To provide a safe, welcoming environment that delivers challenging, innovative programs of the highest standards for a diverse student population, empowering each student to apply their knowledge to be competitive and balanced global citizens who are resilient by leading them to post-secondary education and beyond.

The International Baccalaureate aims to develop inquiring, knowledgeable, and caring young people who help to create a better and more peaceful world through intercultural understanding and respect.

IB Programmes encourage students across the world to become active, compassionate, and lifelong learners who understand that other people, with their differences, can also be right.
