

Substitute Training Classes

Local Community Schools will offer two (2) evening classes on “How to be a Better Substitute Teacher.” Classes offer real world examples of how to positively manage and discipline students, and how to get to know each school center. The cost is \$20 for the two (2) evening class. (There are no refunds.)

This workshop is mandatory prior to employment as a substitute teacher. Substitute applicants who have worked as a certified teacher in a K-12 classroom within the past 5 years are not required to attend the workshop. (Proof of working as a certified teacher will be required.)

You must pre-register in person by the Thursday before the class begins at any of the schools listed below. Community School offices open after 2 p.m. Monday – Thursday.
