Purpose of Collection Development Policy

This collection development plan guides decisions in the media center, including collection acquisition, development, and weeding. It provides guidance on how to best utilize the collection to meet the needs of our community of learners.

The Media Center's collection development efforts is to build a current collection that supports the needs of the curriculum and the school community and maintains the recommended boundaries for:

- size of collection,
- average age of collection and
- access to the collection.

This goal supports the information needs of students as defined by the mission and goals of the:

- School District of Palm Beach County;
- ALA / AASL Standards for the 21st Century Learner;
- Partnership for 21st Century Skills;
- International Society for Technology in Education (ISTE) National Education Technology Standards (NETS)

The Library Media Center recognizes its responsibility to respond to the reading, reference, and research needs of the student body and faculty in an age of information abundance. The electronic catalog of resources for the school and the district is maintained by the Department of K-12 Instructional Materials and Library Media Services and is available at all times to students, faculty and parents. The library is open every day that students and/or faculty are in attendance. Research materials are available at all times through the district-wide electronic subscription databases. Interlibrary loans are available through media staff requests via email or phone calls. The Library Media Center of Royal Palm Beach Elementary School provides ongoing services that transcend the tenure of any single individual. To this end, the Reading Committee at the school may oversee, review, and record issues and policies pertinent to the overall program of the library media center in order to facilitate a continuum of services.

* encourages pleasure reading
* develops diverse interests for the enjoyment of life-long learning
* provides and promotes instruction to prepare students to become independent users of libraries and information resources.

The successful, self-aware learner should be able to:
-identify, plan, and use resources
-find and evaluate information
-organize and maintain information
-interpret and communicate information
-use computers and technology to locate and process/present information

Responsibility for Collection Management & Development

The media specialist is responsible for collection management and development. Collection circulation statistics and student surveys are factored into collection decisions. Teacher, parent, administration, and district input is welcome in any format.

Library Program

The media center is on the fixed Fine Arts Wheel and reaches 6-8 classes per school day. Lessons for primary grades include library skills, basic research skills, story read-alouds, movement, digital citizenship, retelling/comprehension activities, and some computer literacy, like typing, coding, and Google Docs and Slides. Lessons for intermediate grades include read-alouds, book sampling, research skills, readers’ theater, coding, digital citizenship, and library skills like using Destiny and finding call numbers in different sections.
Goals and Objectives

Goal 1: Promote summer reading through a summer reading program.
  - Work with admin to support a summer reading program.
  - Create a bingo card or similar structure for students.

Goal 2: Introduce students to a variety of genres and authors to create lifelong readers.
  - Use circulation data to choose four fiction genres that aren’t circulating.
  - Create a book sampling lesson where students sample the genres and have an opportunity for checkout.
  - Compare same circulation statistics at the end of next year.

Goal 3: Increase overall circulation by 10%.
  - Print overdue notices monthly for students to reduce students missing checkout.
  - Promote on-time return of materials.
  - Compare circulation statistics at end of next year.

Budget and Funding

The media center is given a school-based operating budget at the beginning of every school year. The Royal Palm Beach Elementary School administration uses a formula to disperse the appropriated funds. The budget for the 2023-2024 school year is expected to be similar to the 2022-2023.

Scope of the Collection

Collection development is focused on the pleasure reading of students and the curriculum of Royal Palm Beach Elementary School, which follows the guidelines of the School District of Palm Beach County, which in turn are governed by the Department of Education of the State of Florida as per School Board Policy 8.12 (see Section 2 c). Selecting materials appropriate for our school population is a priority. The collection consists of texts in a wide variety of reading levels. It contains informational texts, fictional texts, multicultural books, graphic novels, many award-winning books, and books recommended by teachers, parents, and staff. Our collection also includes over 700 electronic book resources that students can access 24/7 from their portal.

According to best practices for school libraries in the United States, the print and non-print collection at Royal Palm Beach Elementary School is arranged by the Dewey Decimal Classification System. Additional resources are provided by district-wide subscriptions to electronic information databases. Through affiliation with other media specialists in Palm Beach County, Royal Palm Beach Elementary School library is able to extend its collection to provide any major resource needed by a patron.

Collection Development

Collection Development is the process of providing quality materials and equipment for student and faculty use through the media center. The goal of collection development is to ensure the collection has information sources in adequate quantity and variety to support student's academic and personal interests and needs. The media specialist leads this process with the input of administration, teachers, students, parents, and stakeholders.
The Royal Palm Beach Elementary School Media Center provides learning and teaching resources that support the school's instructional program. These materials are organized with accepted library practices so that patrons are able to make appropriate selections for achieving instructional objectives.

The available information resources include print and non-print materials, electronic reference resources, audiovisual equipment, and computer hardware. The media collection is supported and supplemented beyond the school through library networking systems.

SDPBC Policy 8.12 (6.a) stipulates:

Instructional materials for use in school media centers or classroom library collections shall be carefully selected. A choice of materials that support the instructional program and promote reading shall be available to students and professional staff to allow for varying achievement levels, interests, and teaching/learning styles. Each school shall, in conjunction with the "Library Bill of Rights" (www.al.org/al/ol/statementspdf/statementslib/librarybillrights.html) of the American Library Association ("ALA") and District policy, establish procedures for the evaluation, selection, management, and disposal of library media materials in conformance with this policy and Policy 8.1205 and shall record such in the school's collection development policy.

This collection development policy is a statement of the principles and guidelines used by the Royal Palm Beach Elementary School Media Center in the selection, acquisition, evaluation, and maintenance of library media center materials. It will be used both in providing consistency among those responsible for developing the collection and in communicating the library media center's policies to faculty, students, and staff and other interested stockholders of the school community. It is understood that this document is fluid and changes in the curriculum, demographics, information needs or programs of the school will mandate updates to the collection and its governing policies. The acquisition and maintenance of the Library Media Center materials collection is a primary function of the media specialist. Collection development and management refers to the process of building and maintaining the library's entire materials collection, in print, non-print, audio visual and electronic formats so that they are available to every student at the time of need to support and enrich the student's educational experience. The collection development process includes the formulation of policy and procedures, budget allocations, needs assessments, selection, collection maintenance and evaluation, de-selection and resource sharing.

Selection and Evaluation Criteria

In developing the media center collection, the media specialist will consult reputable, professionally recognized reviewing periodicals, such as School Library Journal, Horn Book, and Kirkus Reviews. Book award lists from American Library Association are considered and researched as well. Selected media will have been favorably reviewed by two or more professional sources, if available, after a documented diligent search, such as a School Library Journal, Horn Book, Booklist, Association for Library Service to Children, Kirkus, Young Adult Library Services Association, and/or Children's Catalog. The collection will be based on reader interest, support of state academic standards and aligned curriculum, and the academic needs of students and faculty. The materials are intended to support instruction, promote reading,
further the pursuit of knowledge through research and exploration, and provide information literacy experiences of educational significance for class groups, individual students, teachers and administrators. The intent is to provide a range of library media materials and resources to represent the diverse cultures, ethnic groups, languages and religious beliefs of the community and that are free of bias, stereotypes, distortions, and prejudices.

District-Wide Procedures for Selecting and Developing Library Collections

Who Makes the Selection

1. Each book made available to students through this School District's library media centers must be selected by a school district employee who holds a valid educational media specialist certificate, regardless of whether the book is purchased, donated, or otherwise made available to students.

2. Employees holding a valid educational media specialist certificate must also have completed the required Florida Department of Education training once it is available and by law must be developed by January 1, 2023.

3. In addition, the person selecting the books is employed at that school location or if a qualified person is not employed at the school, by another District employee with these qualifications.

4. For resources needing additional review by District Library Media Services, school-based certified library media specialists or principal designee will use PBSO 2671 to solicit additional input.

5. Consultation with stakeholders is required which is accomplished by the following:
   a. Any community stakeholders may provide consultation on selections via the list of LMS Selections for the current school year at Active Book Orders.
   b. On the date of the requested purchase or acceptance of library media center materials, the District will provide an email or text notice to current members of the Board’s Academic Advisory Committee (Policy 1.097) that there are new materials under consideration, the link to find the list of materials, and the deadline(s) for submitting questions or comments.
   c. Stakeholders with questions or concerns are directed to the following email address: librarymediaservices@palmbeachschools.org, for sending their feedback to be reviewed by the District Library Media Services for consideration.
   d. Selections may be purchased or accepted 72 hours after posting for book fair materials and two weeks after posting for all other purchases or donations.

Criteria for Selection

1. All book selections must meet these criteria:
   a. Free of pornography and material prohibited under Florida Statute 847.012 [harmful to minors].
   b. Suited to student needs and their ability to comprehend the material presented.
   c. The content is to be appropriate for the grade level and age group for which the
materials are used or made available. The District shall rely on any State Board of Education Rules, if they exist, to determine what is age appropriate.

2. In developing library media center collections consultation of reputable, professionally recognized reviewing periodicals is required, if available, after a documented diligent search.

3. These periodicals are print or non-print media including video footage that have been favorably reviewed by two or more professional sources, if available, after a documented diligent search, such as a School Library Journal, Horn Book, Booklist, Association for Library Service to Children, Kirkus, Young Adult Library Services Association, and/or Children's Catalog.

4. Library media center collections will be based on reader interest, support of state academic standards and aligned curriculum, and the academic needs of students and faculty.

5. Subject to the required statutory criteria stated above, additional selection criteria apply:

   a. A choice of materials that support the instructional program and promote reading shall be available to students and professional staff to allow for varying achievement levels, interests, and teaching/learning styles. Each school shall, in conjunction with the "Library Bill of Rights" ([https://www.ala.org/advocacy/intfreedom/librarybill](https://www.ala.org/advocacy/intfreedom/librarybill)) of the American Library Association ("ALA"), State Statute, and District policy, establish procedures for the evaluation, selection, management, and disposal of library media materials in conformance with this policy and Policy 8.1205 and shall record such in the school's collection development plan.

   b. The "Library Bill of Rights" referenced herein is to be used as a suggested guideline. The School Collection Development Plan will include: School Mission Statement, Library Mission Statement, Purpose of the Collection Development Plan, School Community Description, Description of Your Library Program, Budget and Funding, Scope of Collection, Collection Development, Gifts and Donations, Collection Maintenance, Challenged Materials, and Goals and Objectives.
The collection is developed for and influenced by students, their interests, academic needs and alignment to the curriculum. The data below is a snapshot of the collection based on a Titlewise Analysis.

**Gifts and Donations**

Any books gifted or donated to the school must meet the same selection criteria as all other materials. No materials will be added to the collection if they are out-of-date or age-inappropriate material simply because they were donated. All gifts and donations must follow the same processes as new book orders.

**Collection Maintenance**

As the school librarian conducts an inventory of the school library collection and equipment, the inventory will be used to determine losses and remove damaged or worn materials which can
then be considered for replacement. The inventory will also be used to deselect and remove materials that are no longer relevant to the curriculum or of interest to students. Additionally, a collection maintenance plan on a rotation of three years will include systematic inspection of materials that would result in weeding outdated, damaged, or irrelevant materials from the collection.

Reconsideration of Materials

All stakeholders have the opportunity to challenge materials in the school media center, including textbooks, library media materials, and supplemental classroom instructional materials. The media specialist will follow the procedures for challenged materials as set forth in Policy 8.125. See Appendices D and E for Policy 8.125 and Form.
Appendix A

LIBRARY BILL OF RIGHTS

The American Library Association affirms that all libraries are forums for information and ideas and that the following basic policies should guide their services.

I. Books and other library resources should be provided for the interest, information, and enlightenment of all people of the community the library serves. Materials should not be excluded because of the origin, background, or views of those contributing to their creation.

II. Libraries should provide materials and information presenting all points of view on current and historical issues. Materials should not be proscribed or removed because of partisan or doctrinal disapproval.

III. Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment.

IV. Libraries should cooperate with all persons and groups concerned with resisting the abridgment of free expression and free access to ideas.

V. A person’s right to use a library should not be denied or abridged because of origin, age, background, or views.

VI. Libraries that make exhibit spaces and meeting rooms available to the public they serve should make such facilities available on an equitable basis, regardless of the beliefs or affiliations of individuals or groups requesting their use.

Adopted June 19, 1939.
Amended October 14, 1944; June 18, 1948; February 2, 1961; June 27, 1967; and January 23, 1980;
inclusion of “age” reaffirmed January 23, 1996, by the ALA Council
Appendix B

INTELLECTUAL FREEDOM
AMERICAN LIBRARY ASSOCIATION
THE FREEDOM TO READ STATEMENT

The freedom to read is guaranteed by the Constitution. Those with faith in free people will stand firm on these constitutional guarantees of essential rights and will exercise the responsibilities that accompany these rights.

We therefore affirm these propositions:

1. It is in the public interest for publishers and librarians to make available the widest diversity of views and expressions, including those that are unorthodox, unpopular, or considered dangerous by the majority. 2. Publishers, librarians, and booksellers do not need to endorse every idea or presentation they make available. It would conflict with the public interest for them to establish their own political, moral, or aesthetic views as a standard for determining what should be published or circulated.
3. It is contrary to the public interest for publishers or librarians to bar access to writings on the basis of the personal history or political affiliations of the author.
4. There is no place in our society for efforts to coerce the taste of others, to confine adults to the reading matter deemed suitable for adolescents, or to inhibit the efforts of writers to achieve artistic expression.
5. It is not in the public interest to force a reader to accept the prejudgment of a label characterizing any expression or its author as subversive or dangerous.
6. It is the responsibility of publishers and librarians, as guardians of the people's freedom to read, to contest encroachments upon that freedom by individuals or groups seeking to impose their own standards or tastes upon the community at large; and by the government whenever it seeks to reduce or deny public access to public information.
7. It is the responsibility of publishers and librarians to give full meaning to the freedom to read by providing books that enrich the quality and diversity of thought and expression. By the exercise of this affirmative responsibility, they can demonstrate that the answer to a "bad" book is a good one, the answer to a "bad" idea is a good one.

Policy 8.12 - Selection of Library Media Center Materials and Reading List Materials

1. **Adequate Library Media Materials.** -- Library media materials for the school's Library Media Center, including print, non-print, serials [periodicals], electronic resources, computer software, video images, films, and instructional television programs, represent fundamental resources selected for schools to support instruction, promote reading, further the pursuit of knowledge through research and exploration, and provide information literacy experiences of educational significance for class groups, individual students, teachers and administrators. It is the shared responsibility of the State, District, and school, within budgetary constraints, to provide an adequate number and range of library media materials and resources in a variety of formats that are appropriate, timely, and essential to the attainment of specified educational objectives subject to District policy. It is also the responsibility of the State and District and school to provide library media materials that represent the diverse cultures, ethnic groups, languages and religious beliefs of the community and that are free of bias, stereotypes, distortions, and prejudices.

2. **Reading List Materials.** -- Reading list materials are recommended or assigned materials school- wide or grade level.

3. **Purpose.** -- The Board believes that the selection of library media materials and reading list materials is within its jurisdiction pursuant to relevant statutory and constitutional laws. The library media center, within budgetary constraints, shall contain a comprehensive collection of materials and equipment, in a variety of media formats that are accessible to students during the school day, to:
   a. Promote the development of lifelong reading habits and information literacy skills in students;
   b. Provide a broad background of information resources in areas of knowledge;
   c. Support the general educational goals of the District and the objectives of specific courses, including materials that represent diverse points of view in order that young citizens may develop, under guidance, the practice of critical analysis of media and intellectual integrity in forming judgments;
   d. Meet the personal needs and interests of students, including materials that: nurture the development of recreational reading/listening/ viewing, cultural appreciation, and aesthetic values; represent the many religious, racial, ethnic, linguistic, and cultural groups in our society and reflect their contributions to the heritage and culture of our civilization; foster respect for the diverse roles available to women and men in today's society; and provide access to materials in heritage language as stipulated by the META agreement.
e. Support the professional needs of teachers and administrators; and

f. Introduce new instructional technologies into the learning environment.

4. Choice.-- Library media materials are available to students and staff as optional resources and are usually not mandatory reading as is the case with textbook instructional materials.

Library media that is sensitive or mature may not be appropriate for all readers in a school but remains a part of the collection to address the needs of some of the reading community if it meets the selection criteria of the school. Educators and library media specialists should be sensitive to the reading level, belief system, interest level and maturity level of students when helping make selections for individuals, reading aloud to groups, or when having whole class participation in a reading project. If a parent or adult student states a reasonable objection to library reading material assigned to a class, comparable instruction will be made available for the student through an alternate reading assignment without penalty.

5. Use of Library Media Materials Allocation.-- School principals are responsible for ensuring that operating budget and state categorical funds are used to purchase library media materials that reinforce instruction and stimulate leisure reading for the students enrolled at the grade level(s) for which the materials are designed and to effectively communicate to parents the manner in which materials are used to implement the curriculum of the school under Fla. Stat. § 1006.40.

6. Management of Library Media Materials.-- Following practice and precedent, the school library media centers in Palm Beach County will arrange media and materials according to the Dewey Decimal Classification System. Library media materials acquired with funds from the General Appropriation Act of the State of Florida are to be cataloged and inventoried as part of the library media collection. Library media materials may be inventoried in one to three year cycles.

7. Selection.-- HB 1467 (2022), amending Fla. Stat. § 1006.28 provides selection requirements.

a. Initial Review Process

i. "Each book made available to students through a school district library media center or included in a recommended or assigned school or grade-level reading list must be selected by a school district employee who holds a valid educational media specialist certificate, regardless of whether the book is purchased, donated, or otherwise made available to students."

ii. For resources needing additional review by District Library Media Services, school-based certified library media specialists or principal designee will use PBS 2671, attached hereto and incorporated as part of this policy, to solicit additional input.

b. The School Board is herein adopting "procedures for developing library media center collections" and shall "post the procedures" on each school's website within the District.

c. Each elementary school must "publish on its website, in a searchable format prescribed by the [Florida Department of Education], a list of all materials maintained in the school library media center (as defined by SBER 6A-7.0713, including classroom libraries) or required as part of a school or grade-level reading list."

d. Per HB 1467 (2022), § 1006.28 (2) (d), these procedures for developing library media center collections must:

i. "Require that book selections meet the criteria in s. 1006.40(3) (d)."

ii. Require consultation of reputable, professionally recognized reviewing periodicals, if available after a documented diligent search, and school community stakeholders.

iii. "Provide for library media center collections based on reader interest, support of state academic standards and aligned curriculum, and the academic needs of students and faculty."

iv. "Provide for the regular removal or discontinuance of books based on, at a minimum, physical condition, rate of recent circulation, alignment to state academic standards and relevancy to curriculum, out-of-date content, and required removal pursuant to subparagraph (a) 2."

In addition to regular review, removal, or discontinuance by a school library media specialist, the Superintendent or designee, even without an Objection or challenge, has the authority to remove library media materials or materials on reading lists based on statutory considerations.
The basis for the removal shall be documented. Removal procedures regarding an Objection are based on Statute and/or School Board Policy 8.1205 Objection Procedures for Instructional Materials.

e. The District may restrict access to school library media and reading list materials from students in grades Kindergarten through Grade Three if such materials instruct on sexual orientation or gender identity because HB 1557 (2022) prohibits such instruction.

8. Additional Selection Criteria
   a. Materials for use in school media centers or classroom library collections shall be carefully selected subject to the requirements stated above in Paragraph 7. A choice of materials that support the instructional program and promote reading shall be available to students and professional staff to allow for varying achievement levels, interests, and teaching/learning styles. Each school shall, in conjunction with the "Library Bill of Rights" (https://www.ala.org/advocacy/intfreedom/librarybill) of the American Library Association ("ALA"), State Statute, and District policy, follow District procedures for the evaluation, selection, management, and disposal of library media materials in conformance with this Policy and Policy 8.1205. Annually, the District requires using the selection criteria and the removal criteria referenced in this Policy to have library media specialists evaluate their collection to enhance their individual library programs that align to the District required

   [6] components. They will share that plan with both their principal and District Library Media Services. Once the plan is approved, the school will post the school’s plan on the school website. District Library Media Services will offer annual training on this process.

   b. The "Library Bill of Rights" referenced herein is to be used as a suggested guideline. To the extent that there are inconsistencies between the guidelines in the "Library Bill of Rights" and State Statute, or District policy, State Statute and District policy shall take precedence and shall govern the selection, retention and disposition criteria of library media materials for library media centers and classrooms.

   c. Selection of materials shall also be consistent with the provisions in the School Board’s collective bargaining agreement with CTA relating to academic freedom and responsibilities--Article II, Section K--to the extent those provisions are applicable.

   d. Moreover, consistent with Fla. Stat. § 1006.28 (2) (a) 2, library media materials must be suited to student needs and their ability to comprehend the material presented.

   e. In conjunction with the selection criteria above, employees holding a valid educational media specialist certificate (with the required training once it is available as stated in Paragraph 10 below) at each school location or if a qualified person is not employed at the school, by another District employee with these qualifications, shall evaluate and select print and non-print materials for the library media center using several of the criteria outlined below, as appropriate for the media type. Any library media material containing pornography or otherwise prohibited by Fla Stat. § 847.012 as harmful to minors may not be used or made available within any public school.

   f. Additional criteria used in evaluating and selecting all materials include:

   i. EDUCATIONAL SIGNIFICANCE. -- Material is valuable to an individual course of study or to the library media collection; the degree to which the material would be supplemented and explained by mature classroom instruction.

   ii. APPROPRIATENESS. -- Material is geared to the age, maturity, diverse interests, and learning levels of students for whom it is intended. Reading levels and Lexile’s are considered to provide a range of material that challenges the student and guides their selection process.

   iii. ACCURACY. -- Nonfiction information is correct, recent, and objective.

   iv. LITERARY MERIT. -- Fiction that has a noteworthy plot, setting, characterization, style and theme.

   vii. SPECIAL FEATURES. -- The item has maps, charts, graphs, glossaries, and/or other learning aids that support the content, are unique or are valuable.

   viii. TRANSLATION INTEGRITY. -- Material translated from one language to another maintains the stylistic characteristics of the original.
ix. ARRANGEMENT. -- Concepts are presented in a logical sequence and in a way that assures learning.

x. TREATMENT. -- Type set, visuals, style, and/or medium captures and holds the student's attention.

xi. TECHNICAL QUALITY. -- Sound is clear and audible; visuals project clearly.

xii. AESTHETIC QUALITY. -- Material is superior to similar items in attractiveness and presentation of content.

xiii. POTENTIAL DEMAND. -- Item has particular timeliness or popular appeal.

xiv. DURABILITY. -- Material has the potential for frequent use or is of a nature that it will be considered consumable.

xv. COPYRIGHT.— Library media materials used in a school shall be procured and used in accordance with federal, state and District copyright laws, rules, and policies as referenced in School Board Policy 8.121.

xvi. GRAPHIC NOVELS AND PERIODICALS. -- In addition to the above criteria, all pictures are to be reviewed for appropriateness prior to placing the graphic novel or periodical into circulation.

9. Compliance
   a. Per HB 1467 (2022), school principals are responsible for overseeing compliance with school district procedures for selecting school library media center materials at the school to which they are assigned.

   b. Support toward compliance is available when the assigned school library media specialist(s) attend professional development/training hosted by the District Library Media team.

10. The Florida Department of Education (FL DOE) is developing an online training program by January 1, 2023 for school librarians, media specialists, and other personnel involved in the selection and maintenance of library media and collections or materials maintained on a reading list. These persons must complete this training once it is available before reviewing and selecting age appropriate materials, reading list materials, and library resources.

11. Per Fla. Stat. § 1006.29 (6), no later than July 1, 2023, and annually thereafter, the Superintendent must certify to the FL DOE that all school librarians and media specialists employed by the District have completed the FL DOE online training program.

Policy 8.1205 - Objection Procedures for Instructional Materials, Library Media Materials, and Supplemental Classroom Materials, including Reading Lists

This Policy does not apply to the 30-day post-adoption challenges to specific instructional materials by parents or County residents in compliance with Fla. Stat. § 1006.28(1) (a) (3). The procedures to follow for those challenges are outlined in School Board Policy 8.122, subparagraph (3)(g).

In addition, the Superintendent or designee, even without an objection or challenge, has the authority to remove instructional materials, library media materials, supplemental classroom materials on reading list based on statutory considerations. The basis for the removal shall be documented.

This Policy implements Fla. Stat. § 1006.28 (2)(a)2 relating to: objections by parents or this County’s residents to: a) instructional materials more than 30 days after adoption of instructional materials and b): library media materials, including reading lists, and non-adopted classroom materials. The procedures to follow for those challenges are outlined below; however, a parent or a resident of this County has the option to speak and proffer evidence at the Board hearing on adopting instructional materials and the Board adoption meeting without having followed the procedures below.

   a. The Superintendent or his/her designee is authorized to administer the following procedures in accordance with federal and state law.

   b. Any resident of Palm Beach County, or emancipated student or parent of a child attending public school in Palm Beach County may file an objection with a school or the Board Clerk concerning the use of or content in instructional materials, library media materials, and supplemental classroom materials, including reading lists.

   c. The parent or resident will be provided the opportunity to proffer evidence on the grounds stated within Fla. Stat. § 1006.28(2)(a)(2), relating to instructional materials, library media materials, and supplemental classroom materials, including reading lists.

   d. Challenged materials may be removed from use in the school where the objection was initiated after the procedures of this Policy have been completed or if it is agreed by the District at any of these stages. Per Fla. Stat. § 1006.28(2)(a)(2), if the School Board "finds that an instructional material does not meet the criteria under sub-subparagraph a, or that any other material contains prohibited content under sub-subparagraph b, the school district shall discontinue use of the material for any grade level or age group for which such
use is inappropriate or unsuitable.”

e. Objections filed by a parent or emancipated student shall be heard in the school in which that student is registered. If the parent has children at different schools in Palm Beach County, then the objection must specify which school(s) the objection pertains to and it will be heard in that/those school(s). If the objecting party is not the parent of a child in the School District, the objection will be assigned to the appropriate school within the boundary corresponding to the residence of the objecting party for review if the material is located at that school or to the school in close proximity where the material is located.

2. School Level: Informal Complaint

   a. Any complaint arising out of the use of a material in a school shall be registered in writing with the principal of the school. Within five school days of the receipt of the complaint, the principal and/or his/her designee and the appropriate staff member(s) shall meet with the complainant to explain:

      i. the school’s selection procedures for these materials;

      ii. the criteria used for the selection of these materials;

   c. The complainant shall sign and sufficiently complete the applicable form in its entirety for each material to be considered, including stating the basis of the objection, retain one copy, and send one copy of the completed form to the principal of the school. Failure to sufficiently fill out the form along with complainant’s signature will result in the rejection of the form and no formal review process under this subsection will be initiated.

   d. A challenge to the same material(s) by multiple challengers within one school can be consolidated into one challenge for consideration by the School Materials Review Committee, Principal, Superintendent, District Material Review Committee, and School Board (the reviewing persons and entities) as set forth in the below proceedings.

   e. A challenge to multiple materials will require additional preparation time for the reviewing persons and entities set forth below. A challenge of more than five materials will add an additional two (2) days per item to the time deadlines for the school or District actions that are specified within this Policy.

   f. For materials used in that school, the form and the material in question shall be studied by a School Materials Review Committee appointed on an ad hoc basis by the school Principal. iv. The School Materials Review Committee shall be chaired by the Principal or his/her designee. A recorder of minutes shall be appointed from the membership of the committee to take minutes and to record the recommendation of the committee.

This written communication must inform the complainant of the next level of appeal under this policy and the time deadline if the decision is not the relief sought by the objecting party. Such communication shall be sent by regular U. S. Mail, and certified mail, return receipt requested.

4. District Level: Formal Appeal. -- The complainant may appeal the Principal’s decision to the Superintendent, subject to the following provisions.

d. Within twenty (20) school work days of receipt of such request, the Superintendent or his/her designee and appropriate staff shall review the action taken at the school level and issue a decision based on the same criteria set forth in subsection (3)(g) above and with the same alternative results as set forth in subsection (3)(h) above. If the decision does not include further review by the Superintendent/designee (and District Materials Review Committee), the complainant shall be so notified of the decision and be informed of the ability and deadline to request in writing an appearance to appeal directly to The School Board of Palm Beach County, Florida in accordance with this Policy.
