EXECUTIVE SUMMARY

March 8, 2022

TO: School Board Members

THROUGH: Michael J. Burke, Superintendent *MJB*

FROM: Edward C. Tierney, Deputy Superintendent/Chief of Schools *et*
Glenda Sheffield, Ed.D., Chief Academic Officer *G.S.*
Adam Miller, Ph.D., Assistant Superintendent, Performance Accountability *am*

SUBJECT: GRADUATION RATES OF STUDENTS MATRICULATING FROM DISTRICT-OPERATED ELEMENTARY AND MIDDLE SCHOOLS

The attachment provides a summary of the District's most recent graduates from District-operated elementary and middle schools that attended Grade 5 and Grade 8, respectively. While this information is lagging (by seven years in the case of elementary schools and four years for middle schools) it provides feedback to the elementary and middle schools as to the K-12 education outcomes for the students they served. Four tables are provided as described below.

Table 1. Graduation Rate by Elementary School, FY21 Graduating Cohort

Table 1 summarizes the graduation outcomes of the FY21 Grade 12 students by school attended for Grade 5 in FY21. Students matriculating from 39 of our 108 (36%) District-operated traditional elementary schools achieved graduation rates of 95% or higher. Students who attended Beacon Cove Intermediate and JC Mitchell Elementary achieved the highest rate (100%), while those at Pleasant City (63%) had the lowest.

Table 2. Elementary School Feeder Patterns, FY21 Graduating Cohort

Table 2 shows the schools for Grade 5 enrollment and the graduation high schools for students who graduated from FY19 to FY21. Only elementary - high school combinations with ten or more students in the FY21 graduating cohort are displayed. Of the 200 elementary - high school combinations summarized, 154 (77%) had graduation rates of 95% or higher. From FY20 to FY21, 24 of the 200 (12%) elementary - high school combinations showed increased graduation rates of five percentage points or more, while 33 (16.5%) showed decreases of five percentage points or more.

Table 3. Graduation Rate by Middle School, FY21 Graduating Cohort

Table 3 summarizes the graduation outcomes of the FY21 Grade 12 students by school attended for Grade 8 in FY17. Students attending 13 out of the 36 (36%) District-operated traditional middle schools achieved graduation rates of 95% or higher. Students at Bak Middle School of the Arts and The Conservatory School attained graduation rates of 100%; while those at John F. Kennedy (78%) had the lowest graduation rate.

Table 4. Middle School Feeder Patterns, FY21 Graduating Cohort

Table 4 shows the schools for Grade 8 enrollment and the graduation high schools for students who graduated from FY19 to FY21. Only middle - high school combinations with 10 or more students in the FY21 graduating cohort are displayed. Of the 154 middle - high school combinations summarized, 107 (69%) registered graduation rates of 95% or higher in FY21. Increases of five or more percentage points registered among 36 of the 154 (23%) middle school - high school feeder patterns; decreases of five or more percentage points were found at 21 (14%) of the combinations.

Recommended Next Steps

School staff are encouraged to use the attached information for inquiry and introspection. Suggested guiding questions include:

- How do your student outcomes compare to the overall District graduation rate?
- How do your student outcomes compare to the outcomes of students matriculating from other similar schools?
- Do your student outcomes differ depending on the high school attended?

Staff are further encouraged to discuss with other schools (both within the same level and vertically aligned schools) to identify actions that may improve outcomes for students.

Attached, please find the full data summary. If you have questions regarding results, please contact Paul Houchens, Director, Research and Evaluation at 561-434-8780.
