Purpose of Collection Development Policy

This collection development policy is a statement of the principles and guidelines used by John I. Leonard High School Library Media Center in its selection, acquisition, evaluation, and maintenance of materials. It will be used both in providing consistency among those responsible for developing the collection and in communicating the Library Media Center’s policies to faculty, students, staff, and other interested members of our school community. It is understood that as the programs and information needs of the school change, the collection development policy will change to meet these needs.

Another key element of this collection policy is ensuring that books are accessible to all students, regardless of reading level or learning style. This means that priority will include a range of books that are appropriate for different reading levels, from emergent readers to advanced readers. Additionally, the collection will include books in various formats, such as audiobooks, graphic novels, and e-books, to cater to students who may have difficulty with traditional print materials.

The policy ensures that the library's collection is up-to-date, diverse, and relevant to the needs and interests of John I. Leonard students. By providing students with access to a range of high-quality books and materials, this policy can help to promote a love of reading and learning that can last a lifetime. Additionally, we are committed to creating a welcoming and inclusive environment in the library, where all students feel valued and supported in their reading journeys.

Background Statement & School Community

John I. Leonard High School offers a variety of specialized academies and programs that cater to students' unique interests and skill sets. These programs allow students to explore and develop their passions in specific areas. For instance, the Academy of Finance provides students with a comprehensive understanding of business and finance, while the Computer Technology Academy emphasizes technology and computer science. The International Spanish Academy, on the other hand, promotes language learning and cultural awareness, while the Medical Academy prepares students for careers in healthcare. The Culinary Arts Program and Fashion Design Program provide hands-on learning opportunities for students interested in pursuing careers in these fields. All in all, this high school provides a diverse and engaging educational experience that caters to the needs and interests of a wide range of students.

The school serves a vast diverse community with a total student population of 3,483 as of March 2023. The community is made up of students from various racial backgrounds, with 10% identifying as white, 19% as black, 66% as Hispanic, 2% as Asian, 1% as Indian, 1% mixed race and 1% other. The student population is fairly evenly split in terms of gender, with 52% male and 48% female students. Considering the diverse racial backgrounds of the students, it is important to select library resources that are culturally relevant and inclusive, representing a variety of racial, ethnic, and cultural
perspectives.

Our school library plays a vital role in the education of our community's economically disadvantaged students. With 89% of our student body qualifying for free or reduced lunch, it is crucial that we provide access to books, computers, and other learning materials they may not have at home. By offering these resources, we can help level the playing field for these students and ensure that they have the same opportunities as their more advantaged peers. Our library strives to be a welcoming and inclusive space for all students, regardless of their economic background, to explore and learn.

As a school community, we recognize the importance of supporting our English language learners. With 14% of our student population being English language learners, it is crucial that we provide resources to help them succeed. Our library literacy collection includes fiction and nonfiction books with content focused on genres for teen English language learners, which can prove to be valuable in supporting emergent readers. By having a variety of books that cater to their specific needs, we can encourage our English language learners to not only improve their language skills but also develop a love for reading.

At our school, we strive to meet the diverse learning needs of all of our students, including the 12% who have identified exceptionalities. To support exceptional students in the school library program, we provide accessible resources such as large print books, digital resources with assistive technologies, and easy reading books. We believe that all students deserve equitable access to our library collection, and we work to ensure that our materials meet the needs of all learners. We are committed to providing an inclusive and welcoming environment for all students, and we are always seeking new ways to support exceptional learners in our library program.

The school community is linguistically diverse, with students who speak languages other than English at home, such as Spanish, Creole and French. The library acknowledges the importance of providing resources in multiple languages to support the diverse needs of its students.

Overall, our school community is unique in its racial and ethnic diversity, economically disadvantaged students, English language learners, and exceptionalities. The library is committed to ensuring equitable access and support for all students by reflecting these characteristics in its programs, services, and resources.

**Responsibility for Collection Management & Development**

The responsibility for collection management and development for the John I. Leonard Library Media Center falls under the purview of the library media specialists. The media specialists are responsible for selecting, acquiring, organizing, and maintaining the library collection, as well as ensuring that it aligns with the mission and goals of the school.

In seeking stakeholder input, we engage with various stakeholders, including
administration, faculty, students, parents, and district stakeholders.

The media specialists often meet with John I. Leonard’s principal, faculty and other administrators to discuss the library’s collection development policy, where we share our vision for the library and ask for feedback and input on how to best support the curriculum, school's educational goals and the needs of the student body.

Students participate in the collection development process by providing their input on their reading interests, preferences, and needs. This is done through surveys, class visits, and other interactive activities to gather feedback on the types of books, genres, or formats they would like to see in the library collection. Students’ input help ensure that the collection is inclusive, diverse, and engaging for all learners.

Parents and caregivers are also encouraged to provide input on the types of resources they would like to see in the library collection. This is done through parent-teacher conferences, and other parent engagement activities. Parents can provide feedback on the appropriateness of the resources for different age levels, cultural relevance, and overall educational value.

**School Mission Statement**

John I. Leonard High School will provide students with a safe, positive learning environment in which each student is encouraged to achieve his or her highest level of educational excellence and acquire the skills necessary to make a positive impact on society. We believe all children can learn and achieve. We believe in setting high expectations for all students, regardless of race and ethnic background. We believe in a rigorous and relevant curriculum for all students and creating a safe and nurturing environment in which they can attain their highest potential.

**Media Center Mission Statement**

The school library media program strives to provide information resources in multiple formats on a wide variety of topics that will facilitate the educational goals of the students as well as the professional development of the faculty and staff. In addition to providing information resources it also strives to meet the personal and recreational reading and information needs of students. The library media program provides instruction on the use of various technologies and online resources, and offers programs that encourage students to read for enjoyment. Students are motivated to achieve their full potential that is required for responsible citizenship and productive employment as an integral part of the district goals and mission statement.

**Library Program**

As media specialists at a diverse school with a large student population, our primary goal is to create a welcoming and inclusive library program that meets the needs and interests of all of our students. To accomplish this, we are committed to supporting special initiatives that promote diversity, equity, and inclusion, such as creating book
displays and reading lists that highlight diverse perspectives and cultures, hosting author talks and other events that celebrate diversity and encourage dialogue, and working with teachers and other stakeholders to ensure that our library program reflects the unique needs and interests of our student body.

In terms of instruction, the library plays a critical role in supporting student learning and academic success. To this end, we work closely with teachers and other stakeholders to design and implement instruction that is aligned with the school's educational goals and the needs of our students. This may include teaching research skills, digital literacy, media literacy, and other key competencies, as well as providing individualized support and guidance to students who may need extra help or resources. We are committed to fostering a love of reading and lifelong learning among our students by providing access to a wide range of high-quality books, digital resources, and other learning materials that support their interests and aspirations. Overall, we are excited to be part of this dynamic and diverse school community, and are committed to working tirelessly to support the academic and personal growth of all of our students.

Goals and Objectives
We have identified three SMART goals to help guide our work and ensure that our library program is as effective and responsive as possible.

The first goal is to develop a dynamic, diverse, and multicultural library collection that reflects the needs and interests of our student population.

The second goal is to update the easy reader collection within the next six months. By doing so, we hope to promote a love of reading among our youngest students and to provide them with a strong foundation for future learning.

The third goal is to genrefy our fiction collection by the end of the school year. This means that our fiction books will be organized into genres, such as mystery, romance, and science fiction, to make them more accessible and user-friendly. Within each genre, the books will still be organized in standard Dewey order. By doing so, we hope to make our fiction collection more accessible and user-friendly, and to help students discover new authors and genres that they may not have otherwise encountered.

Goal 1: Develop a dynamic diverse multicultural library collection.

- **Objective 1:** Increase the diversity of the library collection by adding at least 100 new titles from underrepresented cultures and ethnicities within the next academic year.

- **Objective 2:** Collaborate with teachers and students to identify and prioritize gaps in the current library collection related to diversity and inclusivity, and create a plan to address those gaps within the next six months.

- **Goal 2:** Update the easy reader collection.
Objective 1: Evaluate the current easy reader collection for relevance, accuracy, and age-appropriateness, and identify outdated or damaged books that need to be replaced within the next three months.

Objective 2: Collaborate with teachers to identify popular easy reader series or authors, and acquire at least 50 new titles that align with early literacy development and reading interests of young readers within the next academic year.

Goal: Genrefy the fiction collection.

Objective 1: Conduct a thorough review of the fiction collection and create a comprehensive genrefication plan, including labeling, signage, and organization, within the next four months.

Objective 2: Train library media center staff and volunteers on the genrefication system and ensure that all fiction books are properly labeled and organized according to the plan within the next two months.
Budget and Funding

The LMC is given a school-based operating budget at the beginning of every school year. The John I. Leonard High School administration uses a formula to disperse the appropriated funds. The budget for the 2023 - 2024 school year is expected to be similar to the 2022-2023.

2023-2024 (FY24) projected budget amounts

**Scope of the Collection**

Our collection includes a variety of formats, such as print books, eBooks, audiobooks. Access to these materials will be facilitated through hardware and software such as desktop computers, laptops, tablets, e-readers, and smartphones. The hardware and software used to access the materials in our collection are continually reviewed to ensure that they are compatible with current technology standards. We also offer a collection of district-provided databases that provide students with 24/7 access to a wealth of information.

In keeping with our mission to promote intellectual growth and encourage lifelong learning, we do not include materials that are harmful to minors or pornographic in nature, nor that promote hate speech or intolerance. We also prioritize areas of special emphasis, such as non-fiction materials that support our computer technology, culinary, and fashion programs, as well as fiction materials that support our international Spanish academy.

Our primary goal is to support the educational and informational needs of our diverse student population, and we strive to provide resources that will enhance and enrich their learning experiences. We take pride in our carefully curated collection, and are always open to suggestions for new titles and formats.

Our library collection supports both curriculum and pleasure reading as per School Board Policy 8.12 (see Section 2 d). Additionally, the collection is arranged in standard Dewey order per District policy.
Collection Development

As media specialists, collection development is one of our main duties. But what exactly does that mean? In simple terms, it refers to the process of selecting, acquiring, and maintaining a diverse range of materials for our school library that will meet the needs and interests of our students and support their academic and personal growth.

Collection development is an ongoing process that involves staying up-to-date with the latest trends and research in education, as well as engaging with teachers, students, and other stakeholders to understand their needs and preferences. This process also takes into account School Board Policy, which guides our decision-making and ensures that our collection is aligned with our school's values and goals.

The materials we acquire for our collection can include books, magazines, e-books, audiobooks, videos, and other resources. Our goal is to provide a wide range of materials that reflect diverse perspectives and experiences, and that support our students' learning and personal development.

In summary, collection development is a crucial aspect of our library's mission to provide access to high-quality materials that will enrich and enhance the lives of our students. We take this responsibility seriously and are committed to maintaining a dynamic and diverse collection that reflects the needs and interests of our school community.

Selection and Evaluation Criteria

As media specialists one of our primary responsibilities is selecting materials that will support the diverse needs and interests of our students. To make informed decisions about which books and other resources to add to our collection, we use a variety of tools and resources that are grounded in School Board Policies 8.12 -Selection of Library Media Center Materials and Reading List Materials http://go.boarddocs.com/fl/palmbeach/Board.nsf/goto?open&id=CMRMQE581128

A few of the key resources that we rely on are School Library Journal, Horn Book, Booklist, Association for Library Service to Children, Kirkus, Young Adult Library Services Association, and other professional organizations and academic publications which provide comprehensive reviews of books and other materials that are relevant to our school community. We also consult with teachers, students, and other stakeholders to understand their needs and preferences, and to ensure that our collection reflects a wide range of perspectives and experiences.

In addition to these tools, we also consider factors such as the accuracy and currency of the information, the quality of the writing and illustrations, and the potential educational value of the resource. By doing this, we are able to make informed decisions about which materials to add to our collection, and to ensure that our library
supports the academic and personal growth of all of our students.

District-Wide Procedures for Selecting and Developing Library Collections

Who Makes the Selection

1. Each book made available to students through this School District's library media centers must be selected by a school district employee who holds a valid educational media specialist certificate, regardless of whether the book is purchased, donated, or otherwise made available to students.

2. In addition, employees holding a valid educational media specialist certificate must also have completed the required Florida Department of Education training once it is available and by law must be developed by January 1, 2023.

3. In addition, the person selecting the books is employed at that school location or if a qualified person is not employed at the school, by another District employee with these qualifications.

4. For resources needing additional review by District Library Media Services, school-based certified library media specialists or principal designee will use PBSD 2671 to solicit additional input.

5. Consultation with stakeholders is required which is accomplished by the following:
   a. Any community stakeholders may provide consultation on selections via the list of LMS Selections for the current school year at Active Book Orders.
   b. On the date of the requested purchase or acceptance of library media center materials, the District will provide an email or text notice to current members of the Board’s Academic Advisory Committee (Policy 1.097) that there are new materials under consideration, the link to find the list of materials, and the deadline(s) for submitting questions or comments.
   c. Stakeholders with questions or concerns are directed to the following email address: librarymediaservices@palmbeachschools.org, for sending their feedback to be reviewed by the District Library Media Services for consideration.
   d. Selections may be purchased or accepted 72 hours after posting for book fair materials and two weeks after posting for all other purchases or donations.

Criteria for Selection

1. All book selections must meet these criteria:
   a. Free of pornography and material prohibited under Florida Statute 847.012 [harmful to minors].
   b. Suited to student needs and their ability to comprehend the material presented.
   c. The content is to be appropriate for the grade level and age group for which the materials are used or made available. The District shall rely on any State Board of Education Rules, if they exist, to determine what is age appropriate.

2. In developing library media center collections consultation of reputable, professionally...
recognized reviewing periodicals is required, if available, after a documented diligent search.

3. These periodicals are print or non-print media including video footage that have been favorably reviewed by two or more professional sources, if available, after a documented diligent search, such as a School Library Journal, Horn Book, Booklist, Association for Library Service to Children, Kirkus, Young Adult Library Services Association, and/or Children’s Catalog.

4. Library media center collections will be based on reader interest, support of state academic standards and aligned curriculum, and the academic needs of students and faculty.

5. Subject to the required statutory criteria stated above, additional selection criteria apply:

   a. A choice of materials that support the instructional program and promote reading shall be available to students and professional staff to allow for varying achievement levels, interests, and teaching/learning styles. Each school shall, in conjunction with the "Library Bill of Rights" (https://www.ala.org/advocacy/intfreedom/librarybill) of the American Library Association ("ALA"), State Statute, and District policy, establish procedures for the evaluation, selection, management, and disposal of library media materials in conformance with this policy and Policy 8.1205 and shall record such in the school's collection development plan.

   b. The "Library Bill of Rights" referenced herein is to be used as a suggested guideline. To the extent that there are inconsistencies between the guidelines in the "Library Bill of Rights" and State Statute, or District policy, State Statute and District policy shall take precedence and shall govern the selection, retention and disposition criteria of library media materials for library media centers and classrooms.

   c. Selection of materials shall also be consistent with the provisions in the School Board's collective bargaining agreement with CTA relating to academic freedom and responsibilities--Article II, Section K--to the extent those provisions are applicable.

   d. Moreover, consistent with Fla. Stat. § 1006.28 (2) (a) 2, library media materials must be suited to student needs and their ability to comprehend the material presented.

   e. Any library media material containing pornography or otherwise prohibited by Fla Stat. § 847.012 as harmful to minors may not be used or made available within any public school.

   f. The materials selected for schools are intended to support instruction, promote reading, further the pursuit of knowledge through research and exploration, and provide information literacy experiences of educational significance for class groups, individual students, teachers and administrators. Within budgetary constraints, the intent is to provide an adequate number and range of library media materials and resources in a variety of formats that are appropriate, timely, and essential to the attainment of specified educational objectives subject to District policy. Library media materials are to represent the diverse cultures, ethnic groups, languages and religious beliefs of the community and that are free of bias, stereotypes, distortions, and prejudices.

   g. Within budgetary constraints, collections shall contain a comprehensive collection of materials and equipment, in a variety of media formats that are accessible to students during the school day, to:

      i. Promote the development of lifelong reading habits and information literacy skills in students;
ii. Provide a broad background of information resources in areas of knowledge;

iii. Support the general educational goals of the District and the objectives of specific courses, including materials that represent diverse points of view in order that young citizens may develop, under guidance, the practice of critical analysis of media and intellectual integrity in forming judgments;

iv. Meet the personal needs and interests of students, including materials that: nurture the development of recreational reading/listening/viewing, cultural appreciation, and aesthetic values; represent the many religious, racial, ethnic, linguistic, and cultural groups in our society and reflect their contributions to the heritage and culture of our civilization; foster respect for the diverse roles available to women and men in today's society; and provide access to materials in heritage language as stipulated by the META agreement.

v. Support the professional needs of teachers and administrators; and

vi. Introduce new instructional technologies into the learning environment.

h. Other criteria to consider in the selection process include:

i. EDUCATIONAL SIGNIFICANCE. -- Material is valuable to an individual course of study or to the library media collection; the degree to which the material would be supplemented and explained by mature classroom instruction.

ii. APPROPRIATENESS. -- Material is geared to the age, maturity, diverse interests, and learning levels of students for whom it is intended. Reading levels and Lexiles are considered to provide a range of material that challenges the student and guides their selection process.

iii. ACCURACY. -- Nonfiction information is correct, recent, and objective.

iv. LITERARY MERIT. -- Fiction that has a noteworthy plot, setting, characterization, style and theme.

v. SCOPE. -- Content is covered adequately to achieve its intended purpose.

vi. AUTHORITY. -- The author, editor, or producer has a superior reputation for producing materials of this nature.

vii. SPECIAL FEATURES. -- The item has maps, charts, graphs, glossaries, and/or other learning aids that support the content, are unique or are valuable.

viii. TRANSLATION INTEGRITY. -- Material translated from one language to another maintains the stylistic characteristics of the original.

ARRANGEMENT. -- Concepts are presented in a logical sequence and in a way that assures learning.

ix. TREATMENT. -- Typeset, visuals, style, and/or medium captures and holds the student's attention.

x. TECHNICAL QUALITY. -- Sound is clear and audible; visuals project clearly.

xi. AESTHETIC QUALITY. -- Material is superior to similar items in attractiveness and presentation of content.

xii. POTENTIAL DEMAND. -- Item has particular timeliness or popular appeal.

xiii.DURABILITY. -- Material has the potential for frequent use or is of a nature that it will be considered consumable.

xiv. COPYRIGHT. -- Library media materials used in a school shall be procured and used in accordance with federal, state and District copyright laws, rules, and policies as referenced in School Board Policy 8.121.

xvi. GRAPHIC NOVELS AND PERIODICALS. -- In addition to the above criteria, all
pictures are to be reviewed for appropriateness prior to placing the graphic novel or periodicals into circulation.

Removal of Materials

1. Library Media Materials are subject to regular removal or discontinuance of books based on, at a minimum, physical condition, rate of recent circulation, alignment to state academic standards and relevance to curriculum, out-of-date content, and required removal pursuant to School Board Policy 8.1205 Objection Procedures for Library Media Materials.

2. In addition to regular review, removal, or discontinuance by a school library media specialist, the Superintendent or designee, even without an Objection or challenge, has the authority to remove library media materials based on statutory considerations. The basis for the removal shall be documented.

3. The District will restrict access to school library media and reading list materials from students in grade Kindergarten through Grade Three if such materials instruct on sexual orientation or gender identity because HB 1557 (2022) prohibits such instruction.

Oversight for Compliance

1. School principals are responsible for overseeing compliance with school district procedures for selecting school library media center materials at the school to which they are assigned.

2. Support toward compliance is available when the assigned school library media specialist(s) attend professional development/training hosted by the District Library Media Services.

3. Annually, the District requires using the selection criteria and the removal criteria referenced in these procedures to have library media specialists evaluate their collection in order to write a School Collection Development Plan to enhance their individual library programs that align to the District required components. They will share that plan with both their principal and District Library Media Services. Once the plan is approved, the school will post the school’s plan on the school website. District Library Media Services will offer annual training on this process.

4. The School Collection Development Plan will include: School Mission Statement, Library Mission Statement, Purpose of the Collection Development Plan, School Community Description, Description of Your Library Program, Budget and Funding, Scope of Collection, Collection Development, Gifts and Donations, Collection Maintenance, Challenged Materials, and Goals and Objectives.
Collection Analysis

The collection is developed for and influenced by students, their interests, academic needs and alignment to the curriculum. The data below is a snapshot of the collection based on a Titlewise Analysis.

<table>
<thead>
<tr>

Gifts and Donations

Any books gifted or donated to the school must meet the same selection criteria as all other materials. No materials will be added to the collection if they are out-of-date or age-inappropriate material simply because they were donated. All gifts and donations must follow the same processes as new book orders.

Collection Maintenance

As per Board Policy 8.12(5), our library inventory will be completed on a three-year rotation. This helps ensure that our collection remains up-to-date and relevant to our students' needs. Our rotation plan is as follows:
Strategic Focus – Weeding and Acquisitions

Reconsideration of Materials

As library media specialists, we understand the importance of adhering to the policies and procedures set forth by the school board. In particular, Board Policy 8.125 on Challenged Materials is a critical guideline that ensures that all materials in our library collection are appropriate for our students. In the event that a challenge is made to any material, we will follow the procedures outlined in this policy to ensure that the challenge is handled in a fair and respectful manner. To facilitate this process, we have included a copy of Board Policy 8.125 and the accompanying PBSD 1113 form in our appendix for easy reference.
Appendix A

LIBRARY BILL OF RIGHTS

The American Library Association affirms that all libraries are forums for information and ideas and that the following basic policies should guide their services.

I. Books and other library resources should be provided for the interest, information, and enlightenment of all people of the community the library serves. Materials should not be excluded because of the origin, background, or views of those contributing to their creation.

II. Libraries should provide materials and information presenting all points of view on current and historical issues. Materials should not be proscribed or removed because of partisan or doctrinal disapproval.

III. Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment.

IV. Libraries should cooperate with all persons and groups concerned with resisting the abridgment of free expression and free access to ideas.

V. A person’s right to use a library should not be denied or abridged because of origin, age, background, or views.

VI. Libraries that make exhibit spaces and meeting rooms available to the public they serve should make such facilities available on an equitable basis, regardless of the beliefs or affiliations of individuals or groups requesting their use.

Adopted June 19, 1939.
Amended October 14, 1944; June 18, 1948; February 2, 1961; June 27, 1967; and January 23, 1980;
inclusion of “age” reaffirmed January 23, 1996, by the ALA Council
Appendix B

INTELLECTUAL FREEDOM
AMERICAN LIBRARY ASSOCIATION
THE FREEDOM TO READ STATEMENT

The freedom to read is guaranteed by the Constitution. Those with faith in free people will stand firm on these constitutional guarantees of essential rights and will exercise the responsibilities that accompany these rights.

We therefore affirm these propositions:

1. It is in the public interest for publishers and librarians to make available the widest diversity of views and expressions, including those that are unorthodox, unpopular, or considered dangerous by the majority.
2. Publishers, librarians, and booksellers do not need to endorse every idea or presentation they make available. It would conflict with the public interest for them to establish their own political, moral, or aesthetic views as a standard for determining what should be published or circulated.
3. It is contrary to the public interest for publishers or librarians to bar access to writings on the basis of the personal history or political affiliations of the author.
4. There is no place in our society for efforts to coerce the taste of others, to confine adults to the reading matter deemed suitable for adolescents, or to inhibit the efforts of writers to achieve artistic expression.
5. It is not in the public interest to force a reader to accept the prejudgment of a label characterizing any expression or its author as subversive or dangerous.
6. It is the responsibility of publishers and librarians, as guardians of the people’s freedom to read, to contest encroachments upon that freedom by individuals or groups seeking to impose their own standards or tastes upon the community at large; and by the government whenever it seeks to reduce or deny public access to public information.
7. It is the responsibility of publishers and librarians to give full meaning to the freedom to read by providing books that enrich the quality and diversity of thought and expression. By the exercise of this affirmative responsibility, they can demonstrate that the answer to a "bad" book is a good one, the answer to a "bad" idea is a good one.

This statement was originally issued in May of 1953 by the Westchester Conference of the American Library Association and the American Book Publishers Council, which in 1970 consolidated with the American Educational Publishers Institute to become the Association of American Publishers.

First Amendment of the Bill of Rights to the United States Constitution

CONGRESS SHALL MAKE NO LAW RESPECTING AN ESTABLISHMENT OF RELIGION, OR PROHIBITING THE FREE EXERCISE THEREOF; OR ABRIDGING THE FREEDOM OF SPEECH, OR OF THE PRESS; OR THE RIGHT OF THE PEOPLE PEACEABLY TO ASSEMBLE, AND TO PETITION THE GOVERNMENT FOR A REDRESS OF GRIEVANCES.

The Bill of Rights to the U.S. Constitution was ratified on December 15, 1791

Endorsed by the Board of Library Trustees: August 24, 2009, October 22, 2012, August 22, 2016
Policy 8.12 - Selection of Library Media Center Materials and Reading List Materials

1. **Adequate Library Media Materials.**-- Library media materials for the school’s Library Media Center, including print, non-print, serials [periodicals], electronic resources, computer software, video images, films, and instructional television programs, represent fundamental resources selected for schools to support instruction, promote reading, further the pursuit of knowledge through research and exploration, and provide information literacy experiences of educational significance for class groups, individual students, teachers and administrators. It is the shared responsibility of the State, District, and school, within budgetary constraints, to provide an adequate number and range of library media materials and resources in a variety of formats that are appropriate, timely, and essential to the attainment of specified educational objectives subject to District policy. It is also the responsibility of the State and District and school to provide library media materials that represent the diverse cultures, ethnic groups, languages and religious beliefs of the community and that are free of bias, stereotypes, distortions, and prejudices.

2. **Reading List Materials.**-- Reading list materials are recommended or assigned materials school- wide or grade level.

3. **Purpose.**-- The Board believes that the selection of library media materials and reading list materials is within its jurisdiction pursuant to relevant statutory and constitutional laws. The library media center, within budgetary constraints, shall contain a comprehensive collection of materials and equipment, in a variety of media formats that are accessible to students during the school day, to:
   a. Promote the development of lifelong reading habits and information literacy skills in students;
   b. Provide a broad background of information resources in areas of knowledge;
   c. Support the general educational goals of the District and the objectives of specific courses, including materials that represent diverse points of view in order that young citizens may develop, under guidance, the practice of critical analysis of media and intellectual integrity in forming judgments;
   d. Meet the personal needs and interests of students, including materials that: nurture the development of recreational reading/listening/ viewing, cultural appreciation, and aesthetic values; represent the many religious, racial, ethnic, linguistic, and cultural groups in our society and reflect their contributions to the heritage and culture of our civilization; foster respect for the diverse roles available to women and men in today’s society; and provide access to materials in heritage language as stipulated by the META agreement.
e. Support the professional needs of teachers and administrators; and

f. Introduce new instructional technologies into the learning environment.

4. Choice.-- Library media materials are available to students and staff as optional resources and are usually not mandatory reading as is the case with textbook instructional materials.

Library media that is sensitive or mature may not be appropriate for all readers in a school but remains a part of the collection to address the needs of some of the reading community if it meets the selection criteria of the school. Educators and library media specialists should be sensitive to the reading level, belief system, interest level and maturity level of students when helping make selections for individuals, reading aloud to groups, or when having whole class participation in a reading project. If a parent or adult student states a reasonable objection to library reading material assigned to a class, comparable instruction will be made available for the student through an alternate reading assignment without penalty.

5. Use of Library Media Materials Allocation.-- School principals are responsible for ensuring that operating budget and state categorical funds are used to purchase library media materials that reinforce instruction and stimulate leisure reading for the students enrolled at the grade level(s) for which the materials are designed and to effectively communicate to parents the manner in which materials are used to implement the curriculum of the school under Fla. Stat. § 1006.40.

6. Management of Library Media Materials.-- Following practice and precedent, the school library media centers in Palm Beach County will arrange media and materials according to the Dewey Decimal Classification System. Library media materials acquired with funds from the General Appropriation Act of the State of Florida are to be cataloged and inventoried as part of the library media collection. Library media materials may be inventoried in one to three year cycles.

7. Selection.-- HB 1467 (2022), amending Fla. Stat. § 1006.28 provides selection requirements.

a. Initial Review Process
   i. "Each book made available to students through a school district library media center or included in a recommended or assigned school or grade-level reading list must be selected by a school district employee who holds a valid educational media specialist certificate, regardless of whether the book is purchased, donated, or otherwise made available to students.”

   ii. For resources needing additional review by District Library Media Services, school-based certified library media specialists or principal designee will use PBSD 2671, attached hereto and incorporated as part of this policy, to solicit additional input.

b. The School Board is herein adopting “procedures for developing library media center collections” and shall "post the procedures“ on each school’s website within the District.

c. Each elementary school [1] must “publish on its website, in a searchable format prescribed by the [Florida Department of Education], a list of all materials maintained in the school library media center (as defined by SBER 6A-7.0713, including classroom libraries) or required as part of a school or grade-level reading list.”

d. Per HB 1467 (2022), § 1006.28 (2) (d), these procedures for developing library media center collections must:

   i. "Require that book selections meet the criteria in s. 1006.40(3) (d).”[2]

   ii. Require consultation of reputable, professionally recognized reviewing periodicals [3], if available after a documented diligent search, and school community stakeholders. [4]

   iii. “Provide for library media center collections based on reader interest, support of state academic standards and aligned curriculum, and the academic needs of students and faculty.”

   iv. “Provide for the regular removal or discontinuance of books based on, at a minimum, physical condition, rate of recent circulation, alignment to state academic standards and relevancy to curriculum, out-of-date content, and required removal pursuant to subparagraph (a) 2.” [5]

In addition to regular review, removal, or discontinuance by a school library media specialist, the Superintendent or designee, even without an Objection or challenge, has the authority to remove library media materials or materials on reading lists based on statutory considerations.
The basis for the removal shall be documented. Removal procedures regarding an Objection are based on Statute and/or School Board Policy 8.1205 Objection Procedures for Instructional Materials.

e. The District may restrict access to school library media and reading list materials from students in grade Kindergarten through Grade Three if such materials instruct on sexual orientation or gender identity because HB 1557 (2022) prohibits such instruction.

8. Additional Selection Criteria
a. Materials for use in school media centers or classroom library collections shall be carefully selected subject to the requirements stated above in Paragraph 7. A choice of materials that support the instructional program and promote reading shall be available to students and professional staff to allow for varying achievement levels, interests, and teaching/learning styles. Each school shall, in conjunction with the "Library Bill of Rights" (https://www.ala.org/advocacy/intfreedom/librarybill) of the American Library Association ("ALA"), State Statute, and District policy, follow District procedures for the evaluation, selection, management, and disposal of library media materials in conformance with this Policy and Policy 8.1205. Annually, the District requires using the selection criteria and the removal criteria referenced in this Policy to have library media specialists evaluate their collection in order to write a School Collection Development Plan to enhance their individual library programs that align to the District required components. They will share that plan with both their principal and District Library Media Services. Once the plan is approved, the school will post the school’s plan on the school website. District Library Media Services will offer annual training on this process.

b. The "Library Bill of Rights" referenced herein is to be used as a suggested guideline. To the extent that there are inconsistencies between the guidelines in the "Library Bill of Rights" and State Statute, or District policy, State Statute and District policy shall take precedence and shall govern the selection, retention and disposition criteria of library media materials for library media centers and classrooms.

c. Selection of materials shall also be consistent with the provisions in the School Board’s collective bargaining agreement with CTA relating to academic freedom and responsibilities--Article II, Section K--to the extent those provisions are applicable.

d. Moreover, consistent with Fla. Stat. § 1006.28 (2) (a) 2, library media materials must be suited to student needs and their ability to comprehend the material presented.

e. In conjunction with the selection criteria above, employees holding a valid educational media specialist certificate (with the required training once it is available as stated in Paragraph 10 below) at each school location or if a qualified person is not employed at the school, by another District employee with these qualifications, shall evaluate and select print and non-print materials for the library media center using several of the criteria outlined below, as appropriate for the media type. Any library media material containing pornography or otherwise prohibited by Fla Stat. § 847.012 as harmful to minors may not be used or made available within any public school.

f. Additional criteria used in evaluating and selecting all materials include:
   i. EDUCATIONAL SIGNIFICANCE. -- Material is valuable to an individual course of study or to the library media collection; the degree to which the material would be supplemented and explained by mature classroom instruction.

   ii. APPROPRIATENESS. -- Material is geared to the age, maturity, diverse interests, and learning levels of students for whom it is intended. Reading levels and Lexile’s are considered to provide a range of material that challenges the student and guides their selection process.

   iii. ACCURACY. -- Nonfiction information is correct, recent, and objective.

   iv. LITERARY MERIT. -- Fiction that has a noteworthy plot, setting, characterization, style and theme.

   v. SCOPE. -- Content is covered adequately to achieve its intended purpose.

   vi. AUTHORITY. -- The author, editor, or producer has a superior reputation for producing materials of this nature.

   vii. SPECIAL FEATURES. -- The item has maps, charts, graphs, glossaries, and/or other learning aids that support the content, are unique or are valuable.

   viii. TRANSLATION INTEGRITY. -- Material translated from one language to another maintains the stylistic characteristics of the original.
ix. ARRANGEMENT. -- Concepts are presented in a logical sequence and in a way that assures learning.

x. TREATMENT. -- Typeset, visuals, style, and/or medium captures and holds the student’s attention.

xi. TECHNICAL QUALITY. -- Sound is clear and audible; visuals project clearly.

xii. AESTHETIC QUALITY. -- Material is superior to similar items in attractiveness and presentation of content.

xiii. POTENTIAL DEMAND. -- Item has particular timeliness or popular appeal.

xiv. DURABILITY. -- Material has the potential for frequent use or is of a nature that it will be considered consumable.

xv. COPYRIGHT.-- Library media materials used in a school shall be procured and used in accordance with federal, state and District copyright laws, rules, and policies as referenced in School Board Policy 8.121.

xvi. GRAPHIC NOVELS AND PERIODICALS.-- In addition to the above criteria, all pictures are to be reviewed for appropriateness prior to placing the graphic novel or periodical into circulation.

9. Compliance
   a. Per HB 1467 (2022), school principals are responsible for overseeing compliance with school district procedures for selecting school library media center materials at the school to which they are assigned.

   b. Support toward compliance is available when the assigned school library media specialist(s) attend professional development/training hosted by the District Library Media team.

10. The Florida Department of Education (FL DOE) is developing an online training program by January 1, 2023 for school librarians, media specialists, and other personnel involved in the selection and maintenance of library media and collections or materials maintained on a reading list. These persons must complete this training once it is available before reviewing and selecting age appropriate materials, reading list materials, and library resources.

11. Per Fla. Stat. § 1006.29 (6), no later than July 1, 2023, and annually thereafter, the Superintendent must certify to the FL DOE that all school librarians and media specialists employed by the District have completed the FL DOE online training program.

RULEMAKING AUTHORITY: Fl. Stat. §§ 120.81 (1) (a); 1001.32(2); 1001.41(1), (2), & (5); 1001.42.

LAWS IMPLEMENTED: Fl. Stat. §§ 1001.32(2); 1001.42 (2), (9) (13), & (19)(a); 1001.43(2) & (3); 1006.28; 1006.40; 1006.41; 847.012.

HISTORY: 2/18/72; 4/6/83; 2/20/85; 6/16/99; 5/7/2008; 1/24/2018; 12/27/2022
RELATED POLICIES:

Policy 8.1205 - Objection Procedures for Instructional Materials, Library Media Materials, and Supplemental Classroom Materials, including reading Lists

[1] The District shall rely on any State Board of Education Rule designation of an elementary school.

[2] This Statute states that the materials must be: "1. Free of pornography and material prohibited under s. 847.012 [harmful to minors]. 2. Suited to student needs and their ability to comprehend the material presented and Appropriate for the grade level and age group for which the materials are used or made available.” The District shall rely on any State Board of Education Rules, if they exist, to determine what is age appropriate.

[3] These periodicals are print or non-print media including video footage that have been favorably reviewed by two or more professional sources, if available after a documented diligent search, such as a School Library Journal, Horn Book, Booklist, Association for Library Service to Children, Kirkus, Young Adult Library Services Association, and/or Children’s Catalog.

[4] Any community stakeholders may provide consultation on selections via the list of LMS Selections for the current school year at https://www.palmbeachschools.org/students_parents/school_library_media_center_resources/_active_book_orders then click on Active LMS Book Orders. On the date of the requested purchase or acceptance of library media center materials, the District will provide an email or text notice to current members of the Board’s Academic Advisory Committee (Policy 1.097) that there are new materials under consideration, the link to find the list of materials, and the deadline(s) for submitting questions or comments. Stakeholders with questions or concerns are directed to the following email address: librarymediaservices@palmbeachschools.org , for sending their feedback to be reviewed by the District Library Media team for consideration. Selections may be purchased or accepted 72 hours after posting for book fair materials and two weeks after posting for all other purchases or donations.

**Policy 8.1205 - Objection Procedures for Instructional Materials, Library Media Materials, and Supplemental Classroom Materials, including Reading Lists**

This Policy does not apply to the 30-day post-adoption challenges to specific instructional materials by parents or County residents in compliance with Fla. Stat. § 1006.28(1) (a) (3). The procedures to follow for those challenges are outlined in School Board Policy 8.122, subparagraph (3)(g).

In addition, the Superintendent or designee, even without an objection or challenge, has the authority to remove instructional materials, library media materials, supplemental classroom materials on reading list based on statutory considerations. The basis for the removal shall be documented.

This Policy implements Fla. Stat. § 1006.28 (2)(a)2 relating to: objections by parents or this County’s residents to: a) instructional materials more than 30 days after adoption of instructional materials and b): library media materials, including reading lists, and non-adopted classroom materials. The procedures to follow for those challenges are outlined below; however, a parent or a resident of this County has the option to speak and proffer evidence at the Board hearing on adopting instructional materials and the Board adoption meeting without having followed the procedures below.

1. **Grievance Procedures Concerning Core Instructional Materials, Library Media Materials, Reading Lists, and Supplemental Classroom Instructional Materials**

a. The Superintendent or his/her designee is authorized to administer the following procedures in accordance with federal and state law.

b. Any resident of Palm Beach County, or emancipated student or parent of a child attending public school in Palm Beach County may file an objection with a school or the Board Clerk concerning the use of or content in instructional materials, library media materials, and supplemental classroom materials, including reading lists.

c. The parent or resident will be provided the opportunity to proffer evidence on the grounds stated within Fla. Stat. § 1006.28(2)(a)(2), relating to instructional materials, library media materials, and supplemental classroom materials, including reading lists.

d. Challenged materials may be removed from use in the school where the objection was initiated after the procedures of this Policy have been completed or if it is agreed by the District at any of these stages. Per Fla. Stat. § 1006.28(2)(a)(2), if the School Board “finds that an instructional material does not meet the criteria under sub-subparagraph a. or that any other material contains prohibited content under sub- subparagraph b., the school district shall discontinue use of the material for any grade level or age group for which such
use is inappropriate or unsuitable."

e. Objections filed by a parent or emancipated student shall be heard in the school in which that student is registered. If the parent has children at different schools in Palm Beach County, then the objection must specify which school(s) the objection pertains to and it will be heard in that/those school(s). If the objecting party is not the parent of a child in the School District, the objection will be assigned to the appropriate school within the boundary corresponding to the residence of the objecting party for review if the material is located at that school or to the school in close proximity where the material is located.

2. School Level: Informal Complaint

a. Any complaint arising out of the use of a material in a school shall be registered in writing with the principal of the school. Within five school days of the receipt of the complaint, the principal and/or his/her designee and the appropriate staff member(s) shall meet with the complainant to explain:

i. the school's selection procedures for these materials;

ii. the criteria used for the selection of these materials;

iii. the role that the material in question has in the school's curriculum or library media center or classroom collection; and

iv. whatever additional information is deemed needed regarding the item's use.

b. If the complainant is not satisfied with the explanation and desires to file a formal complaint, the formal procedures below shall be followed.

3. School Level: Formal Complaint

a. As stated in Policy 8.122, objections to instructional materials and Supplemental Classroom Materials, including Reading Lists, shall be filed on form PBSD 2569 (Petition to Object/Objection to Instructional Materials), which is part of this policy and incorporated herein as part of this Policy. The form can be found on the District's forms website at: https://www2.palmbeachschools.org/formssearch/pdf/2569.pdf.

b. For objections to Library Media Materials, the complainant shall file form PBSD 1113 ("Objection to, Library Media Materials") and this form can be obtained from the Principal or a designee. A copy of the form is also available on the District's forms Web site at https://www2.palmbeachschools.org/formssearch/pdf/1113.pdf and is incorporated herein by reference as part of this Policy.

c. The complainant shall sign and sufficiently complete the applicable form in its entirety for each material to be considered, including stating the basis of the objection, retain one copy, and send one copy of the completed form to the principal of the school. Failure to sufficiently fill out the form along with complainant's signature will result in the rejection of the form and no formal review process under this subsection will be initiated.

d. A challenge to the same material(s) by multiple challengers within one school can be consolidated into one challenge for consideration by the School Materials Review Committee, Principal, Superintendent, District Material Review Committee, and School Board (the reviewing persons and entities) as set forth in the below proceedings.

e. A challenge to multiple materials will require additional preparation time for the reviewing persons and entities set forth below. A challenge of more than five materials will add an additional two (2) days per item to the time deadlines for the school or District actions that are specified within this Policy.

f. For materials used in that school, the form and the material in question shall be studied by a School Materials Review Committee appointed on an ad hoc basis by the school Principal. Representation on the School Materials Review Committee should reflect the diversity of the District and school, and the following provisions apply:

i. The committee shall consist of the Principal or his/her designee of the school where the complaint was made; two teachers in the appropriate subject area/grade; one teacher from another subject area/grade; a library media specialist; a guidance counselor; one student from the appropriate grade level or a student who is accomplished in the specific subject area (middle and senior high school only); one layperson from the school's Parent-Teacher Association or the School Advisory Council; a representative designated by the Regional Superintendent, and a representative from the District department representing Instructional Materials and/or Library Media Services.

ii. The School Materials Review Committee shall meet within fifteen (15) school work days of receipt by the Principal of the reconsideration form. The complainant shall be notified of the committee's meeting
date and time and shall be invited to present arguments for no more than 10 minutes unless time is extended by the committee for good cause. A question/answer period or committee discussion may follow the presentation at the committee's discretion.

iii. The School Materials Review Committee shall solicit, if readily available, professionally written reviews of the material, from sources such as those listed in School Board Policy 8.12(7)(d)(ii).

iv. The School Materials Review Committee shall be chaired by the Principal or his/her designee. A recorder of minutes shall be appointed from the membership of the committee to take minutes and to record the recommendation of the committee.

v. If the review is not completed, the committee may schedule additional meetings. Within five (5) school work days of its final meeting, the School Materials Review Committee shall prepare the committee's recommendation with supporting reasons and use form PBSD 1857, School Materials Review Committee Recommendations, or a signed letter written on school letterhead. The form can be found on the District's forms Web site at [https://www2.palmbeachschools.org/formssearch/pdf/1857.pdf](https://www2.palmbeachschools.org/formssearch/pdf/1857.pdf) and is incorporated herein by reference.

g. Guidelines for Committee's Recommendation. -- The School Materials Review Committee shall review enough of the relevant portions of the material being challenged in order to make an informed recommendation on the request. The committee shall also consider readily available reviews of the material, study the comments on the complainant's questionnaire, consider one or more of the evaluative criteria in Policy 8.12(7) (for media center materials) or State requirements and guidelines and Policy 8.122 (for textbooks or other instructional materials and reading lists) and shall render a decision based on a majority vote.

i. The selection criteria in Policy 8.12(7), for media center, shall be made available to all interested persons.

ii. The recommendation to the Principal will be based on the selection criteria in School Board Policy 8.12(7) (for media center materials), State requirements and guidelines and School Board Policy 8.122 (for textbooks and instructional materials), and the following additional factors and criteria:

A. educational significance of the material;

B. appropriateness of age and maturity level;

C. need and value to the collection/curriculum;

D. summation of the professional reviews on the media;

E. literary merit;

F. validity, accuracy, objectivity, and up-to-date and appropriate information;

G. freedom from stereotypes, bias, prejudice or distortion; and

H. timeliness or permanence.

A. In addition, the recommendation shall also consider the provisions in the School Board's collective bargaining agreement with CTA relating to academic freedom and responsibilities--Article II, Section K--to the extent those provisions are applicable. However, pursuant to current case law, the committee may not recommend removal of non-curricular books from the school's media center or classroom simply because a majority of the committee dislikes the ideas or the points-of-view contained in the media center instructional or supplemental classroom instructional materials.

h. Committee's Recommendation to the Principal. -- The committee's final recommendation shall be immediately forwarded to the school Principal and may be any or a combination of the following:

i. allow the challenged material to maintain its current status;

ii. leave the challenged material in the classroom or library media center, but allow students to use alternate materials approved by school personnel who require the use of the disputed item;

iii. limit the educational use of the challenged material;
iv. transfer the challenged material to a higher level school (e. g. elementary to a middle school); and/or 

v. remove the challenged material from the school environment.

i. Principal's Written Decision. -- Within five (5) school work days after receipt of the School Materials Review Committee's recommendation, the Principal shall make a decision, based on the same criteria considered by the committee as set forth in subsection (3)(g) above, on whether to follow the committee's recommendation, and shall inform the complainant in writing of the recommendation of the committee, the Principal's decision, and the reasons for the recommendation and decision. This written communication must inform the complainant of the next level of appeal under this policy and the time deadline if the decision is not the relief sought by the objecting party. Such communication shall be sent by regular U. S. Mail, and certified mail, return receipt requested.

4. District Level: Formal Appeal. -- The complainant may appeal the Principal's decision to the Superintendent, subject to the following provisions.

   a. If the complainant appeals the Principal's decision, the Principal shall send copies of all reports and communications to division and department heads that supervise Instructional Materials and Library Media Services and to the appropriate Regional Superintendent.

   b. Access to challenged materials shall not be restricted during the reconsideration process; the materials shall remain in use unless the School Materials Review Committee, through formal vote, recommended removal of the instructional materials to the Principal, and the decision to remove is made by the Principal.

   c. Within twenty (20) calendar days of the date of the Principal's decision, the complainant shall notify the Superintendent in writing of the request to appeal. Failure to comply with these requirements will result in the appeal not being considered.

   d. Within twenty (20) school work days of receipt of such request, the Superintendent or his/her designee and appropriate staff shall review the action taken at the school level and issue a decision based on the same criteria set forth in subsection (3)(g) above and with the same alternative results as set forth in subsection (3)(h) above. If the decision does not include further review by the Superintendent/designee (and District Materials Review Committee), the complainant shall be so notified of the decision and be informed of the ability and deadline to request in writing an appearance to appeal directly to The School Board of Palm Beach County, Florida in accordance with this Policy. Notice to the complainant shall be made by regular U. S. Mail and certified mail, return receipt requested.

   e. If the Superintendent finds cause for further review, the complaint shall be submitted to a District Materials Review Committee whose representation reflects the diversity of the District and school, appointed on an ad hoc basis by the Superintendent or his/her designee, according to the following provisions:

      i. Representation on District Instructional Materials Committees should reflect the diversity of the District and schools.

      ii. Individuals on the District Materials Review Committee cannot be the same as those that served on the School Materials Review Committee.

      iii. The committee shall consist of the Chief Academic Officer or his/her designee; an appropriate Regional Superintendent or designee; one Principal at the appropriate level; a division or department head that supervises Instructional Materials, and/or Library Media Services, an appropriate subject area Administrator/Program Planner; one teacher in the appropriate subject area/grade; one library media specialist; one student from the appropriate grade level or a student who is accomplished in the specific subject area (middle and senior high only); a representative from the Palm Beach County Council of Parent-Teacher Associations who will be appointed by the President of the District Association, a representative from the District Academic Advisory Committee; and one lay person. The General Counsel to the School Board, or designated attorney(s) of his/her Office, may be invited to provide legal advice to the Committee, if deemed appropriate by the Superintendent.

      iv. In the event that a person from a position named above cannot be present at the District Materials Review Committee meeting(s), the Superintendent may appoint an alternate.

   v. District Materials Review Committee Procedures

      A. The District Materials Review Committee shall be chaired by the Chief Academic Officer or his/her designee. A recorder of minutes shall be appointed from the membership of the committee to take minutes and to record the recommendation of the committee.
B. The District Materials Review Committee shall solicit, if readily available, professionally written reviews of the material, from sources such as those listed in Policy 8.12(7)(d)(ii).

C. The District Materials Review Committee shall meet and provide a recommendation with supporting reasons to the Superintendent within twenty (20) school work days of receipt of the referral from the Superintendent, based on the criteria set forth in subparagraph (4)(e)(v)(D) and paragraph (vi) below. The complainant shall be notified of the committee's meeting date and time and shall be invited to present argument for no more than 10 minutes, unless time is extended by the committee for good cause. A question/answer period or committee discussion may follow the presentation at the committee's discretion.

D. If the review is not completed, the committee may schedule additional meetings. Within five (5) school work days of its final meeting, the District Materials Review Committee shall prepare the committee's recommendations with supporting reasons.

f. Guidelines for Recommendation to the Superintendent. -- The District Materials Review Committee shall review enough of the relevant portions of the material being challenged in order to make an informed recommendation on the request. The committee shall also consider readily available reviews of the material, study the comments on the complainant's questionnaire, consider one or more of the evaluative criteria in School Board Policy 8.12(7) (for media center materials) or State requirements and guidelines and School Board Policy 8.122 (for textbooks and instructional materials) and shall render a decision based on a majority vote.

i. The Selection Criteria in Policy 8.12(7) (for media center materials) shall be made available to all interested persons.

ii. The recommendation to the Superintendent will be based on the selection criteria in School Board Policy 8.12(7) (for media center materials), State requirements and guidelines and School Board Policy 8.122 (for textbooks and instructional materials), as well as the following criteria:

A. educational significance of the material;

B. appropriateness of age and maturity level;

C. need and value to the collection/curriculum;

D. summation of the professional reviews on the media;

E. literary merit;

F. validity, accuracy, objectivity, and up-to-date and appropriate information;

G. freedom from stereotypes, bias, prejudice or distortion; and

H. timeliness or permanence.

I. In addition, the recommendation shall also consider the provisions in the School Board's collective bargaining agreement with CTA relating to academic freedom and responsibilities--Article II, Section K--to the extent those provisions are applicable. However, pursuant to current case law, the committee may not recommend removal of non-curricular books from the school's media center or classroom simply because a majority of the committee dislikes the ideas or the points-of-view contained in the media center or supplemental classroom instructional materials.

g. Committee's Recommendation to the Superintendent. -- The recommendation of the District Materials Review Committee and the basis for that recommendation shall be transmitted to the Superintendent; the Chief Academic Officer, the Principal of the school that received the original complaint; and the complainant.

h. Superintendent's/Designee's Written Decision. -- The Superintendent or his/her designee shall make a final decision, based on the same criteria considered by the committee as set forth in subparagraph (4)(f) above, within five (5) school work days of receipt of the District Materials Review Committee recommendation, and send a written report of that decision to the Chief Academic Officer, the appropriate Assistant Superintendent, the Principal of the school; and the complainant. The written decision shall state procedures and time limits to appeal to the Board if the complainant is dissatisfied. This decision shall be sent to the complainant by regular U. S. mail and certified mail, return receipt requested.
i. The Department of Communications & Engagement shall make the selection criteria and a copy of the material(s) in question available for review upon request of interested persons.

5. **Board Level Appeal**

   a. The complainant may appeal the decision of the Superintendent/designee to the School Board under subsection (4)(b) or paragraph (4)(d) above by filing a signed writing with the School Board Clerk within thirty (30) days of the decision and may request an appearance before the School Board.

   b. After notice to the appealing party, the School Board Level review shall occur at a public meeting and allow presentation of evidence. The School Board’s decision shall be based on the same criteria considered by the Superintendent as set forth in subsections (4)(f) and (h) above.

6. **Policy Awareness**

   a. A copy of the selection and reconsideration procedures as set forth in this Policy and in Board Policy 8.12 should be a part of the Collection Development Plan for each school library media center and should be available for easy access and reference.

   b. Each school Principal should include at a minimum, a summary or references to this Challenge Policy and School Board Policy 8.12 in the school's staff handbook and shall review the selection and reconsideration procedures with the staff as needed, emphasizing Board policy pertaining to the teaching of controversial issues and the ethical considerations that are needed in handling citizen complaints with courtesy and integrity.

7. **Reporting Objections**

   a. HB 1467 (2022), which created Fla. Stat. § 1006.28 (2)(e) requires that:

   "Annually, beginning June 30, 2023, [the School Board] submit to the Commissioner of Education a report that identifies: a. Each material for which the school district received an objection pursuant to [Fla. Stat. 1006.28] subparagraph (a)2 [regarding an objection by a parent or a resident of the county to the use of a specific instructional material or any material used in a classroom, made available in a school library, or included on a reading list] for the school year and the specific objections thereto. b. Each material that was removed or discontinued as a result of an objection. c. The grade level and course for which a removed or discontinued material was used, as applicable."

   b. However, Fla. Stat. § 1011.67 Funds for instructional materials relating to the Superintendent report due to the Commissioner of Education by July 1 states:

   "The certification must identify any material that received an objection pursuant to s. 1006.28 for the school year and the specific objections thereto, each material that was removed or discontinued as a result of an objection, and the grade level and course for which a removed or discontinued material was used, as applicable."

   c. Accordingly, this data must be collected for these reports in a manner as determined by the Superintendent/designee.

**RULEMAKING AUTHORITY:**

Fla. Stat. §§ 120.81 (1) (a); 1001.32 (2); 1001.41(1)(2) & 5); 1001.42 (2)(11)(13) & (29)

**LAWS IMPLEMENTED:**

Fla. Stat. §§ 1001.32(2); 1001.41(i)(2) & (5); 1001.42 (2)(11) (13) & (29); 1001.42(7) & (17)(a); 1001.43(2)(3); 1003.42; 1006.28; 1006.31; 1006.34; 1006.40; 1006.41; 847.012

**HISTORY:**

5/7/2008; 1/24/2018; 11/30/2022
