

PreK Substitutes Needed!

Do you know about or want to learn about early education at no cost to you?

Are you willing to complete professional development while being paid your regular substitute rate?

If YES, the Dept. of Early Childhood would like to recruit you to join the VPK Approved Substitute Pool!

The VPK Substitute Pool is a unique sub-set of the School District Substitute Pool. There are special requirements to work with preschoolers.

We can also help you grow your career!

You will be paid for the time you invest to earn and/or provide credentials.
