SUBJECT: **REVISED BULLETIN P-12821-CAO/COO/CFM/P- JUNE 16, 2008
BUSINESS PARTNERSHIP RECOGNITION – FENCE SCREENS**

The District recognizes that athletic sponsors and other business partners provide a vital role in sponsorship of key programs within our schools. As such, schools have increased needs to visibly recognize these partners in the community. In the interests of community aesthetics and in consideration of local ordinances that prohibit banners and advertising, an Ad Hoc Principals' Committee was formed to develop uniform guidelines, as outlined below. The guidelines have been updated based on input received from school centers.

Any text recognizing business partners that is visible from the street should meet the following guidelines:

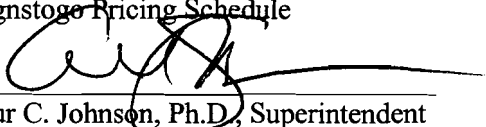

1. The text should be printed on fence wind screens placed on fences to camouflage the chain link ("85 closed mesh" screening recommended).
2. Any opaque fence screens to be mounted on exterior fences should involve consultation with School Police regarding any potential safe-sight concerns.
3. The fence screens should all be uniform in size and color. The suggested size coincides with the height of the fence, up to a maximum of 6' high and width of each panel 10' wide. Recommended colors are be a dark green background with tan, white or grey text. However, two other colors may be selected (for example, school colors). The background/screen color and font used on all screens should be consistently the same color and font style to ensure uniformity. Font size must not exceed 6".
4. Side-by-side banners should not be used to create longer messages.
5. Screens placed along a residential road with houses fronting across the street, should cover no more than 50% of the fence frontage.
6. The fence screen must thank the sponsor (Suggested language is: "Thank you to our business partner," or "This school is supported by").
7. In case the screens must be removed, for reasons beyond the school's control, such as safety, regulatory requirements, weather events, etc., no commitments should be made to a specific timeframe or location for screen display.

REVISED BULLETIN - P-12821-CAO/COO/CFM/P – JUNE 16, 2008
BUSINESS PARTNERSHIP RECOGNITION – FENCE SCREENS
December 8, 2008

8. For safety in high winds, screens are recommended at “85 closed mesh” material for wind resiliency and should be removed prior to tropical storms or a hurricane event, as a Storm Watch is declared.
9. Screens should be placed side-by-side (abutting one another), at a uniform height, aligned with the top rail of the fence, for a neat uniform appearance.
10. No photographs shall be printed on the screens. The business logo may be displayed in the upper left corner of the screen, but it must be no larger than 1 foot by 1 foot in size, and may use business colors for the logo only, or in the same color as the font used for the other printed text on the screen.
11. A “Business Partnership Agreement” form should be used to document all screens posted to recognize sponsor donation revenue (PBSD #1570).
12. Screens should not be placed on City or County property; only on school property.
13. Because the screens are not considered advertising, the business partner must fully recognize that any funds provided to the school are donations.
14. Any banners or screens hung in areas not visible from the street are exempt from these guidelines.
15. If the fence screen becomes torn or detached from the fence, the Principal shall ensure that it is repaired in a timely fashion.
16. The District's bid awarded vendor for fence wind screens is Designstogo, Inc. To place an order, contact Cesar A. Sanchez at (561) 432-1313 or send him an email at: Cesar@designs2go.net. Prices vary by screen size and quantity of order (see attached pricing schedule.) The amount donated by the business partner should exceed the District's cost and provide adequate funding for an important program or activity at your school.
17. Principals are asked to use their discretion in selecting business partners that are consistent with District and community values and appropriate to the age group represented at the school.
18. Nothing herein precludes negotiation of “customized” guidelines with an individual Municipality via an Interlocal Agreement.
19. Effective Date: These guidelines become effective for the 2008/09 School year, unless the school is located within a municipality that has a negotiated an Interlocal Agreement with the School District (currently Boca Raton is the only municipality with such an agreement). Exceptions to the effective date may be granted for schools that have existing contractual obligations that can not be modified to comply with the above. In the unincorporated areas these guidelines will operate as a “pilot” program until June 30, 2011, as provided for by Chapter 1002.375, F.S. (attached). School center staff can determine whether they are located in the unincorporated area by visiting the Planning department’s website and clicking on “Find my District” (The column titled “Municipality” will show as “Unincorporated.”) For convenience, a hard copy is attached to this bulletin.

Section 3. (1) School districts are encouraged to enter into partnerships with local businesses for purposes of mentorship opportunities, the development of employment options and additional funding sources, and other mutual benefits.

(2) As a pilot program through June 30, 2011, the Palm Beach County school district may recognize its business partners by publicly displaying such business partners' names on school district property in the unincorporated areas. "Project Graduation" and athletic sponsorships are examples of appropriate recognition. The district shall make every effort to display its business partners' names in a manner that is consistent with the

DESIGNSTOGO PRICING SCHEDULE

Per Bid 08C-28B, your company responded to provide a discount off list price for flags and banners not listed in the bid or to provide quotes as requested.

A few months ago I requested quotes for fence screens, however our anticipated needs have been revised and I am asking for a new quote.

If you cannot provide these banners, please respond with "NO BID". (Mark "X" in space provided)

The prices quoted must be firm for all orders through June 30, 2009. These prices will be provided to schools so orders can be placed as needed.

A brief explanation (background) is stated below.

Please complete THIS document and return to me by email no **later than 2:00 PM, Monday, June 9th** so I can provide this information for inclusion in the bulletin to our schools.

Background:

Most of our schools have fences that they use to display banners (fence screens) with imprint to recognize a business partner. In the interest of safety and to comply with various city ordinances, we have developed the following specifications for uniform fence screens :

"85 Mesh" fence screens

Panel sizes will vary with three sizes and each will be complete with grommets at the edges for mounting on the fence. Sizes are:

5' X 7'

6' X 8'

8' X 10'

Each panel will be a single color and printed with one or two colors of ink for a business partner's name and company logo

Each panel will have different imprint (based on the business name & logo)

Quantity: We anticipate, as a District, to order at least 20 to 30 per High school and 10 to 15 per Middle and Elementary school. Our District has 23 high schools, 33 middle schools and 103 elementary schools.

These will not be ordered at one time but will be ordered as needed by individual schools.

Therefore, we are requesting quotes based on minimum order amounts.

All prices quotes must include manufacture, screens, and delivery.
You may list a separate cost for artwork charges if needed.

Please provide pricing for the following quantities based on the above specifications:
