NUKUMORI - HOUSE OF KINDNESS

Nukumori

Our House Crest

The most important visual representation of each House is its House Crest. This is a specially designed Coat of Arms filled with

symbols that speak to the values of the House. The crests should never be changed or altered. Preserving them builds House heritage!

The Samurai

We are kind, but strong, and know when to strike!

The Dragon

Represents balance and freedom, as well as ancient power and wisdom. It has a fierceness that can be unleashed when necessary!

The Cherry Blossom

Known as "sakura" in Japan, the flowers represent renewal and remind us that kindness toward others is our tool to renew and succeed.

The Sun

The sun over the horizon is a symbol of the nature of our kindness: it is perpetual and continual.

Purple

Associated with benevolent royalty, purple is our House color because it reminds us that we are kings and queens!

SUICIDE PREVENTION WEEK

Suicide Prevention MYTH & FACT

EVERYONE IS SPECIAL.

Fact, everyone has their own unique qualities and talents which makes them special.

I CAN SPEAK TO ANY ADULT ON CAMPUS ABOUT MY FEELINGS AND THOUGHTS.

Fact, there are many trusted adults who will listen to you.

HAVING FRIENDS IS NOT IMPORTANT FOR YOUR MENTAL HEALTH.

Myth, strong social connections and supportive communities can play a crucial role in your mental health.

BEING SAD IS NOT OKAY.

Myth, Sadness is one of our emotions. It's ok to not be ok and it's ok to feel sad. We all have sad days. You can express your sadness with your parents or a trusted adult. You can also journal about your feelings.

FROM THE DESK OF NURSE GAIL

From the desk of your Health Care District School Nurse:

Health screenings are an effective way to identify or detect commonly-occurring health problems or conditions, making early intervention possible. The State of Florida mandates that **vision, hearing, growth and development and scoliosis screenings** be provided in designated grades to students in Florida schools (64F-6.003). These screenings are conducted throughout the school year by trained staff. Health screenings do not diagnose, but may detect a need to have further assessment and/or treatment.

Guidelines for referrals are based on recommendations by the appropriate professional organization. The School Nurse is available to answer questions and assist in finding available local resources in response to the referral. Early intervention may favorably alter the outcomes of health problems that are identified. Untreated health issues may affect students' health and academic performance.

For more information regarding health screenings, contact your School Nurse,

HISPANIC HERITAGE MONTH 2023 CELEBRATES PROSPERITY, POWER, AND PROGRESS

Hispanic Heritage Month is celebrated annually from September 15 through October 15. Throughout the month, the School District of Palm Beach County honors the unique contributions and diversity of Hispanic and Latino culture. Additionally, a proclamation for Hispanic Heritage Month will be on the agenda at the September 13 School Board meeting.

"Latinx students continue to advance their communities by volunteering their time and talents, and celebrating their roots and culture shines a light on our national story," said Valerie Zuloaga-Haines, the District's Central Regional Superintendent.

This year's theme is *Latinos: Driving Prosperity, Power, and Progress in America*. According to the [U.S. Census Bureau](#), the Latino community represents roughly 19% of the total U.S. population, and nearly 40% of the student population in the School District.

"Throughout our community and our country, we keep seeing barriers broken and historic achievements when it comes to Hispanic/Latino(a) representation in all sectors of our society," said Alexandria Ayala, District 2 Palm Beach County School Board Member. "It is an honor and a privilege to serve as the first Hispanic woman elected to the School Board, and it is my hope that this shows every young Latina that they belong in all places where important decisions are made."

During Hispanic Heritage month, the District will acknowledge the culture and traditions of students, teachers, staff, and community members who trace their roots to Spain and other Spanish-speaking countries in North America, Central America, South America, and the Caribbean.

"When we speak about Latinos and how they drive prosperity, power, and progress in America, one may argue that the first thing to highlight is their sacrifices to accomplish such a feat," said Allyson Berríos de Gacharná, the District's Hispanic/Latino Curriculum Program Planner. "I would also emphasize their tenacity, bravery, and resilience. Such characteristics of our Latino culture must be accounted for and appreciated daily!"

Hispanics are the fastest-growing ethnic group in Palm Beach County, and the School District is home to nearly 65,000 Hispanic students, representing the 21 Spanish-speaking countries. This has led to an increase in Spanish Dual Language Program offerings that are now available in 34 schools throughout the District (23 elementary, seven middle, and four high schools). Six of the schools are also certified as International Spanish Academies.

Several events and activities will take place throughout the County to highlight the contributions of Hispanics to the nation and the local community:

- [Hispanic Heritage Month Summit](#) – the Office of Diversity in Business Practices will host an Architects and Engineers Summit on Thursday, September 14 from 9:30 a.m. to 2:00 p.m. at the Fulton-Holland Educational Services Center, 3300 Forest Hill Blvd., West Palm Beach, FL 33406.
- [Hispanic Heritage Cultural Bus Tour](#) – Organized by the Palm Beach County Community Service Department, the tour will be on Friday, September 15 from 8:00 a.m. to 5:30 p.m. It will consist of visits to various sites including two Palm Beach County District schools: Dr. Joaquín García High and Okeeheelee Middle.
- [Annual Hispanic Heritage Awards Celebration](#) – the Florida Hispanic American Chamber of Commerce (FHACC) will hold the event on Wednesday, September 27, from 6:00 p.m. to 8:30 p.m. at the Hilton Palm Beach Airport Hotel. Each year, the FHACC recognizes a group of honorees in business, teaching, and academics. This year they will recognize eight Hispanic students and two Hispanic teachers from the District.

Additionally, several District schools will be celebrating Hispanic Heritage Month with events on their campuses. [View the list of planned school events.](#)

“This Hispanic Heritage Month, let us reflect on the work of those who led the way, and look forward with hope and optimism toward a brighter future for us all,” Ayala said. “¡Unidos somos más fuertes!”

Hispanic Heritage Month was signed into law in 1988 by then-President Ronald Reagan. September 15 was chosen as the starting point because it is the anniversary of the independence of five Latin American countries (Costa Rica, El Salvador, Guatemala, Honduras, and Nicaragua) that all declared independence in 1821.
