SUBJECT: ADDITIONAL CORE K12 PROFESSIONAL DEVELOPMENT OPPORTUNITIES

An additional series of professional development opportunities for CORE K12 are now available on Course Registration under Assessment. Each training session will be held in Building D, which is located in the western parking lot of the Fulton-Holland Educational Services Center (FHESC).

In an effort to accommodate all schools, each school can send ONLY two people to training at this time. The two people selected can attend the same training or separate trainings. Those trained will then serve as the train-the-trainer for their staff. Dates for these training sessions are listed in the chart below.

This training will cover all components of the CORE K12 Assessment System including how to administer the District's Diagnostics online, and how it directly impacts student achievement.

Participants will learn how to access and create formative assessments, access reports that are linked to vetted resources, and implement the formative assessment process in their daily instructional practice.

Additional training sessions are being planned and resources are being developed in TrainU for professional growth. For more information about these and other CORE K12 professional development opportunities, please contact Carla P. Kendall at 561.969.5822 or PX 45822.
