2006 Golf Outing Participant Survey Write-in Comments

1. Registration process: How about an online registration and credit card charges for the fees? That would provide the ultimate user-friendly system.
2. Check-in process was like filing 1040 taxes at midnight at the Post Office. Way too backed up and slow. Hallway space upstairs was cramped. Perhaps have registration like polling places for elections; group alphabetically and have it inside the larger room instead of the hallway.
3. Shirts were great and bag for the gift back was nice canvas bag. Was there something inside (said facetiously)? Slim pick'ns. on inside of bag.
4. I don't have any employees to give the spa services to so it doesn't pertain to me.
5. Add roving marshals to keep play from slowing down. Reduce emphasis on winning to reduce creative scoring.
6. Why did you have to sign your name at check-in? Makes no sense.
7. The PGA was great.
8. You did not award a trophy/prize for the longest drive for women.
9. You did not award a trophy/prize for the longest drive for women.
10. The shirts were not as ordered. I ordered a large shirt and all that was available was XL. If people could not take the time to order their size they should have to live with what is available and the people that ordered a specific size should not have been punished.
11. It was an excellent day and went off without a hitch.
12. Too many "junk/trinket" raffle prizes takes too much time.
13. Great job!
14. This was one of the smoothest events I've played in. Great Job to all who put it together
15. A better golf score.
16. Provide better direction on where to park, and more importantly, where the registration for the event is. Several people were wandering around asking others where to register.
17. A great tournament!
18. Overall, I was very happy with the entire event. The PGA National was an excellent selection to hold the event at.
19. Everything was fine.
20. The shirts were MUCH better this year but the logo is barely visible.
21. Fewer gifts to hand out or a different way to do it. The raffle took for ever.
22. I understand the district not wanting to have free beer at this event but maybe they could help to reduce the cost from \$4 to \$2.
23. Make par the worst score a team can make - this will speed up play considerably; play was far too slow.
24. It would be preferable to sit all together for lunch to enable everyone more time to interact.
25. We had a great time.
26. Play was too slow. Place fewer people on the course.

27. Raffle prizes should be pre-drawn to save time.
28. We need a bigger venue for lunch so we can all sit in same room. If not, try Ballen Isles, they do a good job for large groups.
29. Please provide cart girl staff with cold towels.
30. Clearer direction for sign in.
31. Best ball match.
32. Pass out small gifts at the key holes for fun.
33. Have a sponsorship that provides beer and cold drinks from the snack cart.
34. Having a bigger room available so all attendees could dine and be part of after golf events together. 2 rooms were a bit uncomfortable.
35. The food was very good.
36. You guys have done a tremendous job and it keeps getting BETTER, keep up the good work.
37. Yes, I think some items or packages geared toward women would be a good addition to the raffle or offered as stand-alone purchases.
38. Photographs were a great idea.
39. The food was awesome.
40. The facility was top-notch. The staff friendly.
41. I would only suggest improving the gift bags...the cost to contractors for the event is substantial and the gift bags should reflect that cost.
42. The shirt logos could be improved by having a "bolder" design.
43. Overall, the event was excellent from start to finish....thanks.
44. Nothing comes to mind; I thought it went very well and hope to do it again next year.
45. Double/Triple-Check Name Spellings, especially Sponsor representatives.
46. Shirts were a great step-up: Thanks!
47. Develop written give-aways/gift-bag donations "Don'ts" (i.e., prophylactics) and maybe "Do's", for those interested in providing such items, to be provided upon request, as well as general info for planning such as quantity of players/bags etc., to help provider gauge quantity and best use/distribution to suit Facilities needs as well as any preferred standards and ethics.
48. Events Coordinator Sandra did great; there was an obvious improvement, not to say prior events weren't great.
49. Hats off to Facilities Management once again for putting together another event that brings us all together, away from the work place.
50. Special Thanks to Joe Sanches & George Solli (and Dr. J & Board for his support of Joe's/George's efforts)...Thank You for doing things like this to show some form of appreciation, and share some sense of fun, to those who put their sincere and hard efforts 24/7, into doing good things and good work for the District. This annual event, to support the Internship Program, is just another wonderful opportunity to do good things for this community at large under smiling faces.

51. Maybe you could have more refreshments. While we were playing, water ran out and the Club charged \$3 per bottle.
52. Recommend a shuttle from the parking lot if play again at PGA National.
53. You did a great job!
54. Need to hire a different sign maker for next year. I corrected, with black permanent marker, two signs on the tees. One had "Closes to Pin" instead of the correctly spelled "Closest." Another had "Advance Roofing" instead of the correct name for that company of "Advanced." I would hate to think that the speller of the "Closes" word was a proud graduate of our county school system.
55. More water. I would say that after we had finished about 12 holes, the carts were out of water and Gatorade. They only had a few cans of Pepsi left for the free stuff. It was a hot, humid day and the water was going quickly. So, I think the amount of water purchased next year needs to be increased and available on the carts.
56. It was nice having the beverage carts running around. I think having the PGA cart gals doing that task got good coverage to the entire course. I think my group saw the cart gals at least six times during the round.
57. I thoroughly enjoyed playing in your golf tournament and look forward to 2007.
58. PGA is a great venue, and the Outing was very well organized. I was both pleased and impressed.
59. Don't charge for pictures; it puts you at a different level. Other tournaments don't.
60. Do the prizes faster. Perhaps pre-draw them and have people come up to find the winners.
