Purpose of Collection Development Policy

The Collection Development Policy is designed to support the Library’s Mission statement. It serves as a guide for the selection, acquisition, evaluation, and maintenance of library media materials. It will be used both in providing consistency among those responsible for developing the collection and in communicating the library media center’s policies to faculty, students, and staff and other interested members of the school community.

It is understood that this document is fluid. Changes in the curriculum, demographics, information needs, or programs of the school will mandate updates to the collection and its governing policies. The acquisition and maintenance of the Library Media Center (LMC) materials collection is a primary function of the library media staff. Collection development and management refers to the process of building and maintaining the library’s materials collection in print, non-print, audio visual and electronic formats so that they are available to every student at the time of need to support and enrich the student’s educational experience.

Background Statement & School Community

Melaleuca Elementary School (MES) is a Title I School that offers AMP (Accelerated Math Program) and has a Dual Language program. In addition, it is an AVID and Global Leader school. MES offers two aftercare programs for students: 21st Century Keen Kidz and MES Aftercare. The current student enrollment is 536.

The users of the Melaleuca Elementary School Library Media Center come from grades Kindergarten through Fifth, in addition to the faculty, staff and parents of that community of users. MES has a culturally and ethnically diverse student population representing different economic backgrounds 65% Hispanic, 24% Black, 9% White, 1% Asian, 1% Mixed, 1% American Indian. Students speak English, Spanish, and/or Haitian-Creole. 73% of the students qualify for free and reduced lunch. The media center supports the unique curricular needs of the ELL, ESE, DL, and AMP students.

Responsibility for Collection Management & Development

The Certified Media Specialist is responsible for the management and development of the collection. Collaboration with administration and faculty is used to determine how the media center can support the classroom curriculum. Student interest surveys provide insight to what students wish to see in the library collection. Parents and district stakeholders have access to view what is in the collection and what will be added to the collection after the appropriate wait time.
Mission Statement

Melaleuca Elementary will instill in our school community the requisite social, academic, technological, and critical thinking skills for promoting success in an ever-changing global society.

Media Center Mission Statement

The Melaleuca Elementary Library Media Center is committed to supporting our school’s mission by providing the instruction, resources and opportunity to gain the Information Literacy skills necessary for the 21st century that serve as a foundation for life-long learning.

Library Program

The Library Media Center is dedicated to designing and maintaining a library media program that supports, complements, and expands the instructional program of the school. This library media staff will:

- provide resources that are aligned with the curriculum to support the instructional program;
- provide a learning environment which promotes inquiry using resources in multiple formats;
- encourage reading for pleasure and enjoyment;
- provide and promote instruction to prepare students to become independent, life-long users of libraries and information resources; and
- support Intellectual Freedom as stated in documents published by the American Library Association-ALA (see Appendix C).

Schedule: The LMC is on the Fine Arts rotation wheel. Students attend each Fine Arts on a rotating block schedule for 15 days. The media center is open every day that students and/or staff are in attendance. Students and staff have access to the media center before school, during the day, and after school.

SPECIAL PROGRAMS

- **Morning Announcements:** A select number of 5th grade students on a rotating basis present the morning announcements. Announcements are presented via Google Slides and students' voices are recorded using the ScreenCastify equipment. The recordings are uploaded to Google Drive for teachers to show in their classrooms.

- **Word of the Week:** To grow students vocabulary, each week a targeted word is provided with the expectation students will compose a sentence with that word and submit to the Media Specialist. Selected students receive brag tags and/or various rewards.
- **Scholastic Reading Counts**: Scholastic Reading Counts is a commercial program supported by the Division of Curriculum. The Department of Education Technology maintains the technical implementation of the program. At Melaleuca, Scholastic Reading Counts is used in the Media Center as an accountability tool for grades 3-5. This is a computerized incentive program which allows students to take quizzes for books they have read. Each successful quiz completion awards a specified point value. Individual students are recognized for being in the highest point winner of their grade by receiving a certificate and brag tag. Homeroom classes with the most students participating are also recognized. At the end of the year all students who participate in the program receive a certificate.

- **Code.org** K-5 Students have the opportunity to experience computer science skills through Code.org. The program breaks down the skills of coding into kid friendly steps and uses familiar movie/game characters to engage the students in learning.

- **Digital Citizenship - TechSafe**

**Goals and Objectives**

**Goal 1: Set up new Media Center completing a full inventory to ensure collection accuracy**
- scan all books when unpacking and shelving after moving to new building in FY24
- update Destiny records for any books that are not cataloged
- delete "lost book" records older than 2018

**Goal 2: Increase the number of Spanish language books in the Media Center.**
- collaborate with K-3 DL teachers to determine titles to add to collection
- purchase books to support our school's Dual Language program beginning with grades K-3 in FY24.

**Goal 3: Increase book circulation in FY24**
- circulation stats 8/10/2022-5/3/2023 print: 1,198 online: 0
- book tastings, book reviews, teacher favorites corner
- certificates for students who participate in Reading Counts
Budget and Funding

The Library Media Center is given a school-based operating budget at the beginning of each school year. The Melaleuca Elementary School administration uses a formula to disperse the appropriated funds. The budget for the 2023 - 2024 school year is expected to be similar to the 2022-2023.

Scope of the Collection

The collection development is influenced by the curriculum of Melaleuca Elementary School, which follows the guidelines of the School District of Palm Beach County, which in turn are governed by the Department of Education of the State of Florida. According to best practices for school libraries in the United States, the print and non-print collection at Melaleuca Elementary School is arranged by the Dewey Decimal Classification System (see Section 6 Management of Library Media Instructional Materials). Additional resources are provided by district-wide subscriptions to electronic information databases which expand the local collection and provide 24/7 access for students. MES also purchased MyOn and MyOn News as an additional database. The materials will support both curriculum and pleasure reading as per School Board Policy 8.12 (see Section 3d).

The formats which are included in the collection are:

- Hardback Books
- Paperback Books
- DVDs
- Audio Books
- Equipment - Classroom AV and Computer equipment tracked and inventoried by ITSA; iPads; Chromebooks 1-1 student ratio
- eBooks
- District Access Internet Resources: found in student portal

Collection Development

The collection development process includes the formulation of policy and procedures, budget allocations, needs assessment, maintenance, evaluation, selection and deselection, and resource sharing. The primary goal of the Media Center's collection development efforts is to build a current collection that supports the needs of the curriculum and the school community and maintains the recommended boundaries for size, average age, and access. The goal supports the information needs of students as defined by the mission and goals of the:

- School District of Palm Beach County;
- ALA/AASL Standards for the 21st Century Learner;
- International Society for Technology in Education (ISTE) National Education Technology Standards (NETS).

This process is led by the media specialist with input from administration, teachers, students, parents, and district stakeholders.

Selection and Evaluation Criteria

In accordance with School District of Palm Beach County Board Policy 8.12 - Selection of Library Media Center Materials (see Appendix C), Melaleuca Elementary School
Media Center uses the following professional reviewing sources to aid in the selection of library media center materials.

- School Library Journal - https://www.slj.com/section/reviews
- Booklist - https://www.booklistonline.com/
- Kirkus Reviews - https://www.kirkusreviews.com/
- Publisher's Weekly - https://www.publishersweekly.com/pw/reviews/index.html

Melaleuca Elementary School Media Center only uses reviews from professional reviewing Sources. Reviews from Amazon, Goodreads, Common Sense Media, and the like will not be considered when selecting library media center materials.

In addition, material will be vetted for educational significance, appropriateness, accuracy, and literary merit, scope, and durability.

**District-Wide Procedures for Selecting and Developing Library Collections**

**Who Makes the Selection**

1. Each book made available to students through this School District’s library media centers must be selected by a school district employee who holds a valid educational media specialist certificate, regardless of whether the book is purchased, donated, or otherwise made available to students.

2. In addition, the person selecting the books is employed at that school location or if a qualified person is not employed at the school, by another District employee with these qualifications.

3. For resources needing additional review by District Library Media Services, school-based certified library media specialists or principal designee will use PBSD 2671 to solicit additional input.

5. Consultation with stakeholders is required which is accomplished by the following:
   
   a. Any community stakeholders may provide consultation on selections via the list of LMS Selections for the current school year at Active Book Orders.
   
   b. On the date of the requested purchase or acceptance of library media center materials, the District will provide an email or text notice to current members of the Board’s Academic Advisory Committee (Policy 1.097) that there are new materials under consideration, the link to find the list of materials, and the deadline(s) for submitting questions or comments.
   
   c. Stakeholders with questions or concerns are directed to the following email address: librarymediaservices@palmbeachschools.org, for
sending their feedback to be reviewed by the District Library Media Services for consideration.

d. Selections may be purchased or accepted 72 hours after posting for book fair materials and two weeks after posting for all other purchases or donations.

Criteria for Selection

1. All book selections must meet these criteria:
   a. Free of pornography and material prohibited under Florida Statute 847.012 [harmful to minors].
   b. Suited to student needs and their ability to comprehend the material presented.
   c. The content is to be appropriate for the grade level and age group for which the materials are used or made available. The District shall rely on any State Board of Education Rules, if they exist, to determine what is age appropriate.

2. In developing library media center collections consultation of reputable, professionally recognized reviewing periodicals is required, if available, after a documented diligent search.

3. These periodicals are print or non-print media including video footage that have been favorably reviewed by two or more professional sources, if available, after a documented diligent search, such as a School Library Journal, Horn Book, Booklist, Association for Library Service to Children, Kirkus, Young Adult Library Services Association, and/or Children's Catalog.

4. Library media center collections will be based on reader interest, support of state academic standards and aligned curriculum, and the academic needs of students and faculty.

5. Subject to the required statutory criteria stated above, additional selection criteria apply:
   a. A choice of materials that support the instructional program and promote reading shall be available to students and professional staff to allow for varying achievement levels, interests, and teaching/learning styles. Each school shall, in conjunction with the "Library Bill of Rights" (https://www.ala.org/advocacy/intfreedom/librarybill) of the American Library Association ("ALA"), State Statute, and District policy, establish procedures for the evaluation, selection, management, and disposal of library media materials in conformance with this policy and Policy 8.1205 and shall record such in the school's collection development plan.
   b. The "Library Bill of Rights" referenced herein is to be used as a suggested guideline. To the extent that there are inconsistencies between the guidelines in the "Library Bill of Rights" and State Statute, or District policy, State Statute and District policy shall take precedence and shall govern the selection, retention and disposition criteria of library media materials for library media centers and classrooms.
   c. Selection of materials shall also be consistent with the provisions in the School
Board's collective bargaining agreement with CTA relating to academic freedom and responsibilities—Article II, Section K—to the extent those provisions are applicable.

d. Moreover, consistent with Fla. Stat. § 1006.28 (2) (a) 2, library media materials must be suited to student needs and their ability to comprehend the material presented.

e. Any library media material containing pornography or otherwise prohibited by Fla Stat. § 847.012 as harmful to minors may not be used or made available within any public school.

f. The materials selected for schools are intended to support instruction, promote reading, further the pursuit of knowledge through research and exploration, and provide information literacy experiences of educational significance for class groups, individual students, teachers and administrators. Within budgetary constraints, the intent is to provide an adequate number and range of library media materials and resources in a variety of formats that are appropriate, timely, and essential to the attainment of specified educational objectives subject to District policy. Library media materials are to represent the diverse cultures, ethnic groups, languages and religious beliefs of the community and that are free of bias, stereotypes, distortions, and prejudices.

g. Within budgetary constraints, collections shall contain a comprehensive collection of materials and equipment, in a variety of media formats that are accessible to students during the school day, to:

   i. Promote the development of lifelong reading habits and information literacy skills in students;
   ii. Provide a broad background of information resources in areas of knowledge;
   iii. Support the general educational goals of the District and the objectives of specific courses, including materials that represent diverse points of view in order that young citizens may develop, under guidance, the practice of critical analysis of media and intellectual integrity in forming judgments;
   iv. Meet the personal needs and interests of students, including materials that: nurture the development of recreational reading/listening/viewing, cultural appreciation, and aesthetic values; represent the many religious, racial, ethnic, linguistic, and cultural groups in our society and reflect their contributions to the heritage and culture of our civilization; foster respect for the diverse roles available to women and men in today's society; and provide access to materials in heritage language as stipulated by the META agreement.
   v. Support the professional needs of teachers and administrators; and
   vi. Introduce new instructional technologies into the learning environment.

h. Other criteria to consider in the selection process include:

   i. EDUCATIONAL SIGNIFICANCE. -- Material is valuable to an individual course of study or to the library media collection; the degree to which the material would be supplemented and explained by mature classroom instruction.
ii. APPROPRIATENESS. -- Material is geared to the age, maturity, diverse interests, and learning levels of students for whom it is intended. Reading levels and Lexiles are considered to provide a range of material that challenges the student and guides their selection process.

iii. ACCURACY. -- Nonfiction information is correct, recent, and objective.

iv. LITERARY MERIT. -- Fiction that has a noteworthy plot, setting, characterization, style and theme.

v. SCOPE. -- Content is covered adequately to achieve its intended purpose.

vi. AUTHORITY. -- The author, editor, or producer has a superior reputation for producing materials of this nature.

vii. SPECIAL FEATURES. -- The item has maps, charts, graphs, glossaries, and/or other learning aids that support the content, are unique or are valuable.

viii. TRANSLATION INTEGRITY. -- Material translated from one language to another maintains the stylistic characteristics of the original.

ix. ARRANGEMENT. -- Concepts are presented in a logical sequence and in a way that assures learning.

x. TREATMENT. -- Typeset, visuals, style, and/or medium captures and holds the student's attention.

xi. TECHNICAL QUALITY. -- Sound is clear and audible; visuals project clearly.

xii. AESTHETIC QUALITY. -- Material is superior to similar items in attractiveness and presentation of content.

xiv. POTENTIAL DEMAND. -- Item has particular timeliness or popular appeal.

xv. COPYRIGHT. -- Library media materials used in a school shall be procured and used in accordance with federal, state and District copyright laws, rules, and policies as referenced in School Board Policy 8.121.

xvi. GRAPHIC NOVELS AND PERIODICALS. -- In addition to the above criteria, all pictures are to be reviewed for appropriateness prior to placing the graphic novel or periodicals into circulation.

Removal of Materials

1. Library Media Materials are subject to regular removal or discontinuance of books based on, at a minimum, physical condition, rate of recent circulation, alignment to state academic standards and relevance to curriculum, out-of-date content, and required removal pursuant to School Board Policy 8.1205 Objection Procedures for Library Media Materials.

2. In addition to regular review, removal, or discontinuance by a school library media specialist, the Superintendent or designee, even without an Objection or challenge, has the authority to remove library media materials based on statutory considerations. The basis for the removal shall be documented.
3. The District will restrict access to school library media and reading list materials from students in grade Kindergarten through Grade Three if such materials instruct on sexual orientation or gender identity because HB 1557 (2022) prohibits such instruction.

Oversight for Compliance

1. School principals are responsible for overseeing compliance with school district procedures for selecting school library media center materials at the school to which they are assigned.

2. Support toward compliance is available when the assigned school library media specialist(s) attend professional development/training hosted by the District Library Media Services.

3. Annually, the District requires using the selection criteria and the removal criteria referenced in these procedures to have library media specialists evaluate their collection in order to write a School Collection Development Plan to enhance their individual library programs that align to the District required components. They will share that plan with both their principal and District Library Media Services. Once the plan is approved, the school will post the school’s plan on the school website. District Library Media Services will offer annual training on this process.

4. The School Collection Development Plan will include: School Mission Statement, Library Mission Statement, Purpose of the Collection Development Plan, School Community Description, Description of Your Library Program, Budget and Funding, Scope of Collection, Collection Development, Gifts and Donations, Collection Maintenance, Challenged Materials, and Goals and Objectives.

Gifts and Donations

Gifts or donations to the Melaleuca Media Center are encouraged. However, the Library Media Specialist reserves the right to add such items to the school's library or classroom collections only once it has been determined that they met the SDPBC 8.12 selection policy. Such materials will meet the same criteria as purchased resources. Gifts that are not deemed appropriate for the school collection may be disposed of at the discretion of the Library Media Specialist who can consult if needed with the Literacy Committee assigned to provide oversight to the library media program.
A librarian, regardless of education and training, is not considered by the Internal Revenue Service (IRS) to be qualified to place a value on gift books and other used materials unless the librarian is a certified appraiser of such materials. In acknowledging gifts, the library may write a letter indicating how many of what kind of material has been given (i.e., 10 trade paperbacks in excellent condition) but cannot appraise the value of such materials. All donated material is considered “used,” and should not be referenced in the letter as “new”. Out of date or age-inappropriate material will not be added into the collection simply because it was donated by a parent or because it was free.

Collection Maintenance

Per Board Policy 8.12 (5) Instructional Material stored in the Library Media Center must be inventoried annually. To facilitate the circulation and inventory process, Destiny Library Manager software has been made available to all schools. Melaleuca Elementary School typically inventories part of its collection each year on a rotational basis, every 3 years.

Reconsideration of Materials

In the event of a challenge by a citizen of Palm Beach County, personnel at Melaleuca Elementary School will follow procedures governed by SDPBC Policy 8.1205 – Challenge Procedures for Instructional Materials. See the Appendix for a copy.
Appendix A

LIBRARY BILL OF RIGHTS

The American Library Association affirms that all libraries are forums for information and ideas and that the following basic policies should guide their services.

I. Books and other library resources should be provided for the interest, information, and enlightenment of all people of the community the library serves. Materials should not be excluded because of the origin, background, or views of those contributing to their creation.

II. Libraries should provide materials and information presenting all points of view on current and historical issues. Materials should not be proscribed or removed because of partisan or doctrinal disapproval.

III. Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment.

IV. Libraries should cooperate with all persons and groups concerned with resisting the abridgment of free expression and free access to ideas.

V. A person's right to use a library should not be denied or abridged because of origin, age, background, or views.

VI. Libraries that make exhibit spaces and meeting rooms available to the public they serve should make such facilities available on an equitable basis, regardless of the beliefs or affiliations of individuals or groups requesting their use.

Adopted June 19, 1939.
Amended October 14, 1944; June 18, 1948; February 2, 1961; June 27, 1967; and January 23, 1980;

inclusion of “age” reaffirmed January 23, 1996, by the ALA Council

INTELLECTUAL FREEDOM
AMERICAN LIBRARY ASSOCIATION
THE FREEDOM TO READ STATEMENT

The freedom to read is guaranteed by the Constitution. Those with faith in free people will stand firm on these constitutional guarantees of essential rights and will exercise the responsibilities that accompany these rights.

We therefore affirm these propositions:

1. It is in the public interest for publishers and librarians to make available the widest diversity of views and expressions, including those that are unorthodox, unpopular, or considered dangerous by the majority.

2. Publishers, librarians, and booksellers do not need to endorse every idea or presentation they make available. It would conflict with the public interest for them to establish their own political, moral, or aesthetic views as a standard for determining what should be published or circulated.

3. It is contrary to the public interest for publishers or librarians to bar access to writings on the basis of the personal history or political affiliations of the author.

4. There is no place in our society for efforts to coerce the taste of others, to confine adults to the reading matter deemed suitable for adolescents, or to inhibit the efforts of writers to achieve artistic expression.

5. It is not in the public interest to force a reader to accept the prejudgment of a label characterizing any expression or its author as subversive or dangerous.

6. It is the responsibility of publishers and librarians, as guardians of the people's freedom to read, to contest encroachments upon that freedom by individuals or groups seeking to impose their own standards or tastes upon the community at large; and by the government whenever it seeks to reduce or deny public access to public information.

7. It is the responsibility of publishers and librarians to give full meaning to the freedom to read by providing books that enrich the quality and diversity of thought and expression. By the exercise of this affirmative responsibility, they can demonstrate that the answer to a "bad" book is a good one, the answer to a "bad" idea is a good one.

This statement was originally issued in May of 1953 by the Westchester Conference of the American Library Association and the American Book Publishers Council, which in 1970 consolidated with the American Educational Publishers Institute to become the Association of American Publishers.
First Amendment of the Bill of Rights to the United States Constitution

Policy 8.12 - Selection of Library Media Center Materials and Reading List Materials

1. **Adequate Library Media Materials.**-- Library media materials for the school's Library Media Center, including print, non-print, serials [periodicals], electronic resources, computer software, video images, films, and instructional television programs, represent fundamental resources selected for schools to support instruction, promote reading, further the pursuit of knowledge through research and exploration, and provide information literacy experiences of educational significance for class groups, individual students, teachers and administrators. It is the shared responsibility of the State, District, and school, within budgetary constraints, to provide an adequate number and range of library media materials and resources in a variety of formats that are appropriate, timely, and essential to the attainment of specified educational objectives subject to District policy. It is also the responsibility of the State and District and school to provide library media materials that represent the diverse cultures, ethnic groups, languages and religious beliefs of the community and that are free of bias, stereotypes, distortions, and prejudices.

2. **Reading List Materials.**-- Reading list materials are recommended or assigned materials school-wide or grade level.

3. **Purpose.**-- The Board believes that the selection of library media materials and reading list materials is within its jurisdiction pursuant to relevant statutory and constitutional laws. The library media center, within budgetary constraints, shall contain a comprehensive collection of materials and equipment, in a variety of media formats that are accessible to students during the school day, to:

   a. Promote the development of lifelong reading habits and information literacy skills in students;

   b. Provide a broad background of information resources in areas of knowledge;

   c. Support the general educational goals of the District and the objectives of specific courses, including materials that represent diverse points of view in order that young citizens may develop, under guidance, the practice of critical analysis of media and intellectual integrity in forming judgments;

   d. Meet the personal needs and interests of students, including materials that: nurture the development of recreational reading/listening/viewing, cultural appreciation, and aesthetic values; represent the many religious, racial, ethnic, linguistic, and cultural groups in our society and reflect their contributions to the heritage and culture of our civilization; foster respect for the diverse roles available to women and men in today's society; and provide access to materials in heritage language as stipulated by the META agreement;

   e. Support the professional needs of teachers and administrators; and

   f. Introduce new instructional technologies into the learning environment.

4. **Choice.**-- Library media materials are available to students and staff as optional resources and are usually not mandatory reading as is the case with textbook instructional materials.
Library media that is sensitive or mature may not be appropriate for all readers in a school but remains a part of the collection to address the needs of some of the reading community if it meets the selection criteria of the school. Educators and library media specialists should be sensitive to the reading level, belief system, interest level and maturity level of students when helping make selections for individuals, reading aloud to groups, or when having whole class participation in a reading project. If a parent or adult student states a reasonable objection to library reading material assigned to a class, comparable instruction will be made available for the student through an alternate reading assignment without penalty.

5. **Use of Library Media Materials Allocation.**—School principals are responsible for ensuring that operating budget and state categorical funds are used to purchase library media materials that reinforce instruction and stimulate leisure reading for the students enrolled at the grade level(s) for which the materials are designed and to effectively communicate to parents the manner in which materials are used to implement the curriculum of the school under Fla. Stat. § 1006.40.

6. **Management of Library Media Materials.**—Following practice and precedent, the school library media centers in Palm Beach County will arrange media and materials according to the Dewey Decimal Classification System. Library media materials acquired with funds from the General Appropriation Act of the State of Florida are to be cataloged and inventoried as part of the library media collection. Library media materials may be inventoried in one to three year cycles.

7. **Selection.**—HB 1467 (2022), amending Fla. Stat. § 1006.28 provides selection requirements.

   a. **Initial Review Process**
      i. "Each book made available to students through a school district library media center or included in a recommended or assigned school or grade-level reading list must be selected by a school district employee who holds a valid educational media specialist certificate, regardless of whether the book is purchased, donated, or otherwise made available to students."

      ii. For resources needing additional review by District Library Media Services, school-based certified library media specialists or principal designee will use PBSD 2671, attached hereto and incorporated as part of this policy, to solicit additional input.

   b. The School Board is herein adopting "procedures for developing library media center collections" and shall "post the procedures" on each school's website within the District.

   c. Each elementary school must "publish on its website, in a searchable format prescribed by the [Florida Department of Education], a list of all materials maintained in the school library media center (as defined by SBER 6A-7.0713, including classroom libraries) or required as part of a school or grade-level reading list."

   d. Per HB 1467 (2022), § 1006.28 (2) (d), these procedures for developing library media center collections must:
      i. "Require that book selections meet the criteria in s. 1006.40(3) (d)."
      ii. Require consultation of reputable, professionally recognized reviewing periodicals, if available after a documented diligent search, and school community stakeholders.
      iii. "Provide for library media center collections based on reader interest, support of state academic standards and aligned curriculum, and the academic needs of students and faculty."
      iv. "Provide for the regular removal or discontinuance of books based on, at a minimum, physical condition, rate of recent circulation, alignment to state academic standards and relevancy to curriculum, out-of-date content, and required removal pursuant to subparagraph (a) 2."

   In addition to regular review, removal, or discontinuance by a school library media specialist, the Superintendent or designee, even without an Objection or challenge, has the authority to remove library media materials or materials on reading lists based on statutory considerations. The basis for the removal shall be documented. Removal procedures regarding an Objection are based on Statute and/or School Board Policy 8.1205 Objection Procedures for Instructional Materials.

   e. The District may restrict access to school library media and reading list materials from students in grade Kindergarten through Grade Three if such materials instruct on sexual orientation or gender identity because HB 1557 (2022) prohibits such instruction.

8. **Additional Selection Criteria**

   a. Materials for use in school media centers or classroom library collections shall be carefully selected subject to the requirements stated above in Paragraph 7. A choice of materials that support the instructional program and promote reading shall be available to students and professional staff to allow for varying achievement levels, interests, and teaching/learning styles. Each school shall, in conjunction with the "Library Bill of Rights" (https://www.ala.org/advocacy/infreedom/librarybill) of the American Library Association ("ALA"), State Statute, and
District policy, follow District procedures for the evaluation, selection, management, and disposal of library media materials in conformance with this Policy and Policy 8.1205. Annually, the District requires using the selection criteria and the removal criteria referenced in this Policy to have library media specialists evaluate their collection in order to write a School Collection Development Plan to enhance their individual library programs that align to the District required components. They will share that plan with both their principal and District Library Media Services. Once the plan is approved, the school will post the school’s plan on the school website. District Library Media Services will offer annual training on this process.

b. The "Library Bill of Rights" referenced herein is to be used as a suggested guideline. To the extent that there are inconsistencies between the guidelines in the "Library Bill of Rights" and State Statute, or District policy, State Statute and District policy shall take precedence and shall govern the selection, retention and disposition criteria of library media materials for library media centers and classrooms.

c. Selection of materials shall also be consistent with the provisions in the School Board’s collective bargaining agreement with CTA relating to academic freedom and responsibilities—Article II, Section K—to the extent those provisions are applicable.

d. Moreover, consistent with Fla. Stat. § 1006.28 (2) (a) 2, library media materials must be suited to student needs and their ability to comprehend the material presented.

e. In conjunction with the selection criteria above, employees holding a valid educational media specialist certificate (with the required training once it is available as stated in Paragraph 10 below) at each school location or if a qualified person is not employed at the school, by another District employee with these qualifications, shall evaluate and select print and non-print materials for the library media center using several of the criteria outlined below, as appropriate for the media type. Any library media material containing pornography or otherwise prohibited by Fla Stat. § 847.012 as harmful to minors may not be used or made available within any public school.

f. Additional criteria used in evaluating and selecting all materials include:

   i. EDUCATIONAL SIGNIFICANCE. -- Material is valuable to an individual course of study or to the library media collection; the degree to which the material would be supplemented and explained by mature classroom instruction.

   ii. APPROPRIATENESS. -- Material is geared to the age, maturity, diverse interests, and learning levels of students for whom it is intended. Reading levels and Lexile’s are considered to provide a range of material that challenges the student and guides their selection process.

   iii. ACCURACY. -- Nonfiction information is correct, recent, and objective.

   iv. LITERARY MERIT. -- Fiction that has a noteworthy plot, setting, characterization, style and theme.

   v. SCOPE. -- Content is covered adequately to achieve its intended purpose.

   vi. AUTHORITY. -- The author, editor, or producer has a superior reputation for producing materials of this nature.

   vii. SPECIAL FEATURES. -- The item has maps, charts, graphs, glossaries, and/or other learning aids that support the content, are unique or are valuable.

   viii. TRANSLATION INTEGRITY. -- Material translated from one language to another maintains the stylistic characteristics of the original.
9. Compliance
   a. Per HB 1467 (2022), school principals are responsible for overseeing compliance with school district procedures for selecting school library media center materials at the school to which they are assigned.
   b. Support toward compliance is available when the assigned school library media specialist(s) attend professional development/training hosted by the District Library Media team.

10. The Florida Department of Education (FL DOE) is developing an online training program by January 1, 2023 for school librarians, media specialists, and other personnel involved in the selection and maintenance of library media and collections or materials maintained on a reading list. These persons must complete this training once it is available before reviewing and selecting age appropriate materials, reading list materials, and library resources.

11. Per Fla. Stat. § 1006.29 (6), no later than July 1, 2023, and annually thereafter, the Superintendent must certify to the FL DOE that all school librarians and media specialists employed by the District have completed the FL DOE online training program.

**Policy 8.1205 - Objection Procedures for Instructional Materials, Library Media Materials, and Supplemental Classroom Materials, including Reading Lists**

This Policy does not apply to the 30-day post-adoption challenges to specific instructional materials by parents or County residents in compliance with Fla. Stat. § 1006.28(1) (a) (3). The procedures to follow for those challenges are outlined in School Board Policy 8.122, subparagraph (3)(g).

In addition, the Superintendent or designee, even without an objection or challenge, has the authority to remove instructional materials, library media materials, supplemental classroom materials on reading list based on statutory considerations. The basis for the removal shall be documented.

This Policy implements Fla. Stat. § 1006.28 (2)(a)2 relating to: objections by parents or this County's residents to: a) instructional materials more than 30 days after adoption of instructional materials and b) library media materials, including reading lists, and non-adopted classroom materials. The procedures to follow for those challenges are outlined below; however, a parent or a resident of this County has the option to speak and proffer evidence at the Board hearing on adopting instructional materials and the Board adoption meeting without having followed the procedures below.

1. **Grievance Procedures Concerning Core Instructional Materials, Library Media Materials, Reading Lists, and Supplemental Classroom Instructional Materials**
   a. The Superintendent or his/her designee is authorized to administer the following procedures in accordance with federal and state law.
   b. Any resident of Palm Beach County, or emancipated student or parent of a child attending public school in Palm Beach County may file an objection with a school or the Board Clerk concerning the use of or content in instructional materials, library media materials, and supplemental classroom materials, including reading lists.
   c. The parent or resident will be provided the opportunity to proffer evidence on the grounds stated within Fla. Stat. § 1006.28(2)(a)(2), relating to instructional materials, library media materials, and supplemental classroom materials, including reading lists.
   d. Challenged materials may be removed from use in the school where the objection was initiated after the procedures of this Policy have been completed or if it is agreed by the District at any of these stages. Per Fla. Stat. § 1006.28(2)(a)(2), if the School Board "finds that an instructional material does not meet the criteria under sub-subparagraph a, or that any other material contains prohibited content under sub- subparagraph b, the school district shall discontinue use of the material for any grade level or age group for which such use is inappropriate or unsuitable."
   e. Objections filed by a parent or emancipated student shall be heard in the school in which that student is registered. If the parent has children at different schools in Palm Beach County, then the objection must specify which school(s) the objection pertains to and it will be heard in that/those school(s). If the objecting party is not the parent of a child in the School District, the objection will be assigned to the appropriate school within the boundary corresponding to the residence of the objecting
2. School Level: Informal Complaint

   a. Any complaint arising out of the use of a material in a school shall be registered in writing with the principal of the school. Within five school days of the receipt of the complaint, the principal and/or his/her designee and the appropriate staff member(s) shall meet with the complainant to explain:
      
      i. the school's selection procedures for these materials;
      
      ii. the criteria used for the selection of these materials;
      
      iii. the role that the material in question has in the school's curriculum or library media center or classroom collection; and
      
      iv. whatever additional information is deemed needed regarding the item's use.

   b. If the complainant is not satisfied with the explanation and desires to file a formal complaint, the formal procedures below shall be followed.

3. School Level: Formal Complaint

   a. As stated in Policy 8.122, objections to instructional materials and Supplemental Classroom Materials, including Reading Lists, shall be filed on form PBSD 2569 (Petition to Object/Objection to Instructional Materials), which is part of this policy and incorporated herein as part of this Policy. The form can be found on the District's forms website at: https://www2.palmbeachschools.org/formssearch/pdf/2569.pdf.

   b. For objections to Library Media Materials, the complainant shall file form PBSD 1113 ("Objection to Library Media Materials") and this form can be obtained from the Principal or a designee. A copy of the form is also available on the District's forms Web site at https://www2.palmbeachschools.org/formssearch/pdf/1113.pdf and is incorporated herein by reference as part of this Policy.

   c. The complainant shall sign and sufficiently complete the applicable form in its entirety for each material to be considered, including stating the basis of the objection, retain one copy, and send one copy of the completed form to the principal of the school. Failure to sufficiently fill out the form along with complainant's signature will result in the rejection of the form and no formal review process under this subsection will be initiated.

   d. A challenge to the same material(s) by multiple challengers within one school can be consolidated into one challenge for consideration by the School Materials Review Committee, Principal, Superintendent, District Material Review Committee, and School Board (the reviewing persons and entities) as set forth in the below proceedings.

   e. A challenge to multiple materials will require additional preparation time for the reviewing persons and entities set forth below. A challenge of more than five materials will add an additional two (2) days per item to the time deadlines for the school or District actions that are specified within this Policy.

   f. For materials used in that school, the form and the material in question shall be studied by a School Materials Review Committee appointed on an ad hoc basis by the school Principal. Representation on the School Materials Review Committee should reflect the diversity of the District and school, and the following provisions apply:

      I. The committee shall consist of the Principal or his/her designee of the school where the complaint was made; two teachers in the appropriate subject area/grade; one teacher from another subject area/grade; a library media specialist; a guidance counselor; one student from the appropriate grade level or a student who is accomplished in the specific subject area (middle and senior high school only); one layperson from the school's Parent-Teacher Association or the School Advisory Council; a representative designated by the Regional Superintendent, and a representative from the District department representing Instructional Materials and/or Library Media Services.

      II. The School Materials Review Committee shall meet within fifteen (15) school work days of receipt by the Principal of the reconsideration form. The complainant shall be notified of the committee's meeting...
date and time and shall be invited to present arguments for no more than 10 minutes unless time is extended by the
committee for good cause. A question/answer period or committee discussion may follow the presentation at the
committee’s discretion.

iii. The School Materials Review Committee shall solicit, if readily available, professionally written reviews of the
material, from sources such as those listed in School Board Policy 8.12(7)(d)(ii).

iv. The School Materials Review Committee shall be chaired by the Principal or his/her designee. A recorder of minutes
shall be appointed from the membership of the committee to take minutes and to record the recommendation of the
committee.

v. If the review is not completed, the committee may schedule additional meetings. Within five (5) school work days of
its final meeting, the School Materials Review Committee shall prepare the committee’s recommendation with
supporting reasons and use form PBSD 1857, School Materials Review Committee Recommendations, or a signed
letter written on school letterhead. The form can be found on the District’s
forms Web site at https://www2.palmbeachschools.org/formssearch/pdf/1857.pdf and
is incorporated herein by reference.

g. Guidelines for Committee’s Recommendation. -- The School Materials Review Committee shall review enough of the
relevant portions of the material being challenged in order to make an informed recommendation on the request. The
committee shall also consider readily available reviews of the material, study the comments on the complainant’s
questionnaire, consider one or more of the evaluative criteria in Policy 8.12(7) (for media center materials) or State
requirements and guidelines and Policy 8.122 (for textbooks or other instructional materials and reading lists) and shall
render a decision based on a majority vote.

i. The selection criteria in Policy 8.12(7), for media center, shall be made available to all interested persons.

ii. The recommendation to the Principal will be based on the selection criteria in School Board Policy 8.12(7) (for media
center materials), State requirements and guidelines and School Board Policy
8.122 (for textbooks and instructional materials), and the following additional factors and criteria:

A. educational significance of the material;
B. appropriateness of age and maturity level;
C. need and value to the collection/curriculum;
D. summation of the professional reviews on the media;
E. literary merit;
F. validity, accuracy, objectivity, and up-to-date and appropriate information;
G. freedom from stereotypes, bias, prejudice or distortion; and
H. timeliness or permanence.

A. In addition, the recommendation shall also consider the provisions in the School Board’s collective bargaining
agreement with CTA relating to academic freedom and responsibilities—Article II, Section K—to the extent
those provisions are applicable. However, pursuant to current case law, the committee may not recommend
removal of non-curricular books from the school’s media center or classroom simply because a majority of the
committee dislikes the ideas or the points-of-view contained in the media center instructional or supplemental
classroom instructional materials.

h. Committee’s Recommendation to the Principal. -- The committee’s final recommendation shall be immediately forwarded to
the school Principal and may be any or a combination of the following:

i. allow the challenged material to maintain its current status;

ii. leave the challenged material in the classroom or library media center, but allow students to use alternate materials
approved by school personnel who require the use of the disputed item;

iii. limit the educational use of the challenged material;
iv. transfer the challenged material to a higher level school (e. g. elementary to a middle school); and/or

v. remove the challenged material from the school environment.

i. Principal's Written Decision. -- Within five (5) school work days after receipt of the School Materials Review Committee's recommendation, the Principal shall make a decision, based on the same criteria considered by the committee as set forth in subsection (3)(g) above, on whether to follow the committee's recommendation, and shall inform the complainant in writing of the recommendation of the committee, the Principal's decision, and the reasons for the recommendation and decision. This written communication must inform the complainant of the next level of appeal under this policy and the time deadline if the decision is not the relief sought by the objecting party. Such communication shall be sent by regular U. S. Mail, and certified mail, return receipt requested.

4. District Level: Formal Appeal. -- The complainant may appeal the Principal's decision to the Superintendent, subject to the following provisions.

a. If the complainant appeals the Principal's decision, the Principal shall send copies of all reports and communications to division and department heads that supervise Instructional Materials and Library Media Services and to the appropriate Regional Superintendent.

b. Access to challenged materials shall not be restricted during the reconsideration process; the materials shall remain in use unless the School Materials Review Committee, through formal vote, recommended removal of the instructional materials to the Principal, and the decision to remove is made by the Principal.

c. Within twenty (20) calendar days of the date of the Principal's decision, the complainant shall notify the Superintendent in writing of the request to appeal. Failure to comply with these requirements will result in the appeal not being considered.

d. Within twenty (20) school work days of receipt of such request, the Superintendent or his/her designee and appropriate staff shall review the action taken at the school level and issue a decision based on the same criteria set forth in subsection (3)(g) above and with the same alternative results as set forth in subsection (3)(h) above. If the decision does not include further review by the Superintendent/designee (and District Materials Review Committee), the complainant shall be so notified of the decision and be informed of the ability and deadline to request in writing an appearance to appeal directly to The School Board of Palm Beach County, Florida in accordance with this Policy. Notice to the complainant shall be made by regular U. S. Mail and certified mail, return receipt requested.

e. If the Superintendent finds cause for further review, the complaint shall be submitted to a District Materials Review Committee whose representation reflects the diversity of the District and school, appointed on an ad hoc basis by the Superintendent or his/her designee, according to the following provisions:

   i. Representation on District Instructional Materials Committees should reflect the diversity of the District and schools.

   ii. Individuals on the District Materials Review Committee cannot be the same as those that served on the School Materials Review Committee.

   iii. The committee shall consist of the Chief Academic Officer or his/her designee; an appropriate Regional Superintendent or designee; one Principal at the appropriate level; a division or department head that supervises Instructional Materials, and/or Library Media Services; an appropriate subject area Administrator/Program Planner; one teacher in the appropriate subject area/grade; one library media specialist; one student from the appropriate grade level or a student who is accomplished in the specific subject area (middle and senior high only); a representative from the Palm Beach County Council of Parent-Teacher Associations who will be appointed by the President of the District Association, a representative from the District Academic Advisory Committee; and one lay person. The General Counsel to the School Board, or designated attorney(s) of his/her Office, may be invited to provide legal advice to the Committee, if deemed appropriate by the Superintendent.

   iv. In the event that a person from a position named above cannot be present at the District Materials Review Committee meeting(s), the Superintendent may appoint an alternate.

   v. District Materials Review Committee Procedures

      A. The District Materials Review Committee shall be chaired by the Chief Academic Officer or his/her designee. A recorder of minutes shall be appointed from the membership of the committee to take minutes and to record the recommendation of the committee.
B. The District Materials Review Committee shall solicit, if readily available, professionally written reviews of the material, from sources such as those listed in Policy 8.12(7)(d)(ii).

C. The District Materials Review Committee shall meet and provide a recommendation with supporting reasons to the Superintendent within twenty (20) school work days of receipt of the referral from the Superintendent, based on the criteria set forth in subparagraph (4)(e)(v)(D) and paragraph (vi) below. The complainant shall be notified of the committee’s meeting date and time and shall be invited to present argument for no more than 10 minutes, unless time is extended by the committee for good cause. A question/answer period or committee discussion may follow the presentation at the committee’s discretion.

D. If the review is not completed, the committee may schedule additional meetings. Within five (5) school work days of its final meeting, the District Materials Review Committee shall prepare the committee’s recommendations with supporting reasons.

f. Guidelines for Recommendation to the Superintendent. -- The District Materials Review Committee shall review enough of the relevant portions of the material being challenged in order to make an informed recommendation on the request. The committee shall also consider readily available reviews of the material, study the comments on the complainant’s questionnaire, consider one or more of the evaluative criteria in School Board Policy 8.12(7) (for media center materials) or State requirements and guidelines and School Board Policy 8.122 (for textbooks and instructional materials) and shall render a decision based on a majority vote.

i. The Selection Criteria in Policy 8.12(7) (for media center materials) shall be made available to all interested persons.

ii. The recommendation to the Superintendent will be based on the selection criteria in School Board Policy 8.12(7) (for media center materials), State requirements and guidelines and School Board Policy 8.122 (for textbooks and instructional materials), as well as the following criteria:

A. educational significance of the material;
B. appropriateness of age and maturity level;
C. need and value to the collection/curriculum;
D. summation of the professional reviews on the media;
E. literary merit;
F. validity, accuracy, objectivity, and up-to-date and appropriate information;
G. freedom from stereotypes, bias, prejudice or distortion; and
H. timeliness or permanence.

I. In addition, the recommendation shall also consider the provisions in the School Board’s collective bargaining agreement with CTA relating to academic freedom and responsibilities-- Article II, Section K—to the extent those provisions are applicable. However, pursuant to current case law, the committee may not recommend removal of non-curricular books from the school’s media center or classroom simply because a majority of the committee dislikes the ideas or the points-of-view contained in the media center or supplemental classroom instructional materials.

g. Committee’s Recommendation to the Superintendent. -- The recommendation of the District Materials Review Committee and the basis for that recommendation shall be transmitted to the Superintendent; the Chief Academic Officer; the Principal of the school that received the original complaint; and the complainant.

h.
