Topics include safe expression of emotion, building greater self-esteem, handling anger, bullying, and good touch/bad touch.

AGENCY/Project Name	CONTACT PERSON	EMAIL/WEB	Grades/ Cost	DESCRIPTION
AVDA Teen Anti-Violence Education (TAVE)	Jennifer Rey (561) 265-3797 ext. 110 Angelia Lockett(561) 265-3797	Jrey@avda-fl.com www.avdaonline.org	6-12/ No cost	TAVE is a school prevention program designed to teach teens about dating and peer violence. The program is tailored to meet the needs of each school and its students. TAVE's curriculum provides helpful information on dating, family, and peer violence. The program's prevention goals consist of three initial outcomes. Students will increase their understanding of domestic violence, identify early warning signs of abuse and create a personal safety plan. AVDA's Youth Intervention Specialists will discuss methods of communicating health boundaries with dating partners and friends. Further, the program will provide an opportunity for students to identify and develop conflict resolution skills and healthy avenues to express anger.
Boca Raton's Promise: Breaking the Silence: Teaching the Next Generation about Mental Illness Red Flags More than Sad	Rita Thrasher (561) 981-5339	brpromise@gate.net www.bocaratonspromise.org	4-12/ 4-12 Cost Varies	Breaking the Silence are lesson plans for upper elementary, middle and high school classes that teach about mental illness. Innovative stories, games, activities and posters teach the warning signs, promote early treatment and de-stigmatize mental illnesses. BTS meets National Health Education standards and promotes non-violence, character education and tolerance. BTS can be integrated into a school based health curriculum as well as reading, science, and language curricula. Teacher training is provided. Red Flags and More than Sad are culturally relevant videos and curricula that address adolescent depression and suicide have been added to the curriculum for secondary students.

Hanley Center: ATLAS and ATHENA	Ryan Wertepny (561) 841-1216	rwertepny@hanleycenter.org www.hanleycenter.org	9-12 Athletes No cost	Hanley Center is the sole provider in the state of Florida for the ATLAS and ATHENA programs developed by Oregon Health and Science University. ATLAS and ATHENA are gender specific health promotion and drug prevention programs recommended by the U.S. Congress in the Anabolic Steroid Control Act of 2004. These high school level, athlete-specific programs are implemented during the sport season within each team. Within the ATLAS and ATHENA curriculum, athletes learn how to boost their nutrition and train more effectively in order to enhance their performance and strength without turning to steroids or other performance enhances substances. Each curriculum is designed to target the key risk and protective factors that relate to male athletes or female athletes. Additionally, all athletes in the ATLAS and ATHENA programs learn how alcohol, nicotine and other drugs can harm their performance.
