

# VPK Wraparound Fee Payment Schedule- FY24

Fees are calculated per month based on contracted attendance and prorated throughout the year into 20 installments. Tuition must be paid in full for the complete month. To support families in their budget planning, payments may be made in one payment for the complete month OR in two installments per month. Payments must be made prior to services rendered, by the due dates outlined below. If a student is enrolled after the first of the month, payment for one installment is due at the time of registration. Payments not made on or before due dates are subject to a late payment fee.
