

Attention 504 or IEP Students

Having a 504 or IEP does not ensure you will receive accommodations on College Board exams (SAT, SAT Subject Tests, PSAT/NMSQT or Advanced Placement) as well as AICE exams.

Students with a current 504 plan or IEP will need to apply for accommodations using these attached forms. Take note: you may apply for 100% extended time, however, it is difficult to get and changes a 1 day test into a multiple day test. The recommendation is to apply for 50% extended time for any College Board exam.

If you have any questions, please contact your school counselor.
