

Half Tablet Program

As prescription medication costs continue to increase, you may be searching for ways to lower your costs at the pharmacy. You can **save up to 50%** on your prescription costs by participating in our **Half Tablet Program**.

You get the same medication and strength for half the cost

With the Half Tablet Program, you take the same medication at the same strength, yet save money on medications you take on a regular basis – up to hundreds of dollars every year.

How does the program work?*

1. Your doctor writes a new prescription for twice the strength and half the quantity, noting your intent to split the tablets on your prescription.
2. Fill the prescription. You'll pay only half your usual copayment.
3. Split each tablet and take half – you get your usual supply for half the cost.

See if your medication qualifies for tablet splitting:

Condition	Medication	Qualifying Strengths	
Hypertension (High Blood Pressure)	Aceon	2mg, 4mg	
	Mavik	1mg, 2mg	
	moexipril (generic Univas)	7.5mg	
	trandolapril (generic Mavik)	1mg, 2mg	
	Univas	7.5mg	
	Atacand	4mg, 8mg, 16mg	
	Avapro	7.5mg, 150mg	
	Benicar	20mg	
	Cozaar	25mg, 50mg	
	Diovan	40mg, 80mg, 160mg	
Depression	Lexapro	5mg, 10mg	
	Pexeva	10mg, 20mg	
	sertraline (generic Zoloft)	25mg, 50mg	
	Zoloft	25mg, 50mg	
	High Cholesterol	Crestor	5mg, 10mg, 20mg
		Lipitor	10mg, 20mg, 40mg
		Pravachol	10mg, 20mg, 40mg
		pravastatin (generic Pravachol)	10mg, 20mg, 40mg
		simvastatin (generic Zocor)	5mg, 10mg, 20mg, 40mg
		Zocor	5mg, 10mg, 20mg, 40mg
Type 2 Diabetes		Actos	15mg
		Avandia	2mg, 4mg

For example: If you are currently prescribed 4mg of Aceon, your physician can approve you to split your tablets. Your physician must write a new prescription for 8mg, and you would split each tablet and take only half, equaling the original 4mg dose.

Savings example

The following example shows how participating in the Half Tablet Program can reduce your copayment by half, taking the same tablet at the same strength. Prescribed: 20mg of Lipitor per day, 30 tablets, 30-day supply.

Splitting tablets is easy

Using a tablet splitter makes splitting your medication easy. UnitedHealthcare will even provide you with one free tablet splitter. **Simply visit www.halftablet.com to request your free tablet splitter.** If you prefer, you may also purchase a tablet splitter at your local pharmacy at your expense.

For more information

For more information or to order your free tablet splitter, visit www.halftablet.com or call **1-877-471-1860**.

*This is a voluntary program. Medications subject to change without notice. Not all medications are appropriate for tablet splitting. The medications in this program have been selected because they meet requirements deemed appropriate for splitting. Consult your doctor before splitting any prescription tablets. Only split tablets with a device designed specifically for that purpose. Follow the instructions provided with your tablet splitter.
