Destination Math

Courses I and II for Grades K-3

Each mode of transportation is a Module.

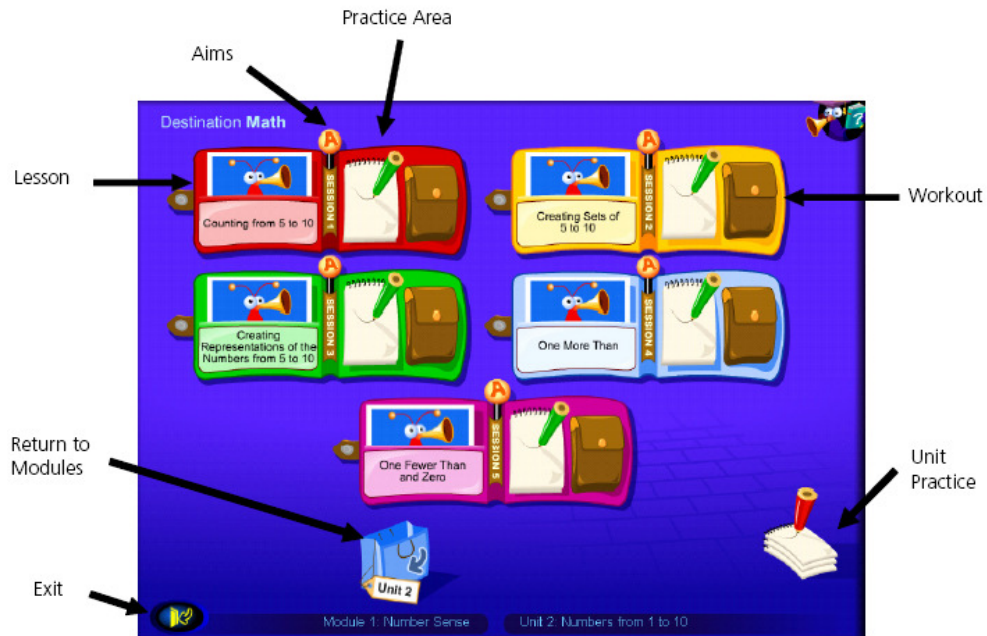

Each module holds different types of baggage – Units.

Each piece of baggage holds different wallets – Sessions.

Each wallet holds a session, which includes a lesson, practice area, and workout sections. To access a lesson, click the **photograph** in the wallet. To access the practice area, click the **notepad**. To access the workouts, click the **pocket**. Every unit has a unit practice area that can be accessed by clicking on the notepad with the pencil on the bottom right.

LESSON FUNCTION OF EACH BUTTON
