WHAT IS A SCHOOL ADVISORY COUNCIL (SAC)?

Each advisory council is composed of the principal and an appropriately balanced number of teachers, education support employees, students (secondary level only), parents, and other business and community citizens who are representative of the ethnic, racial, and economic community served by the school (State Statute #1001.452).

- focus efforts on increasing student achievement
- assist in the preparation and evaluation of the School Improvement Plan
- approve and ensure that the School Improvement Funds enhance school performance through the development and implementation of a School Improvement Plan.
