**NEW ISSUE

**RATING: Moody's: MIG-1
(See "RATING" herein)**

In the opinion of Note Counsel, assuming continuing compliance with certain tax covenants, under existing statutes, regulations, rulings and court decisions, interest on the Notes will be excludable from gross income for federal income tax purposes. Further, interest on the Notes will not be an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; however, such interest will be taken into account in determining adjusted current earnings for the purpose of computing the federal alternative minimum tax imposed on certain corporations. See "TAX EXEMPTION" herein for a description of other federal tax consequences of ownership of the Notes. Note Counsel is further of the opinion that the Notes and the interest thereon will not be subject to taxation under the laws of the State of Florida, except as to estate taxes and taxes under Chapter 220, Florida Statutes, on interest, income or profits on debt obligations owned by corporations as defined in said Chapter 220. See "TAX EXEMPTION" herein.

Tax Anticipation Notes, Series 2011

Dated: Date of Delivery

Due: January 26, 2012

The Tax Anticipation Notes, Series 2011 (the "Notes") are being issued by the School District of Palm Beach County, Florida (the "District") to provide interim funds for the payment of operating expenses of the District for its fiscal year commencing July 1, 2011 and ending June 30, 2012 (the "Current Fiscal Year"), in anticipation of the receipt of the ad valorem taxes as herein described.

The Notes and the interest thereon will be limited obligations of the District, payable from and secured by a pledge of the ad valorem taxes levied and collected for the benefit of the District during its Current Fiscal Year for operating purposes (excluding ad valorem taxes collected for other purposes) and amounts on deposit in a sinking fund (collectively, the "Pledged Revenues"), all as defined and described in the resolution authorizing their issuance (the "Resolution") adopted by The School Board of Palm Beach County, Florida (the "Board") on August 10, 2011. If necessary, the Notes are additionally payable from, but are not secured by, all legally available funds of the District derived from sources other than ad valorem taxation (the "Non-Ad Valorem Funds"). See "SECURITY FOR THE NOTES" herein.

The Notes and the interest thereon do not constitute a general obligation or indebtedness of, or pledge of the faith and credit of the Board, the District, Palm Beach County, Florida (the "County"), or the State of Florida (the "State"), within the meaning of any constitutional or statutory provisions or limitations, but shall be payable solely from the Pledged Revenues and, if necessary, the Non-Ad Valorem Funds. No holder of the Notes shall ever have the right to compel the exercise of the ad valorem taxing power of the Board, the District, the County, or the State for payment of the Notes or the interest thereon. The Notes and the obligation evidenced thereby shall not constitute a lien upon any property of or in the District, other than the Pledged Revenues, in the manner and to the extent described in the Resolution.

The Notes will be issued in fully registered form in denominations of \$5,000 or any integral multiple thereof and, when issued, will be registered in the name of Cede & Co. as registered owner and nominee for The Depository Trust Company, New York, New York ("DTC"). The Notes will be deposited with DTC, which will be responsible for maintaining a book-entry-only system for recording the interests of its participants, which in turn will be responsible for maintaining records with respect to beneficial ownership interests of individual purchasers of the Notes. Purchasers of the Notes (the "Beneficial Owners") will not receive physical delivery of note certificates. As long as Cede & Co. is the registered owner of the Notes, the Board, as Registrar and Paying Agent, will make principal and interest payments directly to Cede & Co., as registered owner. DTC will in turn remit such payments to its participants for subsequent disbursement to the Beneficial Owners. The Notes are not subject to redemption prior to their maturity.

SCHOOL DISTRICT OF PALM BEACH COUNTY, FLORIDA TAX ANTICIPATION NOTES, SERIES 2011

INTRODUCTORY STATEMENT

The purpose of this Official Statement, which includes the cover page, the Summary Statement, and the Appendices hereto, is to provide information concerning the School District of Palm Beach County, Florida (the "District"), and its \$115,000,000* aggregate principal amount of Tax Anticipation Notes, Series 2011 (the "Notes"). Capitalized terms used, but not defined, herein shall have the meaning assigned thereto in the Resolution (as defined under "PURPOSE OF THE NOTES" below) included as "APPENDIX E – AUTHORIZING RESOLUTION" hereto.

The references, excerpts and summaries of all documents referred to herein do not purport to be complete statements of the provisions of such documents, and reference is made to all such documents for full and complete statements of all matters of fact relating to the Notes, the security for the payment of the Notes, and the rights and obligations of holders thereof.

The information contained in this Official Statement involving matters of opinion or estimates, whether or not so expressly stated, are set forth as such and not as representations of fact, and no representation is made that any of the estimates will be realized. This Official Statement is a disclosure document only and does not constitute a contract with the holders of the Notes.

PURPOSE OF THE NOTES

The Notes are being issued pursuant to Section 1011.13, Florida Statutes, as amended, and other applicable provisions of law, and a resolution of The School Board of Palm Beach County, Florida (the "Board"), as the governing body of the District, adopted on August 10, 2011 (the "Resolution"). The Note proceeds will be used by the District to provide interim funds for the payment of current operating expenses of the District incurred during its fiscal year beginning July 1, 2011 and ending June 30, 2012 (the "Current Fiscal Year"), in anticipation of the receipt of ad valorem taxes levied and collected for operating purposes for such fiscal year, and to pay expenses incurred in issuing the Notes to the extent not paid from other legally available funds of the District. See "APPENDIX E – AUTHORIZING RESOLUTION".

SECURITY FOR THE NOTES

General

The Notes and interest thereon will be limited obligations of the District, payable solely from and secured by (a) gross, real, and tangible personal property ad valorem tax receipts collected by the Palm Beach County Tax Collector (the "Tax Collector") for the benefit of the District during the Current Fiscal Year, but only to the extent such tax receipts are for operating purposes (excluding ad valorem taxes collected to pay the principal of and interest on bonds of the District issued pursuant to Sections 1010.40 – 1010.55, Florida Statutes, or to pay the principal of and interest on any obligations issued by the District pursuant to Section 1011.14, Florida Statutes; or otherwise levied pursuant to Section 1011.71(2), Florida Statutes), and (b) amounts on deposit in the Sinking Fund established pursuant to the Resolution

* Preliminary and subject to change.

(collectively, the “Pledged Revenues”). If necessary, the Notes are additionally payable from, but are not secured by, all legally available funds of the District derived from sources other than ad valorem taxation (the “Non-Ad Valorem Funds”).

The Notes and the interest thereon shall not constitute a general obligation or indebtedness of, or pledge of the faith and credit of, the Board, the District, Palm Beach County, Florida (the “County”) or the State of Florida (the “State”) within the meaning of any constitutional or statutory provision or limitation. The Notes and the interest thereon are payable from and secured by a pledge of the Pledged Revenues and, if necessary, are payable from, but are not secured by, Non-Ad Valorem Funds, in the manner and to the extent provided in the Resolution.

NO HOLDER OF ANY NOTES SHALL EVER HAVE THE RIGHT TO COMPEL THE EXERCISE OF THE AD VALOREM TAXING POWER OF THE BOARD, THE DISTRICT, THE COUNTY, THE STATE, OR ANY POLITICAL SUBDIVISION OR AGENCY THEREOF, OR TAXATION IN ANY FORM ON ANY REAL OR PERSONAL PROPERTY THEREIN, TO PAY THE NOTES OR INTEREST THEREON, EXCEPT FOR THE PLEDGED REVENUES OF THE DISTRICT. THE NOTES AND THE OBLIGATION EVIDENCED THEREBY SHALL NOT CONSTITUTE A LIEN UPON ANY PROPERTY OF OR IN THE DISTRICT, OTHER THAN THE LEVY WITH RESPECT TO THE PLEDGED REVENUES IN THE MANNER PROVIDED IN THE RESOLUTION.

The Sinking Fund

In accordance with the terms of the Resolution, the District has established a fund designated the “Sinking Fund.” The District will make or cause to be made deposits of the Pledged Revenues and other revenues into the Sinking Fund to ensure the payment of the principal of and interest on the Notes at maturity.

The Sinking Fund shall be held by the District as a separate special account for the benefit of the Noteholders; provided, however, that the cash required to be accounted for therein may be pooled with other moneys of the District so long as adequate accounting records are maintained to reflect and control the restricted purposes of such Sinking Fund moneys. The moneys and investments in the Sinking Fund shall be held in trust by the District for the sole benefit of the Noteholders, and the Noteholders are granted an express lien on the money and/or investments held in the Sinking Fund. The Holders shall have no lien upon any portion of the Pledged Revenues from sources constituting Non-Ad Valorem Funds unless and until such funds are deposited into the Sinking Fund.

The District covenants that it will deposit sufficient moneys or Permitted Investments into the Sinking Fund no later than twenty-one (21) days prior to the maturity date of the Notes, or the first business day thereafter, so that the balance on deposit therein, together with the earnings to be received thereon, if any, will equal the amount of principal and interest becoming due on the Notes at maturity. Funds in the Sinking Fund may be invested only in Permitted Investments that mature on or prior to the maturity date of the Notes. Earnings on investments held in the Sinking Fund shall be retained and reinvested in the Sinking Fund until the amount on deposit in the Sinking Fund, together with the earnings to be received thereon, is equal to all principal of and interest on the Notes due at their maturity. Thereafter, such earnings may be withdrawn by the District and used in the District’s discretion as provided by law. Realized losses, if any, on investments held in the Sinking Fund shall be restored by the District by deposit of additional moneys into the Sinking Fund on or prior to the maturity date of the Notes.

The proceeds of the Notes are not pledged as security for payment of principal and interest on the Notes and will be expended by the District to pay the obligations created by the District in accordance

with its budget for the 2011-12 fiscal year. The Noteholders will have no responsibility for use of the proceeds of the Notes, and the use of such proceeds by the District will in no way affect the rights of such Noteholders.

Permitted Investments

The Board is authorized to invest the amounts on deposit in the Sinking Fund in investments specified by Sections 1010.53(2) and 218.415, Florida Statutes, as amended, from time to time pursuant to Board policy.

Defeasance

If, at any time, the District shall have paid, or shall have made provision for payment of, the principal of and interest on the Notes, then and in that event, the pledge of and lien on the Pledged Revenues in favor of the holders of the Notes shall be no longer in effect, and the Notes shall no longer be deemed to be outstanding and unpaid for the purposes of the Resolution. For purposes of the preceding sentence, deposit of sufficient Permitted Investments or any other securities or investments which may be authorized by law from time to time and sufficient under such law to effect such a defeasance in irrevocable trust with the State Board of Administration of Florida or with a bank or trust company, for the sole benefit of the Noteholders, the principal of which, together with the earnings to be received thereon, will be sufficient to make timely payment of the principal of and interest on the Notes, shall constitute provision for payment. For purposes of defeasance, "Permitted Investments" shall mean direct obligations of or obligations the timely payment of principal of and interest on which are unconditionally guaranteed by, the United States of America.

DESCRIPTION OF THE NOTES

General

The Notes are authorized to be issued pursuant to Section 1011.13, Florida Statutes, as amended, and other applicable provisions of law, and the Resolution. The Notes will be dated the date of delivery (currently expected to be September 29, 2011) and will bear interest from such date at the rate specified on the cover page of this Official Statement, calculated on a 360-day year basis comprised of twelve 30-day months. Both the principal and interest on the Notes will be payable at maturity upon presentation and surrender thereof at the principal office of the Board in its capacity as Registrar and Paying Agent.

The Notes are issuable as fully-registered notes in book-entry-only form and shall initially be issued in the form of one fully registered Note and shall be held in such form until maturity. Individuals may purchase beneficial interests in the amount of \$5,000 or integral multiples thereof in book-entry-only form, without certificated Notes, through the DTC Participants and Indirect Participants. See "DESCRIPTION OF THE NOTES - Book-Entry Provisions" below.

No Redemption

The Notes are not subject to redemption prior to maturity.

Book-Entry Provisions

THE INFORMATION IN THIS SECTION CONCERNING DTC AND DTC'S BOOK-ENTRY ONLY SYSTEM HAS BEEN OBTAINED FROM SOURCES THAT THE DISTRICT BELIEVES TO

BE RELIABLE, BUT THE DISTRICT TAKES NO RESPONSIBILITY FOR THE ACCURACY THEREOF.

The Depository Trust Company (“DTC”) New York, New York, will act as securities depository for the Notes. The Notes will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered note certificate will be issued for the Notes and will be deposited with DTC.

DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers, dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has a Standard & Poor’s rating of AA+. The DTC rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Notes on DTC’s records. The ownership interest of each actual purchaser of each Note (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Notes are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Notes, except in the event that use of the book-entry system for the Notes is discontinued.

To facilitate subsequent transfers, all Notes deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Notes with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Notes; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Notes are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of the Notes may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Notes, such as redemptions, tenders, defaults and proposed amendments to the documents securing the Notes. For example, Beneficial Owners of the Notes may wish to ascertain that the nominee holding the Notes for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the Paying Agent and request that copies of notices are provided directly to them.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Notes unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Payments with respect to the Notes will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District, as Paying Agent, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participant and not of DTC (nor its nominee), the Paying Agent or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payments with respect to the Notes to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Paying Agent or the District, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursements of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

NEITHER THE BOARD NOR THE DISTRICT WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO THE PARTICIPANTS OR THE BENEFICIAL OWNERS WITH RESPECT TO (1) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC OR ANY PARTICIPANT, (2) THE PAYMENT BY DTC OR ANY PARTICIPANT OF ANY AMOUNT DUE TO ANY BENEFICIAL OWNER IN RESPECT OF THE PRINCIPAL OF OR INTEREST ON THE NOTES, (3) THE DELIVERY BY DTC OR ANY PARTICIPANT OF ANY NOTICE TO ANY BENEFICIAL OWNER WHICH IS PERMITTED OR REQUIRED TO BE GIVEN TO NOTEHOLDERS UNDER THE TERMS OF THE RESOLUTION, OR (4) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY CEDE & CO., AS THE NOMINEE OF DTC, AS REGISTERED OWNER. SO LONG AS CEDE & CO. IS THE REGISTERED OWNER OF THE NOTES, AS NOMINEE OF DTC, REFERENCES IN THIS OFFICIAL STATEMENT TO THE NOTEHOLDERS OR REGISTERED OWNERS OF THE NOTES (OTHER THAN UNDER THE CAPTION "TAX EXEMPTION" HEREIN) SHALL MEAN CEDE & CO. AND SHALL NOT MEAN THE BENEFICIAL OWNERS OF THE NOTES.

Neither the Board nor the District can give any assurances that DTC Participants, Indirect Participants or others will distribute payments of debt service on the Notes made to DTC or its nominee as the registered owner, or any notices to the Beneficial Owners, or that they will do so on a timely basis, or that DTC will service or act in a manner described in this Official Statement.

For every transfer and exchange of beneficial interests in the Notes, the Beneficial Owner may be charged a sum sufficient to cover any tax, fee or other government charge that may be imposed in relation thereto.

DTC may discontinue providing its services as securities depository with respect to the Notes at any time by giving reasonable notice to the District or the Paying Agent. Under such circumstances, in the event that a successor securities depository is not obtained, Note certificates are required to be printed and delivered. In addition, the District may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, certificated Notes will be printed and delivered.

APPLICATION OF NOTE PROCEEDS

The proceeds from the sale of the Notes shall first be applied by the District to pay the costs of preparation and issuance of the Notes to the extent not paid from other legally available funds of the District. The remaining proceeds from the sale of the Notes will be used by the District to pay the lawful current operating expenses of the District, as the Board shall direct. The Noteholders will have no responsibility for the use of the proceeds of the Notes, and the use of the Note proceeds by the District will in no way affect the rights of the Noteholders.

THE SCHOOL DISTRICT AND SCHOOL BOARD OF PALM BEACH COUNTY, FLORIDA

The District

The District is organized under Section 4, Article IX, of the Constitution of Florida and Chapter 1001, Florida Statutes. The District is the eleventh largest school district in the United States and the fifth largest in Florida as measured by student enrollment. The geographic boundaries of the District are coterminous with those of the County. The County, established in 1909, had a 2010 population of 1,320,134. It is the third largest county in Florida in terms of population and encompasses a land area of approximately 2,023 square miles. The District services the unincorporated areas of the County and all 38 incorporated municipalities within the boundaries of the County, including the municipalities of Palm Beach, West Palm Beach, Lake Worth, Delray Beach and Boca Raton.

As of June 30, 2011, the District included 182 schools and had approximately 172,892 full time equivalent students and over 20,000 full-time and part-time employees, including approximately 13,938 instructional personnel. Management of the schools is independent of the County and the various municipal governments in the County. The Tax Collector collects ad valorem taxes for the District, but the County exercises no control over expenditures by the District. Additional information concerning the County is contained in "APPENDIX A – INFORMATION REGARDING PALM BEACH COUNTY, FLORIDA".

The Board

The Board is a public body corporate existing under the laws of the State of Florida, particularly Section 1001.40, Florida Statutes, and is the governing body of the District. The Board consists of seven members elected from single member districts for overlapping four-year terms. The principal office of the Board is located in West Palm Beach, Florida.

Under existing statutes, the Board's duties and powers include, but are not limited to, the acquisition, maintenance and disposition of school property within the District; the development and adoption of a school program for the District; the establishment, organization and operation of schools, including vocational and evening schools and programs for gifted students and handicapped students, including students in residential care facilities; the appointment, compensation, promotion, suspension and dismissal of employees; the establishment of courses of study and the provision of adequate instructional aids; and the establishment of a system to transport students to school or school-related activities.

The Board also has broad financial responsibilities, including the approval of the annual budget, adoption of the school tax levy and the establishment of a system of accounting and budgetary controls. The annual budget and accounting reports must be filed with the State of Florida Department of Education.

The Chairman of the Board is elected by the members of the Board annually. The Superintendent of Schools is the ex-officio Secretary of the Board. The present members of the Board, their respective offices and the expiration of their respective terms are as follows:

The Superintendent prepares the annual budget for approval by the Board, recommends the tax levy based upon needs illustrated by the budget, recommends debt issuance and borrowing plans of the District when necessary, provides recommendations for the investment of District funds and keeps records with respect to all funds and financial transactions of the District.

Set forth below are biographical descriptions of the Superintendent and certain other administrative personnel of the District:

Bill Malone, Superintendent, joined the School District in February 2011. Mr. Malone previously served as the District's Chief Operating Officer from 2000-2003. In addition to his time with the District, Mr. Malone has over 30 years of management experience with other government agencies.

This includes 21 years of management experience with U.S. Army Corps of Engineers and 14 years with the South Florida Water Management District. Mr. Malone holds a Civil Engineering degree from Vanderbilt University.

He received his Bachelor's Degree in Finance from Florida State University and a Master's Degree in Public Administration from Florida Atlantic University.

Constitutional Amendments Related to Class Size Legislation and Pre-K Programs

Class Size Reduction

Amendment 9 to the State Constitution requires that the State Legislature provide funding for sufficient classrooms so that class sizes can be reduced to certain constitutional class size maximums by the beginning of the 2010-11 school year. Amendment 9 and Section 1003.03, Florida Statutes, which implements Amendment 9 are referred to herein as the “Class Size Legislation”.

The Class Size Legislation established constitutional class size maximums limiting students per class to no more than 18 for pre-kindergarten through 3rd grade, 22 for grades 4 through 8 and 25 for grades 9 through 12. Such legislation generally provides for a phased-in compliance which would be determined on a school-by-school basis through and including Fiscal Year 2009-10, with final compliance on an individual classroom basis beginning in Fiscal Year 2010-11. In the event a school district is not in compliance with such requirements, the legislation provides that the State shall reduce categorical funds due to such school district for operational purposes.

The Class Size Legislation further created an “Operating Categorical Fund for Class Size Reduction,” the “Classroom for Kids Program,” the “District Effort Recognition Grant Program” and the “Class Size Reduction Lottery Revenue Bond Program” to provide funding for capital outlays and operating expenditures necessary in relation to these mandated class size reductions.

The Class Size Legislation requires each school board to consider implementing various policies and methods to meet these constitutional class sizes, including encouraging dual enrollment courses, encouraging the Florida Virtual School, maximizing instructional staff, reducing construction costs, using joint-use facilities, implementing alternative class scheduling, redrawing attendance zones, implementing evening and multiple sessions and implementing year-round and non-traditional calendars.

Through Fiscal Year 2009-10, the District complied with the requirements of the Class Size Legislation which was based on average class size at each school. Beginning in Fiscal Year 2010-11, the requirements were based on the number of students in each individual classroom. The District believed that compliance with the Class Size Legislation on an individual classroom basis would require significant changes at the District’s schools that would directly impact the students. The District also acknowledged that an amendment to the Class Size Legislation, which would loosen the requirement, was pending voter approval at the November 2010 General Election. The District elected to comply with the Class Size Legislation on an individual classroom basis whenever possible without adversely impacting its students. As of the October 2010 Survey, the week during which the DOE determines compliance with class size maximums, the District had 80% or 81,187 of the classrooms in compliance and 20% or 21,152 of the classrooms not in compliance with the maximum class size. Based on the number of students which exceeds the maximum and the total number of students which exceed the maximum for all classes, the District expected that its categorical allocation could be reduced by approximately \$16 million; however, on February 15, 2011, the District submitted a plan to the DOE outlining specific actions it will take to come into full compliance by October, 2011. The District’s plan was accepted by the DOE and reduced the penalty to \$4 million. The District has budgeted \$7 million to offset any such penalties. If the penalty is assessed, it will result in less FEFP revenue during Fiscal Year 2011-12. During its 2011 regular session, the State Legislature adopted legislation that reduces the number of courses that will be used to determine compliance with the Class Size Legislation. Based on such legislation, the District has estimated its cost of compliance to be approximately \$18 million and has included such amount in the final Fiscal Year 2011-12 Budget. Accordingly, the District expects to comply with the requirements of the Class Size Legislation by October, 2011.

Pre-K Programs

Amendment 8 to the Constitution provides that every 4-year old child in the State shall be offered a free, high quality pre-kindergarten learning opportunity by the State. Part V of Chapter 1002, Florida Statutes, creates a statewide Voluntary Pre-Kindergarten Education Program (the “Pre-K Program”). Among other things, the Pre-K Program provides eligibility and enrollment requirements, authorizes parents to enroll their children in a school-year prekindergarten (“Pre-K”) program delivered by a private Pre-K provider, a summer program delivered by a public school or a private Pre-K provider, or if offered in a school district that meets class-size reduction requirements, a school year Pre-K program delivered by

a public school. The Pre-K Program also requires school districts to deliver summer Pre-K programs and permits school districts to deliver school-year Pre-K programs. Additionally, the Pre-K Program appropriates State funds to finance the Pre-K programs and provides the method for calculating the funds allocated to each Pre-K provider.

The Pre-K Legislation provides State funding for the Pre-K Program.

Budgetary Process

Florida law requires the Board to adopt in each fiscal year a tentative budget and a final budget, each of which is required to be balanced with available funds. The Superintendent, with input from staff, principals and interested community groups, prepares and submits to the Board a recommended budget. The Board adopts the recommended budget, with such modifications, as it deems necessary, as the tentative budget for the District. After public hearings on the tentative budget, the Board adopts a final budget and forwards it to the State of Florida Department of Education. When approved by the State of Florida Department of Education, the final budget is designated as the official budget and governs the general operations for the fiscal year, unless subsequently amended by the Board. After public hearings, the final fiscal year 2011-12 Budget was adopted by the Board on September 14, 2011. Revisions may be made to the adopted budget in accordance with Florida law.

GENERAL FUND OPERATIONS AND REVENUE SOURCES

The District's general fund revenues are derived from Federal and State appropriations and local sources of funds. The District's two major sources of funds from the State are (i) the basic Florida Education Finance Program ("FEFP") receipts and (ii) FEFP categorical program receipts.

State Sources

Florida Education Finance Program. The major portion of State support is distributed under the provisions of the Florida Education Finance Program, which was enacted by the State Legislature in 1973. Basic FEFP funds are provided on a weighted full-time equivalent ("FTE") student basis and through a formula that takes into account: (i) varying program costs; (ii) cost differentials between districts; (iii) differences in per-student costs due to the density of student population; and (iv) the required level of local support. Program cost factors are determined by the State Legislature each year. The amount of FEFP funds disbursed by the State is adjusted four times during each year to reflect changes in FTE and in other variables comprising the formula, as well as to compensate for increases or decreases in ad valorem tax revenue resulting from adjustments to the valuation of non-exempt property in each county. To participate in FEFP funding, the District must levy a minimum millage for operating purposes, which is set by the State Department of Education. The District's general fund receipts from the State for FEFP pursuant to the above formula for fiscal years 2009-10 and 2010-11 were \$62,126,842 and \$123,994,717 (such amount does not include the \$65,766,906 and 59,704,413 of federal stimulus funds under the American Recovery & Reinvestment Act received by the District for fiscal year 2009-10 and 2010-11 respectively) and was budgeted at \$117,479,192 (excluding \$3,821,752 of federal stimulus funds under the American Recovery & Reinvestment Act expected to be received by the District) for fiscal year 2011-12.

FEFP categorical programs are lump sum appropriations from the State intended to supplement local school district revenues to enhance the delivery of educational and support services by each school district. Among the larger categorical programs are the programs for school bus transportation, instructional materials and class size reduction. Allocations for these categorical appropriations are based on funding formula and discretionary State Department of Education grants. The majority of the funds available require actual appropriation by the Board for the purposes for which they were provided. Total State categorical aid was \$194,661,443 and \$196,254,961 for fiscal years 2009-10 and 2010-11, respectively, and is budgeted at \$201,031,843 for fiscal year 2011-12.

While total FEFP funding dropped in Fiscal Year 2009 for the first time since Fiscal Year 1992, the funding was increased in Fiscal Years 2010 and 2011, and decreased in 2012. The District is receiving \$23.5 million less in FEFP revenues than last year.

Student enrollment trends have changed over the past few years. Following five years of high growth, more than 5,000 students per year, from Fiscal Year 2001 through Fiscal Year 2005, enrollment was flat in Fiscal Year 2006, and decreased by 3,000 students during Fiscal Year 2007. Enrollment was flat again during Fiscal Years 2008 and 2009, but increased by over 2,000 for Fiscal Years 2010 and 2011. Student enrollment for Fiscal Year 2012 is 173,790 which is slightly higher than the peak of Fiscal Year 2006. Future enrollment is projected to increase slowly over the next four years.

FEFP funding is derived from two main sources: state sales tax revenues and local property taxes. The State determines the funding split between the two sources for each district. As a property rich county, Palm Beach County property taxes have increasingly shouldered much of the financial burden. For Fiscal Year 2011-12, local property taxes will provide 72.6% of the FEFP funds.

State Lottery Revenues. A portion of the revenues generated from the State lottery is distributed to each Florida school district as Discretionary Lottery revenue and Florida School Recognition Program revenue. The Florida School Recognition program recognizes schools that have received an “A” or improved at least one letter grade from the previous school year and, under Florida Statutes, is required to be used for nonrecurring bonuses for school faculty and staff, nonrecurring expenditures for educational equipment or materials, for temporary personnel to assist schools in maintaining or improving student performance, or any combination of these. The District received approximately \$9.147 million and \$10.594 million in Florida School Recognition Program revenues for Fiscal Year 2009-10 and 2010-11, respectively, and the District budgeted \$8.672 million in Florida School Recognition Program revenues for Fiscal Year 2011-12. The District received \$502,627 and \$686,216 in Discretionary Lottery revenues for Fiscal Year 2009-10 and 2010-11, respectively, and the District budgeted \$527,913 Discretionary Lottery revenues for Fiscal Year 2011-12.

Local Sources

Ad Valorem Taxes. Local revenue for District operating support is derived almost entirely from ad valorem real and tangible personal property taxes. In addition, the District earns interest on cash invested and collects other miscellaneous revenues.

The Florida Constitution limits the non-voted millage rate that school boards may levy on an annual basis for operational funds to 10 mills (\$10 per \$1,000 of taxable real and personal property value). Chapter 1011, Florida Statutes, as amended, further limits the millage levy for operational purposes to an amount established each year by the State appropriations act and finally certified by the Commissioner of the State of Florida Department of Education. Within this operational limit, each school district desiring to participate in the State’s allocation of FEFP funds for current operations must levy a non-voted millage rate that is determined annually by the State Legislature and certified by the

Commissioner of the State of Florida Department of Education and is referred to as the “district required local effort.”

In addition to the “required local effort”, school districts are entitled an additional non-voted current operating “discretionary millage” not to exceed an amount established annually by the Legislature and up to 1.5 mills for capital outlay and maintenance of school facilities. However, the District may levy up to .25 mills for capital outlay and maintenance of school facilities in lieu of operating discretionary millage. For fiscal year ending June 30, 2012, the District’s operating discretionary millage and capital outlay discretionary millage are budgeted to be .6880 mills and .0600 mills, respectively. See “AD VALOREM TAXATION - Millage Rates” and “Historical Millages” herein.

For Fiscal Year 2007-08, the District was able to levy 0.1030 mills under statutory provisions allowing districts to levy no more than .25 mills for operating purposes designed to raise up to but not more than \$100 per full-time equivalent student. For Fiscal Year 2008-09, the District was able to levy 0.1050 mills under these provisions. The supplemental discretionary operating millage described in this paragraph was discontinued beginning in Fiscal Year 2009-10.

In addition to the foregoing, the District may, by a super majority vote, levy an additional 0.25 mills for critical capital outlay needs or for critical operating needs. The District is levying an addition 0.25 mills for critical operating needs for Fiscal Year 2011-12 pursuant to such authorization. Continuation of the levy after Fiscal Year 2010-11 for an additional two years required the approval of the voters of the District. As the District did not seek voter approval to continue such levy after Fiscal Year 2010-11, such millage will not be levied after Fiscal Year 2010-11. Instead, the District chose, pursuant to authority granted in Section 1011.71(9), Florida Statutes, to seek voter approval for the levy of an additional 0.25 mills for operating expenses for a period of four years, commencing with Fiscal Year 2011-12. The voters approved such levy at the November 2010 general election. See “AD VALOREM TAXATION - Millage Rates” herein.

The following table sets forth the District’s operating millage levies for Fiscal Year 2010-11:

<u>Operating Millage</u>	<u>District Levy</u>	<u>Description</u>	<u>Max</u>
Required Local Effort	5.682 mills	Each school district desiring to participate in the State’s allocation of FEFP funds for current operations must levy a non-voted millage rate that is determined annually by the State Legislature	5.682
Current Operating Discretionary Millage	0.688 mills	Non-voted; not to exceed amount established annually by the State Legislature	0.688
Critical Operating Needs Millage	0.250 mills	School boards may, by a super majority vote, levy an additional .25 mills for critical capital outlay needs or for critical operating needs. A referendum is required to continue such levy after Fiscal Year 2010-11. The District is not seeking to continue such levy beyond Fiscal Year 2010-11.	0.250

Historically, budgeted revenues from ad valorem taxes were based on applying millage levies to ninety-five percent (95%) of the non-exempt assessed valuation of real and personal property within the County. However, due to a change in applicable law, revenues derived from ad valorem property taxes

are now required to be budgeted on the application of millage levies to ninety-six percent (96%) of the non-exempt assessed valuation of property in the County.

Federal Sources. The District receives certain Federal moneys, both directly and through the State, substantially all of which are restricted for specific programs. Direct Federal revenue sources were \$754,931 and \$818,729 in fiscal years 2009-10 and 2010-11, respectively, and are budgeted at \$658,500 for fiscal year 2010-11. Federal funds through the State totaled \$5,488,075 and \$5,180,443 in fiscal years 2009-10 and 2010-11, respectively, and are budgeted to be \$5,500,000 in fiscal year 2011-12. The District also received \$36 million in federal Education Jobs Bill funds in 2010-11, which it has reserved for use in Fiscal Year 2011-12 to partially offset cuts in State education funding.

General Fund Operations. The following tables briefly describe revenues available to the District for operating purposes, financial results of the District and certain District liabilities. For additional information concerning such matters see “APPENDIX B - BASIC FINANCIAL STATEMENTS OF THE SCHOOL BOARD OF PALM BEACH COUNTY, FLORIDA FOR FISCAL YEAR ENDED JUNE 30, 2010.”

The Florida Legislature in January, 2009 adopted legislation creating Section 1011.051, Florida Statutes, entitled “Guidelines for general funds”. This new section requires that if a school district's unreserved General Fund balance in the approved operating budget is projected to fall below three percent (3%) of projected General Fund revenues, the Superintendent shall provide written notification to the district school board and the Commissioner of Education. The section further requires that if the unreserved General Fund balance is projected to fall below two percent (2%) of projected General Fund revenues, the Superintendent shall provide written notification to the district school board and the Commissioner of Education. Within 14 days after receiving such notification of a balance below two percent (2%), if the Commissioner determines that the district does not have a plan that is reasonably anticipated to avoid a financial emergency as determined pursuant to Florida Statutes pertaining thereto, the Commissioner shall appoint a financial emergency board that may take certain delineated steps to assist a district school board in complying with the General Fund requirements. In Fiscal Year 2008-09, the District's unreserved General Fund balance was 5.78% of General Fund Revenues and in Fiscal Year 2009-10 was 5.97% of General Fund Revenues. For Fiscal Year 2010-11, the District's unreserved General Fund balance is projected to be 6.78%. For purposes of these calculations, the District considers funds categorized as Undesignated and Reserved for Board Contingency to be unreserved funds.

Basic Financial Statements

The audited basic financial statements of the District for the fiscal year ended June 30, 2009, are included as “APPENDIX B – BASIC FINANCIAL STATEMENTS OF THE SCHOOL BOARD OF PALM BEACH COUNTY, FLORIDA FOR THE FISCAL YEAR ENDED JUNE 30, 2010” to this Official Statement. Such excerpts from the Comprehensive Annual Financial Report have been included in this Official Statement as public documents and consent from the auditor was not requested. The auditor has not performed any services relating to, and is therefore not associated with, the issuance of the Notes.

Accreditation

All of the District's high schools are fully accredited by the State of Florida and by the Southern Association of Colleges and Schools.

Florida Retirement System

The State has established the State of Florida Retirement System (“FRS”) for state, county, municipal and school district employees. All employees hired after 1970, and those employed prior to 1970 who elected to be enrolled, are covered by the FRS. Accordingly, substantially all employees of the District are covered by the FRS. The Division of Retirement, Department of Administration of the State of Florida administers the FRS. Contribution rates are established by law for all participating governmental units. The District's liability for participation in the plan is limited to the payment of the required contribution at the rates and frequencies established by law on future payrolls of the District. For the fiscal years ended June 30, 2010 and June 30, 2011, the District contributed \$93,208,284 and \$93,208,284, respectively.

Employees hired prior to 1970 and not electing to enroll in the FRS may be covered by alternate contributory plans, principally the Teachers' Retirement System Plan E, administered by the FRS. State law requires the District to contribute 11.35% of the earnable compensation of members to these plans. For the fiscal years ended June 30, 2010 and June 30, 2011, the District contributed \$33,084 and \$33,084, respectively. See Note 10 in “APPENDIX B – BASIC FINANCIAL STATEMENTS OF THE SCHOOL BOARD OF PALM BEACH COUNTY, FLORIDA FOR THE FISCAL YEAR ENDED JUNE 30, 2011” for additional information regarding the retirement plans.

During its 2011 regular session, the State Legislature adopted legislation that makes significant changes to the FRS with respect to employee contributions and employer contributions, among other items. Effective July 1, 2011, all members of FRS will be required to contribute 3% of their gross compensation toward their retirement. In addition, the legislation reduces the required employer contribution rates for each membership class and subclass of the FRS. For Fiscal Year 2010-11, contribution rates ranged from 10.77% to 23.25% of annual covered payroll. Under the adopted legislation, employer contribution rates range from 4.91% to 14.10% of annual covered payroll. The savings resulting from such reduced contributions will be used to partially offset the reduction in State education funding for Fiscal Year 2012. Additionally, the bill eliminates the cost of living adjustment for all FRS employees for service earned on or after July 1, 2011, although the bill does contemplate reinstatement of the adjustment in 2016 under certain conditions. On June 20, 2011, the Florida Education Association, a teachers union, announced it has filed a class action lawsuit challenging the constitutionality of such legislative changes with respect to existing employees. The suit alleges the legislation unlawfully impairs state employee contracts, constitutes a taking of private property without full compensation and violates government workers constitutional right to collective bargaining. At present, the outcome of such lawsuit cannot be determined. However, if the plaintiffs are ultimately successful, the impact to the District's finances could be substantial given the current State economy and level of education funding.

The other changes to the FRS contained in the legislation only apply to employees who are initially enrolled in FRS on or after July 1, 2011. For personnel entering FRS on or after July 1, 2011, the following changes apply: the average final compensation upon which retirement benefits are calculated will be based on the eight highest (formerly five highest) fiscal years of compensation prior to retirement, the Deferred Retirement Option Plan (DROP) is maintained but the interest accrual rate will be reduced from 6.5% to 1.3%, the normal retirement age is increased from 62 to 65 and the years of creditable service is increased from 30 to 33 and the vesting period is increased to eight years (formerly six).

Other Post Employment Benefits

In addition to its contributions under the State's retirement plan described above, the District provides other postemployment benefits ("OPEB") for certain of its retired employees in the form of an implicit rate subsidy by providing access to health insurance plans requiring the use of a single "blended" or "common" rate for both active and retired employees. The offering of this health insurance coverage is required by Section 112.0801, Florida Statutes.

As with all governmental entities providing similar plans, the District is be required to comply with the Governmental Accounting Standard's Board Statement No. 45 - Accounting and Financial Reporting by Employers for Postemployment Benefit Plans other than Pension Plans ("GASB 45"). The District has historically accounted for its OPEB contributions on a pay as you go basis. GASB 45 applies accounting methodology similar to that used for pension liabilities to OPEB and attempts to more fully reveal the costs of employment by requiring governmental units to include future OPEB costs in their financial statements. While GASB 45 requires recognition and disclosure of the unfunded OPEB liability, there is no requirement that the liability of such plan be funded. The District retained an actuary (the "Actuary") to review the District's OPEB liabilities and provide the District with a written valuation. The Actuary determined the District's actuarial accrued liability related to OPEB, which approximates the present value of all future expected postretirement life and medical premiums and administrative costs which are attributable to the past service of those retired and active employees, at \$161.3 million as of June 30, 2011. The Actuary also determined the District's annual required contribution ("ARC"), which is the portion of the total accrued actuarial liability allocated to the current fiscal year needed to pay both normal costs (current and future benefits earned) and to amortize the unfunded accrued liability (past benefits earned, but not previously provided for). The Actuary estimated the ARC to be \$13.6 million.

The calculation of the accrued actuarial liability and the ARC is, by definition and necessity, based upon a number of assumptions, including interest rate on investments, average retirement age, life expectancy, healthcare costs per employee and insurance premiums, many of which factors are subject to future economic and demographic variations. The Actuary also calculated the District's net, end-of-year OPEB obligation to be \$70.9 million as of June 30, 2011, which reflects the District's approximately \$4.9 million contribution towards its OPEB liability during Fiscal Year 2010-11.

While the District does not know at this time what its ultimate OPEB liabilities will be in connection with GASB 45 compliance in the future or how much of the annual required contribution accrued liabilities it will need to budget in future years, it expects its OPEB liability to be significant, but manageable within its normal budgeting process.

AD VALOREM TAXATION

General

The following information is provided in view of the fact that a large portion of the Board's revenues are derived from ad valorem taxation.

Property Assessment

The laws of the State provide for a uniform procedure to be followed by all counties, municipalities, school districts and special districts for the levy and collection of ad valorem taxes on real and personal property. Pursuant to such laws, the County's property appraiser (the "Property Appraiser") prepares an annual assessment roll for all taxing units within the County and levies such millage, subject to constitutional limitations, as determined by each taxing unit, and the Tax Collector collects the ad valorem property taxes for all taxing units within the County. Since the ad valorem property taxes of all taxing units within a County are billed together by the Tax Collector, each property owner is required to pay all such taxes without preference.

Real property used for the following purposes is generally exempt from ad valorem taxation: religious, educational, charitable, scientific, literary, and governmental. In addition, there are special exemptions for widows, hospitals, homesteads, and homes for the aged and disabled veterans. Agricultural land, non-commercial recreational land, inventory, and livestock are assessed at less than 100% of fair market value.

Real and personal property valuations are determined each year as of January 1 by the Property Appraiser's office. The Property Appraiser is required to physically inspect the real property every three (3) years. There is a limitation of the lesser of 3% or the increase in the consumer price index during the relevant year on the annual increase in assessed valuation of Homestead Property (defined below), except in the event of a sale of such property during such year, and except as to improvements to such property during that year. State law requires, with certain exceptions, that property be assessed at fair market value; provided, however, that \$25,000 of the assessed valuation of a homestead is exempt from all taxation for a residence occupied by the owner on a permanent basis where such owner has filed for and received a homestead exemption ("Homestead Property" or "Homestead") and, with respect to Homestead Property, an additional exemption of up to \$25,000 on the assessed valuation greater than \$50,000 is exempt from taxation for all property tax levies other than school district levies. See "Property Tax Reform" below.

The Property Appraiser's office prepares the assessment roll and gives notice by mail to each taxpayer of the proposed property taxes and the assessed property value for the current year, and the dates, times and places at which budget hearings are scheduled to be held. The property owner then has

the right to file an appeal with the value adjustment board, which considers petitions relating to assessments and exemptions. The value adjustment board may make adjustments to the assessment roll to reflect any reduction in the assessed value of property upon the completion of the appeals. The value adjustment board certifies the assessment roll upon completion of the hearing of appeals to it. Millage rates are then computed by the various taxing authorities and certified to the Property Appraiser, who applies the millage rates to the assessment roll. This procedure creates the tax roll, which is then certified and turned over to the Tax Collector.

Property Tax Reform

In 2007 the Florida Legislature enacted Chapter 2007-321, Laws of Florida (2007) (the “Rollback Law”). One component of the adopted legislation requires counties, cities and special districts to roll back their millage rates for the 2007-08 fiscal year to a level that, with certain adjustments and exceptions, will generate the same level of ad valorem tax revenue as in fiscal year 2006-07; provided, however, depending upon the relative growth of each local government’s own ad valorem tax revenues from 2001 to 2006, such rolled back millage rates will be determined after first reducing 2006-07 ad valorem tax revenues by zero to nine percent (0% to 9%). In addition, the legislation limits how much the aggregate amount of ad valorem tax revenues may increase in future fiscal years. **School districts are not required to comply with the particular provisions of the legislation relating to limitations on increases in future years.**

Effective January 1, 2008, additional changes to Florida’s property tax laws created a new formula for calculating assessed value of Homestead Property. “Assessed value” is the official value upon which real properties may be taxed in Florida. Under the new formula, if an owner of a Homestead purchases a new Homestead Property for greater value, the assessed value of the new Homestead would equal the purchase price of the new Homestead minus the difference between the purchase price of the previous Homestead and the assessed value of the previous Homestead, or \$500,000, whichever is less. In addition, for Florida Homestead owners already receiving a property tax exemption of \$25,000 on the assessed value of their homes, the new law creates an additional \$25,000 exemption on the assessed value of Homestead Property greater than \$50,000 for all property tax levies except school taxes. Also effective January 1, 2008, the first \$25,000 of tangible personal property is exempt from taxation.

Additionally, effective January 1, 2009, increases in annual assessments on certain non-Homestead Property were capped at 10% annually (for a 10-year period) for all property tax levies other than school district levies.

In the November 4, 2008 general election, the voters of the State approved amendments to the State Constitution providing the Florida Legislature with authority to enact exemptions or special assessment protections for certain types of property subject to ad valorem taxation including exemptions for conservation lands and residential wind damage resistance and renewable energy source improvements, and restrictions on the assessment of working waterfront properties. Thereafter, legislation was enacted which creates an exemption for land used exclusively for conservation purposes. Such exemption will apply to property tax assessments made on or after January 1, 2011 (Fiscal Year 2011-12 for school districts).

Millage Rates

The Florida Constitution limits the non-voted millage rate that school boards may levy on an annual basis for operational funds to 10 mills (\$10 per \$1,000 of taxable real and personal property value). Section 1011.71, Florida Statutes, as amended, further limits the millage levy for operational purposes to an amount established each year by the State appropriations act and finally certified by the

Commissioner of the State of Florida Department of Education. Within this operational limit, each school district desiring to participate in the State's appropriation of Florida Education Finance Program ("FEFP") funds for current operations must levy the millage certified by the Commissioner of the State of Florida Department of Education, the "required local effort", which is set each year by the State Legislature. In addition to the "required local effort", school districts are entitled to a non-voted current operating discretionary millage. See "Historical Millages" below for information regarding the District's property tax levies in recent fiscal years.

In addition to the millage levies for operating purposes, pursuant to Section 1011.71, Florida Statutes, school boards may set an additional non-voted millage known as the "Local Option Millage Levy" for capital outlay and maintenance purposes. In 2008, the Florida Legislature amended Section 1011.71, Florida Statutes, to provide that if the revenues generated from the reduced Local Option Millage Levy are insufficient to make payments under a lease-purchase agreement entered into prior to June 30, 2008, an amount equal to the revenue generated from 0.50 mills of the operating millage levy may be used to make such lease payments. In 2009, the Florida Legislature further amended Section 1011.71, Florida Statutes, to (i) reduce the maximum Local Option Millage Levy from 1.75 mills to 1.5 mills commencing in Fiscal Year 2009-10 for school districts, (ii) if the revenue from the 1.5 mills is insufficient to make payments due under a lease purchase agreement entered into prior to June 30, 2009 or to meet other critical school district fixed capital outlay needs, authorize a school board to levy up to an additional .25 mills of Local Option Millage Levy in addition to the 1.5 mills, in lieu of levying an equivalent amount of the discretionary mills for operations, and (iii) authorize school boards, by a super majority vote, to levy an additional .25 mills for critical capital outlay needs or for critical operating needs. If levied for operations, districts in which .25 mills generate less than the state average are to be provided the difference in state funds allocated through the FEFP. In order to continue the levy described in clause (iii) above after Fiscal Year 2010-11 it must be approved by the voters of the district in the next general election or at a subsequent election held at any time. The Local Option Millage Levy revenues are not available to pay debt service on the Notes.

The millage limitations are applicable to taxes levied for operational purposes, such as the taxes pledged to secure repayment of the Notes. The millage limitation does not apply to taxes approved at referendum by qualified electors in the County for general obligation bonds.

Each respective millage rate, except as limited by law, is set on the basis of estimates of revenue needs and the total taxable property values within the taxing authority's respective jurisdiction. Revenues derived from ad valorem property taxes are budgeted, as required by Florida law, on the application of millage levies to 96 percent of the non-exempt assessed valuation of property in the county. Ad valorem taxes are not levied in excess of actual budget requirements.

Procedures for Tax Collection and Distribution

All real and tangible personal property taxes are due and payable on November 1 of each year, or as soon thereafter as the tax roll is certified and delivered to the Tax Collector. The Tax Collector mails a notice to each property owner on the tax roll for the taxes levied by the County, the Board, municipalities within the County and other taxing authorities. Taxes may be paid upon receipt of such notice, with discounts at the rate of 4% if paid in the month of November; 3% if paid in the month of December; 2% if paid in the month of January and 1% if paid in the month of February. Taxes paid in the month of March are without discount. All unpaid taxes on real and personal property become delinquent on April 1 of the year following the year in which taxes were levied.

In the event of a delinquency in the payment of taxes on real property, the Tax Collector is required to attempt to sell tax certificates on such property to the person who pays the delinquent taxes and interest and certain costs and charges relating thereto, and who accepts the lowest interest rate per

annum to be borne by the certificates (not to exceed 18%). Delinquent taxes may be paid by a taxpayer prior to the date of sale of a tax certificate by the payment of such taxes, together with interest and all costs and charges relating thereto. Generally, tax certificates are sold by public bid. If there are no bidders, the certificate is issued to the county in which the property is located, and the county, in such event, does not pay any consideration for such tax certificate. Proceeds from the sale of tax certificates are required to be used to pay taxes, interest, costs and charges on the land described in the certificate.

County-held certificates may be purchased and any tax certificate may be redeemed, in whole or in part, by any person at any time before a tax deed is issued or the property is placed on the list of lands available for sale, at a price equal to the face amount of the certificate or portion thereof together with all interest, costs, charges and omitted taxes due. The proceeds of such a redemption are paid to the Tax Collector who transmits to the holder of the certificate such proceeds less service charges, and the certificate is canceled. Any holder, other than the county, of a tax certificate that has not been redeemed has seven years from the date of issuance of the tax certificate during which to act against the land that is the subject of the tax certificate.

After an initial period ending two years from April 1 of the year of issuance of a certificate, during which period actions against the land are held in abeyance to allow for sales and redemptions of tax certificates and before the expiration of seven years from the date of issuance, the holder of a certificate may apply for a tax deed to the subject land. The applicant is required to pay to the Tax Collector at the time of application all amounts required to redeem or purchase all other outstanding tax certificates covering the land, plus interest, any omitted taxes or delinquent taxes and interest, and current taxes, if due. If the county holds a tax certificate on property valued at \$5,000 or more and has not succeeded in selling it, the county must apply for a tax deed two years after April 1 of the year of issuance. The county pays costs and fees to the Tax Collector but not any amount to redeem any other outstanding certificates covering the land. Such property is then also advertised for public sale to the highest bidder, subject to certain minimum bids. If there are no other bidders, the County may purchase the land for the minimum bid. In the case of unsold lands, after seven years the County will take title to such lands.

State law provides that tax liens are superior to all other liens, except prior United States Internal Revenue Service liens. The Tax Collector advertises once each week for four consecutive weeks and sells tax certificates to the lowest bidder, based on the interest rate bid, commencing on or before June 1 for unpaid tax bills. Tax certificates not sold at auction convert to County ownership.

Pursuant to Article VII of the Constitution of the State of Florida, the Board may not levy ad valorem taxes, exclusive of voted taxes levied for the payment of debt service on bonds, in excess of 10 mills. The Board levied 8.180 nonvoted mills for fiscal year ending June 30, 2012.

In the November 2010 general election, the voters of Palm Beach County approved a 0.25 mill operating tax levy for a four-year period beginning with the 2011-12 Fiscal Year and continuing through the 2015-16 Fiscal Year. The primary purpose of the millage is to pay for teachers’ salaries, as well as arts, music, physical education, career and academic programs.

LITIGATION

There is no litigation now pending or threatened: (i) to restrain or enjoin the issuance or sale of the Notes; (ii) questioning or affecting the validity of the Notes, the Resolution or the pledge by the District under the Resolution; or (iii) questioning or affecting the validity of any of the proceedings for the authorization, sale, execution or delivery of the Notes.

The District is involved in certain other litigation and disputes incidental to its operations. Upon the basis of information presently available, the Office of Chief Counsel of the District believes that there are substantial defenses to such litigation and disputes and that, in any event, any ultimate liability in excess of applicable insurance coverage resulting therefrom will not materially adversely affect the financial position or results of operations of the District.

TAX EXEMPTION

The Internal Revenue Code of 1986, as amended (the "Code"), includes requirements which the District must continue to meet after the issuance of the Notes in order that the interest on the Notes be and

remain excludable from gross income for federal income tax purposes. The District's failure to meet these requirements may cause the interest on the Notes to be included in gross income for federal income tax purposes retroactively to the date of issuance of the Notes. The District has covenanted in the Resolution to take the actions required by the Code in order to maintain the excludability from gross income for federal income tax purposes of interest on the Notes.

In the opinion of Note Counsel, assuming the accuracy of certain representations and certifications of the District and continuing compliance by the District with the tax covenants referred to above, under existing statutes, regulations, rulings and court decisions, the interest on the Notes will be excludable from gross income for federal income tax purposes. Interest on the Notes will not be an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; however, such interest will be taken into account in determining adjusted current earnings for the purpose of computing the alternative minimum tax imposed on certain corporations. Note Counsel is further of the opinion that the Notes and the interest thereon will not be subject to taxation under the laws of the State, except as to estate taxes and taxes under Chapter 220, Florida Statutes, on interest, income or profits on debt obligations owned by corporations as defined in said Chapter 220. Note Counsel will express no opinion as to any other tax consequences regarding the Notes. Prospective purchasers of the Notes should consult their own tax advisors as to the status of interest on the Notes under the tax laws of any state other than Florida.

Except as described above, Note Counsel will express no opinion regarding the federal income tax consequences resulting from the receipt or accrual of the interest on the Notes, or the ownership or disposition of the Notes. Prospective purchasers of Notes should be aware that the ownership of Notes may result in other collateral federal tax consequences, including (i) the denial of a deduction for interest on indebtedness incurred or continued to purchase or carry the Notes, (ii) the reduction of the loss reserve deduction for property and casualty insurance companies by 15 percent of certain items, including the interest on the Notes, (iii) the inclusion of the interest on the Notes in the earnings of certain foreign corporations doing business in the United States for purposes of a branch profits tax, (iv) the inclusion of the interest on the Notes in the passive income subject to federal income taxation of certain Subchapter S corporations with Subchapter C earnings and profits at the close of the taxable year and (v) the inclusion of interest on the Notes in the determination of the taxability of certain Social Security and Railroad Retirement benefits to certain recipients of such benefits. The nature and extent of the other tax consequences described above will depend on the particular tax status and situation of each owner of the Notes. Prospective purchasers of the Notes should consult their own tax advisors as to the impact of these other tax consequences.

Note Counsel's opinions are based on existing law, which is subject to change. Such opinions are further based on factual representations made to Note Counsel as of the date thereof. Note Counsel assumes no duty to update or supplement its opinion to reflect any facts or circumstances that may thereafter come to Note Counsel's attention, or to reflect any changes in law that may thereafter occur or become effective. Moreover, Note Counsel's opinions are not a guarantee of a particular result, and are not binding on the IRS or the courts; rather, such opinions represent Note Counsel's professional judgment based on its review of existing law, and in reliance on the representations and covenants that it deems relevant to such opinion.

Tax Treatment of Note Premium

The Notes were offered at a price in excess of the principal amount thereof. Under the Code, the excess of the cost basis of a note over the amount payable at maturity or earlier call date is generally characterized as "bond premium". For federal income tax purposes, a portion of the bond premium on the Notes in each taxable year will reduce the cost basis of the owner thereof (i.e., be amortized), but may

not be deducted. The amount of amortizable bond premium attributable to each taxable year is determined on an actuarial basis at a constant interest rate compounded on each interest payment date (or over a shorter permitted compounding interval selected by the owner). Special rules apply in the case of an owner who holds a Note as inventory, stock in trade or for sale to customers in the ordinary course of business.

Owners of Notes should consult their own tax advisors with respect to the precise determination for federal income tax purposes of the annual amount of amortizable bond premium, the treatment of such bond premium upon the sale or other disposition of Notes and with respect to the state and local tax consequences of owning and disposing of Notes.

APPROVAL OF LEGALITY

Legal matters incident to the authorization and issuance of the Notes are subject to the legal opinion of Greenberg Traurig, P.A., Miami, Florida, Note Counsel. Copies of such opinion will be available at the time of delivery of the Notes. Certain legal matters will be passed upon for the District by the Office of Chief Counsel to the District.

The form of the proposed opinion is attached to this Official Statement as “APPENDIX D - FORM OF NOTE COUNSEL OPINION”. The actual legal opinion to be delivered may vary from that text if necessary to reflect facts and law on the date of delivery. The opinion will speak only as of its date, and subsequent distribution of it by recirculation of the Official Statement or otherwise shall create no implication that Note Counsel has reviewed or expresses any opinion concerning any of the matters referenced in the opinion subsequent to its date.

DISCLOSURE REQUIRED BY FLORIDA BLUE SKY REGULATIONS

Section 517.051, Florida Statutes, and the regulations promulgated thereunder require that full and fair disclosure is made of any bonds or other debt obligations of the District that have been in default as to payment of principal or interest at any time after December 31, 1975 (including bonds or other debt obligations for which the District served only as a conduit issuer). The District is not, and has not been since December 31, 1975, in default as to payment of principal and interest on its bonds, notes or other debt obligations.

RATING

There is no assurance such rating will continue for any given period of time or that such rating will not be revised downward or withdrawn entirely by Moody’s if, in its judgment, circumstances so warrant. Any such downward revision or withdrawal of such rating may have an adverse effect on the market price of the Notes. Such rating reflects only the view of Moody’s and any desired explanation of the significance of such rating should be obtained from Moody’s. FINANCIAL ADVISOR

Public Financial Management, Inc. Orlando, Florida is serving as financial advisor (the “Financial Advisor”) to the Board. The Financial Advisor assisted in matters relating to the planning, structuring,

execution and delivery of the Notes and provided other advice. The Financial Advisor did not engage in any underwriting activities with regard to the sale of the Notes. The Financial Advisor is not obligated to undertake and has not undertaken to make an independent verification of, or to assume responsibility for, the accuracy, completeness, or fairness of the information contained in the Official Statement.

NOTEHOLDERS' RISKS

The Notes are limited obligations of the District payable solely from the Pledged Revenues as described herein, and are not secured by the full faith and credit and taxing power of the District. Because the Notes are limited obligations, the sources of money pledged to secure payment of the Notes may be insufficient therefor, and the Noteholders would not be able to compel the levy of taxes (other than the taxes levied for operating purposes for the Current Fiscal Year) or the institution of foreclosure proceedings against any property of the District to provide for payment of the Notes and the interest thereon. Certain factors may affect the adequacy of the Pledged Revenues to provide for payment of the Notes, and there can be no assurance that the Pledged Revenues will be adequate to provide for payment of the Notes and the interest thereon.

In particular, the adequacy of the Pledged Revenues to provide for repayment of the Notes depends upon (1) the ability of taxpayers in the County to pay the ad valorem taxes levied in 2011, (2) the percentage of collection of ad valorem taxes for the Current Fiscal Year, (3) the receipt by the District of the federal and State funds upon which it depends, in part, for the funding of its operations for the Current Fiscal Year, and (4) the absence of the need for extraordinary, unforeseen expenditures during the Current Fiscal Year. These matters are largely dependent upon factors beyond the control of the District, and any adverse developments with respect to these or other factors could affect the ability of the District to pay the principal of and interest on the Notes. See also "THE SCHOOL DISTRICT AND SCHOOL BOARD OF PALM BEACH COUNTY, FLORIDA – Constitutional Amendments Related to Class Size Legislation and Pre-K Programs" herein for information concerning certain amendments to the Florida Constitution and other proposed legislation that could materially adversely affect the School Board's financial situation.

UNDERWRITING

The Notes are being purchased by _____ (the "Underwriter") at an aggregate purchase price of \$ _____ (which represents the \$ _____ principal amount of the Notes plus a premium of \$ _____). The offer of the Underwriter to purchase the Notes provides for the purchase of all of the Notes if any are purchased. The Underwriter re-offered the Notes at a price of _____% of the principal amount thereof, resulting in compensation to the Underwriter in the amount of \$ _____. After the initial public offering, the Underwriter may change the offering price from time to time.

CONTINUING DISCLOSURE

On the date of issuance of the Notes, the District will execute a Material Event Notice Certificate in the form attached hereto as "APPENDIX F - FORM OF MATERIAL EVENTS NOTICE CERTIFICATE" pursuant to which the District will agree, for the benefit of the holders of the Notes, to provide notice of the occurrence of certain enumerated events in accordance with the provisions of, and to the degree necessary to comply with, Rule 15c2-12 (the "Rule") promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended. Because the Notes have a stated maturity of 18 months or less, the District is exempt from the continuing disclosure requirements of the Rule.

Pursuant to the Material Events Notice Certificate, the District will provide in a timely manner not in excess of ten (10) business days after the occurrence of the event to the Municipal Securities Rulemaking Board (“MSRB”) through its Electronic Municipal Market Access (EMMA), notice of the occurrence of any of the following events with respect to the Notes: (a) principal and interest payment delinquencies; (b) non-payment related defaults, if material; (c) unscheduled draws on debt service reserves reflecting financial difficulties; (d) unscheduled draws on credit enhancements reflecting financial difficulties; (e) substitution of credit or liquidity providers, or their failure to perform; (f) adverse tax opinions or events affecting the tax-exempt status of the Notes; (g) modification of rights of registered owners of the Notes, if material; (h) Note calls, if material; (i) defeasances; (j) release, substitution or sale of property securing the repayment of the Notes, if material; (k) rating changes; (l) bankruptcy, insolvency, receivership or a similar event of the District; (m) events relating to mergers, consolidations or acquisitions of an obligated person with respect to the Notes, if material; (n) appointment of successor or additional trustee, if material; and (o) tender offers. Such obligation of the District will remain in effect, subject to the following sentence, so long as the Notes are outstanding in accordance with their terms. The intent of the District’s undertaking in the Material Events Notice Certificate is to provide notice of material events described in the Rule and, accordingly, the District reserves the right to modify its obligations under the Material Events Notice Certificate so long as any such modification is made in a manner consistent with the Rule. Furthermore, to the extent that the Rule no longer requires the issuers of municipal securities to provide all or any portion of the notice the District has agreed to provide pursuant to the Material Events Notice Certificate, the obligation of the District to provide such information also shall cease immediately.

The District has not failed to comply with any prior undertaking made with respect to the Rule.

The Treasurer shall be the contact person on behalf of the District from whom the foregoing notices may be obtained. The name, address and telephone number of the contact person is Leanne Evans, Treasurer, the School District of Palm Beach County, Florida, 3300 Forest Hill Boulevard Suite A-334, West Palm Beach, Florida 33406-5813, Telephone (561) 434-8142.

INFORMATION REGARDING PALM BEACH COUNTY, FLORIDA

APPENDIX A

INFORMATION CONCERNING PALM BEACH COUNTY, FLORIDA

General Information

Palm Beach County (the “County”) was founded in 1909 and encompasses an area of 2,578 square miles. It is located on the lower east coast of the Florida peninsula with 46 miles of Atlantic ocean frontage and 25 miles of frontage on Lake Okeechobee. The County has a semi-tropical climate with an average temperature of 75.3 degrees and an average rainfall of 61.7 inches. These and other natural amenities, including 88 local, State and federal recreational areas of more than 10 acres and 163 golf courses, have enabled the County to develop a year-round tourist industry.

There are 38 incorporated municipalities within the County, eleven of which have a population in excess of 25,000. West Palm Beach is the County seat and is the largest city in the County. The County had a 2010 population of 1,320,134.

Population

In 2010, Palm Beach County was the third largest county in the State in terms of population. Its population increased 65.3% during the 1970 - 1980 decade, 49.7% during the 1980 - 1990 decade, 31.0% during the 1990 - 2000 decade and 16.7% during the period from 2000 to 2010.

However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capitalized capital outlays (\$180,133) exceed depreciation expense (\$110,820) in the period. 69,313

Governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.

Bond refunding proceeds provided current financial resources to governmental funds. Bond refunding payments are expenditures in the governmental funds. The amount by which the refunding payment (\$1,806) exceeded refunding proceeds (\$1,655) in the current period. 151

The net effect of various miscellaneous transactions involving capital assets (sales, trade-ins, and donations) is to decrease net assets. (9,125)

THE SCHOOL DISTRICT OF PALM BEACH COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2010

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the School District of Palm Beach County, Florida (the "District") have been prepared to conform with Accounting Principles Generally Accepted in the United States of America ("GAAP") as applied to governmental units. The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles. Pursuant to Florida Statutes, Section 1010.01, the Superintendent of Schools is responsible for keeping records and accounts of all financial transactions in the manner prescribed by the State Board of Education. The following is a summary of the more significant of these policies:

A. Reporting Entity

The District and its governing board are organized and operated under Section 4, Article IX, of the Constitution of Florida and Chapter 1001 of Florida Statutes. The District's boundaries are coterminous with those of Palm Beach County. Management of the School District is independent of county and city governments. The membership of the governing board of the District (the "Board") consists of seven members elected from single member districts for overlapping four-year terms. The Superintendent is appointed by the Board to act as executive officer of the District.

For financial reporting purposes, the accompanying financial statements include all of the operations over which the District is financially accountable. The District is financially accountable for organizations that make up its legal entity, as well as legally separate organizations that meet certain criteria. In accordance with GASB 14, "The Financial Reporting Entity," as amended by GASB 39, "Determining Whether Certain Organizations Are Component Units", the criteria for inclusion in the reporting entity involve those cases where the District or its officials appoint a voting majority of an organization's governing body, and is either able to impose its will on the organization or there is a potential for the organization to provide specific financial benefits to or to impose specific financial burdens on the District or the nature and significance of the relationship between the District and the organization is such that exclusion would cause the District's financial statements to be incomplete. Applying this definition, District management has determined that the component units and/or joint ventures reportable within the accompanying financial statements are the Palm Beach School Board Leasing Corporation, (the "Corporation") and twenty-eight of the thirty-two Charter Schools operating within the District. These Charter Schools are included due to the fact that the exclusion of them would cause the District's financial statements to be incomplete. Based on the Auditor General's Rules, Chapter 10.850, "Audits of Charter Schools and Similar Entities" District management has determined that the following four charter schools are non-component units: Palm Beach Maritime Academy, Potentials Charter School, Potentials South Charter School and Seagull Academy Charter School. Each of these charter schools are operated by entities other than the District and are not legally separate from those entities. As such, each of these charter schools is included as a component unit of their respective operating entity.

Blended Component Unit - The Corporation's sole purpose is to provide for financing and construction of certain District school facilities. Additionally, the Corporation is legally separate from the District and the Board of the Corporation consists of the seven Board members of the District. Therefore, the financial activities of the Corporation have been blended (reported as if it were part of the District) with those of the District. The Corporation does not publish individual component unit financial statements.

Discretely Presented Component Units - Florida State Statute 1002.33 authorized the establishment of Charter Schools as part of the State's education program. Charter Schools are public schools operating under a performance contract with the local school district and are fiscally dependent on the District for a majority of their funding. Revenues such as Florida Education Finance Program ("FEFP"), State Categoricals and other State and Federal revenue sources are received by the District on behalf of the Charter schools and then remitted to them. As such, Charter schools are funded on the same basis and are subject to the same financial reporting requirements as the District. Additionally, all students enrolled in Charter Schools are included in the District's total enrollment. At fiscal year end there were twenty-eight

THE SCHOOL DISTRICT OF PALM BEACH COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2010

Charter Schools operating within the School District of Palm Beach County meeting the criteria for presentation as a discretely presented component unit. While it would be misleading to exclude them from the District's financial statements, none of the individual component units are considered to be major.

During fiscal year 2010, Gulfstream Goodwill Transition Academy merged its operations with Gulfstream Goodwill L.I.F.E. Academy and changed the charter school name to Gulfstream Goodwill Transition to LIFE Academy as of July 1, 2009. All assets of the dissolved not-for-profit corporation were assumed by Gulfstream Goodwill Transition to LIFE Academy. Palm Beach Academy for Learning merged its operations with Palm Beach School for Autism as of July 1, 2009. All assets of the dissolved not-for-profit corporation were assumed by Palm Beach School for Autism.

Complete financial statements of the individual component units can be obtained from their administrative offices. The twenty-eight component unit charter schools in operation at fiscal year end are listed below:

B. Measurement Focus, Basis of Accounting and Financial Statement Presentation

Government-wide Financial Statements

The Statement of Net Assets and the Statement of Activities display information about the District as a whole. These statements include the financial activities of the primary government, except for Fiduciary Funds. Internal Service Fund activity is eliminated to avoid “doubling up” revenues and expenses.

The government-wide statements are prepared using the economic resources measurement focus. This is the same approach used in the preparation of the Proprietary Fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

THE SCHOOL DISTRICT OF PALM BEACH COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2010

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each function or program of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the District. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

Fund Financial Statements

Fund financial statements report detailed information about the District. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is reported in a separate column. Nonmajor funds are aggregated and presented in a single column. All of the component units are nonmajor and are aggregated and presented in a single column. Internal Service Funds are aggregated and presented in a single column on the face of the Proprietary Fund statements. Fiduciary Funds are reported by fund type.

The Governmental Funds are accounted for on the "flow of current financial resources" measurement focus. This measurement focus is based on the concept of accountability, which includes measuring interperiod equity whether current year revenues were sufficient to pay for current year services. The Proprietary Fund is accounted for on an "economic resources" measurement focus. Accordingly, the Statement of Revenues, Expenses and Changes in Fund Net Assets for the Proprietary Fund reports increases and decreases in total economic net worth. The private purpose trust fund is reported using the economic resources measurement focus.

GOVERNMENTAL FUNDS

Governmental Funds are those through which most District functions are financed. The acquisition, use and balances of the District's expendable financial resources and the related liabilities (except those accounted for in the Proprietary Fund and Fiduciary Funds) are accounted for through Governmental Funds. The measurement focus is upon determination of changes in financial resources rather than upon determination of net income. The following are the District's major Governmental Funds:

General Fund

The General Fund is the primary operating fund of the District. Ad valorem tax revenues, revenues from the Florida Education Finance Program ("FEFP") and other receipts not allocated by law or contractual agreement to other funds are accounted for in this fund. Similarly, general operating expenditures, fixed charges, and capital improvement costs that are not paid through other funds are paid from this fund.

COPS Debt Service Fund

The COPS Debt Service Fund accounts for the repayment of the certificates of participation.

Capital Improvement Capital Projects Fund

The Capital Improvement Capital Projects Fund accounts for locally received funds, primarily ad valorem tax revenue, for the acquisition, construction or renovation of capital facilities, including land and equipment.

COPS Fund

Certificates of Participation ("COPS") capital projects fund which accounts for construction projects and equipment purchases financed by the sale of certificates of participation.

Other Non-Major Governmental Funds

The Other Non-Major Governmental Funds are a summarization of all the Non-major Governmental Funds.

THE SCHOOL DISTRICT OF PALM BEACH COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2010

PROPRIETARY FUNDS

Proprietary Funds are used to account for ongoing organizations and activities, which are operated and financed in a manner similar to those found in the private sector. The measurement focus is upon the determination of net income. The only Proprietary Fund that the District has is an Internal Service Fund. Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a Proprietary Fund's principal ongoing operations. Operating expenses for Internal Service Funds include salaries, benefits, administrative expenses, and claims paid. All items not meeting this definition are reported as nonoperating revenues and expenses.

Internal Service Funds

Internal Service Funds are used to account for the financing of goods and services provided by one department to another on a cost reimbursement basis. The District has two Internal Service Funds, one for maintenance and one for group health.

FIDUCIARY FUNDS

Fiduciary Funds are used to account for assets held by the District on behalf of outside related organizations or on behalf of other funds within the District.

Agency Funds

Agency Funds consist of activity funds, which are established at each school to account for the receipts and disbursements of various school activities administered for the general welfare of the students and completion of certain planned objectives and special programs of school groups. The District retains no equity interest in these funds. Agency Funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Private Purpose Trust Fund

A trust fund was established in January 1993 and is used to account for a District supported Florida Future Educators of America. Revenues consist of employee donations and interest income. Expenditures represent scholarships for future teachers, which are awarded in accordance with the trust requirements.

BASIS OF ACCOUNTING

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and Fiduciary Funds also use the accrual basis of accounting.

Modified Accrual

Under the modified accrual basis, revenues are recognized in the accounting period in which they become susceptible to accrual, i.e., both available and measurable. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Significant revenues susceptible to accrual include ad valorem taxes, reimbursable-type grants and interest on investments. The District considers all revenues (with the exception of the expenditure-driven grants) as available if they are collected within sixty (60) days after year-end. The expenditure driven grants are considered available if received within one year from the balance sheet date. Property tax revenue is recognized when taxes are received, except at year end when revenue is recognized for taxes received by the District within sixty (60) days subsequent to fiscal year end. Expenditures are recognized in the accounting period in which the liability is incurred. However, exceptions include the amount of unmatured principal and interest on general long-term debt, compensated absences, claims and judgments and certain prepaids which are recognized when due/paid.

THE SCHOOL DISTRICT OF PALM BEACH COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2010

In applying the susceptible to accrual concept to revenues from Federal and State sources, the legal contractual requirements of the numerous individual programs are used as guidance. Revenue from grants and entitlements is recognized when all eligibility requirements have been satisfied. There are, however, essentially two types of these revenues. In one, monies must be expended for the specific purpose or project before the District will receive any amounts; therefore, revenues are recognized based upon the occurrence of expenditures. In the other type, monies are virtually unrestricted as to purpose of expenditure and are usually revocable only for failure to comply with prescribed legal and contractual requirements. These resources are reflected as revenues at the time of receipt or earlier if the susceptible to accrual criteria are met. In all cases, monies received before the revenue recognition criteria have been met are reported as deferred revenue.

Accrual

Under the accrual basis of accounting, revenues are recognized in the period earned and expenses are recognized in the period incurred.

Revenue Recognition

State Revenue Sources – Revenues from State sources for current operations are primarily from the Florida Education Finance Program (“FEFP”), administered by the Florida Department of Education (“FDOE”), under the provisions of Chapter 1011, Florida Statutes. The District files reports on full time equivalent (“FTE”) student membership with the FDOE. The FDOE accumulates information from these reports and calculates the allocation of FEFP funds to the District. After review and verification of FTE reports and supporting documentation, the FDOE may adjust subsequent fiscal period allocations of FEFP funding for prior year errors disclosed by its review. Normally, such adjustments are treated as reductions of revenue in the year the reduction is made, as amounts are not significant.

The District receives revenue from the State to administer certain categorical educational programs. State Board of Education rules require that revenue earmarked for these programs be expended only for the program for which the money is provided and require that the money not expended as of the close of the fiscal year be carried forward into the following year to be expended for the same categorical educational programs. Any unused money is returned to the FDOE and so recorded in the year returned.

The District, at various times, receives authorization for the expenditure of funds for Public Education Capital Outlay (“PECO”), Classrooms First, Effort Index Grant and Class Size Reduction projects from the State of Florida. For State reporting purposes, PECO, Classrooms First, Effort Index Grant and Class Size Reduction revenue is recognized at the time authorization is approved by the State. For financial reporting purposes however, as there is no assurance that all funds made available will become eligible and since authorizations are made available for several years, revenue is not recognized until the eligibility criteria is met.

Property Taxes – On an accrual basis, property tax revenue anticipated to be collected is recognized in the fiscal year for which it is levied. Delinquent taxes collected in subsequent periods are recognized as revenue during the fiscal year in which they are received.

When both restricted and unrestricted resources are available for use, it is the District’s policy to use restricted resources first, and then unrestricted resources as they are needed.

FOR THE YEAR ENDED JUNE 30, 2010

C. Budgetary Policies

Revenues and expenditures are controlled by budgetary systems in accordance with various legal and administrative requirements that govern the District's operations. The budget represents a process through which policy decisions are made, implemented and controlled. The budget is adopted on a basis consistent with GAAP, except for encumbrances, and the PECO, Classrooms First, Effort Index Grant and Class Size Reduction revenues. The budgetary process includes encumbrances and the aforementioned revenues in the current year budget. The encumbrances and revenues are reported as expenditures or revenues respectively, on the budgetary basis of accounting.

Annual budgets are legally adopted for all funds except the Fiduciary Funds. The budget amounts for revenues and expenditures reflect all amendments to the original budget dated September 9, 2009, the date of the final amendment approved by the Board. Significant dates in the budgeting timetable follow:

1. The Palm Beach County Property Appraiser certifies to the District the taxable value of all nonexempt District property by July 1 of each year, or the Clerk of the Circuit Court is required to certify an interim tax roll.
2. Within 24 days of tax roll certification, the Board considers and approves for advertising a tentative budget.
3. Within 29 days after tax roll certification, the District advertises the tentative budget and the millage rates therein.
4. A public hearing to adopt the tentative budget and proposed millage rate is held not less than two nor more than five days after the budget is advertised.
5. Within 35 days of tax roll certification, the District notifies the Palm Beach County Property Appraiser of proposed millage rates.

At a final public hearing within 80 days, but not less than 65 days, after tax roll certification, the Board adopts the District budget.

The major functional level is the legal level of budgetary control. Per Board policy, management is authorized to make budget amendments at function level with Board approval. All interim budget amendments between major functional areas within each fund are submitted to the Board for approval. Federal and State grant budget amendments which require State approval prior to processing are also submitted to the Board for approval with monthly amendments. The Board is not legally authorized to approve expenditures that exceed appropriations; therefore, during fiscal year 2010, budget amendments were approved as necessary to comply with legal requirements.

Unreserved appropriations are canceled at the end of the fiscal year. However, encumbered appropriations for funds do not lapse at the end of the fiscal year. Undesignated fund balances at June 30, 2010 for funds under budgetary control have been reappropriated for the fiscal year 2011 operating budget within the appropriate fund. Programs reserved for carryover include all State categorical grants required to be expended on specific programs and District approved carryover programs.

D. Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of funds are recorded to reserve a portion of an applicable appropriation, is utilized for budgetary control purposes. Encumbrances are not the equivalent of expenditures, and accordingly, amounts reserved for encumbrances at the governmental fund level indicate that portion of the fund balance segregated for expenditure upon vendor performance.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2010

E. Cash, Cash Equivalents and Investments

The District maintains a Treasurer's pool for the District's cash and investments. Each fund's portion of the pool is presented on the financial statements. Investments are stated at fair value, based on quoted market prices. Investments consist of direct obligations of the United States Treasury, U.S. Government Agency Securities, money market funds investing in U.S. Treasury Securities, corporate notes, U.S. Government Supported Corporate Debt, Federal Home Loan Mortgage Corporation, Federal National Mortgage Association, Federal Home Loan Bank and other investments allowable by the District's investment policy. For purposes of the statement of cash flows, cash equivalents are considered to be the money market funds and all highly liquid investments with a maturity of three months or less when purchased.

F. Inventories

Inventories are valued at cost, which approximates market, using the average cost method. The District's inventories include various items consisting of school supplies, paper, books, maintenance items, transportation items, commodities, etc. USDA commodities received from the Federal government are recorded at the value established by the Federal government using the average cost method. Inventorial items are recorded as expenditures when shipped to schools and department offices (the consumption method). The reserve for inventories at the governmental fund level is equal to the amount of inventories at year-end to indicate the portion of the governmental fund balances that are not available for appropriation and expenditure.

G. Prepaid Items

Expenditures for insurance and similar services extending over more than one accounting period are not allocated between or among accounting periods in the governmental funds and are instead accounted for as expenditures in the period of acquisition (Consumption method).

H. Capital Assets

Capital assets represent the cumulative amount of capital assets owned by the District. Purchased assets are recorded as expenditures in the fund financial statements and are capitalized at cost on the government-wide statement of net assets. In the case of gifts or contributions, such assets are recorded at fair market value at the time received.

The District's capitalization levels are \$1,000 on tangible personal property, \$100,000 on building improvements, \$50,000 on improvements other than buildings and \$100,000 on intangible assets. Other costs incurred for repairs and maintenance are expensed as incurred. All reported capital assets except land and construction in progress are depreciated. Depreciation is computed using the straight-line method over the following estimated useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Furniture, Fixtures and Equipment	3 – 15 years
Motor Vehicles	5 – 10 years
Audio/Video Materials & Software	3 – 5 years
Buildings and Improvements	15 – 50 years
Improvements Other Than Buildings	15 years
Intangibles	5 years

THE SCHOOL DISTRICT OF PALM BEACH COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2010

I. Long Term Debt

In the fund-level financial statements, governmental funds report the face amount of debt issued, as well as any premiums (discounts) as other financing sources (uses). Debt issuance costs are reported as debt service expenditures. In the government-wide financial statements, long-term debt is reported as liabilities in the statement of net assets. Bond premiums/discounts are amortized over the life of the bonds while deferred loss on advance refundings and issuance costs are amortized over the shorter of the remaining life of the refunded bonds or the life of the new bonds both in a systematic and rational method, which approximates the effective-interest method.

The District enters into interest rate swap agreements to modify interest rates on outstanding debt. The fair value of these instruments are reflected on the government wide financial statements. On the fund level financial statements, up-front premium payments received are recognized as other financing sources. In addition, the net interest expenditures resulting from these agreements are recorded in the financial statements (See Note 10).

J. Self Insurance

The District is self insured for portions of its general and automobile liability insurance and workers' compensation. Claim activity (expenditures for general and automobile liability and workers' compensation) is recorded in the governmental fund as payments become due each period. The estimated liability for self-insured risks represents an estimate of the amount to be paid on insurance claims reported and on insurance claims incurred but not reported (See note 7). Consistent with GAAP guidelines, for the governmental funds, in the fund financial statements, the liability for self-insured risks is considered long-term and therefore, is not a fund liability (except for any amounts due and payable at year end) and represents a reconciling item between the fund level and government-wide presentations.

The District is also self insured for health insurance. The District provides health insurance for its employees and eligible dependents. The estimated liability for self-insured risks represents an estimate of the amount to be paid on insurance claims reported and on insurance claims incurred but not reported (See note 7). Consistent with GAAP guidelines, in the Proprietary Fund financial statements, the liability for self insured risks is recorded under the accrual basis of accounting.

K. Compensated Absences

Compensated absences are payments to employees for accumulated vacation and sick leave. These amounts also include the related employer's share of applicable taxes and retirement contributions. District employees may accumulate unused vacation and sick leave up to a specified amount depending on their date of hire. Vacation and sick leave is payable to employees upon termination or retirement at the current rate of pay on the date of termination or retirement.

The District uses the vesting method to calculate the compensated absences amounts. The entire compensated absence liability is reported on the government-wide financial statements. The portion related to employees in the Internal Service Fund is recorded at the fund level. The current portion is the amount estimated to be used in the following year. An expenditure is recognized in the governmental fund as payments come due each period, for example, as a result of employee resignations and retirements. Compensated absences not recorded at the fund level represent a reconciling item between the fund level and government-wide presentations.

THE SCHOOL DISTRICT OF PALM BEACH COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2010

L. Reserves and Designations of Fund Equity

Portions of Fund Equity that have been reserved indicate the amount of fund balance that cannot be appropriated for expenditures since it is legally segregated for a specific future use. In addition, the District established a designation of Fund Equity for Board Contingency. The Board Contingency policy requires a minimum designation of 3% of the total annual General Fund appropriations and transfers.

M. Accounting Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

N. Impact of Recently Issued Accounting Principles

Recently Issued and Adopted Accounting Pronouncements

In June 2008, the GASB issued Statement 53, *Accounting and Financial Reporting for Derivative Instruments*. GASB 53 addresses the recognition, measurement, and disclosure of information regarding derivative instruments entered into by state and local governments. The requirements of this Statement are effective for financial statements for periods beginning after June 15, 2009. The District adopted GASB Statement 53 in Fiscal Year 2010. This statement requires the cumulative effect of applying this Statement be reported as a restatement of beginning net assets and impacts the beginning balances in Note 9. Long-term Liabilities, and Note 10. Derivative Instruments. The effects of the accounting change on net assets as previously reported for fiscal year 2009 and prior years is a reduction of \$17.1 million and is adjusted as of June 30, 2009 as follows (amounts in thousands; debit (credit)):

Recently Issued Accounting Pronouncements

In May 2009, the GASB issued Statement 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. GASB 54 requires the use of new fund balance classifications and clarifies existing governmental fund type definitions. The requirements of this statement are effective for financial statements for periods beginning after June 15, 2010. The District will adopt this Statement in Fiscal Year 2011. Retroactive restatement of fund balance is required for all prior periods presented. Management is currently evaluating the impact of the adoption of this statement on the District's Financial Statements.

In December 2009, the GASB issued Statement 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*. GASB 57 address issues related to the use of the alternative measurement method and the frequency and timing of measurements by employers that participate in agent multiple-employer other postemployment benefit (OPEB) plans and clarifies that when actuarially determined OPEB measures are reported by an agent multiple-employer OPEB plan and its participating employers. Provisions of this Statement related to the use and reporting of the alternative measurement method are effective immediately. The adoption of GASB 57 does not have any impact on the District's financial Statements.

In December 2009, the GASB issued Statement 58, *Accounting and Financial Reporting for Chapter 9 Bankruptcies*. GASB 58 provides accounting and financial reporting guidance for governments that have petitioned for protection from creditors by filing for bankruptcy under Chapter 9 of the United States Bankruptcy Code. It requires governments to re-measure liabilities that are adjusted in bankruptcy when the bankruptcy court confirms (that is, approves) a new payment plan. This Statement is effective for reporting periods beginning after June 15, 2009. The adoption of GASB 58 does not have any impact on the District's financial statements.

In June 2010, The GASB issued Statement 59, *Financial Instruments Omnibus*. GASB 59 updates and improves existing standards regarding financial reporting and disclosure requirements of certain financial instruments and external investment pools for which significant issues have been identified in practice. The requirements of this Statement will improve financial reporting by providing more complete information, by improving consistency of measurements, and by providing clarifications of existing standards. This Statement is effective for financial statements for periods beginning after June 15, 2010. The District is currently assessing the impact of GASB 59 on its financial position.

2. AD VALOREM TAXES

The Board is authorized by Florida Statutes to levy property taxes for District operations, capital improvements and debt service. Property taxes consist of ad valorem taxes on real and personal property within the District. The Palm Beach County Property Appraiser assesses property values and the Palm Beach County Tax Collector collects the property taxes.

Property values are assessed as of January 1 each year. The Board levies the property tax at the final budget hearing each year based on the assessed valuation of all non-exempt property. This levy finances the expenditures of the current fiscal year. Tax bills are mailed by the Palm Beach County Tax Collector on November 1 and are due no later than April 1. After this date, taxes become an enforceable lien on property. Discounts of up to four percent are available for early payment. The majority of ad valorem taxes are collected in November and December and remitted to the School Board. Section 197.383, Florida Statutes, requires the Palm Beach County Tax Collector to distribute the taxes collected to each taxing authority at least four times during the first two months after the tax roll comes into the Tax Collector's possession, and at least once per month thereafter. Taxes are considered delinquent if not paid prior to April 1. State law provides for enforcement of collection of taxes by the sale of tax certificates on real property and for levy upon, seizure and sale of personal property after the Palm Beach County Tax Collector initiates a sequence of required procedures resulting in a court order to carry out the action.

THE SCHOOL DISTRICT OF PALM BEACH COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2010

The State Legislature prescribes the maximum non-voted millage that may be levied by the Board for each fiscal year. The total millage rate levy was 7.983 mills and the total assessed value on which the 2009-10 levy was based was \$149 billion. Gross taxes levied were approximately \$1.2 billion. Total revenue, net of discounts, was approximately \$1.1 billion. A portion of the taxes levied for the Local Capital Improvement Capital Project Fund, designated for repairs and maintenance programs, are transferred to the General Fund as provided by Chapter 1013, Florida Statutes. For fiscal year 2010, the maintenance transfer amounted to approximately \$68.1 million. Additionally, approximately \$8.1 million was transferred for property insurance, approximately \$3.5 million was transferred for charter school capital outlay bringing the total transfer from capital to approximately \$79.7 million.

3. CASH, CASH EQUIVALENTS AND INVESTMENTS

Cash and Cash Equivalents

Florida Statutes authorize the deposit of District funds in demand deposits or time deposits of financial institutions approved by the State Treasurer and are defined as public deposits. All District public deposits are held in qualified public depositories pursuant to chapter 280, Florida Statutes, the "Florida Security for Public Deposits Act." Under the Act, all qualified public depositories are required to pledge eligible collateral having a market value equal to or greater than the average daily or monthly balance of all public deposits times the depository's collateral pledging level. The collateral pledging level may range from 50 percent to 125 percent depending upon the depository's financial condition and the length of time that the depository has been established. All collateral must be deposited with the State Treasurer. Any losses to public depositors resulting from insolvency are covered by applicable deposit insurance, sale of securities pledged as collateral and, if necessary, assessment against other qualified public depositories of the same type as the depository in default. All bank balances of the District are fully insured or collateralized. At June 30, 2010, the carrying amount of the District's cash deposits was approximately \$200.3 million and the bank balance was approximately \$217.0 million. The carrying amount of the Agency Fund - School Internal Funds cash deposits was approximately \$15.2 million.

The District receives interest on all collected balances in its cash accounts from the qualified public depository acting as its banking agent. Interest earnings are allocated to all funds based on the average daily balance of each fund's equity in the Treasurer's Pool.

Cash Equivalents consist of amounts invested in the Dreyfus Treasury & Agency Cash Mgt Money Market Fund, JP Morgan US Government Money Market Fund, Federated Government Obligation Money Market Fund, PFM Funds Government Series Money Market Fund, Fidelity Institutional Government Money Market Fund, SBA Local Government Investment Pool (the "LGIP") and the SBA Fund B Surplus Funds Trust Fund (the "Fund B"). As of June 30, 2010, Dreyfus Treasury & Agency Cash Mgt Money Market was rated AAAM by Standard and Poors, JP Morgan US Government Money Market Fund was rated Aaa by Moody's Investor Service and AAAM by Standard and Poors, Federated Government Obligation Money Market Fund was rated Aaa by Moody's Investor Service and AAAM by Standard and Poors, PFM Funds Government Series Money Market Fund was rated AAAM by Standard and Poors, Fidelity Institutional Government Money Market Fund was rated Aaa by Moody's Investor Service and AAAM by Standard and Poors, and the Local Government Investment Pool was rated AAAM by Standard and Poors. As of June 30, 2010, Fund B Surplus Funds was not rated by a nationally recognized statistical rating agency.

Investments

The District's investment policy permits investments in the SBA Local Government Surplus Funds Trust Fund, securities of the United States Government, U.S. Government Agencies, Federal instrumentalities, interest bearing time deposit or savings accounts, repurchase agreements, commercial paper, corporate notes, bankers' acceptances, state and/or local government debt, and money market mutual funds. The District's investment advisor used the effective duration method to calculate effective duration measures for the securities held by the District. Besides measuring the sensitivity of the securities market value to changes in interest rates, the effective duration method accounts for any call (early redemption) features which a security may have.

THE SCHOOL DISTRICT OF PALM BEACH COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2010

The District is invested in two basis swaps with the 2002D certificates with a notional amount of \$100,000,000. On the first basis swap the District makes semiannual payments to the counterparty of SIFMA Swap Index less 0.66500% percent and receives variable payments based on 67 percent of 1-mo LIBOR. On the second basis swap the District makes semiannual payments to the counterparty of 67 percent of 1-mo LIBOR and receives variable payments based on 59.93% of 10 Year LIBOR. The first basis swap was effective in January 2003 and the second June 2007 and both mature in June 2028. The District entered into two swaptions with the 2002D and 2001B certificates with a notional amount of \$116,555,000 and \$162,980,000, respectively. The swaptions are hybrid instruments consisting of a borrowing and an embedded derivative instrument (time value). Therefore, for accounting and financial reporting purposes, the embedded derivative instrument is considered an investment derivative instrument. The swaptions allow the counterparty to exercise the swaps on fixed dates starting August 2012 and August 2011, respectively through February 2014 and August 2014, respectively. If the swaptions are exercised the maturity date of the option is August 2028 and August 2025, respectively. At June 30, 2010, the fair value of the swaptions are (\$1,652,678) and (\$604,761), respectively.

In exchange for an upfront premium payment of \$3,010,000 received by the District, the swap counterparty has the right to terminate the 2003B Interest Rate Swap if the 180 day average of the BMA Index exceeds 7.0% in the future. The barrier feature was effective June 2003 and is exercisable anytime until August 2018. Once the barrier option expires the District will be left with a fixed-payer swap that matures on August 2029. Therefore, for accounting and financial reporting purposes, the barrier option derivative instrument is considered an investment derivative instrument. At June 30, 2010, the fair value of the barrier option is (\$1,372,165).

7. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; administrative errors and omissions; injuries to employees, students and guests; as well as natural disasters. The District is self-insured for portions of its general and automobile liability insurance, workers compensation and health insurance. Losses involving auto and general liability claims are limited (generally) by provisions of the Florida State Statute 768.28. These self-insured funds are administered by a third party. The District purchases commercial insurance for other risks including property, construction and other miscellaneous risks.

The employee health insurance claims liability is based on an analysis performed by management, which is based on historical trends. The remaining claims liability is based on an actuarial evaluation performed by an independent actuary as of June 30, 2010 using a discounted rate factor of 4.0%. The liability consists of claims reported and payable, as well as an estimate for claims incurred but not reported. At June 30, 2010, the liability for insurance claims consisted of approximately \$13.4 million, \$9.6 million and \$35.7 million for employee health, auto and general liability and workers' compensation, respectively.

A summary of changes in the estimated liability for self-insured risks is as follows (amounts in thousands):

Sales Tax Revenue Commercial Paper Notes

The District has established a commercial paper debt program whereby Tax Exempt Commercial Paper notes (TECP) issued are payable from and secured by a pledge of the proceeds received by the District from the levy and collection of a one-half cent discretionary sales surtax pursuant to Section 212.055(6), Florida Statutes. The TECP is payable solely from the sales tax revenues generated for the school construction projects identified in the sales tax resolution that was approved by the voters in Palm Beach County in November 2004. The sales tax collection began on January 1, 2005 and will be in place for six years, through December 2010. The sales tax was projected to generate at least \$560 million, or 224% of the principal over the six years. Current projections indicate the total revenues will be approximately \$645.2 million. Total sales tax revenue earned through June 30, 2010 is \$601.0 million with \$99.3 million received during fiscal year 2010. The District repaid the remaining TECP in December 2009, one year ahead of schedule. For fiscal year 2010, principal and interest paid were \$150 million and \$204.6 thousand respectively.

THE SCHOOL DISTRICT OF PALM BEACH COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2010

Certificates of Participation

On November 16, 1994, the District entered into a Master Lease Purchase Agreement (the "Master Lease") dated November 1, 1994, with the Palm Beach School Board Leasing Corporation, a Florida not-for-profit corporation, to finance the acquisition and construction of certain facilities, and equipment for District operations. The Corporation was formed by the Board solely for the purpose of acting as the lessor for Certificates of Participation financed facilities, with the District as lessee. The Corporation issued Certificates of Participation to third parties, evidencing undivided proportionate interest in basic lease payments to be made by the District, as lessee, pursuant to the Master Lease. Simultaneously therewith, the Board entered into Ground Leases with the Corporation for the Facilities sites.

The District also sold Certificates of Participation Qualified Zone Academy Bonds ("QZAB"). The QZAB program is a financial instrument that provides a different form of subsidy from traditional tax-exempt bonds. Interest on QZABs is paid by the Federal government in the form of an annual tax credit to an eligible financial institution that holds the QZAB. The QZAB issuer is responsible for repayment upon maturity. The tax credits and bonding authority are made available by the Federal government to support innovative school partnerships; enhance reform initiatives, including augmenting Federal education programs, technology and vocational equipment; and development of curriculum or better teacher training to promote market driven technology. To be eligible, a school must:

1. Be located in an Empowerment Zone or an Enterprise Community or have 35 percent or more of its students eligible for free or reduced lunch under the National School Lunch Act.
2. Obtain cash and/or in-kind contribution agreements from partnerships equal to at least 10 percent of the gross proceeds of the QZAB.

The District deposits funds annually in an escrow, which when coupled with interest earnings will be sufficient to pay off the principal at maturity.

The Corporation leases facilities and equipment to the District under the Master Lease. The Master Lease is automatically renewable annually unless terminated, in accordance with the provisions of the Master Lease, as a result of default or the failure of the Board to appropriate funds to make lease payments in its final official budget. Failure to appropriate funds to pay lease payments under any lease will, and an event of default under any lease may, result in the termination of all leases. The Certificates are not separate legal obligations of the Board but represent undivided proportionate interests in lease payments to be made from appropriated funds budgeted annually by the School Board for such purpose from current or other funds authorized by law and regulations of the Department of Education, including the local optional millage levy. However, neither the Board, the District, the State of Florida, nor any political subdivision thereof are obligated to pay, except from Board appropriated funds, any sums due under the Master Lease from any source of taxation. The full faith and credit of the Board and the District are not pledged for payment of such sums due under the Master Lease, and such sums do not constitute an indebtedness of the Board or the District within the meaning of any constitutional or statutory provision or limitation. A trust fund was established with a Trustee to facilitate payments in accordance with the Master Lease and the Trust Agreement. Various accounts are maintained by the Trustee in accordance with the trust indenture. Interest earned on invested funds is applied toward the basic lease payments. Basic lease payments are deposited with the Trustee semi-annually on June 30 and December 30, and are payable to Certificate holders on August 1 and February 1.

Due to the economic substance of the issuances of Certificates of Participation as a financing arrangement on behalf of the Board, the financial activities of the Corporation have been blended in with the financial statements of the District. For accounting purposes, due to the blending of the Corporation within the District's financial statements, basic lease payments are reflected as debt service expenditures when payable to Certificate holders. Payment of the outstanding Certificates of Participation is insured through AMBAC Indemnity Corporation. During the year ended June 30, 2010, approximately \$111.6 million was expended for capital outlay in the Certificates of Participation Capital Projects Funds.

All Certificates of Participation issued are subject to arbitrage rebate. At June 30, 2010, the arbitrage liability was \$1.1 million and is included in claims liability.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2010

Series 2002B is a VRDO or variable rate demand bond obligation. The rates on these certificates are reset weekly, but have been synthetically fixed using interest rate swaps. The District has an underlying standby purchase agreement with Dexia Credit Local that expires March 20, 2012. The available principal commitment is currently \$115,350,000 and at June 30, 2010 nothing was drawn against the standby purchase agreement. The District pays an annual commitment fee of 12 basis points.

State Statute requires that no more than 75% of the capital millage levy be used for COP debt service. The District's debt policy limits the issuance of COPS by stating that the debt service could not exceed half of the capital millage levy. In FY09, when the capital millage levy was reduced to 1.75 mills, the Debt Policy was amended to allow debt service to be up to 1 mil but should be within 50% of the capital millage levy within five years. Based on the reduction of the capital millage levy and declining property values, the District's capacity to issue new COPS debt has been dramatically reduced.

Defeased Debt

In prior years, the District defeased certain certificates of participation by creating separate irrevocable trust funds. New debt has been issued and the proceeds used to purchase U.S. Government Securities that were placed in an irrevocable trust with an escrow agent to provide for all future debt service payments. These investments and fixed earnings from the investments are sufficient to fully service the defeased debt until the debt is called or matures. For financial reporting purposes, the debt has been considered defeased and therefore removed as a liability from the financial statements. As of June 30, 2010, the total amount of defeased debt outstanding but removed from the District's financial statements amounted to approximately \$491.6 million.

Hedging Derivative Instrument Payments and Hedged Debt

As of June 30, 2010, aggregate debt service requirements of the District's debt (fixed-rate and variable-rate) and net receipts/payments on associated hedging derivative instruments are as follows. These amounts assume that current interest rates on variable-rate bonds and the current reference rates of hedging derivative instruments will remain the same for their term. As these rates vary, interest payments on variable-rate bonds and net receipts/payments on the hedging derivative instruments will vary. Refer to Note 10 for information on derivative instruments (amounts in thousands):

Borrowings of Hybrid Derivative Instruments

The District sold two swaptions with the 2002D and 2001B certificates with a notional amount of \$116,555,000 and \$162,980,000, respectively. Upon entering into the swaptions, the District received up-front payments of \$4,240,000 and \$6,250,000, respectively, from the counterparty. The up-front payments were composed of the swaptions' intrinsic value and time value. Accordingly, the swaptions are hybrid instruments consisting of a borrowing and an embedded derivative instrument. The embedded derivative instrument – the option – was recorded at a value equal to the time value of the option only and the remaining value of the swaption was allocated to the companion instrument (borrowing). The embedded derivative instrument is considered an investment and is discussed in Note 3. The intrinsic value of the borrowing was calculated using the net present value method and is recorded at historical cost. During the option period interest accretes at the market rate at inception of the borrowing of 4.40 percent and 4.20 percent, respectively totaling \$591,307 and \$934,002, respectively, through June 30, 2010. The ending balance of borrowings including accreted interest from inception at June 30, 2010 are \$3,071,099 and \$5,074,294, respectively. The borrowing at inception was \$2,479,792 and \$4,140,292, respectively. The swaptions allow the counterparty to exercise the swaps on fixed dates starting August 2012 and August 2011, respectively through February 2014 and August 2014, respectively. If the swaptions are exercised the maturity date of the option is August 2028 and August 2025, respectively. The District's termination value at June 30, 2010 is a negative \$14,116,331 and \$22,243,595, respectively. Aggregate debt service requirements of the District's borrowing amounts assume that current interest rates on variable-rate bonds is equal to the at the market rates at inception of the derivative instruments and will remain the same for their term. As these rates vary, interest payments on variable-rate bonds and net receipts/payments on the derivative instruments will vary. Refer to Note 10 for information on derivative instruments. Debt service requirements for both the 2001B and 2002D borrowing at June 30, 2010, were as follows (amounts in thousands):

The basis swaps, swaptions and barrier option are considered investment derivative instruments. Refer to Note 3. Cash, Cash Equivalents and Investments for information on investment derivative instruments. All other derivative instruments are considered hedging derivative instruments.

The fair values take into consideration the prevailing interest rate environment and the specific terms and conditions of each swap. All fair values were estimated using the zero-coupon discounting method. This method calculates the future payments required by the swap, assuming that the current forward rates implied by the yield curve are the market's best estimate of future spot interest rates. These payments are then discounted using the spot rates implied by the current yield curve for a hypothetical zero-coupon rate bond due on the date of each future net settlement payment on the swaps.

Fair values of options may be based on an option pricing model, such as the Black-Scholes-Merton model. That model considers probabilities, volatilities, time, settlement prices, and other variables.

Risks

Credit Risk. The District is exposed to credit risk on hedging derivative instruments that are in asset positions. To minimize its exposure to loss related to credit risk, it is the District's policy to require counterparty collateral posting provisions on all swap agreements. These terms require full collateralization of the fair value of derivative instruments in asset positions (net of the effect of applicable netting arrangements) should the counterparty's credit rating fall below AA as issued by Standard & Poor's or Aa as issued by Moody's Investors Service. Collateral posted is to be in the form of U.S. Treasury securities held by a third-party custodian. The District has never failed to access collateral when required.

It is the District's policy to enter into netting arrangements whenever it has entered into more than one derivative instrument transaction with a counterparty. Under the terms of these arrangements, should one party become insolvent or otherwise default on its obligations, close-out netting provisions permit the nondefaulting party to accelerate and terminate all outstanding transactions and net the transactions' fair values so that a single sum will be owed by, or owed to, the nondefaulting party.

The District has no hedging derivative instruments in asset positions at June 30, 2010.

Interest rate risk. The District is exposed to interest rate risk on its interest rate swaps. On its pay-fixed, receive-variable interest rate swaps, as LIBOR or the SIFMA swap index decreases, the District's net payment on the swap increases which is offset by the variable rate paid on the hedged debt.

Basis risk. The District is exposed to basis risk on its pay-fixed 2002B interest rate swap hedging derivative instrument because the variable-rate payments received by the District on these hedging derivative instruments are based on a rate or index other than interest rates the District pays on its hedged variable-rate debt, which is remarketed every 7 days. As of June 30, 2010, the weighted-average interest rate on the District's hedged variable-rate debt is 0.65 percent, while the fiscal year 2010 average of the SIFMA swap index rate is 0.28 percent and 67 percent of LIBOR is 0.18 percent.

Termination risk. The District or its counterparties may terminate a derivative instrument if the other party fails to perform under the terms of the contract including if either parties credit rating falls below designated levels. In addition, the District is exposed to termination risk on its 2003B interest rate swap with barrier option because the counterparty has the option to terminate the swap if the 180 day average of the BMA index exceeds 7.0% at any time beginning on the commencement date. If at the time of termination, a hedging derivative instrument is in a liability position, the District would be liable to the counterparty for a payment equal to the liability, subject to netting arrangements.

11. RETIREMENT PLANS

Plan Description: The District contributes to the Florida Retirement System (the "System"), a cost-sharing multiple-employer pension plan administered by the State of Florida Division of Retirement. The System was created in 1970 by consolidating several employee retirement systems, including the Teachers Retirement System. All eligible employees, as defined by the State, who were hired after 1970 and those employed prior to 1970 who elect to be enrolled, are covered by the System. Employees hired prior to 1970 and not electing to enroll in the Florida Retirement System may be covered by various contributory plans, principally the Teacher's Retirement System Plan E. The System provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. The Florida Legislature established the System under Chapter 121, Florida Statutes, and has sole authority to amend benefit provisions. Each year the System issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the Florida Department of Management Services, Division of Retirement, P.O. Box 9000, Tallahassee, Florida 32315-9000.

THE SCHOOL DISTRICT OF PALM BEACH COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2010

A Deferred Retirement Option Program (DROP), subject to provisions of Section 121.091, Florida Statutes, is offered to employees of the District. DROP permits employees, eligible for normal retirement under the Plan, to defer receipt of monthly benefits payment while continuing employment with a FRS employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate. During the period of DROP participation, deferred monthly benefits are held in FRS Trust Fund and accrue interest.

Defined Contribution Plan: Pursuant to Section 121.45.01, Florida Statutes, the Florida Legislature created a defined contribution program called the Public Employee Optional Retirement Program (PEORP). This program is administered by FRS as an option to the defined benefit plan, and is self-directed by the employee. The employees have the responsibility of selecting how their funds are invested within the approved set of investment choices and may take their funds when they leave FRS. Employer contributions are defined by law, but the ultimate benefit depends in part on the performance of investment funds. The PEORP is funded by employer contributions that are based on salary and membership class (Regular Class, Special Risk Class, etc.).

Funding Policy: The System is non-contributory for employees and the District is required to make contributions in accordance with rates established by the Florida Legislature. During the fiscal year the rates ranged from 9.85% to 20.92% of annual covered payroll. The Teachers Retirement System is contributory and the rates for those employees still participating in this program is 11.35% and 6.25% for the employer and the employee, respectively. The District's contributions for both plans to the System are equal to the required contributions for each year as follows (amounts in thousands):

	June 30, 2008	June 30, 2009	June 30, 2010
Florida Retirement System	\$ 94,615	\$ 94,977	\$ 93,208
Teachers' Retirement System			
Plan E: Employer	\$ 70	\$ 61	\$ 33

Employer rates include the post-employment health insurance supplement of 1.11% and 0.05% for administrative costs of the Public Employee Optional Retirement Program.

The District's liability to the defined benefit plan and the defined contribution plan is limited to the payment of the required contribution at the rates and frequencies established by law on the future payrolls of the District.

12. POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS

In addition to the retirement benefits described in Note 11, the District has authorized early retirement incentives to provide financial assistance for the purchase of health and life insurance to our retirees. In all cases, employees who retire from the District may purchase health and life insurance through the District. The retired employee must send a payment each month to cover the cost of the insurance premiums.

For those eligible employees who qualify for the Retirement Incentive Program ("RIP"), below is brief description and eligibility criteria of the Plan:

THE SCHOOL DISTRICT OF PALM BEACH COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2010

RIP 1999 – Eligibility criteria include the following:

- 30 years of service with the Palm Beach County School District or
- Age 62 or higher (60 or higher if in the Teachers Retirement System) with at least 10 years of service with the Palm Beach County School District or
- Employees whose age plus years of service equal or exceed 80 and
- Employees must retire between April 21, 1999 and June 30, 2000.

The District pays an annual insurance subsidy for up to ten years beginning at \$2,400 and increasing 3% each year thereafter. Payments for this subsidy began August 1999 and are paid through August 2009 when the program ended.

The government-wide financial statements recognize a liability for these post-retirement benefits. Consistent with GAAP guidelines, in the governmental funds statements no expenditure or liability is recognized until the benefits are due. A summary of the total liability and related expenditure as recorded in the governmental funds statements for the fiscal year ended June 30, 2010 is as follows (amounts in thousands):

		Beginning		Ending
	Number of	Balance	Total Paid	Balance
	Participants	July 1, 2009	FY 2010	June 30, 2010
RIP 99	113	\$ 297	\$ 297	\$ -

The District follows the guidance contained in Governmental Accounting Standards Board Statement No. 45, *Accounting and Reporting by Employers for Post Employment Benefits Other than Pensions* (GASB 45), for certain post employment health care benefits provided by the District for the fiscal year ended June 30, 2010.

Plan Description. Pursuant to Section 112.0801, Florida Statutes, the District is required to permit participation in the health insurance program by retirees and their eligible dependents at a cost to the retiree that is no greater than the cost at which coverage is available for active employees. Retirees pay 100% of the blended (active and retiree combined) equivalent premium rates. The blended rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the plan on average than those of active employees. The plan is a single employer plan.

Funding Policy. The District is financing the post employment benefits on a pay-as-you-go basis. Expenditures for these insurance premiums are prorated between the General Fund and other funds where the personnel are located. For fiscal year 2010 1,459 retirees received health care benefits. The District provided required contributions of approximately \$3.3 million toward the annual OPEB cost. Retiree contributions totaled approximately \$7.7 million.

THE SCHOOL DISTRICT OF PALM BEACH COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2010

Annual OPEB Cost and Net OPEB Obligation. The District's annual Other Post Employment Benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover the normal cost each year to amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the District's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the District's net OPEB obligation to the retiree health plan (amounts in thousands):

Annual Required Contribution	\$ 22,346
Interest on Net OPEB Obligation	1,310
Adjustment to Annual Required Contribution	(1,561)
Annual OPEB Cost (Expense)	22,095
Contribution Towards OPEB Cost	(3,284)
Increase in Net OPEB Obligation	18,811
Net OPEB Obligation - Beginning of Year	43,679
Net OPEB Obligation - End of Year	\$ 62,490

The District's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation as of June 30, 2010, was as follows (amounts in thousands):

Fiscal Year	Annual	Percentage of	Annual OPEB Cost	Net OPEB
Ended	OPEB Cost	Contributed	Contributed	Obligation
June 30, 2010	\$ 22,095	34%	\$ 62,490	\$ 62,490
June 30, 2009	\$ 21,760	27%	\$ 43,679	\$ 43,679
June 30, 2008	\$ 31,300	11%	\$ 27,800	\$ 27,800

Funded Status and Funding Progress. As of June 30, 2010, the actuarial accrued liability for benefits was \$219.0 million, all of which was unfunded. The covered payroll (annual payroll of active employees covered by the plan) was \$922.9 million, and the ratio of the unfunded actuarial accrued liability to the covered payroll was 23.7 percent.

The projection of future benefit payments for an ongoing plan involves estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Methods and Assumptions. Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The methods and assumptions used include techniques that

THE SCHOOL DISTRICT OF PALM BEACH COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2010

are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The Projected Unit Cost method (PUC) with benefits attributed from date of hire to expected retirement age was used in the actuarial valuation as of July 1, 2008 and rollforward to July 1, 2009. The unfunded actuarial accrued liability is amortized over the maximum acceptable period of thirty years on an open basis. It is calculated assuming a level dollar percentage. The remaining amortization period at June 30, 2010 is thirty years (open method).

The following assumptions were made:

Retirement Age – Annual retirement probabilities have been determined based on the Florida Retirement System Actuarial Valuation as of July 1, 2008.

Covered Spouses – Assumed number of eligible spouses is based on the current census information.

Per Capita Health Claim Cost – Per capita health claim costs are developed from a combination of historical claim experience and manual claim costs developed using a representative database. The per capita cost at age 60 is \$9,186 and at age 70 \$5,292.

Age Based Morbidity – The assumed per capita health claim costs are adjusted to reflect expected increases related to age. The increase in per capita health claim costs related to age range from 3.19% to 5.06% under age 65 and from 3.00% to .05% over age 65.

Mortality – Life expectancies were based on mortality tables from the National Center for Health Statistics. The RP-2000 Table, applied on a gender specific bases was used.

Healthcare Cost Trend Rate—The expected rate of increase in healthcare insurance premiums was based on District historical experience, our market-place knowledge and macro-economic theory. A rate of 11% initially, reduced 0.5% each year until reaching the ultimate trend rate of 5.0%.

Retiree Contributions – Retiree contributions are assumed to increase with healthcare cost trend.

Non-Claim Expenses – Non-claim expenses are based on the current amounts charged per retired employee.

Termination – The rate of withdrawal for reasons other than death and retirement has been developed from the Florida Retirement System Actuarial Valuation as of July 1, 2008. The annual termination probability is dependent on an employee's age, gender, and years of service.

Plan Participation Percentage – It is assumed that 35% of all future retirees and their dependents who are eligible for benefits participate in the post employment benefit plan.

Lapse Rates – Annual postretirement lapse rates of 0.5% for pre 65 and 1.0% for post 65 retirees were used.

Medicare Part D Prescription Drug Subsidy – Based on GASB Technical Bulletin No. 2006-1, an employer should apply the measurement requirements of GASB Statement 45 to determine the actuarial accrued liabilities, the annual required contribution of the employer, and the annual OPEB cost without reduction for RDS payments. For this reason, the Medicare Part D employer subsidy was excluded from this valuation.

Census Data – The census data was provided as of June 2009.

13. COMMITMENTS AND CONTINGENCIES

The District receives funding from the State that is based, in part, on a computation of the number of full time equivalent ("FTE") students enrolled in different types of instructional programs. The accuracy of data compiled by individual schools supporting the FTE count is subject to State audit and, if found to be in error, could result in refunds or in decreases in future funding allocations. It is the opinion of management that the amount of revenue which may be remitted back to the State due to errors in the FTE count or the amount of grant expenditures which may be disallowed by granting agencies, if any, will not be material to the financial position of the District.

The District received financial assistance from Federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material effect on the overall financial position of the District.

The District is involved in various lawsuits arising in the ordinary course of operations. In the opinion of management, the District's estimated aggregate liability with respect to probable losses has been provided for in the estimated liability for insurance risks and pending claims in the accompanying financial statements, after giving consideration to the District's related insurance coverage, as well as the Florida statutory limitations of governmental liability on uninsured risks. It is the opinion of management in consultation with legal counsel that the final settlements of these matters will not result in a material adverse effect on the financial position of the District.

As part of its capital outlay program, the District has entered into various construction contracts. At June 30, 2010, the District had construction commitments of approximately \$60.0 million.

14. SUBSEQUENT EVENTS

On September 21, 2010 the District issued Tax Anticipation Notes ("TANS") Series 2010. This \$115.0 million issue was sold at a coupon rate of 1.50% with an effective yield of .25%. The notes are dated October 5, 2010, and are due January 14, 2011.

On October 14, 2010 the Florida Department of Education issued State Board of Education Capital Outlay Bonds, 2010 Series A (COBI 2010A). This \$9.7 million issue was sold at coupon rates ranging between 3.0% and 4.0%. The COBI 2010A bonds are due on January 1, 2030.

On November 3, 2010 the District issued Certificate of Participation Qualified School Construction Bond ("QSCB"), Series 2010. This \$67.7 million issue was sold at a coupon rate and effective yield of 5.40%. The notes are dated November 15, 2010 and are due August 1, 2025.

Up to 50 copies of the final Official Statement will be provided to the Successful Bidder at the expense of the District within seven (7) business days of the award of the Notes. Additional copies, if needed, will be furnished at the expense of the Successful Bidder.

CONTINUING DISCLOSURE. The District will agree in the resolution authorizing the issuance of the Notes, to provide or cause to be provided, in accordance with the requirements of the Rule, timely notice of the occurrence of certain material events with respect to the Notes.

The Successful Bidder's obligation to purchase the Notes shall be conditioned upon its receiving, at or prior to the delivery of the Notes, in form and substance reasonably satisfactory to the Successful Bidder, evidence that the District has made the continuing disclosure undertaking set forth above in a written certificate for the benefit of the holders of the Notes.

BOOK-ENTRY SYSTEM AND CUSIP NUMBERS. The Notes will be issued in fully registered form, without coupons. One Note certificate in the aggregate principal amount of the Notes will be issued to and registered in the name of Cede & Co., as nominee of DTC, as registered owner of the Notes, and immobilized in the custody of DTC which will act as securities depository for the Notes. A book-entry only system will be employed by DTC, evidencing beneficial ownership interests in the Notes in principal amounts of \$5,000 or any integral multiple thereof, with transfers of beneficial ownership interests in the Notes effected only through the records of DTC and its participants and indirect participants pursuant to the rules and procedures established by DTC.

It is anticipated that CUSIP identification numbers will be printed on the Notes, but neither the failure to print such numbers on the Notes nor any error with respect thereto shall constitute cause for failure or refusal by the Successful Bidder to accept delivery of and pay for the Notes in accordance with their agreement to purchase the Notes. It is the responsibility of the Successful Bidder to timely obtain and pay for the assignment of such CUSIP numbers.

APPENDIX D

FORM OF NOTE COUNSEL OPINION

FORM OF LEGAL OPINION

On the date of issuance of the Tax Anticipation Notes, Series 2011, Greenberg Traurig, P.A., Note Counsel, proposes to issue its approving opinion in substantially the following form:

[Closing Date]

School District of Palm Beach County, Florida
3322 Forest Hill Boulevard
West Palm Beach, Florida 33406-5813

Re: \$ _____ School District of Palm Beach County, Florida
Tax Anticipation Notes, Series 2011

Ladies and Gentlemen:

We have acted as Note Counsel in connection with the issuance by the School District of Palm Beach County, Florida (the "District") of its \$ _____ Tax Anticipation Notes, Series 2011 initially issued and delivered on this date (the "Notes") pursuant to the Constitution and laws of the State of Florida, particularly Section 1011.13, Florida Statutes, as amended, and other applicable provisions of law (collectively, the "Act"), and a note resolution duly adopted by The School Board of Palm Beach County, Florida (the "Board"), a body corporate under the laws of the State of Florida and the governing body of the District, on August 10, 2011 (the "Note Resolution").

The proceeds of the Notes are to be used, together with other available funds of the District, to pay any and all lawful expenses incurred in operating the District schools for its fiscal year ending June 30, 2012 and to pay expenses incurred in issuing the Notes.

The principal of and interest on the Notes shall be payable from the District's legally available gross, real and tangible personal property ad valorem tax receipts and other legally available revenues of the District anticipated to be received during the fiscal year commencing July 1, 2011 and ending June 30, 2012, and amounts on deposit in the Sinking Fund as defined in the Note Resolution (the "Pledged Revenues").

We have examined the Act, the Note Resolution and such certified copies of the proceedings of the Board and such other documents as we have deemed necessary to render this opinion. As to questions of fact material to our opinion, we have relied upon representations of the District furnished to us without undertaking to verify such representations by independent investigation.

In rendering the opinion in paragraph number 4 below, we have assumed continuing compliance with the requirements of the Internal Revenue Code of 1986, as amended (the "Code") that must be met after the issuance of the Notes in order that interest on the Notes be and remain excludable from gross income for federal income tax purposes. The District's failure to meet such requirements may cause interest on the Notes to be included in gross income for federal income tax purposes retroactively to the

date of issuance of the Notes. The District has covenanted in the Note Resolution to comply with such requirements.

Based on the foregoing, we are of the opinion that:

1. Such proceedings and proofs show lawful authority for the issuance and sale of the Notes by the District pursuant to the Constitution and laws of the State of Florida, including particularly Section 1011.13, Florida Statutes, as amended.

2. The Note Resolution has been duly adopted by the Board, creates a valid pledge of the Pledged Revenues and constitutes a legal, valid and binding obligation of the District.

3. The issuance and sale of the Notes have been duly authorized by the Board and the Notes constitute valid and binding special obligations of the District, payable in accordance with and as limited by the terms of the Note Resolution.

4. Under existing statutes, regulations, rulings and court decisions, interest on the Notes is excludable from gross income for federal income tax purposes. Furthermore, interest on the Notes is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; however, such interest will be taken into account in determining adjusted current earnings for the purpose of computing the alternative minimum tax imposed on certain corporations. We express no opinion regarding other federal tax consequences resulting from the ownership, receipt or accrual of interest on or disposition of the Notes.

5. The Notes and the income thereon are not subject to taxation under the laws of the State of Florida, except as to estate taxes and taxes under Chapter 220, Florida Statutes, on interest, income or profits on debt obligations owned by corporations, as defined therein.

This opinion is qualified to the extent that the enforcement of the Notes and the Note Resolution may be limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights generally, now or hereafter in effect, and by equitable principles which may limit the enforcement thereof.

This opinion is given as of the date hereof, and we assume no obligation to revise or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention, or any changes in law that may hereafter occur.

Respectfully submitted,

GREENBERG TRAURIG, P.A.

AUTHORIZING RESOLUTION

THE SCHOOL BOARD OF PALM BEACH COUNTY, FLORIDA

A RESOLUTION OF THE SCHOOL BOARD OF PALM BEACH COUNTY, FLORIDA AUTHORIZING AND PROVIDING FOR THE ISSUANCE, SALE AND APPLICATION OF THE PROCEEDS OF NOT EXCEEDING \$ 115,000,000 AGGREGATE PRINCIPAL AMOUNT OF SCHOOL DISTRICT OF PALM BEACH COUNTY, FLORIDA TAX ANTICIPATION NOTES, SERIES 2011 (THE "NOTES") TO PROVIDE INTERIM FUNDS FOR THE PAYMENT OF OPERATING EXPENSES OF THE DISTRICT; PROVIDING FOR A BOOK-ENTRY SYSTEM WITH RESPECT TO THE NOTES; AUTHORIZING A PUBLIC SALE OF THE NOTES; APPROVING THE FORM OF AND AUTHORIZING THE DISTRIBUTION OF A PRELIMINARY OFFICIAL STATEMENT AND AUTHORIZING THE EXECUTION AND DELIVERY OF A FINAL OFFICIAL STATEMENT; AUTHORIZING THE EXECUTION AND DELIVERY OF A MATERIAL EVENTS NOTICE CERTIFICATE; APPOINTING A PAYING AGENT AND REGISTRAR FOR THE NOTES; MAKING CERTAIN COVENANTS AND AGREEMENTS IN CONNECTION THEREWITH; PROVIDING FOR INCIDENTAL ACTION; AND PROVIDING FOR SEVERABILITY AND AN EFFECTIVE DATE.

BE IT RESOLVED BY THE SCHOOL BOARD OF PALM BEACH COUNTY, FLORIDA:

Section 1. Authority For This Resolution. This Resolution is adopted pursuant to the provisions of Section 1011.13, Florida Statutes, as amended (the "Act").

Section 2. Findings. It is hereby found, determined and declared as follows that:

(A) Pursuant to the Act, the school board of any school district in the State of Florida is authorized to negotiate a current loan for any fiscal year in which school funds are estimated to be insufficient at any time during such fiscal year to pay obligations created by the school board in accordance with the official budget of the school district or a budget approved by the school board preliminary to the tentative budget required to be adopted pursuant to Section 1011.02, Florida Statutes.

(B) The School Board of Palm Beach County, Florida (the "Board"), a body corporate under the laws of the State of Florida and the governing body of the School District of Palm Beach County, Florida (the "District"), hereby determines that it is necessary for the benefit of the schools of the District for a current loan to be negotiated to meet the disbursement requirements which are set forth in the preliminary budget of the District for the fiscal year of the District commencing July 1, 2011 and ending June 30, 2012 (the "Current Fiscal Year"), such loan to be retired from (i) the District's gross, real, and tangible personal property ad valorem tax receipts but only to the extent such tax receipts are for operating purposes, and (ii) amounts on deposit in the hereinafter described Sinking Fund (collectively, the "Pledged Revenues"), which are anticipated to be received in accordance with the budget for said Current Fiscal Year. Pledged Revenues shall not include ad valorem taxes collected to pay the principal of and interest on bonds of the District issued pursuant to Sections 1010.40 – 1010.55, Florida Statutes, or to pay

the principal of and interest on any obligations issued by the Board pursuant to Section 1011.14, Florida Statutes, or otherwise levied pursuant to Section 1011.71(2), Florida Statutes.

(C) The Board, to the extent possible, has endeavored to arrange the expenditures of the District for the Current Fiscal Year so as to make it unnecessary for the District to incur loans.

(D) The Board hereby further determines that said loan shall be evidenced by the issuance of not exceeding \$115,000,000 of tax anticipation notes of the District to be known as "School District of Palm Beach County, Florida Tax Anticipation Notes, Series 2011" (the "Notes"), the principal of and the interest on which will be payable by their terms not more than twelve (12) months after the issuance of said Notes, and the principal amount of which is less than 80% of the amount estimated by the Board to be included in the operating budget of the District for the Current Fiscal Year to be available from the District tax revenues.

(E) The Board has further determined that the loan to be computed as prescribed by the Act is for an amount not in excess of the amount necessary for the continued operation of the schools in the District, including reasonable reserves.

(F) The principal amount of the Notes will not exceed the maximum anticipated cumulative cash flow deficit (treating as unavailable a reasonable working capital reserve equal to five percent of the District's expenditures paid from current revenues for the prior fiscal year) to be financed by the anticipated Pledged Revenues for the period for which the Pledged Revenues are anticipated and during which the Notes are outstanding.

(G) The Notes shall be payable as to both principal and interest from the Pledged Revenues to be included in and estimated in the operating budget of the District for the Current Fiscal Year to be available, and, if necessary, are additionally payable from, but are not secured by, all legally available funds of the District derived from sources other than ad valorem taxation ("Non-Ad Valorem Funds"). Neither the faith and credit nor the taxing power of the State of Florida, Palm Beach County, Florida or the District are pledged to the payment of the principal of or the interest on the Notes, except for the Pledged Revenues for the Current Fiscal Year.

(H) It is estimated that the Pledged Revenues herein pledged for payment of the Notes will exceed the amounts necessary to pay the principal of and interest on the Notes when due.

Section 3. Authorization of Borrowing; Book Entry System. Pursuant to the Constitution and laws of the State of Florida, particularly the Act, the Board hereby authorizes the borrowing of money for the purpose of financing the cost of obligations to be incurred in the ordinary operations of the District in the Current Fiscal Year, and hereby authorizes the issuance and sale of not exceeding \$115,000,000 aggregate principal amount of the Notes. The Notes shall be numbered R-1 and upward in registered book-entry-only form as herein provided, shall be dated as of such date, shall mature no later than twelve (12) months from their date of issue, and shall bear interest at a rate not exceeding the maximum rate permitted by law as shall be set forth in the bid of the successful bidder for the Notes. Interest shall be computed on the basis of a 360-day year comprised of twelve 30-day months. The Notes shall not be subject to redemption prior to maturity. The Notes shall be issued in substantially the form set forth in **Exhibit A** attached hereto and made a part hereof, with such deletions, changes, revisions or modifications as may be approved by the Chairman, Vice Chairman or Superintendent, execution and delivery of the Notes by the Chairman or Vice Chairman and the Superintendent, as ex officio Secretary

of the Board, being conclusive evidence of such approval and that the Notes are issued in accordance with this Resolution.

So long as the District shall maintain a book-entry-only system with respect to the Notes, the following provisions shall apply:

The Notes shall initially be issued in the name of Cede & Co. as nominee for The Depository Trust Company (“DTC”), which will act as securities depository for the Notes and so long as the Notes are held in book-entry-only form, Cede & Co. shall be considered the registered owner for all purposes hereof. On original issue, the Notes shall be deposited with DTC, which shall be responsible for maintaining a book-entry-only system for recording the ownership interests of its participants (“DTC Participants”) and other institutions that clear through or maintain a custodial relationship with a DTC Participant either directly or indirectly (“Indirect Participants”). The DTC Participants and Indirect Participants will be responsible for maintaining records with respect to the beneficial ownership interests of individual purchasers of the Notes (“Beneficial Owners”).

Principal and interest at maturity shall be payable directly to Cede & Co. in care of DTC. Disbursal of such amounts to DTC Participants shall be the responsibility of DTC. Payments by DTC Participants and Indirect Participants to Beneficial Owners shall be the responsibility of DTC Participants and Indirect Participants and not of DTC, the Paying Agent or the District.

The Notes shall initially be issued in the form of one fully registered Note and shall be held in such form until maturity. Individuals may purchase beneficial interests in the amount of \$5,000 or integral multiples thereof in book-entry-only form, without certificated Notes, through the DTC Participants and Indirect Participants.

DURING THE PERIOD FOR WHICH CEDE & CO. IS THE REGISTERED OWNER OF THE NOTES, ANY NOTICE TO BE PROVIDED TO ANY REGISTERED OWNER WILL BE PROVIDED TO CEDE & CO. DTC SHALL BE RESPONSIBLE FOR NOTICE TO DTC PARTICIPANTS AND DTC PARTICIPANTS SHALL BE RESPONSIBLE FOR NOTICE TO INDIRECT PARTICIPANTS, AND DTC PARTICIPANTS AND INDIRECT PARTICIPANTS SHALL BE RESPONSIBLE FOR NOTICE TO INDIVIDUAL PURCHASERS OF BENEFICIAL INTERESTS.

The District has entered into a blanket issuer letter of representations with DTC providing for such a book-entry-only system. A copy of such blanket issuer letter of representations is attached hereto as **Exhibit B**. Such agreement may be terminated at any time by either DTC or the District. In the event of such termination, the District shall select another securities depository or discontinue such book-entry only system. If the District does not replace DTC, the Registrar (as hereinafter defined) will register and deliver to the Beneficial Owners replacement Notes in the form of fully registered Notes in denominations of \$5,000 or integral multiples thereof, in accordance with instructions from Cede & Co.

The principal of and the interest on the Notes shall be payable in any coin or currency of the United States of America which, at the time of payment thereof is legal tender for the payment of public and private debts.

The District shall deposit and separately account for (in accordance with the provisions of Section 13 hereof) sufficient moneys to pay the principal of and interest on the Notes at their maturity. Such moneys shall be held for the benefit of Cede & Co. as registered owner of the Notes in the Sinking Fund

and separately restricted on the books of account of the District, and shall be paid to Cede & Co. at maturity of the Notes.

Section 4. Execution of Notes. The Notes shall be executed with the manual or engraved, imprinted, stamped or otherwise reproduced facsimile of the signature of the Chairman or Vice Chairman of the Board and countersigned by the manual or engraved, imprinted, stamped or otherwise reproduced facsimile of the signature of the Superintendent, as ex officio Secretary of the Board; provided, however, that at least one of the signatures shall be manual, and the seal of the Board shall be imprinted or impressed thereon. In case any officer whose signature shall appear on any Notes shall cease to be such officer before delivery of such Notes, such signature shall, nevertheless, be valid and sufficient for all purposes as if such officer had remained in office until such delivery, and such Notes may, nevertheless, be issued and delivered as though the person who signed or sealed such Notes had not ceased to be such officer; and alternatively any of such Notes may be executed and sealed on behalf of the District by such officers of the Board who may at the time of the execution of such Notes hold the proper offices on the Board although on the date of issuance of such Notes or on the date of any lawful proceedings taken in connection therewith such persons may not have held such offices.

Section 5. Notes Mutilated, Destroyed, Stolen or Lost. In case any of the Notes shall be mutilated, or be destroyed, stolen or lost, the District may, in its discretion, issue and deliver a new Note of like tenor as the Note so mutilated, destroyed, stolen or lost in exchange and substitution for such mutilated Note, upon surrender and cancellation of such mutilated Note, if any, or in lieu of or substitution for the Note, if any, destroyed, stolen or lost, and upon the registered owner furnishing the District proof of its ownership thereof and indemnity satisfactory to the District and complying with such other reasonable regulations and conditions as the District may prescribe and upon payment of such expenses as the District may incur. The Note so surrendered shall be canceled by the District. If the Notes shall have matured, or be about to mature, instead of issuing a substitute Note, the District may pay the same, upon being indemnified as aforesaid, and if such be lost, stolen or destroyed, without surrender thereof.

Any such duplicate Note issued pursuant to this section shall constitute an original, additional contractual obligation of the District whether or not the lost, stolen or destroyed Note be at any time found by anyone, and such duplicate Note shall be entitled to equal and proportionate benefits and rights as to the lien on and source and security for payment from the funds, as hereinafter pledged, to the same extent as any other Note issued hereunder.

Section 6. Public Sale; Award of Notes. It is hereby found, ascertained, determined and declared by the Board that a public sale of the Notes of the District in the aggregate principal amount of not exceeding \$115,000,000 is in the best interest of the District and is hereby authorized. The Chief Financial Officer or the Treasurer is hereby authorized to prepare and publish a summary notice of sale for the Notes, to prepare and distribute an official invitation to bid for the Notes and related documents, and to prepare a Preliminary Official Statement for distribution in connection with such official invitation to bid. The forms of the official notice of sale and summary notice of sale shall be substantially in the forms set forth in **Exhibit C**, attached hereto. The Notes shall be offered at public sale on or about September 7, 2011, the exact date to be determined in the discretion of the Chief Financial Officer or the Treasurer of the District without further authorization from the Board. The Chief Financial Officer or the Treasurer of the District is hereby authorized and directed to publish, or cause to be published, the official or summary form of notice of sale in The Bond Buyer, a financial newspaper published and/or of general circulation in the Borough of Manhattan, City and State of New York and, in the discretion of the Chief Financial Officer or the Treasurer of the District, in a newspaper of general circulation in the area of the District one time not less than ten (10) days prior to such date of sale. The Board hereby separately

authorizes and directs the Chairman or Vice Chairman, the Superintendent, the Chief Financial Officer, the Treasurer, and the Office of the General Counsel to take all actions necessary to consummate such sale, upon the terms and conditions set forth in the official invitation to bid.

The Board and its officers are hereby authorized and directed to take such action as the Board or its officers deem necessary or desirable to obtain a securities rating for the Notes from Moody's Investors Service, Inc. and/or Standard & Poor's Ratings Services.

The Superintendent, the Chief Financial Officer and the Treasurer, acting separately or with another named officer and in consultation with and upon the advice of one or more of the District's Financial Advisor, the Office of the General Counsel, and Note Counsel, are authorized to receive bids for the purchase of the Notes and to award the Notes to the lowest responsive bidder as evidenced by the execution of the Certificate of Award (as hereinafter defined), without further action by the Board.

Characteristics of the Notes or any installment thereof, determined on the basis of the bids and the provisions of this Resolution, shall be set forth in a certificate of the District awarding such Notes to the purchaser or purchasers thereof (the "Certificate of Award"). The Certificate of Award shall be executed by the Chief Financial Officer or the Treasurer, upon satisfaction of the conditions specified below, without further action by the Board.

This delegation of the District is expressly made subject to the following conditions, the failure of any of which shall render the successful bid voidable at the option of the District. The conditions for execution of the Certificate of Award are:

1. The form of Certificate of Award shall be approved by Note Counsel to the District;
2. The net interest cost rate for the Notes, based upon their award to the successful bidder, shall not exceed [4.00]%;
3. Prior to award of the Notes to the successful bidder, the District shall receive from the successful bidder a disclosure and truth-in-bonding statement as required by Section 218.385(2) and (3), Florida Statutes; and
4. The successful bidder (the "Purchaser") shall comply with such other conditions as requested by Note Counsel to the District.

Section 7. Approval of Preliminary Official Statement; Execution of Final Official Statement. The form of the Preliminary Official Statement attached to this Resolution as **Exhibit D** is hereby approved, and the Board hereby authorizes the distribution and use of the Preliminary Official Statement in connection with the public offering for sale of the Notes. If between the date hereof and the mailing of the Preliminary Official Statement it is necessary to make insertions, modifications and changes to the Preliminary Official Statement, each of the Chairman, the Vice Chairman, the Superintendent, the Chief Financial Officer and the Treasurer is hereby authorized to approve such insertions, changes and modifications, and each of the Chairman, the Vice Chairman, the Superintendent, the Chief Financial Officer and the Treasurer is hereby authorized to deem the Preliminary Official Statement "final" within the meaning of Rule 15c2-12 under the Securities Exchange Act of 1934, as amended (the "Rule"), in the form as mailed, and in furtherance thereof to execute a certificate evidencing the same substantially in the form attached hereto as **Exhibit E**.

The Superintendent is hereby authorized to have prepared and the Chairman or Vice Chairman and the Superintendent are hereby authorized to execute a final Official Statement and, upon such execution, to deliver the same to the Purchaser for use by it in connection with the sale and distribution of the Notes. The Official Statement shall be substantially in the form of the Preliminary Official Statement, with such changes as shall be approved by the Superintendent, the Chief Financial Officer or the Treasurer as necessary to conform the details of the Notes and such other insertions, modifications and changes as may be approved by the Superintendent, the Chief Financial Officer or the Treasurer. The execution and delivery of the Official Statement by the Chairman or Vice Chairman and the Superintendent shall constitute conclusive evidence of the approval thereof. The Board hereby authorizes the Official Statement and the information contained therein to be used in connection with the offering and sale of the Notes.

Section 8. Material Events Notice. The Board hereby covenants and agrees that, in order to provide for compliance by the District with the secondary market disclosure requirements of the Rule, it will comply with and carry out all of the provisions of the Material Events Notice Certificate to be executed by the Chairman or Vice Chairman and dated the date of delivery of the Notes, as it may be amended from time to time in accordance with the terms thereof. The Material Events Notice Certificate shall be substantially in the form attached hereto as **Exhibit F** with such changes, amendments, modifications, omissions and additions as shall be approved by the Chairman or Vice Chairman, each of whom is hereby authorized to execute and deliver such Certificate. Notwithstanding any other provision of this Resolution or the Notes, failure of the District to comply with such Material Events Notice Certificate shall not be considered an event of default under this Resolution or the Notes; provided, however, any Noteholder may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the District to comply with its obligations under this Section 8 and the Material Events Notice Certificate.

Section 9. Delivery of the Notes. Upon payment of the purchase price for the Notes pursuant to the terms of the official invitation to bid and official bid form and the fulfillment of the other conditions contained therein, there shall be delivered to DTC on account of the Purchaser the properly executed Notes in the form described herein.

Section 10. Receipt for the Notes. Upon receipt of such purchase price, a proper receipt therefor shall be executed by the District and by the Purchaser.

Section 11. Appointment of Registrar and Paying Agent. The Board shall serve as Registrar and Paying Agent for the Notes.

Section 12. Covenants and Pledge of Pledged Revenues. The District covenants with and for the benefit of the holders of the Notes:

(A) That it has adopted a tentative budget and will adopt an operating budget for the Current Fiscal Year as soon as feasible, to comply with the operating budget for the Current Fiscal Year so adopted and in accordance with Florida law and to levy District ad valorem taxes as required by law.

(B) To the extent necessary to pay when due the principal of and the interest on the Notes, the Pledged Revenues for the Current Fiscal Year are irrevocably pledged to the payment of the Notes.

(C) The interest rate on the Notes will not exceed the interest rate limitation contained in Section 215.84, Florida Statutes.

(D) The Notes have the nature of current obligations in anticipation of budgeted revenues as provided in the Act.

(E) The Pledged Revenues are hereby irrevocably pledged to the payment when due of the principal of and interest on the Notes.

Section 13. Sinking Fund. There is hereby established a Sinking Fund to be held by the District as a separate special account for the benefit of the Noteholders (the “Sinking Fund”); provided, that the cash required to be accounted for therein may be pooled with other funds of the District so long as adequate accounting records are maintained to reflect and control the restricted purposes of such Sinking Fund moneys. The Sinking Fund shall be held in trust by the District for the sole benefit of the Noteholders, and the Noteholders are granted an express lien on the moneys and/or investments held in the Sinking Fund. The Noteholders shall have no lien upon any portion of the Pledged Revenues from sources constituting Non-Ad Valorem Funds unless and until such funds are deposited into the Sinking Fund. The District covenants that it shall deposit sufficient moneys or investments legal for District moneys pursuant to the provisions of Sections 1010.53(2) and 218.415, Florida Statutes, as amended from time to time pursuant to Board policy (“Permitted Investments”) into the Sinking Fund no later than twenty-one (21) days prior to the maturity date of the Notes, or the first business day thereafter, so that the balance on deposit therein, together with the earnings to be received thereon, if any, will equal the amount of principal and interest becoming due on the Notes at maturity. Funds in the Sinking Fund may be invested only in Permitted Investments which mature on or prior to the maturity date of the Notes. Earnings on investments held in the Sinking Fund shall be retained and reinvested in the Sinking Fund until the amount on deposit in the Sinking Fund, together with the earnings to be received thereon, is equal to all principal of and interest on the Notes due at their maturity. Thereafter, such earnings may be withdrawn by the District and used in the District’s discretion as provided by law. Realized losses, if any, on investments held in the Sinking Fund shall be restored by the District by deposit of additional moneys into the Sinking Fund on or prior to the maturity date of the Notes.

The District will transfer to Cede & Co. in care of DTC, the amounts so maintained in the Sinking Fund on or prior to the maturity date of the Notes. DTC will use such moneys to retire the Notes as they mature in accordance with the provisions of Section 3 hereof. Any balance in the Sinking Fund shall be released from the restriction described herein upon payment in full of the Notes.

Section 14. Taxing Power Not Pledged. No holder of the Notes issued hereunder shall ever have the right to compel the exercise of the ad valorem taxing power of the District, Palm Beach County, Florida or the State of Florida, or taxation in any form of any real or personal property therein to pay such Notes or the interest thereon except for the Pledged Revenues for the Current Fiscal Year commencing July 1, 2011.

Section 15. District Budget. The District, in preparing, approving and adopting its budget controlling or providing for the expenditures of its funds, so long as any principal of or interest on the Notes is outstanding and unpaid, will appropriate, allot and approve, in the manner required by law, from funds of the District derived from sources other than ad valorem taxes (except as provided in Sections 13 and 14 hereof) and legally available therefor, the amounts sufficient to pay the principal of and interest on the Notes.

Section 16. Application of Note Proceeds. The proceeds of the sale of the Notes shall first be applied by the District to pay the costs of preparation and issuance of the Notes including, but not limited to, rating agency, financial advisory and attorneys' fees, and the cost of preparation and dissemination of the Preliminary Official Statement and Official Statement for the Notes, to the extent not paid from other legally available funds of the District. The remaining proceeds from the sale of the Notes shall be used by the District to pay the lawful expenses of the District as the Board shall direct.

Section 17. Noteholder Not Affected by Use of Note Proceeds. The proceeds, including investment proceeds and accrued interest, if any, from the issuance of the Notes (the "Note Proceeds") are not pledged as security for payment of the principal of and interest on the Notes except as provided in Section 13 hereof and shall be expended by the District to pay the obligations of the District created by the District in accordance with the budget of the District for the Current Fiscal Year. The holders of the Notes issued hereunder shall have no responsibility for the use of the proceeds of said Notes, and the use of such Note Proceeds by the District shall in no way affect the rights of such Noteholders.

Section 18. Arbitrage Covenants; Tax Exemption.
