## **Parent Gateway Guide**

#### **SIS Gateway Registration**

The SIS Gateway allows parents/guardians to log directly into the school district's Student Information System, where they may view information for their currently enrolled student(s). This document provides step-by-step guidance for parents/guardians to set up their Gateway account. For parents/guardians with multiple students enrolled in the district, each student will be added individually.

Your student's school will provide you with the information necessary to register for an SIS Gateway account. The information will include an SIS Gateway PIN for each student. If you do not have the PIN for your student(s), please contact the school.

#### **Registering a New Account**

- From your student's school website, click on the SIS Gateway Tile.
- On this screen is a message from your school and two (2) options to choose from:

1. For new users, click the Register button.

2. Enter all of the required fields with your own information then click the "Submit" button.

3. Enter the required information and PIN provided to you by your child's school. These requirements have been set up to identify your child and to link a student to a parent account. Then click "Add Student" button.

Please enter your child's information:					
Student ID:				(Required)	
Student's Birthdate:	January	▼ 1	▼ 2018	<ul> <li>(Required)</li> </ul>	
PIN:				(Required)	
Add Student					

4. Your child's name will now display on the screen.
