What is NSP 2?

The Lake Worth CRA Consortium was awarded \$23.2 million in Federal Neighborhood Stabilization funds for a program that will revitalize a targeted area of downtown Lake Worth (see map). The grant must be spent to promote stable neighborhoods and provide housing opportunities for low and moderate-income families.

The funds will be used by the Lake Worth CRA to acquire and rehabilitate foreclosed, abandoned, and vacant properties. Green, energy-efficient building principles will be incorporated in the rehabilitation and construction of all homes, which will then be offered for purchase to qualified applicants.

Eligibility is based on household size, income, and acceptable credit. Special financing and subsidies may also be available. For further information, contact the Lake Worth Community Development Corporation (LWCDC) at 561 582-5536.
