

## **Houghton Mifflin Harcourt Learning Technology On-Site Support for Destination Reading Implementation**

**Houghton Mifflin Harcourt Learning Technology is available to provide on-site support at your school.**

### **1. Half Day (about 3 hours):**

Exploration of Destination Reading, its structure and how it can be used as a teaching tool to introduce and reinforce concepts. Learn to utilize Destination Reading for whole group instruction as well as create Activities and Tests for students to complete individually. Print Activities, Resources, Reports and Class Roster features will also be introduced.

### **2. Planning Block:**

Overview of Destination Reading, its structure and how it can be used as a teaching tool to introduce and reinforce concepts. The emphasis will be on whole group instruction and support Print Activities, with an introduction to available Resources. (A Follow-Up Planning Block visit is suggested for introduction of Learning Management Features.)

### **3. Modeled Lesson:**

A consultant will facilitate a lesson in your class utilizing the Destination Reading software and support Print Activities. This requires communication with the teacher so that meaningful content is selected.

*Professional Development opportunities are also available through Course Registration.*

**Please contact Cynthia Higgins, HMHLT Educational Consultant, to schedule your site support visit: [higginsc@palmbeach.k12.fl.us](mailto:higginsc@palmbeach.k12.fl.us).**

### **PLEASE include the following information:**

- **School Name, Your Name, Phone Contact**
- **Support Option... 1, 2, or 3**
- **2 Possible Dates**
- **Times**
- **Number of Interested Teachers**

**(5 Teacher Minimum)**
