# RÊVEUR - THE HOUSE OF DREAMERS

## Rêveur Our House Crest

The most important visual representation of each House is its House Crest. This is a specially designed Coat of Arms filled with

symbols that speak to the values of the House. The crests should never be changed or altered. Preserving them builds House heritage!

### The Knight

The open-visored helmet facing forward is typically reserved for the highest ranks of nobility. The knight is facing forward to symbolize having dreams and letting nothing stand in your way!

### The Unicorn

A symbol of freedom, healing and beauty, the unicorn's powers are both magical and mystical. Known for its freedom and wild abandon, the unicorn is extremely difficult to tame.

### Dreamer

Our name, "rêveur," comes from the French for "dreamer or idealist."

### Crescent Moon

The crescent moon symbolizes new beginnings and the making of dreams into reality.

The moon also represents our symbolic animal, the wolf — because when the moon comes out, the wolves come out!

### Blue

The color blue instills confidence and passion while releasing all fears and anxiety.

## PM1 READING & MATH SCORE RELEASE

### Quick Steps: Accessing Scores in SIS Parent Gateway & Family Portal Link

Log in to the SIS Parent Gateway. On the Home Screen, click on the Florida logo for each child to directly link to the state's Family Portal (no access code needed).

The screenshot shows the 'Parent Gateway: Home Screen' interface. On the left, there is a navigation menu with options like 'Portal', 'School Information', 'My Profile', 'Preferences', 'Calendar', and 'Student 1', 'Student 2', 'Student 3'. The main content area is divided into sections: 'District & School Announcements', 'Grades', 'News', 'Planner', and 'Reports'. The 'Grades' section displays a table of student performance data. Three red boxes highlight the 'Florida' logos in the top right corner of each student's report card view. A red arrow points from a text box to these logos, and another red arrow points from the text box to the 'Florida' logo in the bottom right corner of the page.

**Click on the logo for each child to go directly to the Family Portal for their report**

## Accessing Scores in the SIS Parent Gateway

On the home screen of the SIS Parent Gateway, click on the student name to the left, then **Child Info**, then click on **TEST - Local Assessment (to view scores weekly)** or **TEST - State Assessment** for the final result reported by the state at the end of the state window (screenshot below).

The screenshot shows the SIS Parent Gateway interface. On the left sidebar, the 'TEST - State Assessment' link is highlighted with a red box. The main content area is titled 'TEST - State Assessment' and features a link 'State FAST Assessment Information' at the top, which is also highlighted with a red box and a red arrow pointing to it. Below this, there are two tables. The first table is titled 'Florida Assessment of Student Thinking - ELA Reading' and contains one row of data. The 'Additional' column in this row has a red box. The second table is titled 'Florida Assessment of Student Thinking - Mathematics' and shows 'No Records Found'. At the bottom, there is a table for 'FAST Longman Arts' with multiple rows of data.

Note: there is also link at the top "State FAST Assessment Information" for families to click on with helpful documents to understand FAST scores. They are also translated.

## WHAT'S HAPPENING AT LOGGERS' RUN!

### NAMES, NOT NUMBERS HOLOCAUST EVENT

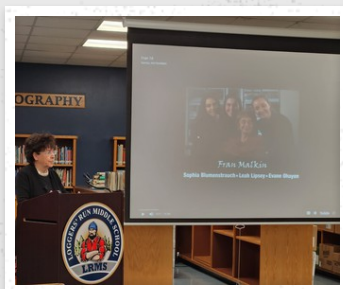

Award-winning educator Tova Fish-Rosenberg, creator of Names, Not Numbers said, "It's so important that the students listen to the survivors, research and ask questions." Tova and her husband made a visit to both Boca High School and Loggers' Run Middle School at the end of August.

Our Lumberjack students learned "interview techniques" by CBS12 anchorman/TEN network Ric Blackwell. Our students researched the Holocaust timeline, how to craft the questions and transition from Before the War --> Beginning of WW2 --> TO WW2 --> TO Liberation/Aftermath.

The project involved the students engaging in dialogue with Tova, her husband Mr. Dov Rosenberg and Ric as they forge relationships with them while also learning interviewing

techniques, documentary film tools and editing skills through this process.
