Boca Raton Community Middle School is committed to providing a world-class education with excellence and equity to empower each student to reach his or her highest potential with the most effective staff to foster the knowledge, skills, and ethics required for post-secondary education, responsible citizenship, productive careers, and success in a global society.

SDPBC Policy 8.12 (6.a) stipulates:
"Each school shall, in conjunction with the "Library Bill of Rights" (http://www.ala.org/ala/oif/statementspols/statementsif/librarybillrights.htm) of the American Library Association (ALA) and District policy, establish procedures for the evaluation, selection, management, and disposal of library media materials in conformance with this policy and Policy 8.1205 and shall record such in the school's collection development policy."

This collection development policy is a statement of the principles and guidelines used by The Boca Raton Community Middle School Library in the selection, acquisition, evaluation, and maintenance of library media center materials.

It will be used both in providing consistency among those responsible for developing the collection and in communicating the library media center's policies to faculty, students, and staff and other interested stockholders of the school community.

It is understood that this document is fluid and changes in the curriculum, demographics, information needs or programs of the school will mandate updates to the collection and its governing policies.

The acquisition and maintenance of the Library Media Center materials collection is a primary function of the library media staff. Collection development and management refers to the process of building and maintaining the library's entire materials collection, in print, non-print, audio visual and electronic formats so that they are available to every student at the time of need to support and enrich the student's educational experience.

The collection development process includes the formulation of policy and procedures, budget allocations, needs assessments, selection, collection maintenance and evaluation, de-selection and resource sharing.

The primary goal of the Media Center's collection development efforts is to build a current collection that supports the needs of the curriculum and the school community and maintains the recommended boundaries for size of collection, average age of collection and access to the collection.

This goal supports the information needs of students as defined by the mission and goals of the: School District of Palm Beach County; ALA / AASL Standards for the 21st Century Learner; Partnership for 21st Century Skills; International Society for Technology in Education (ISTE) National Education Technology Standards (NETS).
The Library Media Center recognizes its responsibility to respond to the reading, reference and research needs of the student body and faculty in an age of information abundance. The electronic catalog of resources for the school and the district is maintained by the Department of K-12 Instructional Materials and Library Media Services and is available at all times to students, faculty and parents.

The library is open every day that students and/or faculty are in attendance. Summer hours will be provided when the budget is available. Research and reference materials are available at all times through the district-wide electronic subscription databases. Interlibrary loan is available through district membership / participation in SEFLIN.

CRITERIA FOR SELECTING SCHOOL MEDIA/LIBRARY MATERIALS:

Materials considered for purchase are selected on the basis of the criteria established in SDPBC 8.21 (6.d): "In conjunction with the selection criteria above, library media specialists, teachers and administrators at each school location shall evaluate and select print and non-print materials for the library media center and classroom using several of the criteria outlined below, as appropriate for the media type. However, in accordance with Fla. Stat. § 847.012, criteria "xvi" and "xvii" below (relating to obscenity and copyright) must be two of the criteria used in the evaluation of all materials.

Boca Raton Community Middle School Library materials are selected for their educational significance. The materials are evaluated according to their aesthetic, literary and social value, appropriateness to student age and emotional maturity and relevance to the curriculum.

Boca Raton Community Middle School Library selects books which have been professionally reviewed. Print or non-print media including video footage that have been favorably reviewed by two or more professional sources such as a School Library Journal, Horn Book, Booklist, and/or Children's Catalog. Other reputable, unbiased, professional reviewing sources used for selection include: BookTalk, BookReport, Bulletin for the Center for Children's Books, Kirkus Reviews, Junior High School Library Catalog, Senior High School Library Catalog, Books for Secondary School Libraries, Book Links, T.H.E. Journal.

Boca Raton Community Middle School Library materials reflect sensitivity to the achievements, needs, and rights of men and women, all ethnic groups, and other
cultures.

The selection of library materials about political theories and ideologies, religion, public issues and controversial topics is directed toward maintaining a balanced representation with various opinions.

Library media center materials are judged as a whole, considering the author's/producer's intent rather than focusing solely upon individual pages, phrases, pictures or incidents taken out of context.

Other factors that are considered in the final decision to purchase new materials include their educational significance; need and value to the collection as a whole; and their relationship to the interests of students and curriculum course of study.

Boca Raton Community Middle School Library ensures that educational significance, appropriateness, accuracy, literary merit, scope, authority, translation integrity, technical quality, aesthetic quality and copyright are prioritized and followed. No books or other material containing pornography or otherwise prohibited by Fla. Stat. § 847.012 shall be used.

Electronic database subscriptions and online curricular software that are made available to the Boca Raton Community Middle School Library users on the school district's wide area network are selected using a similar educational criteria to that established for the materials in a school except availability and compatibility of technology hardware and software platforms are reviewed and resolved. In addition, the WAN maintains software that complies with the federally legislated Children's Internet Protection Act [CIPA] designed to protect children from obscene or adult-content material.

The library media collection includes all the resources available in the school library media center along with all those that students, faculty and administrators can access through interlibrary loan.

**Library Program**

Foremost among national standards for school library media center programs is the need to work collaboratively with teachers to develop meaningful information literacy lesson plans that integrate into classroom learning. At Boca Raton Community Middle School, the Library Media Specialist will use C-PALMS as a mechanism to review the standards being taught at each grade level, and work with the classroom teachers to develop compatible lessons and provide resources that support classroom learning.

The library is open throughout each day that students are in attendance to ensure equitable access for all students to library media resources.
The school administration and faculty are aware that recent research documents the improvement in student learning gains when the school library is available to the student at the point of need. At Boca Raton Middle School the library is open from 9:00 a.m. to 4:15 p.m. During FY 24, the library will be open from 9:00 a.m. to 4:15 p.m.

Furthermore, the Library Media Specialist is focusing her resources on the district’s strategic plan of ensuring high school readiness, including academic achievement, behavior, and engagement. Lesson plans are designed by the Library Media Specialist to address relevant Florida Benchmarks for Excellent Student Thinking (B.E.S.T.) Standards, utilizing a variety of media, including fiction and nonfiction books, online databases and research tools. Educational programs are available to students through the School District of Palm Beach County Learning Tools page.

Through the Library Program we produce the morning news daily. Sharing upcoming school events and successes with the student body. Furthermore, we create the annual yearbook for the school, recording, highlighting and commemorating the school year.

Goals and Objectives

1. Increase the circulation rate of books by 20% in the next academic year. Track the number of books circulated each month and compare them to the previous year's records. Plan targeted marketing campaigns with book trailers in the morning news to increase student interest in reading and borrowing books. Higher circulation rates demonstrate an active and engaging media center library program.

2. Install new multimedia equipment and interactive displays in the media center by the end of the current academic year. Document the installation of multimedia equipment and record the frequency of use. Research and identify the best multimedia equipment that meets the media center's needs, allocate funds, and collaborate with IT personnel to install and maintain the equipment. Enhancing technological capabilities can help foster digital literacy skills among students and provide them with new learning opportunities.

3. Add 100 new titles to the media center's collection of books and digital resources by the end of the academic year. Record the number of new titles added and compare them to the previous year’s records. Identify gaps in the current collection, conduct a survey of student and teacher preferences, and allocate funds to purchase new titles. A diverse and up-to-date collection can cater to the different learning styles and interests of students and support academic success.
Budget and Funding

*The LMC is given a school-based operating budget at the beginning of every school year. The Boca Raton Community Middle School administration uses a formula to disperse the appropriated funds. The budget for the 2023-2024 school year is expected to be similar to the 2022-2023.*

Such materials will meet the same criteria as resources, which are purchased. Gifts that are not deemed appropriate for the school collection may be disposed of at the discretion of the School Librarian who can consult if needed with the Library Committee assigned to provide oversight to the library media program.
A librarian, regardless of education and training, is not considered by the Internal Revenue Service (IRS) to be qualified to place a value on gift books and other used materials unless the librarian is a certified appraiser of such materials. In acknowledging gifts, the library may write a letter indicating how many, of what kind of material, has been given (i.e., 10 trade paperbacks in excellent condition or 56 hardcover adult nonfiction books about animals) but the library cannot say how much such materials might be worth. Furthermore, material is considered used unless the library buys it directly even if the donor has not read the book, if they own it or just bought it and then gave it to the library, it is considered used and should not be referenced in the letter as "new."

Any books gifted or donated to the school must meet the same selection criteria as all other materials. No materials will be added to the collection if they are out-of-date or age-inappropriate material simply because they were donated. All gifts and donations must follow the same processes as new book orders.

**Collection Maintenance**

Inventory will be completed on a three-year rotation as per Board Policy 8.12 (5). In 2023, we completed a full inventory of the library media collection. In 2024, we will inventory Non-fiction, In 2025 Fiction.

Per Florida Statute governing Instructional Materials, instructional material stored in the library must be inventoried annually. To facilitate the circulation and inventory process, Destiny Library Manager Software has been made available to all schools.

Processing specifications for media items including books are maintained centrally by the Department of Instructional Materials and Library Media Services. The specifications are followed by vendors, by Library Media Services and by individuals at schools who process material. Schools are discouraged from processing instructional materials. Such items can be sent to the central processing center at Library Media Services while library staff focuses on services to students and faculty.

Destiny Library Manager Software can generate numerous reports on circulation and average age of collection. These reports can be one indicator of the success of a library media program. Select reports therefore are posted on the district’s web page under Library Media Services.

While the library at Boca Raton Community Middle School works to eliminate barriers that inhibit students from accessing and using reading, reference, and research materials, the responsibilities of students, parents and teachers for lost or damaged Instructional Materials is outlined in SDPBC Policy 8.1225. Students, parents and teachers are held accountable for lost or damaged material.

Fines for late material are discouraged in elementary and middle school where lessons
on borrowing, self-responsibility, civic duty and the purpose of libraries are ongoing. Boca Raton Community Middle School does not impose late fees for overdue materials. However, fines will be imposed for lost or damaged books.

Weeding of materials and resources is essential for the maintenance of a healthy reading, research and reference library collection. Weeding is a form of quality control of the collection in which outdated, inaccurate and worn-out materials and equipment are discarded from the electronic catalog and physically removed from the collection.

The School Librarian is responsible for the on-going maintenance of a quality collection which includes procurement of new materials and discarding of ineffective items. Teachers, administration and the school library committee assist in the re-evaluation and systematic deleting of materials and equipment to ensure that the collection remains responsive to user needs, changing curriculum and advancing technology.

In coordinating this process, the School Librarian will follow objective criteria for removing materials and equipment from the media center, which include obsolescence, physical age and condition, and general inapplicability for continued inclusion in the existing collection. One popular criterion for weeding is found in the CREW Manual. The School District Of Palm Beach County Library Media Services department has made the complete CREW Manual in PDF at http://palmbeachschools.libguides.com/loader.php?type=d&id=875418.

Materials that are weeded can be disposed of in different ways. Keep in mind that media that is obsolete or has misinformation should be discarded in recycling bins to prevent inaccurate information from being shared. Other materials can be disposed of by:

a. Giving them to students for individual use

b. Recycling the materials for various instructional activities

c. Cannibalizing non-repairable parts or pages

d. Destroying (i.e. trashing in recycle bins) by any reasonable and safe method in accordance with Board Policy 7.12 (2)

The Superintendent shall dispose of tangible property (equipment, furniture, buses, vehicles, etc.) in accordance with Fla. Stat. § 1013.28(2), but he/she shall dispose of obsolete or surplus instructional materials as provided within Fla. Stat. § 1006.41 and School Board Policy 8.122(5).

During the 2023-2024 school year, the Boca Raton Middle School Library collection will go through a weeding of outdated worn books, as well as items that haven’t been circulated in several years due to lack of interest.

### Reconsideration of Materials

In the event of a challenge by a citizen of Palm Beach County, personnel at Boca Raton Community Middle School will follow SDPBC Policy 8.1205 – Challenge Procedures for Instructional Materials. Form PBSD 1113 Objections to Library Media Materials ([https://www2.palmbeachschools.org/formssearch/pdf/1113.pdf](https://www2.palmbeachschools.org/formssearch/pdf/1113.pdf)). Policy and form can be found in the appendix.
Appendix A

LIBRARY BILL OF RIGHTS

The American Library Association affirms that all libraries are forums for information and ideas and that the following basic policies should guide their services.

I. Books and other library resources should be provided for the interest, information, and enlightenment of all people of the community the library serves. Materials should not be excluded because of the origin, background, or views of those contributing to their creation.

II. Libraries should provide materials and information presenting all points of view on current and historical issues. Materials should not be proscribed or removed because of partisan or doctrinal disapproval.

III. Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment.

IV. Libraries should cooperate with all persons and groups concerned with resisting the abridgment of free expression and free access to ideas.

V. A person’s right to use a library should not be denied or abridged because of origin, age, background, or views.

VI. Libraries that make exhibit spaces and meeting rooms available to the public they serve should make such facilities available on an equitable basis, regardless of the beliefs or affiliations of individuals or groups requesting their use.

Adopted June 19, 1939.
Amended October 14, 1944; June 18, 1948; February 2, 1961; June 27, 1967; and January 23, 1980;

INTELLECTUAL FREEDOM

AMERICAN LIBRARY ASSOCIATION

THE FREEDOM TO READ STATEMENT

The freedom to read is guaranteed by the Constitution. Those with faith in free people will stand firm on these constitutional guarantees of essential rights and will exercise the responsibilities that accompany these rights.

We therefore affirm these propositions:

1. It is in the public interest for publishers and librarians to make available the widest diversity of views and expressions, including those that are unorthodox, unpopular, or considered dangerous by the majority.
2. Publishers, librarians, and booksellers do not need to endorse every idea or presentation they make available. It would conflict with the public interest for them to establish their own political, moral, or aesthetic views as a standard for determining what should be published or circulated.
3. It is contrary to the public interest for publishers or librarians to bar access to writings on the basis of the personal history or political affiliations of the author.
4. There is no place in our society for efforts to coerce the taste of others, to confine adults to the reading matter deemed suitable for adolescents, or to inhibit the efforts of writers to achieve artistic expression.
5. It is not in the public interest to force a reader to accept the prejudgment of a label characterizing any expression or its author as subversive or dangerous.
6. It is the responsibility of publishers and librarians, as guardians of the people’s freedom to read, to contest encroachments upon that freedom by individuals or groups seeking to impose their own standards or tastes upon the community at large; and by the government whenever it seeks to reduce or deny public access to public information.
7. It is the responsibility of publishers and librarians to give full meaning to the freedom to read by providing books that enrich the quality and diversity of thought and expression. By the exercise of this affirmative responsibility, they can demonstrate that the answer to a "bad" book is a good one, the answer to a "bad" idea is a good one.

This statement was originally issued in May of 1953 by the Westchester Conference of the American Library Association and the American Book Publishers Council, which in 1970 consolidated with the American Educational Publishers Institute to become the Association of American Publishers.

First Amendment of the Bill of Rights to the United States Constitution CONGRESS SHALL MAKE NO LAW RESPECTING AN ESTABLISHMENT OF RELIGION, OR PROHIBITING THE FREE EXERCISE THEREOF; OR ABRIDGING THE FREEDOM OF SPEECH, OR OF THE PRESS; OR THE RIGHT OF THE PEOPLE PEACEABLY TO ASSEMBLE, AND TO PETITION THE GOVERNMENT FOR A REDRESS OF GRIEVANCES.

The Bill of Rights to the U.S. Constitution was ratified on December 15, 1791

Policy 8.12 - Selection of Library Media Center Materials and Reading List Materials

1. **Adequate Library Media Materials.**-- Library media materials for the school’s Library Media Center, including print, non-print, serials [periodicals], electronic resources, computer software, video images, films, and instructional television programs, represent fundamental resources selected for schools to support instruction, promote reading, further the pursuit of knowledge through research and exploration, and provide information literacy experiences of educational significance for class groups, individual students, teachers and administrators. It is the shared responsibility of the State, District, and school, within budgetary constraints, to provide an adequate number and range of library media materials and resources in a variety of formats that are appropriate, timely, and essential to the attainment of specified educational objectives subject to District policy. It is also the responsibility of the State and District school to provide library media materials that represent the diverse cultures, ethnic groups, languages and religious beliefs of the community and that are free of bias, stereotypes, distortions, and prejudices.

2. **Reading List Materials.**-- Reading list materials are recommended or assigned materials school- wide or grade level.

3. **Purpose.**-- The Board believes that the selection of library media materials and reading list materials is within its jurisdiction pursuant to relevant statutory and constitutional laws. The library media center, within budgetary constraints, shall contain a comprehensive collection of materials and equipment, in a variety of media formats that are accessible to students during the school day, to:
   a. Promote the development of lifelong reading habits and information literacy skills in students;
   b. Provide a broad background of information resources in areas of knowledge;
   c. Support the general educational goals of the District and the objectives of specific courses, including materials that represent diverse points of view in order that young citizens may develop, under guidance, the practice of critical analysis of media and intellectual integrity in forming judgments;
   d. Meet the personal needs and interests of students, including materials that: nurture the development of recreational reading/listening/viewing, cultural appreciation, and aesthetic values; represent the many religious, racial, ethnic, linguistic, and cultural groups in our society and reflect their contributions to the heritage and culture of our civilization; foster respect for the diverse roles available to women and men in today's society; and provide access to materials in heritage language as stipulated by the META agreement.
e. Support the professional needs of teachers and administrators; and

f. Introduce new instructional technologies into the learning environment.

4. Choice.-- Library media materials are available to students and staff as optional resources and are usually not mandatory reading as is the case with textbook instructional materials.

Library media that is sensitive or mature may not be appropriate for all readers in a school but remains a part of the collection to address the needs of some of the reading community if it meets the selection criteria of the school. Educators and library media specialists should be sensitive to the reading level, belief system, interest level and maturity level of students when helping make selections for individuals, reading aloud to groups, or when having whole class participation in a reading project. If a parent or adult student states a reasonable objection to library reading material assigned to a class, comparable instruction will be made available for the student through an alternate reading assignment without penalty.

5. Use of Library Media Materials Allocation.-- School principals are responsible for ensuring that operating budget and state categorical funds are used to purchase library media materials that reinforce instruction and stimulate leisure reading for the students enrolled at the grade level(s) for which the materials are designed and to effectively communicate to parents the manner in which materials are used to implement the curriculum of the school under Fla. Stat. § 1006.40.

6. Management of Library Media Materials.-- Following practice and precedent, the school library media centers in Palm Beach County will arrange media and materials according to the Dewey Decimal Classification System. Library media materials acquired with funds from the General Appropriation Act of the State of Florida are to be cataloged and inventoried as part of the library media collection. Library media materials may be inventoried in one to three year cycles.

7. Selection.-- HB 1467 (2022), amending Fla. Stat. § 1006.28 provides selection requirements.

a. Initial Review Process

i. “Each book made available to students through a school district library media center or included in a recommended or assigned school or grade-level reading list must be selected by a school district employee who holds a valid educational media specialist certificate, regardless of whether the book is purchased, donated, or otherwise made available to students.”

ii. For resources needing additional review by District Library Media Services, school-based certified library media specialists or principal designee will use PBSD 2671, attached hereto and incorporated as part of this policy, to solicit additional input.

b. The School Board is herein adopting “procedures for developing library media center collections” and shall "post the procedures" on each school’s website within the District.

c. Each elementary school [1] must “publish on its website, in a searchable format prescribed by the [Florida Department of Education], a list of all materials maintained in the school library media center (as defined by SBER 6A.7.0713, including classroom libraries) or required as part of a school or grade-level reading list.”

d. Per HB 1467 (2022), § 1006.28 (2) (d), these procedures for developing library media center collections must:

i. "Require that book selections meet the criteria in s. 1006.40(3) (d).”[2]

iii. “Provide for library media center collections based on reader interest, support of state academic standards and aligned curriculum, and the academic needs of students and faculty.”

iv. “Provide for the regular removal or discontinuance of books based on, at a minimum, physical condition, rate of recent circulation, alignment to state academic standards and relevancy to curriculum, out-of-date content, and required removal pursuant to subparagraph (a) 2.” [5]

In addition to regular review, removal, or discontinuance by a school library media specialist, the Superintendent or designee, even without an Objection or challenge, has the authority to remove library media materials or materials on reading lists based on statutory considerations.
The basis for the removal shall be documented. Removal procedures regarding an Objection are based on Statute and/or School Board Policy 8.1205 Objection Procedures for Instructional Materials.

e. The District may restrict access to school library media and reading list materials from students in grade Kindergarten through Grade Three if such materials instruct on sexual orientation or gender identity because HB 1557 (2022) prohibits such instruction.

8. Additional Selection Criteria
   a. Materials for use in school media centers or classroom library collections shall be carefully selected subject to the requirements stated above in Paragraph 7. A choice of materials that support the instructional program and promote reading shall be available to students and professional staff to allow for varying achievement levels, interests, and teaching/learning styles. Each school shall, in conjunction with the "Library Bill of Rights" (https://www.ala.org/advocacy/intfreedom/librarybill) of the American Library Association ("ALA"), State Statute, and District policy, follow District procedures for the evaluation, selection, management, and disposal of library media materials in conformance with this Policy and Policy 8.1205. Annually, the District requires using the selection criteria and the removal criteria referenced in this Policy to have library media specialists evaluate their collection in order to write a School Collection Development Plan to enhance their individual library programs that align to the District required components. They will share that plan with both their principal and District Library Media Services. Once the plan is approved, the school will post the school’s plan on the school website. District Library Media Services will offer annual training on this process.
   b. The "Library Bill of Rights" referenced herein is to be used as a suggested guideline. To the extent that there are inconsistencies between the guidelines in the "Library Bill of Rights" and State Statute, or District policy, State Statute and District policy shall take precedence and shall govern the selection, retention and disposition criteria of library media materials for library media centers and classrooms.
   c. Selection of materials shall also be consistent with the provisions in the School Board’s collective bargaining agreement with CTA relating to academic freedom and responsibilities—Article II, Section K—to the extent those provisions are applicable.
   d. Moreover, consistent with Fla. Stat. § 1006.28 (2) (a) 2, library media materials must be suited to student needs and their ability to comprehend the material presented.
   e. In conjunction with the selection criteria above, employees holding a valid educational media specialist certificate (with the required training once it is available as stated in Paragraph 10 below) at each school location or if a qualified person is not employed at the school, by another District employee with these qualifications, shall evaluate and select print and non-print materials for the library media center using several of the criteria outlined below, as appropriate for the media type. Any library media material containing pornography or otherwise prohibited by Fla Stat. § 847.012 as harmful to minors may not be used or made available within any public school.
   f. Additional criteria used in evaluating and selecting all materials include:
      i. EDUCATIONAL SIGNIFICANCE. -- Material is valuable to an individual course of study or to the library media collection; the degree to which the material would be supplemented and explained by mature classroom instruction.
      ii. APPROPRIATENESS. -- Material is geared to the age, maturity, diverse interests, and learning levels of students for whom it is intended. Reading levels and Lexile’s are considered to provide a range of material that challenges the student and guides their selection process.
      iii. ACCURACY. -- Nonfiction information is correct, recent, and objective.
      iv. LITERARY MERIT. -- Fiction that has a noteworthy plot, setting, characterization, style and theme.
      v. SCOPE. -- Content is covered adequately to achieve its intended purpose.
      vi. AUTHORITY. -- The author, editor, or producer has a superior reputation for producing materials of this nature.
      vii. SPECIAL FEATURES. -- The item has maps, charts, graphs, glossaries, and/or other learning aids that support the content, are unique or are valuable.
      viii. TRANSLATION INTEGRITY. -- Material translated from one language to another maintains the stylistic characteristics of the original.
ix. ARRANGEMENT. -- Concepts are presented in a logical sequence and in a way that assures learning.

x. TREATMENT. -- Typeset, visuals, style, and/or medium captures and holds the student's attention.

xi. TECHNICAL QUALITY. -- Sound is clear and audible; visuals project clearly.

xii. AESTHETIC QUALITY. -- Material is superior to similar items in attractiveness and presentation of content.

xiii. POTENTIAL DEMAND. -- Item has particular timeliness or popular appeal.

xiv. DURABILITY. -- Material has the potential for frequent use or is of a nature that it will be considered consumable.

xv. COPYRIGHT.-- Library media materials used in a school shall be procured and used in accordance with federal, state and District copyright laws, rules, and policies as referenced in School Board Policy 8.121.

xvi. GRAPHIC NOVELS AND PERIODICALS.-- In addition to the above criteria, all pictures are to be reviewed for appropriateness prior to placing the graphic novel or periodical into circulation.

9. Compliance
   a. Per HB 1467 (2022), school principals are responsible for overseeing compliance with school district procedures for selecting school library media center materials at the school to which they are assigned.

   b. Support toward compliance is available when the assigned school library media specialist(s) attend professional development/training hosted by the District Library Media team.

10. The Florida Department of Education (FL DOE) is developing an online training program by January 1, 2023 for school librarians, media specialists, and other personnel involved in the selection and maintenance of library media and collections or materials maintained on a reading list. These persons must complete this training once it is available before reviewing and selecting age appropriate materials, reading list materials, and library resources.

11. Per Fla. Stat. § 1006.29 (6), no later than July 1, 2023, and annually thereafter, the Superintendent must certify to the FL DOE that all school librarians and media specialists employed by the District have completed the FL DOE online training program.

**Policy 8.1205 - Objection Procedures for Instructional Materials, Library Media Materials, and Supplemental Classroom Materials, including Reading Lists**

This Policy does not apply to the 30-day post-adoption challenges to specific instructional materials by parents or County residents in compliance with Fla. Stat. § 1006.28(1) (a) (3). The procedures to follow for those challenges are outlined in School Board Policy 8.122, subparagraph (3)(g).

In addition, the Superintendent or designee, even without an objection or challenge, has the authority to remove instructional materials, library media materials, supplemental classroom materials on reading list based on statutory considerations. The basis for the removal shall be documented.

This Policy implements Fla. Stat. § 1006.28 (2)(a)2 relating to: objections by parents or this County’s residents to: a) instructional materials more than 30 days after adoption of instructional materials and b): library media materials, including reading lists, and non-adopted classroom materials. The procedures to follow for those challenges are outlined below; however, a parent or a resident of this County has the option to speak and proffer evidence at the Board hearing on adopting instructional materials and the Board adoption meeting without having followed the procedures below.

1. **Grievance Procedures Concerning Core Instructional Materials, Library Media Materials, Reading Lists, and Supplemental Classroom Instructional Materials**

   a. The Superintendent or his/her designee is authorized to administer the following procedures in accordance with federal and state law.

   b. Any resident of Palm Beach County, or emancipated student or parent of a child attending public school in Palm Beach County may file an objection with a school or the Board Clerk concerning the use of or content in instructional materials, library media materials, and supplemental classroom materials, including reading lists.

   c. The parent or resident will be provided the opportunity to proffer evidence on the grounds stated within Fla. Stat. § 1006.28(2)(a)(2), relating to instructional materials, library media materials, and supplemental classroom materials, including reading lists.

   d. Challenged materials may be removed from use in the school where the objection was initiated after the procedures of this Policy have been completed or if it is agreed by the District at any of these stages. Per Fla. Stat. § 1006.28(2)(a)(2), if the School Board “finds that an instructional material does not meet the criteria under sub-subparagraph a. or that any other material contains prohibited content under sub- subparagraph b., the school district shall discontinue use of the material for any grade level or age group for which such
use is inappropriate or unsuitable."

e. Objections filed by a parent or emancipated student shall be heard in the school in which that student is registered. If the parent has children at different schools in Palm Beach County, then the objection must specify which school(s) the objection pertains to and it will be heard in that/those school(s). If the objecting party is not the parent of a child in the School District, the objection will be assigned to the appropriate school within the boundary corresponding to the residence of the objecting party for review if the material is located at that school or to the school in close proximity where the material is located.

2. **School Level: Informal Complaint**

a. Any complaint arising out of the use of a material in a school shall be registered in writing with the principal of the school. Within five school days of the receipt of the complaint, the principal and/or his/her designee and the appropriate staff member(s) shall meet with the complainant to explain:

i. the school's selection procedures for these materials;

ii. the criteria used for the selection of these materials;

iii. the role that the material in question has in the school's curriculum or library media center or classroom collection; and

iv. whatever additional information is deemed needed regarding the item's use.

b. If the complainant is not satisfied with the explanation and desires to file a formal complaint, the formal procedures below shall be followed.

3. **School Level: Formal Complaint**

a. As stated in Policy 8.122, objections to instructional materials and Supplemental Classroom Materials, including Reading Lists, shall be filed on form PBSD 2569 (Petition to Object/Objection to Instructional Materials), which is part of this policy and incorporated herein as part of this Policy. The form can be found on the District's forms website at: [https://www2.palmbeachschools.org/formssearch/pdf/2569.pdf](https://www2.palmbeachschools.org/formssearch/pdf/2569.pdf).

b. For objections to Library Media Materials, the complainant shall file form PBSD 1113 ("Objection to, Library Media Materials") and this form can be obtained from the Principal or a designee. A copy of the form is also available on the District's forms Web site at [https://www2.palmbeachschools.org/formssearch/pdf/1113.pdf](https://www2.palmbeachschools.org/formssearch/pdf/1113.pdf) and is incorporated herein by reference as part of this Policy.

c. The complainant shall sign and sufficiently complete the applicable form in its entirety for each material to be considered, including stating the basis of the objection, retain one copy, and send one copy of the completed form to the principal of the school. Failure to sufficiently fill out the form along with complainant's signature will result in the rejection of the form and no formal review process under this subsection will be initiated.

d. A challenge to the same material(s) by multiple challengers within one school can be consolidated into one challenge for consideration by the School Materials Review Committee, Principal, Superintendent, District Material Review Committee, and School Board (the reviewing persons and entities) as set forth in the below proceedings.

e. A challenge to multiple materials will require additional preparation time for the reviewing persons and entities set forth below. A challenge of more than five materials will add an additional two (2) days per item to the time deadlines for the school or District actions that are specified within this Policy.

f. For materials used in that school, the form and the material in question shall be studied by a School Materials Review Committee appointed on an ad hoc basis by the school Principal. Representation on the School Materials Review Committee should reflect the diversity of the District and school, and the following provisions apply:

i. The committee shall consist of the Principal or his/her designee of the school where the complaint was made; two teachers in the appropriate subject area/grade; one teacher from another subject area/grade; a library media specialist; a guidance counselor; one student from the appropriate grade level or a student who is accomplished in the specific subject area (middle and senior high school only); one layperson from the school's Parent-Teacher Association or the School Advisory Council; a representative designated by the Regional Superintendent, and a representative from the District department representing Instructional Materials and/or Library Media Services.

ii. The School Materials Review Committee shall meet within fifteen (15) school work days of receipt by the Principal of the reconsideration form. The complainant shall be notified of the committee's meeting

The form can be found on the District's forms Web site at https://www2.palmbeachschools.org/formssearch/pdf/1857.pdf and is incorporated herein by reference.

i. The selection criteria in Policy 8.12(7), for media center, shall be made available to all interested persons.

ii. The recommendation to the Principal will be based on the selection criteria in School Board Policy 8.12(7) (for media center materials), State requirements and guidelines and School Board Policy 8.122 (for textbooks and instructional materials), and the following additional factors and criteria:

A. educational significance of the material;
B. appropriateness of age and maturity level;

D. summation of the professional reviews on the media;
E. literary merit;
F. validity, accuracy, objectivity, and up-to-date and appropriate information;
G. freedom from stereotypes, bias, prejudice or distortion; and
H. timeliness or permanence.

A. In addition, the recommendation shall also consider the provisions in the School Board's collective bargaining agreement with CTA relating to academic freedom and responsibilities--Article II, Section K--to the extent those provisions are applicable. However, pursuant to current case law, the committee may not recommend removal of non-curricular books from the school's media center or classroom simply because a majority of the committee dislikes the ideas or the points-of-view contained in the media center instructional or supplemental classroom instructional materials.

h. Committee's Recommendation to the Principal. -- The committee's final recommendation shall be immediately forwarded to the school Principal and may be any or a combination of the following:

ii. leave the challenged material in the classroom or library media center, but allow students to use alternate materials approved by school personnel who require the use of the disputed item;

iii. limit the educational use of the challenged material;

This written communication must inform the complainant of the next level of appeal under this policy and the time deadline if the decision is not the relief sought by the objecting party. Such communication shall be sent by regular U. S. Mail, and certified mail, return receipt requested.

4. District Level: Formal Appeal. -- The complainant may appeal the Principal's decision to the Superintendent, subject to the following provisions.

   b. Access to challenged materials shall not be restricted during the reconsideration process; the materials shall remain in use unless the School Materials Review Committee, through formal vote, recommended removal of the instructional materials to the Principal, and the decision to remove is made by the Principal.

   c. Within twenty (20) calendar days of the date of the Principal's decision, the complainant shall notify the Superintendent in writing of the request to appeal. Failure to comply with these requirements will result in the appeal not being considered.

   d. Within twenty (20) school work days of receipt of such request, the Superintendent or his/her designee and appropriate staff shall review the action taken at the school level and issue a decision based on the same criteria set forth in subsection (3)(g) above and with the same alternative results as set forth in subsection (3)(h) above. If the decision does not include further review by the Superintendent/designee (and District Materials Review Committee), the complainant shall be so notified of the decision and be informed of the ability and deadline to request in writing an appearance to appeal directly to The School Board of Palm Beach County, Florida in accordance with this Policy. Notice to the complainant shall be made by regular U. S. Mail and certified mail, return receipt requested.

   e.       case law, the committee may not recommend removal of non-curricular books from the school's
