> meeting to address this issue in more detail.
- The changes that affect these projects are global, therefore, all of the changes are being addressed in this Proposed Plan Modification.

### Additional Considerations:

- All changes are shown on the update of the August 23, 2005 Referendum Program Status Report and the FY 2006-2010 Five-Year Capital Plan.

Date: July 19, 2006

Proposed Plan Modification No. 77

## **½-CENT SALES TAX REFERENDUM RESOLUTION CAPITAL PLAN MODIFICATION**

**Schools/Projects:** Wellington Elementary Addition

**Recommendation:** *I recommend the ISSOC approve the Proposed Plan Modification revising the scope, project budget (from \$8,031,568 to \$17,896,584) and opening date (from 2009 to 2008) for the Wellington Elementary Addition Project.*

### **Description of Proposed Modification:**

- This action revises the project scope, budget and opening date.

### **Reason for Modification:**

- The concurrency analysis, which includes comparing enrollment projects to capacity, indicates that the District can postpone the opening of a new elementary school (Wellington Area Elementary 05-B) if we expand the planned addition to Wellington Elementary School.
- The original scope of work included adding classrooms to replace the existing old portables at this campus. Preliminarily, the additional scope would include increasing the size of the school's core facilities.

### **Additional Considerations:**

- The Village of Wellington objected to the site selected for Wellington Area ES 05-B, and the new concurrency analysis gives the District and the Village the time work together to try to find another site.
- Wellington ES was constructed in 1981 and would be modernized somewhere around 2021 depending on its ranking and available funding. The expansion of the scope of this project should significantly reduce the scope of that future modernization.

Proposed Plan Modification No. 130

**½-CENT SALES TAX REFERENDUM RESOLUTION  
CAPITAL PLAN MODIFICATION**

**School/Project:** Various Projects

**Recommendation:** *I recommend the Independent Sales Surtax Oversight Committee approve the Proposed Plan Modification revising the Plan to match the FY 2008-2012 Five-Year Capital Plan.*

**Description of Proposed Modification:**

Revisions	Yes	No
Opening Date	✓	
Timing of Funding	✓	
Project Budget	✓	
Scope Change	✓	

**Reason for Modification:**

1. This action revises the project budgets, timing of funding and opening dates for various projects in accordance with the FY 2008-2012 Five-Year Capital Plan approved by the School Board on September 5, 2008.
2. The budgets included in the FY 2008-2012 Five-Year Capital Plan reflect the most recently awarded projects of similar scope plus a reasonable annual inflation rate. Additional funds have been placed in Construction Contingency for unanticipated increases.
3. Budget changes are typically for one of the following reasons: (1) reflect latest design phase (Schematic Design, Design Development or Construction Documents) estimate or negotiated Guaranteed Maximum Price, (2) reflect negotiated change orders, or (3) reflect revised inflation assumptions.
4. The only scope changes are: (1) reduction of the new Riviera Beach HS (03-MMM) from a 1,800 to 1,500 student capacity, and (2) increase planned capacity of Manatee ES Addition from 970 to 1,200 students.
5. The opening dates were revised for projects were revised due to issues associated with site acquisition in addition to funding. This is the case with the Pahokee Stadium, Pahokee Area MS (03-MM), and Royal Palm Beach Area ES (03-W).
6. The changes proposed are in large part the result of the need to cut approximately \$212 million from the 5-Year Capital Plan due to actual and projected decreases in funding as well and lower enrollment projections. Property tax, impact fees and Class Size Reduction revenues for FY 2008 were all lower than previously projected.
7. Staff implemented a prioritization process which was thoroughly feted amongst the School Board Members at several public meetings.
8. These changes are essentially the same as those presented to the ISSOC at the June 25, 2007 ISSOC Meeting. There have been no changes to the opening dates of any projects since that meeting, however, project budgets and some funding dates have been updated.

A report comparing the differences between the June 25<sup>th</sup> information and the current information is provided for reference.

**Additional Considerations:**

1. No project that was included in Referendum Plan has been deleted as a result of this action. Some projects have been rescheduled due to lower enrollment projections and/or funding.
2. No changes were made which would cause the District to violate School Concurrency, however, it is possible that some modulars, which are counted towards permanent capacity, may be needed at a few schools in order to meet the required Level of Service.
3. Most projects are funded in two fiscal years. The first fiscal year funding typically covers the cost of pre-construction activities including planning and design, and the second fiscal year of funding covers construction and furnishings.

Proposed Plan Modification No. 140

**½-CENT SALES TAX REFERENDUM RESOLUTION  
CAPITAL PLAN MODIFICATION**

**School(s)/Project(s):** Pahokee Area Middle (03-MM)

**Recommendation:** *I recommend the ISSOC approve the Proposed Plan Modification revising the project budget for Pahokee Area Middle (03-MM) from \$39,276,384 to \$37,296,556.*

**Description of Proposed Modification:**

Revisions	Yes	No
Opening Date		✓
Timing of Funding		✓
Project Budget	✓	
Scope Change		✓

**Reason for Modification:**

1. The scope of the entire project at the K-12 Pahokee campus includes work at elementary school as well as the high school. In Pahokee Elementary we will be doing some renovations as that school be converted from a school that houses grades Pre-K thru 6<sup>th</sup> Grade to a school that house more Pre-K students and no 6<sup>th</sup> graders as they will be moved into the new middle school. In what will be Pahokee High School (instead of Pahokee Jr/Sr High) we will be doing some renovations to various buildings including the auditorium, science labs, ROTC and other spaces.
2. Because the work that is being done in these other buildings is separate from the middle school they require their own project numbers which is associated with those schools' unique Master School Identification (MSID) numbers.
3. In addition, the projects are being funded by Certificates of Participation (COPs), therefore including the renovations in the elementary and high schools would encumber those properties for 20 years, which is not something the District wants to do.

**Additional Considerations:**

1. The budget for the middle school was reduced by \$1,979,828. Projects were added to the 5-Year Capital Plan for the construction at the elementary school in the amount of \$2,452,683 and at the high school in the amount of \$5,817,988.
2. Since the 5-Year Capital Plan was approved in September 2008 it has been determined that the work in elementary school can be reduced. The budget includes building a new building, but we will only be doing renovations.
3. The District is negotiating with other agencies to fund some of the work to be done in the high school.
4. The elementary and high school projects were not listed in the Referendum and are not included in this month's financial report to the ISSOC, however they can be added to future reports if requested by the ISSOC.

Proposed Plan Modification No. 145 148

**1/2-CENT SALES TAX REFERENDUM RESOLUTION  
CAPITAL PLAN MODIFICATION**

**School(s)/Project(s):** Wellington Elementary Addition

**Recommendation:** *I recommend the ISSOC approve the Proposed Plan Modification revising the opening date for the Wellington Elementary Addition Project.*

**Description of Proposed Modification:**

Revisions	Yes	No
Opening Date	✓	
Timing of Funding		✓
Project Budget		✓
Scope Change		✓

**Reason for Modification:**

1. An additional phase had to be added to the project due to a requirement to save an undisturbed heavily vegetated section of the campus. Because there was not enough space on campus to build and expand the buildings in open fields like we do on many projects we had to first bring in relocatable classrooms, move the students into the relocatables and then tier down buildings to make room for the additions. This added phase pushed the completion date back several months.

**Additional Considerations:**

1. The project is progressing in accordance with its new construction schedule.

**Description of Proposed Modification:**

Revisions	Yes	No
Opening Date		✓
Timing of Funding		✓
Project Budget	✓

**Reason for Modification:**

1. These projects have been completed or are nearing completion, and they have excess funds which can be returned to the District. There may be additional small amounts of funds coming back to the District after this approval as we complete the closeout process for these and other projects.

**Additional Considerations:**

1. Staff recommends that the returned funds be used to complete other projects on the Referendum List and other School Board priorities. This will be accomplished through the 5-Year Capital Plan process.
2. There was no reduction of the scope of these projects in order to achieve these savings.

Proposed Plan Modification No. 152

**½-CENT SALES TAX REFERENDUM RESOLUTION  
CAPITAL PLAN MODIFICATION**

**School/Project:** Various Projects

**Recommendation:** *I recommend the Independent Sales Surtax Oversight Committee approve the Proposed Plan Modification revising the Plan to match the FY 2010-2014 Five-Year Capital Plan.*

**Description of Proposed Modification:**

Revisions	Yes	No
Opening Date	✓	
Timing of Funding	✓	
Project Budget	✓	
Scope Change	✓	

**Reason for Modification:**

1. This action revises the project budgets, timing of funding and opening dates for various projects in accordance with the FY 2010-2014 Five-Year Capital Plan to be approved by the School Board on September 9, 2009.
2. Significant changes were required in order to balance the budget due to reduced revenues from property taxes, impact fees and certificates of participation. This year's 5-Year Capital Plan is \$250 million less than the previous plan.
3. If this Plan is approved and barring any significant changes, all but two Referendum Projects will be funded (Riviera Beach Area HS (02-MMM) and North Palm Beach ES Modernization).
4. The budgets included in the FY 2010-2014 Five-Year Capital Plan account for the most recently awarded projects of similar scope plus a reasonable annual inflation rate. Additional funds have been placed in Construction Contingency for unanticipated increases.
5. Budget changes are typically for one of the following reasons: (1) reflect latest design phase (Schematic Design, Design Development or Construction Documents) estimate or negotiated Guaranteed Maximum Price, (2) reflect negotiated change orders, or (3) reflect revised inflation assumptions.
6. Most of the budget for the Riviera Beach Area HS (02-MMM) is being shifted to the 6-10 year time frame.
7. The only scope changes are for:
  - o Jupiter Middle Addition - The addition and interior renovations have been divided into two projects. The addition was completed with a modular building during the summer of 2010. The interior renovations will be completed as a separate project.

- West Tech Education Center Modifications – The modifications will be limited to renovations required in order to relocate the West Area Office, Exceptional Student Education and Migrant Services.
  - Whispering Pines ES Classroom and Core Addition – This project combines the previous core addition with a new classroom addition which replaced the construction of a new elementary school (see PPM #142).
8. The opening dates were revised for several projects as follows:
- Riviera Beach Area HS (02-MMM) – Opening postponed from 2014 to 2016 due to a lack of funding.
  - North Palm Beach ES Modernization – Opening postponed from 2014 to 2015 due a lack of funding.
  - Banyan Creek ES Core Addition – Opening moved up from 2013 to 2012 as result of savings from closing out projects.
  - Crestwood MS Addition - Opening moved up from 2015 to 2011 as result of savings from closing out other projects and lower construction costs.
  - Jupiter MS Addition - Opening moved up from 2015 to 2009 as result of savings from closing out other projects and lower construction costs.
  - Manatee ES Addition - Opening moved up from 2012 to 2011 as result of savings from closing out other projects and lower construction costs.
  - West Tech Ed Center Modifications - Opening moved up from 2012 to 2011 as reducing the scope of work.
  - Whispering Pines Classroom Addition and Core - Opening moved up from 2014 to 2012 as result of savings from closing out other projects and lower construction costs.
9. These changes are essentially the same as those presented to the ISSOC at the July 15, 2009 ISSOC Meeting. All of the changes are disclosed above and the Referendum Project Status Report of September 2, 2009.

**Additional Considerations:**

1. No changes were made which would cause the District to violate School Concurrency, however, it is possible that some modulars, which are counted towards permanent capacity, may be needed at a few schools in order to meet the required Level of Service.
2. Most projects are funded in two fiscal years. The first fiscal year funding typically covers the cost of pre-construction activities including planning and design, and the second fiscal year of funding covers construction and furnishings.
