SUBJECT: SECONDARY WINTER DIAGNOSTIC TEST REPORTS TIMELINE

In order to keep schools informed, the Departments of Research, Evaluation, and Assessment and Educational Data Warehouse, Accountability, and School Improvement have developed the following information regarding the delivery of Roster reports and the availability of EDW reports containing the grades 6-12 results for the Winter Diagnostics.

The Florida Department of Education (FDOE) will provide Districts the new FCAT 2.0 cut scores and student achievement levels (levels) in late December 2011. Therefore, the EDW reports will be based on FCAT 2.0 levels.

The Secondary Winter Diagnostics Test Timelines for Pickup of Hard Copy Roster Reports and Delivery of Roster Reports and Availability of EDW Reports are attached.

**Because of the change to FCAT 2.0 levels, schools may have changes in data affecting their 2011-2012 School Baseline, School Mid-year, and School Mid-Year Narrative reports related to their School Improvement Plan and Differentiated Accountability reporting. Schools may address any changes in data within their School Mid-Year Narrative report and do not have to resubmit their 2011-2012 School Baseline reports.

PLEASE NOTE:

CORE K12 diagnostic test results are available immediately upon completion for teachers and administrators only. Students and parents do not have access to CORE K12 reports during the diagnostic testing window.

With the District Diagnostic Assessment Reports, teachers will have a better understanding of what each item is designed to assess. Thus, Diagnostic item results, along with other formative assessment results, will help teachers and schools guide their instruction because they will have a better understanding of the degree to which their students have mastered the benchmarks.
