MEMORANDUM

TO: Honorable Chair and Members of the School Board
   Dr. Robert Avossa, Superintendent
   Chair and Members of the Audit Committee

FROM: Lung Chiu, Inspector General

DATE: June 19, 2017

SUBJECT: Transmittal of Final Investigative Report
Case: #16-556
Title: Boynton Beach High School Spirit Packs

In accordance with School Board Policy 1.092(6)(d), we hereby transmit the above-referenced final report.

The report addresses Boynton Beach Community High School’s Assistant Athletic Director collecting money for the football team’s Spirit Pack, and not providing the merchandise to the football team. The results of the investigation determined the allegations to be unsubstantiated. The investigation also resulted in recommendations for staff to establish a clearer means of documenting partial payments made by students, improve communication with parents, and require designated staff to complete the District-sponsored Bookkeeper Training.

The report is finalized and will be posted on the Inspector General’s webpage: www.palmbeachschools.org/inspectorgeneral.

FINAL INVESTIGATIVE REPORT

AUTHORITY

School Board Policy 1.092 (4)(a)(iv) authorizes the Office of Inspector General to initiate, conduct, supervise, and coordinate investigations designed to detect, deter, prevent and eradicate fraud, waste, financial mismanagement, fiscal misconduct, and other abuses in District government.

This preliminary review was conducted by Tanya Lawson, Investigator I.D. #201, in compliance with the Quality Standards for Investigations, Principles and Standards for Offices of Inspector General, promulgated by the Association of Inspectors General.

BACKGROUND

On January 10, 2017, the OIG received a written complaint from the Palm Beach School District Office of General Counsel Lisa Carmona, Senior Attorney regarding a complaint filed by Attorney Kweku A. Darfoor on behalf of several parents whose students are on the Boynton Beach Community High School Football Team. The complaint makes several inquiries; however, the OIG would investigate the following allegations:

1. Spirit Pack (not received during the football season)
2. Fundraisers for the Football Team (money raised)
3. Youth League Superbowl (Boynton Beach Wildcats)

In addition, on January 10, 2017, the OIG met with Assistant Police Chief Patrick McCutcheon regarding a portion of the complaint that is related to the Bill Tome’ Fundraiser. It was determined that School Police would investigate this matter as it is related to an internal affairs investigation as it pertains to a Police Officer. The OIG will only gather and review data related to the Bill Tome’ Basketball Tournament.

Also on this date (January 10, 2017), during the weekly case review meeting for OIG, Office of Professional Standards (OPS), and School Police. The allegation related to football players’ health and safety was discussed, and this issue was referred to OPS and School Police for follow-up.

SITE VISIT

On February 3, 2017, the OIG conducted a site visit at Boynton Beach Community High School, and with the assistance of Treasurer Beth Bauer, made copies of numerous documents including, but not limited to Monies Collected Reports (MCR), and Check Requisitions, and Fundraising Application/Recap documents.

INTERVIEW(S) CONDUCTED

Errick Lowe, Assistant Athletic Director Boynton Beach High School

On February 24, 2017, the OIG conducted a face-to-face audio-recorded interview with Assistant Athletic Director Errick Lowe of Boynton Beach High School. Mr. Lowe stated that he has been the Head Football Coach and an Exceptional Student Education (ESE) Teacher for the past three (3) years at Boynton Beach Community High School.

Football Camp:

Mr. Lowe stated that preparation for football season starts in the summer prior to the upcoming school year. Mr. Lowe stated that the last football camp was in the summer of 2015 and was held at Ave Maria. Mr. Lowe stated the camp was sponsored by Fellowship of Christian Athletes (FCA), in which FCA paid for the majority of the cost of camp by providing a grant of approximately $4,000, leaving the football players having to pay $75 each. Mr. Lowe stated that FCA works with the football team each year in order to defray the cost of the camps so that each player is not having to pay much in order to attend camp. Mr. Lowe stated that FCA is currently working with the team to go to Stetson this year (2017), and will provide approximately $4,000, but the camp for this year (2017) has not been finalized.

Team Fees:

Mr. Lowe stated that for 2016 football season, the team had a team fee of $250 each person, which included a cost breakdown of $75 mandatory insurance fee, $100 uniform fee, $25 team meals, and $50 spirit pack. Mr. Lowe stated not enough kids paid the team fee in order to purchase the uniforms. Mr. Lowe stated that if a student could not pay the mandatory insurance fee, the fee would be paid from the Athletics account. Mr. Lowe stated that more than three (3) students could not pay the required insurance fee. Mr. Lowe stated that all funds
generated on behalf of ‘football’ go into one account, and is not separated by JV or Varsity. Therefore, if helmets are needed, helmets are ordered from one football account and are not distinguished by JV or Varsity. Mr. Lowe also stated that when a player cannot pay the team fee, it comes out of the Athletics general account. For example, Mr. Lowe stated that a few of the players did not pay their insurance fee which must be paid prior to any player getting on the field, and since there were some players who did not pay the fee, it came out of Athletics general funds account.

**Spirit Pack:**

Mr. Lowe stated that the spirit packs were for both JV and Varsity. Mr. Lowe admitted he did not follow-up on ordering the spirit packs after being told by the Treasurer that two (2) of the vendors he initially chose to order the spirit packs from, were not on the District’s approved vendor list, and stated that it just “got away from him.” Mr. Lowe stated that he just recently placed the order for the Spirit Packs. Mr. Lowe stated that he did not communicate with the parents to let them know the status of the spirit packs, but instead, communicated to the players to just “give him time.”

**Fundraisers:**

Mr. Lowe stated that the team had two fundraisers, the cookie dough, and the car wash. Mr. Lowe stated that the fundraisers did not do well, but could not give the exact numbers. Mr. Lowe stated that the fundraisers are to offset costs for the football team such as recondition helmets, buy new helmets, shoulder pads, pay for transportation to games, pay for team meals, and pay for referees for the games. Mr. Lowe also stated that the team (Varsity) expressed that they wanted new uniforms. Mr. Lowe stated based on his estimate, the total for the team to purchase new uniforms was approximately $8,000, and therefore, the total obligation for each player was $100 (for 55 players prior to five (5) players leaving/not making the team). Mr. Lowe stated that the uniform fee was not paid by the players, and therefore, the new uniforms could not be purchased.

**Bill Tome’ Basketball Fundraiser:**

Mr. Lowe stated this year was the first year of the Bill Tome’ Basketball Tournament that was held at Boynton Beach Community High School on December 17, 2016. Mr. Lowe stated that after discussing fundraising ideas with Mr. Tome’, he and Mr. Tome’ agreed that any funds that were taken in at the gate for the basketball tournament, would be split, and a donation would be given to the Boynton Beach High School Football program on behalf of the Bill Tome’ Basketball Tournament. Mr. Lowe stated that the school only made approximately $200, and that Mr. Tome’ lost money due to Mr. Tome’ personally paying for the players shirts and other items.
Youth Football League:

In reference to the Youth Football League, Mr. Lowe stated that there is an Interlocal agreement between the City of Boynton Beach and the School District whereas the City of Boynton Beach has a youth football league called the Boynton Beach Wildcats. The Boynton Beach Wildcats are allowed to utilize the facilities of the school in accordance with the Interlocal agreement. Mr. Lowe stated that each year, the youth league has a ‘superbowl’ however; Mr. Lowe stated that the league is responsible for their own expenses, and there is no money given to the school/football team in order for the league to play at the school. Mr. Lowe stated that there is a lease agreement between the league and Boynton Beach Community High School, and the lease payments go to the District for use of the facility. Mr. Lowe stated no one from Boynton Beach Community High School works for or receives compensation from the youth league. Mr. Lowe stated that the only District employee that assists the league in any way is Boynton Beach High’s custodian because he/she has to clean the facility after the league’s use. Mr. Lowe stated that the City of Boynton Beach’s football league is a separate entity from the School District and Boynton Beach High has nothing to do with the Boynton Beach Wildcats other than the lease agreement. Mr. Lowe also stated that he did not have a written agreement with Michael Byrd, President of the Boynton Beach Wildcats, regarding a donation for the football team only a verbal agreement whereas, based on the number of vendors that the Boynton Beach Wildcats had present the day of the superbowl, a donation would be given to Boynton Beach High School Football team on behalf of the Boynton Beach Wildcats. For example, if there were 10 vendors and Boynton Beach Wildcats were charging the each vendor a fee for space in the amount of $100 per vendor, the total collected of $1,000 would be split 50/50 with Boynton Beach Community H.S. receiving $500.00. Mr. Lowe stated that he does not know how many vendors showed up for the event held on November 19 & 20, 2016 because he was out of town that weekend and did not attend the event. Mr. Lowe stated that to date (February 24, 2017), the school has not received any funds from the City of Boynton as it relates to the superbowl for the Boynton Beach Wildcats.

JV Football Games

Mr. Lowe stated that either he or Athletic Director Evan Carusso collected money at the gate. Mr. Lowe also stated for some of the JV games, money is collected and at others, the events are free of charge.

RESULTS OF REVIEW

Internal Accounts Explanation:

1-2010.00 -Football Jr. Varsity (JV)
1-2020.00-Football Varsity
1-0010.00-General Athletics
Fundraisers:

The OIG reviewed Check Requisitions and MCR’s for the 2016 football season to document how payments are being tracked for the JV and Varsity football teams. The account for Varsity is identified by account number 1-2020.00 (main account) and JV is identified by account number 1-2010.00 (main account). Both account numbers are specifically described in the District’s Internal Accounts Chart of Accounts-Fiscal Year 2017, page 2, which may be accessed via the School District’s website. For the purposes of identifying fundraisers, temporary accounts were set up in order to identify each specific fundraiser. For example, the cookie dough fundraiser was set up using decimalized account number 1-2020.10 under the main football account number of 1-2020.00. According to District Internal Accounts Manual (dated 7/16), chapter 4, page 2, “the purpose of the decimalized account is to track revenues and expenses from a specific fundraiser, field trip, or other student-related event. Temporary decimalized accounts must be closed out to the affiliated primary account before the end of the fiscal year.”

There were three (3) fundraisers for the 2016/2017 school year; car wash, cookie dough, and discount card fundraiser (See Exhibit 1, pgs. 1-12). The car wash closed out with a revenue of $120, the cookie dough fundraiser had a net profit of $503.20, and the discount card closed out with a net profit of $2916. In addition, on March 16, 2017, the OIG received documentation from Sales Representative Chet Maxcy of Leading Edge Fundraising (product supplier), regarding the cookie dough and the discount card fundraisers. Chet Maxcy provided a copy via email of the Leading Edge Fundraising Accounting Sheet for the discount card fundraiser (See Exhibit 1, pg. 11) which shows that Boynton Beach Community H.S. received 60% of the total sales of $4,860 ($2,916 net profit), and Leading Edge Fundraising received 40% of the total sales of $4,860 ($1,944). Chet Maxcy explained that the school has to meet the minimum requirement of selling 150 units in order to receive 40% of the profit. The school did not meet the minimum requirement of 150 units for the cookie dough fundraiser, and therefore received 30% of the total sales. However, the amount as represented by the trial balance in the District’s School Cash shows a net profit of more than 30% (47.79%) (See Table 1).

The District’s School Cash shows that each fundraiser opened and closed according to District Internal Accounts guidelines.

**TOTAL:** $3,539.20

Data Source: School Cash
Donations:

The OIG’s review of School Cash illustrated from August 2016 until January 2017, the football team received a total of $281.51 in donations (See Table 2) that went into football account #1-2020.00 (See Exhibit 2, pgs. 3-4). Of the total amount of donations given to the football team, $193 was from the Bill Tome’ Basketball Tournament. Related documentation on the Bill Tome’ donation is a MCR dated January 11, 2017. (See Exhibit 2, pg. 1/4). The account number on the MCR is listed as 1-2020.00 for account name football; the source is listed as ‘donation’ for a total donation of $193. District School Cash shows a credit in the amount of $193 dated January 13, 2017 with the description of “Donation Bill Tome’ Basketball” with a category of Athletics-Football, Varsity, deposit #1165, and cleared the bank on January 31, 2017 (See Exhibit 2, pg. 2/4). Donations appear to have been documented in the form of a MCR, and were accepted in accordance with School District Policy 6.04 in that “all school donations must be recognized by the principal or department head in writing.”

TOTAL: $281.51

Spirit Packs:

The OIG’s review of Check Requisitions shows a Check Requisition dated January 18, 2017, made payable to District approved vendor Paradise Embroidery, check# 14135 in the amount of $940 (the check cleared the bank January 31, 2017) (See Exhibit 3, pg. 4/4). On the Check Requisition, “Spirit Packs” is listed as the reason for the funds being spent (See Exhibit 3, pgs. 1/4). Prior to the start of the football season, the players’ (both JV and Varsity) were given a handout for the football team participation package. The handout outlines charges for the season for each player (See Exhibit 4). The total for the team participation package for the 2016 season was $250, detailed as follows:

$75  Insurance Fee (includes a $10 try-out fee and required athletic insurance fee of $65)
$50  Nike Spirit Pack (includes Nike compression shirt and Nike shorts)
$100 Uniform Fee (New Nike uniform, top & bottom)
$25  Team Meals
$250  TOTAL (PER STUDENT)

Monies Collected Reports (MCR) covering July 2016-August 2016 show payments made by each student (See Exhibit 5, pgs. 1-14). MCR’s show a total for account number 1-2020.01 (Insurance) of $2,625. However, the trial balance in the District’s School Cash system for Boynton Beach High School for insurance account (1-2020.01), has a total of $2,960, a
difference of $335 (See Exhibit 6). For account 1-2020.00 (main football account labeled as team fee on the MCR’s) the total is $3,298.40. The trial balance in the District’s School Cash system has a balance of $3,250 for account #1-2020.00, a difference of $48.40. Note: District Policy would dictate that the decimalized accounts be closed at the end of each school year, and any remaining funds, would be transferred to main accounts as it pertains to the sub-account. Therefore, the trial balance in School Cash and the MCR’s may not coincide until the end of the school year.

The account for Varsity shows deposits into both the main account (1-2020.00) as well as a few deposits going into decimalized account #1-2020.01. For example, Insurance shows deposits made to both 1-2020.00 as well as 1-2020.01 for insurance during the school year. Team Fees/Team Dues appear to have gone into the main football account #1-2020.00 totaling $3,250 (See Table 3). Table 3 also demonstrates a partial list of funds collected for the football teams including ticket sales for the 2016 football season. Also included are funds that the school must pay directly to the School District such as concessions, insurance; JV and Varsity (where applicable).

*Excludes General Athletics Account
JV Account (1-2010.00):

The OIG’s review of the trial balance for the JV account (1-2010.00) in the School District’s School Cash, shows only one payment (credit) in the amount of $65 with a description of “obligation payment.” However, under account 1-2020.00, there is a notation under description as JV Gate in the amount of $243 (this amount has been included in the ticket sales total in Table 3).

Youth Football Superbowl:

With regards to any money raised by the Boynton Beach Wildcats at the Youth Football Superbowl held on November 19 & 20, 2016, “external organizations are not accounted for in the school internal funds and are instead maintained by the external organization and not subject to district policy and procedures.” Internal Accounts Manual (7/16), chapter 1, page 1.

Youth Football Superbowl (Lease Agreement):

The OIG reviewed School District’s Tririga lease tracking system, and the lease payments made by the City of Boynton Beach’s Boynton Beach Wildcats. The OIG determined that the lease was paid in full on 12/7/2016 in the amount of $2,250 (See Exhibit 7, pgs. 1-5). District School Cash shows that the school deposited the lease funds on 12/13/16, and the deposit cleared the bank on 12/31/16 (See Exhibit 7, pg. 5/5). The lease agreement was executed according to District Policy. Also, in Tririga there is an executed Exhibit “B”, page 14 of the Interlocal Agreement (ILA) which, appears to have been signed by Principal Fred Barch (name is not legible). According to the ILA, the Principal signs Exhibit “B” of the ILA. The ILA was made between the City of Boynton Beach and the School Board of Palm Beach County for mutual use of recreational facilities. The ILA allows the Boynton Beach Wildcats use of Boynton Beach Community H.S. facilities (See Exhibit 7, pg. 4/5). (See Exhibit 8, pgs. 1-15 for the fully executed ILA, which was also approved for legal sufficiency). The OIG contacted Michael Owens, Sr. Planner, Planning and Intergovernmental Relations, who verified that the ILA is good for five (5) years; however, a new ILA has not been completed for 2017.

CONCLUSION

In conclusion, Assistant Athletic Director Errick Lowe admitted during the interview on February 24, 2017 conducted by the OIG that he did not keep in contact with the parents of the football players regarding the status of the Nike Spirit Packs, and would only relay messages to the students regarding the delivery of the Nike Spirit Packs. The OIG has concluded that best practice would be for all conversations relating to money and other equally important matters are communicated directly from school staff to the parents. Moreover, the Nike Spirit Packs were ordered after the 2016 football season (January 2017), and therefore, parents that have already made full payment for the Nike Spirit Pack, should be given a refund by Boynton Beach Community H.S. Note: Table 3 illustrates that two (2) parents have been reimbursed for football related fees thus far; however, at this time, it cannot be determined if these refunds were for the Nike Spirit Packs.
The OIG’s review of the MCR shows funds collected being placed into specific accounts such as account #1-2020.00 for the football team, and the total collected from each player is then divided into the accounts where funds are to be directed. However, the school’s current method of documenting receipt of funds does not clearly illustrate how the payments are being divided and tracked документed between the different accounts when the players make partial payments. For example, a student may make a payment of $100, which is then divided in portions; a portion for insurance, a portion for a team uniform. However, it is not clear when the students paid in full for the season or made partial payments, and how those payments were applied in terms of written documentation. For example, the total package/team fee was $250, but according to the MCR, only nine (9) players paid the full amount of $250, leaving approximately 41 players to make payments throughout the school year (See Exhibit 5, pgs. 1-14). Additionally, the JV account shows very little activity. It appears that the funds that come into the football program go into either the main football account (1-2020.00) or the General Athletic Account (1-0010.00) or a decimalized account throughout the school year.

The trial balance from July 2016-January 2017 shows the amount of fees, dues paid out by the football program. This would include items such as payments being made to the Florida High School Athletic Association, for referee expenses, and paying the School District, totaled $38,095.95. Total generated by the football program for items including, but not limited to fundraisers, obligation payments made by players, and donations totaled $30,883.16, leaving a $7,212.79 balance in the football account.

CONCLUSION

The OIG found no evidence that malfeasance or misappropriation of funds took place. The allegation of misappropriation of funds is unsubstantiated.

RECOMMENDATIONS:

The OIG recommends a clearer means of documenting partial payments made by students, as well as better communication between the coaches and the parents.

The OIG also recommends that Errick Lowe, and other appropriate staff complete the District sponsored Bookkeeper Training, and online Internal Accounts Basic Training.

I've got a fundraiser in progress that the sponsor wants to carryover to next year. Is that possible? If so, do I just leave the decimalized account open? It's footall and they are selling the "discount" cards....

Thanks.

No, fundraisers can not cross fiscal years.... All fundraisers must be closed out before you begin your closeout. They can reopen it in July, as a new fundraiser, with the remaining inventory and continue sales in a new fundraising account.
