Purpose of Collection Development Policy

The Collection Development Policy is designed to support the Library’s Mission statement and serves as a guide for the selection, acquisition, maintenance, and retention of materials by establishing roles, responsibilities, and a process for addressing Library user concerns.

As our student population changes, the Media Center at Sandpiper Shores Elementary, reassesses and adapts its collections to reflect new and differing areas of interest and concern. The collection development policy is annually evaluated and revised as necessary to provide guidance for implementing changes in the collection.

Background Statement & School Community

The students of the Sandpiper Shores Elementary School Media Center range from grades Pre-K through fifth. They represent culturally diverse ethnic and economic backgrounds. The Media Center also serves the faculty and staff. In addition, the Media Center serves all county school libraries.

According to The Gold Report on the district website, below is the breakdown of our school’s population:

- White 45%
- Black 9%
- Hispanic 38%
- Asian 3%
- American Indian 1%
- Mixed Race 4%
- Gender: Female - 379 Male - 459
- Eligibility of Free/Reduced Lunch - 41%

Mission Statement

The Sandpiper Shores community is a diverse and motivated group of learners. We are dedicated to each other and the advancement of knowledge in a way that fosters inquisitive learners who are prepared to meet the demands of the 21st Century.

Media Center Mission Statement

The Library Media Center Program at Sandpiper Shores Elementary School is committed to providing a welcoming, dynamic environment that fosters the love of reading and information technology skills.
Responsibility for Collection Management & Development

Collection Development is the process of providing quality materials and equipment for the library media center. The goal of collection development is to ensure the collection has information sources in adequate quantity and variety to support student's academic and personal interest needs. The media specialist at SSES leads this process with the input of administration, teachers, students, parents, and stakeholders.

Library Program

The Sandpiper Shores Media Center is on the fine arts wheel and operates on a 6 day rotation. The first few weeks, students reviewed and were taught the book check out procedures as well as accessing books from MackinVia, Destiny, and Tumblebooks.

The Media program is committed to integrating technology throughout the Fine Arts rotation. Kindergarten - 5th Grade practice grade level appropriate typing skills from simple keyboard recognition to typing fluency, accessing Google Drive and creating projects utilizing Google Suite and AdobeSpark. Classroom teachers collaborate with the media specialist to enhance various skills needed.

In addition, the media center promoted the Sunshine State Young Reader Award winning books and sponsored the Battle of the Books for grades 3rd - 5th where we had many teams participate.

The media center hosted a very successful book fair in February 2023 to promote reading. Students and their parents were welcome to shop for books in person or online.

Goals and Objectives

1. Utilizing fifth grader library club to help organize books in the media center throughout the 2023-2024 school year as well as broadcast the Sandpiper News.
2. Lower the average age of my collection by 1% through weeding.
3. By the end of the 2023-2024 school year, to aid and assist with student success in core curriculum areas using books and activities.
Budget and Funding

The Sandpiper Shores Media Center is given a school-based operating budget at the beginning of every school year. The budget supplied by the school district yearly (School Based Operating Budget) is used to purchase books and online materials for the students. The State budget 3070 was used for the purchase of eBooks and regular books. With approximately 838 students as of March 2022, the equated budget for each student was just over $12.67 per student. The Sandpiper Shores Media Center supplements its school-based operating budget with an Internal Account, which is funded through fundraising with Scholastic Book Fairs and Barnes & Noble. These funds are used for the same line items that are listed within the School-based Operating Budget.

With these funds, as is with any funds received, the media specialist and the staff of SPSE look for certain criteria when making book selections:

- Publication Date
- Overall student interest level
- Sunshine State Young Readers Award (SSYRA) interest level
- Curriculum Relevance

**Scope of the Collection**

The collection development is focused on the curriculum of Sandpiper Shores Elementary School, which follows the guidelines of the School District of Palm Beach County, which in turn are governed by the Department of Education of the State of Florida. Per District policy 8.12(5) Management of Library Media Materials, the collection will be arranged according to the Dewey Decimal Classification System. The library/media center's priorities are to:

- Serve as an extension of the classroom to ensure that information skills are taught and learned within the context of the classroom curriculum
- Offer a wide range of resources, technologies, and services to meet students' learning and information needs
- Facilitate the learning process by providing students and teachers with training needed to effectively use the resources
- Through the provisions of adequate staff, appropriate facilities, furnishings, equipment, and supplies, create an environment in which resources are made readily accessible
- Develop and maintain a quality collection consisting of books, periodicals, audio-visual materials, and other cutting edge information technologies that may emerge
- Provide access to other resources through cooperative agreements with other libraries, electronic access to the Internet, on-line services, and offsite library catalogs and databases

The library/media program provides learning and teaching resources that are adequate in quality, quantity and variety to support the school’s instructional program. The term
"collection" includes all the information resources available through the library/media center. These materials support the curriculum and meet the personal, informational and recreational needs and interests of students as per School Board Policy 8.12(2). To achieve these purposes, the collection includes a wide range of subjects, meets many levels of student abilities, and represents diverse points of view. In addition to providing information, the collection also includes items that portray the creative artistry, insight and vision of the human mind and materials that contribute to the development of both cognitive and affective attributes in students.

To accommodate varying learning styles and to enrich learning for all, a variety of information formats are essential. These formats (visual, auditory, verbal, non-verbal, concrete, and abstract) are delivered through various technologies and media including print and non-print sources.

The SSES collection includes, but is not limited to print and e-books (Fiction, Non-Fiction, Biographies, Graphic Novels, and Native Languages), and technology for classroom use. Through the Portal, all patrons have access to online databases, purchased through the school district. All digital resources and e-books are available 24/7 to all patrons.

Collection Development

Collection development refers to the process of building and maintaining the Media Center’s entire materials collection, in both print and non-print formats. The collection development process includes the formulation of policy and procedures, budget allocations, needs assessment, selection, collection maintenance and evaluation, and resource sharing. The acquisition and maintenance of the Sandpiper Shores Elementary Media Center materials collection is the primary function of the Media Center’s mission.

Collection Development at Sandpiper Shores Elementary is focused on providing quality materials and equipment for our patrons. Our goal is to meet the expectations, requirements and needs of our students and staff while at the same time expanding and enriching their curriculum and world views. The media specialist leads this process with the input of administration, teachers, students, parents, and stakeholders.

Selection and Evaluation Criteria

In accordance with School District of Palm Beach County Board Policy 8.12 - Selection of Library Media Center Materials (see Appendix C), Sandpiper Shores Elementary
School Media Center uses the following professional reviewing sources to aid in the selection of library media center materials:

Sandpiper Shores Elementary School Media Center only uses reviews from professional reviewing sources. Reviews from Amazon, Goodreads, Common Sense Media, and the like will not be considered when selecting library media center materials.

**District-Wide Procedures for Selecting and Developing Library Collections**

**Who Makes the Selection**

1. Each book made available to students through this School District’s library media centers must be selected by a school district employee who holds a valid educational media specialist certificate, regardless of whether the book is purchased, donated, or otherwise made available to students.

2. In addition, employees holding a valid educational media specialist certificate must also have completed the required Florida Department of Education training once it is available and by law must be developed by January 1, 2023.

3. In addition, the person selecting the books is employed at that school location or if a qualified person is not employed at the school, by another District employee with these qualifications.

4. For resources needing additional review by District Library Media Services, school-based certified library media specialists or principal designee will use PBSD 2671 to solicit additional input.

5. Consultation with stakeholders is required which is accomplished by the following:

   a. Any community stakeholders may provide consultation on selections via the list of LMS Selections for the current school year at Active Book Orders.
   
   b. On the date of the requested purchase or acceptance of library media center materials, the District will provide an email or text notice to current members of the Board’s Academic Advisory Committee (Policy 1.097) that there are new materials under consideration, the link to find the list of materials, and the deadline(s) for submitting questions or comments.
   
   c. Stakeholders with questions or concerns are directed to the following email address: librarymediaservices@palmbeachschools.org, for sending their
feedback to be reviewed by the District Library Media Services for consideration.

d. Selections may be purchased or accepted 72 hours after posting for book fair materials and two weeks after posting for all other purchases or donations.

Criteria for Selection

1. All book selections must meet these criteria:

   a. Free of pornography and material prohibited under Florida Statute 847.012 [harmful to minors].
   b. Suited to student needs and their ability to comprehend the material presented.
   c. The content is to be appropriate for the grade level and age group for which the materials are used or made available. The District shall rely on any State Board of Education Rules, if they exist, to determine what is age appropriate.

2. In developing library media center collections consultation of reputable, professionally recognized reviewing periodicals is required, if available, after a documented diligent search.

3. These periodicals are print or non-print media including video footage that have been favorably reviewed by two or more professional sources, if available, after a documented diligent search, such as a School Library Journal, Horn Book, Booklist, Association for Library Service to Children, Kirkus, Young Adult Library Services Association, and/or Children's Catalog.

4. Library media center collections will be based on reader interest, support of state academic standards and aligned curriculum, and the academic needs of students and faculty.

5. Subject to the required statutory criteria stated above, additional selection criteria apply:

   a. A choice of materials that support the instructional program and promote reading shall be available to students and professional staff to allow for varying achievement levels, interests, and teaching/learning styles. Each school shall, in conjunction with the "Library Bill of Rights" (https://www.ala.org/advocacy/intfreedom/librarybill) of the American Library Association ("ALA"), State Statute, and District policy, establish procedures for the evaluation, selection, management, and disposal of library media materials in conformance with this policy and Policy 8.1205 and shall record such in the school's collection development plan.
   b. The "Library Bill of Rights" referenced herein is to be used as a suggested guideline. To the extent that there are inconsistencies between the guidelines in the "Library Bill of Rights" and State Statute, or District policy, State Statute and District policy shall take precedence and shall govern the selection, retention and disposition criteria of library media materials for library media centers and classrooms.
   c. Selection of materials shall also be consistent with the provisions in the School Board's collective bargaining agreement with CTA relating to academic freedom and responsibilities—Article II, Section K—to the extent those provisions are applicable.
   d. Moreover, consistent with Fla. Stat. § 1006.28 (2) (a) 2, library media materials must be suited to student needs and their ability to comprehend the material presented.
   e. Any library media material containing pornography or otherwise prohibited by Fla Stat. § 847.012 as harmful to minors may not be used or made available within any public school.
   f. The materials selected for schools are intended to support instruction, promote reading,
further the pursuit of knowledge through research and exploration, and provide information literacy experiences of educational significance for class groups, individual students, teachers and administrators. Within budgetary constraints, the intent is to provide an adequate number and range of library media materials and resources in a variety of formats that are appropriate, timely, and essential to the attainment of specified educational objectives subject to District policy. Library media materials are to represent the diverse cultures, ethnic groups, languages and religious beliefs of the community and that are free of bias, stereotypes, distortions, and prejudices.

iv. LITERARY MERIT. -- Fiction that has a noteworthy plot, setting, characterization, style and theme.

v. SCOPE. -- Content is covered adequately to achieve its intended purpose.

2. In addition to regular review, removal, or discontinuance by a school library media specialist, the Superintendent or designee, even without an Objection or challenge, has the authority to remove library media materials based on statutory considerations. The basis for the removal shall be documented.

3. The District will restrict access to school library media and reading list materials from students in grade Kindergarten through Grade Three if such materials instruct on sexual orientation or gender identity because HB 1557 (2022) prohibits such instruction.

Oversight for Compliance

1. School principals are responsible for overseeing compliance with school district procedures for selecting school library media center materials at the school to which they are assigned.

2. Support toward compliance is available when the assigned school library media specialist(s) attend professional development/training hosted by the District Library Media Services.

3. Annually, the District requires using the selection criteria and the removal criteria referenced in these procedures to have library media specialists evaluate their collection in order to write a School Collection Development Plan to enhance their individual library programs that align to the District required components. They will share that plan with both their principal and District Library Media Services. Once the plan is approved, the school will post the school's plan on the school website. District Library Media Services will offer annual training on this process.
4. The School Collection Development Plan will include: School Mission Statement, Library Mission Statement, Purpose of the Collection Development Plan, School Community Description, Description of Your Library Program, Budget and Funding, Scope of Collection, Collection Development, Gifts and Donations, Collection Maintenance, Challenged Materials, and Goals and Objectives.

**Gifts and Donations**

Any books gifted or donated to the school must meet the same selection criteria as all other materials. No materials will be added to the collection if they are out-of-date or age-inappropriate material simply because they were donated. All gifts and donations must follow the same processes as new book orders.

**Collection Maintenance**

Per Florida Statute governing Instructional Materials, instructional material stored in the Library Media Center must be inventoried annually. To facilitate the circulation and inventory process, Destiny Library Manager software has been made available to all schools. Sandpiper Shores Elementary School typically inventories part of its collection each year on a rotational basis. The reference collection, resource materials, and miscellaneous electronic materials are part of a 3 year inventory cycle. For the FY23 school year the following sections were inventoried:

- Easy
- Fiction

For the FY24 school year the following areas will be inventoried:

- Non fiction
- 92 Biographies

The SSES Library Media Specialist is responsible for the on-going maintenance of a quality collection which includes procurement of new materials and discarding of ineffective items. Teachers, administration and the Leadership Team (Team Leaders, Resource teachers, ESOL and ESE teachers) assist in the re-evaluation and systematic deleting of materials and equipment to ensure that the collection remains responsive to user needs, changing curriculum and advancing technology.

Annual inventory paired with weeding ensures that the SSES collection remains current and useful to the SSES community of students and staff. The annual funds

from the state and district are being used to create a concise and targeted fiction and nonfiction collection with an emphasis on electronic copies that are short term in currency and usefulness.

In coordinating this process, the Library Media Specialist will follow objective criteria for removing materials and equipment from the media center, which include obsolescence, physical age and condition, and general inapplicability for continued inclusion in the existing collection. One popular criteria for weeding is found in the CREW Manual. Weeding of materials and resources is essential for the maintenance of a healthy reading, research and reference library media collection. Weeding is a form of quality control of the collection in which outdated, inaccurate and worn-out materials and equipment are discarded from the electronic catalog and physically removed from the collection.

Weeding of Collection:
Sandpiper Shores Elementary School uses the CREW method to determine what should be withdrawn from the collection - Continuous Review, Evaluation, and Weeding. Continuous weeding enhances the library's value to the campus as a source of reliable, current information. It saves space and reduces clutter, which helps library users find materials more efficiently and reduces the amount of labor needed to maintain the collection. Continuous weeding also provides ongoing feedback on the collection's strengths and weaknesses as well as a systematic way to address mending, binding, and replacement needs.

A variety of other factors must also be considered when weeding subject areas, including the library's role in specific academic programs; needs and requests of library users; available shelf space; the library's budget for buying new resources; cooperative agreements with other libraries; holdings in centralized databases; and efficiency of interlibrary loan.

CREW guidelines specify three criteria for identifying withdrawal candidates: the year of latest copyright years since last checkout
MUSTIE factors; MUSTIE is an acronym which is applied to a material and indicates when an item should be evaluated for removal from the collection:
Misleading and/or factually inaccurate
Ugly (worn beyond mending or rebinding)
Superseded by a new edition or a better source
Trivial (of no discernable literary or scientific merit)
Irrelevant to the needs and interests of your community
Elsewhere (the material may be borrowed from another source expeditiously)
Methodology, process, and forms are detailed in the library's Weeding Procedure. The circulating and reference collections are evaluated on seven-year and five-year cycles, respectively.

Inclusion of "age" reaffirmed January 23, 1996, by the ALA Council.

LIBRARY BILL OF RIGHTS

The American Library Association affirms that all libraries are forums for information and ideas and that the following basic policies should guide their services.

I. Books and other library resources should be provided for the interest, information, and enlightenment of all people of the community the library serves. Materials should not be excluded because of the origin, background, or views of those contributing to their creation.

II. Libraries should provide materials and information presenting all points of view on current and historical issues. Materials should not be proscribed or removed because of partisan or doctrinal disapproval.

III. Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment.

IV. Libraries should cooperate with all persons and groups concerned with resisting the abridgment of free expression and free access to ideas.

V. A person’s right to use a library should not be denied or abridged because of origin, age, background, or views.

VI. Libraries that make exhibit spaces and meeting rooms available to the public they serve should make such facilities available on an equitable basis, regardless of the beliefs or affiliations of individuals or groups requesting their use.

Adopted June 19, 1939.
Amended October 14, 1944; June 18, 1948; February 2, 1961; June 27, 1967; and January 23, 1980;

The freedom to read is guaranteed by the Constitution. Those with faith in free people will stand firm on these constitutional guarantees of essential rights and will exercise the responsibilities that accompany these rights.

We therefore affirm these propositions:

1. It is in the public interest for publishers and librarians to make available the widest diversity of views and expressions, including those that are unorthodox, unpopular, or considered dangerous by the majority.

2. Publishers, librarians, and booksellers do not need to endorse every idea or presentation they make available. It would conflict with the public interest for them to establish their own political, moral, or aesthetic views as a standard for determining what should be published or circulated.

3. It is contrary to the public interest for publishers or librarians to bar access to writings on the basis of the personal history or political affiliations of the author.

4. There is no place in our society for efforts to coerce the taste of others, to confine adults to the reading matter deemed suitable for adolescents, or to inhibit the efforts of writers to achieve artistic expression.

5. It is not in the public interest to force a reader to accept the prejudgment of a label characterizing any expression or its author as subversive or dangerous.

6. It is the responsibility of publishers and librarians, as guardians of the people's freedom to read, to contest encroachments upon that freedom by individuals or groups seeking to impose their own standards or tastes upon the community at large; and by the government whenever it seeks to reduce or deny public access to public information.

7. It is the responsibility of publishers and librarians to give full meaning to the freedom to read by providing books that enrich the quality and diversity of thought and expression. By the exercise of this affirmative responsibility, they can demonstrate that the answer to a "bad" book is a good one, the answer to a "bad" idea is a good one.

Policy 8.12 - Selection of Library Media Center Materials and Reading List Materials

1. Adequate Library Media Materials.-- Library media materials for the school's Library Media Center, including print, non-print, serials [periodicals], electronic resources, computer software, video images, films, and instructional television programs, represent fundamental resources selected for schools to support instruction, promote reading, further the pursuit of knowledge through research and exploration, and provide information literacy experiences of educational significance for class groups, individual students, teachers and administrators. It is the shared responsibility of the State, District, and school, within budgetary constraints, to provide an adequate number and range of library media materials and resources in a variety of formats that are appropriate, timely, and essential to the attainment of specified educational objectives subject to District policy. It is also the responsibility of the State and District and school to provide library media materials that represent the diverse cultures, ethnic groups, languages and religious beliefs of the community and that are free of bias, stereotypes, distortions, and prejudices.

2. Reading List Materials.-- Reading list materials are recommended or assigned materials school-wide or grade level.

3. Purpose.-- The Board believes that the selection of library media materials and reading list materials is within its jurisdiction pursuant to relevant statutory and constitutional laws. The library media center, within budgetary constraints, shall contain a comprehensive collection of materials and equipment, in a variety of media formats that are accessible to students during the school day, to:
   a. Promote the development of lifelong reading habits and information literacy skills in students;
   b. Provide a broad background of information resources in areas of knowledge;
   c. Support the general educational goals of the District and the objectives of specific courses, including materials that represent diverse points of view in order that young citizens may develop, under guidance, the practice of critical analysis of media and intellectual integrity in forming judgments;
   d. Meet the personal needs and interests of students, including materials that: nurture the development of recreational reading/listening/viewing, cultural appreciation, and aesthetic values; represent the many religious, racial, ethnic, linguistic, and cultural groups in our society and reflect their contributions to the heritage and culture of our civilization; foster respect for the diverse roles available to women and men in today's society; and provide access to materials in heritage language as stipulated by the META agreement.
e. Support the professional needs of teachers and administrators; and

f. Introduce new instructional technologies into the learning environment.

4. Choice.-- Library media materials are available to students and staff as optional resources and are usually not mandatory reading as is the case with textbook instructional materials.

Library media that is sensitive or mature may not be appropriate for all readers in a school but remains a part of the collection to address the needs of some of the reading community if it meets the selection criteria of the school. Educators and library media specialists should be sensitive to the reading level, belief system, interest level and maturity level of students when helping make selections for individuals, reading aloud to groups, or when having whole class participation in a reading project. If a parent or adult student states a reasonable objection to library reading material assigned to a class, comparable instruction will be made available for the student through an alternate reading assignment without penalty.

5. Use of Library Media Materials Allocation.-- School principals are responsible for ensuring that operating budget and state categorical funds are used to purchase library media materials that reinforce instruction and stimulate leisure reading for the students enrolled at the grade level(s) for which the materials are designed and to effectively communicate to parents the manner in which materials are used to implement the curriculum of the school under Fla. Stat. § 1006.40.

6. Management of Library Media Materials.-- Following practice and precedent, the school library media centers in Palm Beach County will arrange media and materials according to the Dewey Decimal Classification System. Library media materials acquired with funds from the General Appropriation Act of the State of Florida are to be cataloged and inventoried as part of the library media collection. Library media materials may be inventoried in one to three year cycles.

7. Selection.-- HB 1467 (2022), amending Fla. Stat. § 1006.28 provides selection requirements.
   a. Initial Review Process
      i. "Each book made available to students through a school district library media center or included in a recommended or assigned school or grade-level reading list must be selected by a school district employee who holds a valid educational media specialist certificate, regardless of whether the book is purchased, donated, or otherwise made available to students."

      ii. For resources needing additional review by District Library Media Services, school-based certified library media specialists or principal designee will use PBSD 2671, attached hereto and incorporated as part of this policy, to solicit additional input.

   b. The School Board is herein adopting “procedures for developing library media center collections” and shall "post the procedures" on each school’s website within the District.

   c. Each elementary school must "publish on its website, in a searchable format prescribed by the [Florida Department of Education], a list of all materials maintained in the school library media center (as defined by SBER 6A-7.0713, including classroom libraries) or required as part of a school or grade-level reading list."

   d. Per HB 1467 (2022), § 1006.28 (2) (d), these procedures for developing library media center collections must:
      i. "Require that book selections meet the criteria in s. 1006.40(3) (d)."

      ii. Require consultation of reputable, professionally recognized reviewing periodicals, if available after a documented diligent search, and school community stakeholders.

      iii. "Provide for library media center collections based on reader interest, support of state academic standards and aligned curriculum, and the academic needs of students and faculty."

      iv. "Provide for the regular removal or discontinuance of books based on, at a minimum, physical condition, rate of recent circulation, alignment to state academic standards and relevancy to curriculum, out-of-date content, and required removal pursuant to subparagraph (a) 2."

   In addition to regular review, removal, or discontinuance by a school library media specialist, the Superintendent or designee, even without an Objection or challenge, has the authority to remove library media materials or materials on reading lists based on statutory considerations.
The basis for the removal shall be documented. Removal procedures regarding an Objection are based on Statute and/or School Board Policy 8.1205 Objection Procedures for Instructional Materials.

e. The District may restrict access to school library media and reading list materials from students in grade Kindergarten through Grade Three if such materials instruct on sexual orientation or gender identity because HB 1557 (2022) prohibits such instruction.

8. Additional Selection Criteria

a. Materials for use in school media centers or classroom library collections shall be carefully selected subject to the requirements stated above in Paragraph 7. A choice of materials that support the Instructional program and promote reading shall be available to students and professional staff to allow for varying achievement levels, interests, and teaching/learning styles. Each school shall, in conjunction with the "Library Bill of Rights" (https://www.ala.org/advocacy/intfreedom/librarybill) of the American Library Association ("ALA"), State Statute, and District policy, follow District procedures for the evaluation, selection, management, and disposal of library media materials in conformance with this Policy and Policy 8.1205. Annually, the District requires using the selection criteria and the removal criteria referenced in this Policy to have library media specialists evaluate their collection in order to write a School Collection Development Plan to enhance their individual library programs that align to the District required components. They will share that plan with both their principal and District Library Media Services. Once the plan is approved, the school will post the school's plan on the school website. District Library Media Services will offer annual training on this process.

b. The "Library Bill of Rights" referenced herein is to be used as a suggested guideline. To the extent that there are inconsistencies between the guidelines in the "Library Bill of Rights" and State Statute, or District policy, State Statute and District policy shall take precedence and shall govern the selection, retention and disposition criteria of library media materials for library media centers and classrooms.

c. Selection of materials shall also be consistent with the provisions in the School Board's collective bargaining agreement with CTA relating to academic freedom and responsibilities—Article II, Section K—to the extent those provisions are applicable.

d. Moreover, consistent with Fla. Stat. § 1006.28 (2) (a) 2, library media materials must be suited to student needs and their ability to comprehend the material presented.

e. In conjunction with the selection criteria above, employees holding a valid educational media specialist certificate (with the required training once it is available as stated in Paragraph 10 below) at each school location or if a qualified person is not employed at the school, by another District employee with these qualifications, shall evaluate and select print and non-print materials for the library media center using several of the criteria outlined below, as appropriate for the media type. Any library media material containing pornography or otherwise prohibited by Fla Stat. § 847.012 as harmful to minors may not be used or made available within any public school.

f. Additional criteria used in evaluating and selecting all materials include:

i. EDUCATIONAL SIGNIFICANCE. -- Material is valuable to an individual course of study or to the library media collection; the degree to which the material would be supplemented and explained by mature classroom instruction.

ii. APPROPRIATENESS. -- Material is geared to the age, maturity, diverse interests, and learning levels of students for whom it is intended. Reading levels and Lexile's are considered to provide a range of material that challenges the student and guides their selection process.

iii. ACCURACY. -- Nonfiction information is correct, recent, and objective.

iv. LITERARY MERIT. -- Fiction that has a noteworthy plot, setting, characterization, style and theme.

v. SCOPE. -- Content is covered adequately to achieve its intended purpose.

vi. AUTHORITY. -- The author, editor, or producer has a superior reputation for producing materials of this nature.

vii. SPECIAL FEATURES. -- The item has maps, charts, graphs, glossaries, and/or other learning aids that support the content, are unique or are valuable.

viii. TRANSLATION INTEGRITY. -- Material translated from one language to another maintains the stylistic characteristics of the original.
Compliance

ix. ARRANGEMENT. -- Concepts are presented in a logical sequence and in a way that assures learning.

x. TREATMENT. -- Typeset, visuals, style, and/or medium captures and holds the student’s attention.

xi. TECHNICAL QUALITY. -- Sound is clear and audible; visuals project clearly.

xii. AESTHETIC QUALITY. -- Material is superior to similar items in attractiveness and presentation of content.

xiii. POTENTIAL DEMAND. -- Item has particular timeliness or popular appeal.

xiv. DURABILITY. -- Material has the potential for frequent use or is of a nature that it will be considered consumable.

xv. COPYRIGHT.-- Library media materials used in a school shall be procured and used in accordance with federal, state and District copyright laws, rules, and policies as referenced in School Board Policy 8.121.

xvi. GRAPHIC NOVELS AND PERIODICALS.-- In addition to the above criteria, all pictures are to be reviewed for appropriateness prior to placing the graphic novel or periodical into circulation.

9. Compliance

a. Per HB 1467 (2022), school principals are responsible for overseeing compliance with school district procedures for selecting school library media center materials at the school to which they are assigned.

b. Support toward compliance is available when the assigned school library media specialist(s) attend professional development/training hosted by the District Library Media team.

10. The Florida Department of Education (FL DOE) is developing an online training program by January 1, 2023 for school librarians, media specialists, and other personnel involved in the selection and maintenance of library media and collections or materials maintained on a reading list. These persons must complete this training once it is available before reviewing and selecting age appropriate materials, reading list materials, and library resources.

11. Per Fla. Stat. § 1006.29 (6), no later than July 1, 2023, and annually thereafter, the Superintendent must certify to the FL DOE that all school librarians and media specialists employed by the District have completed the FL DOE online training program.

Policy 8.1205 - Objection Procedures for Instructional Materials, Library Media Materials, and Supplemental Classroom Materials, including Reading Lists

This Policy does not apply to the 30-day post-adoption challenges to specific instructional materials by parents or County residents in compliance with Fla. Stat. § 1006.28(1) (a) (3). The procedures to follow for those challenges are outlined in School Board Policy 8.122, subparagraph (3)(g).

In addition, the Superintendent or designee, even without an objection or challenge, has the authority to remove instructional materials, library media materials, supplemental classroom materials on reading list based on statutory considerations. The basis for the removal shall be documented.

This Policy implements Fla. Stat. § 1006.28 (2)(a)2 relating to: objections by parents or this County’s residents to: a) instructional materials more than 30 days after adoption of instructional materials and b): library media materials, including reading lists, and non-adopted classroom materials. The procedures to follow for those challenges are outlined below; however, a parent or a resident of this County has the option to speak and proffer evidence at the Board hearing on adopting instructional materials and the Board adoption meeting without having followed the procedures below.

a. The Superintendent or his/her designee is authorized to administer the following procedures in accordance with federal and state law.

b. Any resident of Palm Beach County, or emancipated student or parent of a child attending public school in Palm Beach County may file an objection with a school or the Board Clerk concerning the use of or content in instructional materials, library media materials, and supplemental classroom materials, including reading lists.

c. The parent or resident will be provided the opportunity to proffer evidence on the grounds stated within Fla. Stat. § 1006.28(2)(a)(2), relating to instructional materials, library media materials, and supplemental classroom materials, including reading lists.

d. Challenged materials may be removed from use in the school where the objection was initiated after the procedures of this Policy have been completed or if it is agreed by the District at any of these stages. Per Fla. Stat. § 1006.28(2)(a)(2), if the School Board “finds that an instructional material does not meet the criteria under sub-subparagraph a. or that any other material contains prohibited content under sub- subparagraph b., the school district shall discontinue use of the material for any grade level or age group for which such
use is inappropriate or unsuitable.”

e. Objections filed by a parent or emancipated student shall be heard in the school in which that student is registered. If the parent has children at different schools in Palm Beach County, then the objection must specify which school(s) the objection pertains to and it will be heard in that/those school(s). If the objecting party is not the parent of a child in the School District, the objection will be assigned to the appropriate school within the boundary corresponding to the residence of the objecting party for review if the material is located at that school or to the school in close proximity where the material is located.

2. School Level: Informal Complaint

a. Any complaint arising out of the use of a material in a school shall be registered in writing with the principal of the school. Within five school days of the receipt of the complaint, the principal and/or his/her designee and the appropriate staff member(s) shall meet with the complainant to explain:

i. the school's selection procedures for these materials;

ii. the criteria used for the selection of these materials;

iii. the role that the material in question has in the school's curriculum or library media center or classroom collection; and

iv. whatever additional information is deemed needed regarding the item's use.

b. If the complainant is not satisfied with the explanation and desires to file a formal complaint, the formal procedures below shall be followed.

3. School Level: Formal Complaint

a. As stated in Policy 8.122, objections to instructional materials and Supplemental Classroom Materials, including Reading Lists, shall be filed on form PBSD 2569 (Petition to Object/Objection to Instructional Materials), which is part of this policy and incorporated herein as part of this Policy. The form can be found on the District's forms website at: https://www2.palmbeachschools.org/formssearch/pdf/2569.pdf.

b. For objections to Library Media Materials, the complainant shall file form PBSD 1113 ("Objection to, Library Media Materials") and this form can be obtained from the Principal or a designee. A copy of the form is also available on the District's forms Web site at https://www2.palmbeachschools.org/formssearch/pdf/1113.pdf and is incorporated herein by reference as part of this Policy.

c. The complainant shall sign and sufficiently complete the applicable form in its entirety for each material to be considered, including stating the basis of the objection, retain one copy, and send one copy of the completed form to the principal of the school. Failure to sufficiently fill out the form along with complainant's signature will result in the rejection of the form and no formal review process under this subsection will be initiated.

d. A challenge to the same material(s) by multiple challengers within one school can be consolidated into one challenge for consideration by the School Materials Review Committee, Principal, Superintendent, District Material Review Committee, and School Board (the reviewing persons and entities) as set forth in the below proceedings.

e. A challenge to multiple materials will require additional preparation time for the reviewing persons and entities set forth below. A challenge of more than five materials will add an additional two (2) days per item to the time deadlines for the school or District actions that are specified within this Policy.

f. For materials used in that school, the form and the material in question shall be studied by a School Materials Review Committee appointed on an ad hoc basis by the school Principal. Representation on the School Materials Review Committee should reflect the diversity of the District and school, and the following provisions apply:

i. The committee shall consist of the Principal or his/her designee of the school where the complaint was made; two teachers in the appropriate subject area/grade; one teacher from another subject area/grade; a library media specialist; a guidance counselor; one student from the appropriate grade level or a student who is accomplished in the specific subject area (middle and senior high school only); one layperson from the school's Parent-Teacher Association or the School Advisory Council; a representative designated by the Regional Superintendent, and a representative from the District department representing Instructional Materials and/or Library Media Services.

ii. The School Materials Review Committee shall meet within fifteen (15) school work days of receipt by the Principal of the reconsideration form. The complainant shall be notified of the committee's meeting
date and time and shall be invited to present arguments for no more than 10 minutes unless time is
extended by the committee for good cause. A question/answer period or committee discussion may
follow the presentation at the committee's discretion.

iii. The School Materials Review Committee shall solicit, if readily available, professionally written reviews
of the material, from sources such as those listed in School Board Policy 8.12(7)(d)(ii).

iv. The School Materials Review Committee shall be chaired by the Principal or his/her designee. A
recorder of minutes shall be appointed from the membership of the committee to take minutes and to
record the recommendation of the committee.

v. If the review is not completed, the committee may schedule additional meetings. Within five (5)
school work days of its final meeting, the School Materials Review Committee shall prepare the
committee's recommendation with supporting reasons and use form PBSD 1857, School Materials
Review Committee Recommendations, or a signed letter written on school letterhead. The form can be
found on the District's forms Web site at https://www2.palmbeachschools.org/formssearch/pdf/1857.pdf_and is incorporated herein by
reference.

g. Guidelines for Committee's Recommendation. -- The School Materials Review Committee shall review enough
of the relevant portions of the material being challenged in order to make an informed recommendation on
the request. The committee shall also consider readily available reviews of the material, study the comments
on the complainant's questionnaire, consider one or more of the evaluative criteria in Policy 8.12(7) (for
media center materials) or State requirements and guidelines and Policy 8.122 (for textbooks or other
instructional materials and reading lists) and shall render a decision based on a majority vote.

i. The selection criteria in Policy 8.12(7), for media center, shall be made available to all interested
persons.

ii. The recommendation to the Principal will be based on the selection criteria in School Board Policy
8.12(7) (for media center materials), State requirements and guidelines and School Board Policy
8.122 (for textbooks and instructional materials), and the following additional factors and criteria:

A. educational significance of the material;
B. appropriateness of age and maturity level;
C. need and value to the collection/curriculum;
D. summation of the professional reviews on the media;
E. literary merit;
F. validity, accuracy, objectivity, and up-to-date and appropriate information;
G. freedom from stereotypes, bias, prejudice or distortion; and
H. timeliness or permanence.

A. In addition, the recommendation shall also consider the provisions in the School Board's
collective bargaining agreement with CTA relating to academic freedom and responsibilities--
Article II, Section K--to the extent those provisions are applicable. However, pursuant to current
case law, the committee may not recommend removal of non-curricular books from the school's
media center or classroom simply because a majority of the committee dislikes the ideas or the
points-of-view contained in the media center instructional or supplemental classroom
instructional materials.

h. Committee's Recommendation to the Principal. -- The committee's final recommendation shall be
immediately forwarded to the school Principal and may be any or a combination of the following:

i. allow the challenged material to maintain its current status;

ii. leave the challenged material in the classroom or library media center, but allow students to use
alternate materials approved by school personnel who require the use of the disputed item;

iii. limit the educational use of the challenged material;
iv. transfer the challenged material to a higher level school (e.g. elementary to a middle school); and/or

v. remove the challenged material from the school environment.

i. Principal's Written Decision. -- Within five (5) school work days after receipt of the School Materials Review Committee's recommendation, the Principal shall make a decision, based on the same criteria considered by the committee as set forth in subsection (3)(g) above, on whether to follow the committee's recommendation, and shall inform the complainant in writing of the recommendation of the committee, the Principal's decision, and the reasons for the recommendation and decision. This written communication must inform the complainant of the next level of appeal under this policy and the time deadline if the decision is not the relief sought by the objecting party. Such communication shall be sent by regular U. S. Mail, and certified mail, return receipt requested.

4. District Level: Formal Appeal. -- The complainant may appeal the Principal's decision to the Superintendent, subject to the following provisions.

a. If the complainant appeals the Principal's decision, the Principal shall send copies of all reports and communications to division and department heads that supervise Instructional Materials and Library Media Services and to the appropriate Regional Superintendent.

b. Access to challenged materials shall not be restricted during the reconsideration process; the materials shall remain in use unless the School Materials Review Committee, through formal vote, recommended removal of the instructional materials to the Principal, and the decision to remove is made by the Principal.

c. Within twenty (20) calendar days of the date of the Principal's decision, the complainant shall notify the Superintendent in writing of the request to appeal. Failure to comply with these requirements will result in the appeal not being considered.

d. Within twenty (20) school work days of receipt of such request, the Superintendent or his/her designee and appropriate staff shall review the action taken at the school level and issue a decision based on the same criteria set forth in subsection (3)(g) above and with the same alternative results as set forth in subsection (3)(h) above. If the decision does not include further review by the Superintendent/designee (and District Materials Review Committee), the complainant shall be so notified of the decision and be informed of the ability and deadline to request in writing an appearance to appeal directly to The School Board of Palm Beach County, Florida in accordance with this Policy. Notice to the complainant shall be made by regular U. S. Mail and certified mail, return receipt requested.

e. If the Superintendent finds cause for further review, the complaint shall be submitted to a District Materials Review Committee whose representation reflects the diversity of the District and school, appointed on an ad hoc basis by the Superintendent or his/her designee, according to the following provisions:

i. Representation on District Instructional Materials Committees should reflect the diversity of the District and schools.

ii. Individuals on the District Materials Review Committee cannot be the same as those that served on the School Materials Review Committee.

iii. The committee shall consist of the Chief Academic Officer or his/her designee; an appropriate Regional Superintendent or designee; one Principal at the appropriate level; a division or department head that supervises Instructional Materials, and/or Library Media Services, an appropriate subject area Administrator/Program Planner; one teacher in the appropriate subject area/grade; one library media specialist; one student from the appropriate grade level or a student who is accomplished in the specific subject area (middle and senior high only); a representative from the Palm Beach County Council of Parent-Teacher Associations who will be appointed by the President of the District Association, a representative from the District Academic Advisory Committee; and one lay person. The General Counsel to the School Board, or designated attorney(s) of his/her Office, may be invited to provide legal advice to the Committee, if deemed appropriate by the Superintendent.

iv. In the event that a person from a position named above cannot be present at the District Materials Review Committee meeting(s), the Superintendent may appoint an alternate.

v. District Materials Review Committee Procedures

A. The District Materials Review Committee shall be chaired by the Chief Academic Officer or his/her designee. A recorder of minutes shall be appointed from the membership of the committee to take minutes and to record the recommendation of the committee.
B. The District Materials Review Committee shall solicit, if readily available, professionally written reviews of the material, from sources such as those listed in Policy 8.12(7)(d)(ii).

C. The District Materials Review Committee shall meet and provide a recommendation with supporting reasons to the Superintendent within twenty (20) school work days of receipt of the referral from the Superintendent, based on the criteria set forth in subparagraph (4)(e)(v)(D) and paragraph (vi) below. The complainant shall be notified of the committee's meeting date and time and shall be invited to present argument for no more than 10 minutes, unless time is extended by the committee for good cause. A question/answer period or committee discussion may follow the presentation at the committee's discretion.

D. If the review is not completed, the committee may schedule additional meetings. Within five (5) school work days of its final meeting, the District Materials Review Committee shall prepare the committee's recommendations with supporting reasons.

f. Guidelines for Recommendation to the Superintendent. -- The District Materials Review Committee shall review enough of the relevant portions of the material being challenged in order to make an informed recommendation on the request. The committee shall also consider readily available reviews of the material, study the comments on the complainant's questionnaire, consider one or more of the evaluative criteria in School Board Policy 8.12(7) (for media center materials) or State requirements and guidelines and School Board Policy 8.122 (for textbooks and instructional materials) and shall render a decision based on a majority vote.

i. The Selection Criteria in Policy 8.12(7) (for media center materials) shall be made available to all interested persons.

ii. The recommendation to the Superintendent will be based on the selection criteria in School Board Policy 8.12(7) (for media center materials), State requirements and guidelines and School Board Policy 8.122 (for textbooks and instructional materials), as well as the following criteria:

A. educational significance of the material;
B. appropriateness of age and maturity level;
C. need and value to the collection/curriculum;
D. summation of the professional reviews on the media;

5. Board Level Appeal

a. The complainant may appeal the decision of the Superintendent/designee to the School Board under subsection (4)(b) or paragraph (4)(d) above by filing a signed writing with the School Board Clerk within thirty (30) days of the decision and may request an appearance before the School Board.

6. Policy Awareness

a. A copy of the selection and reconsideration procedures as set forth in this Policy and in Board Policy 8.12 should be a part of the Collection Development Plan for each school library media center and should be available for easy access and reference.

b. Each school Principal should include at a minimum, a summary or references to this Challenge Policy and School Board Policy 8.12 in the school's staff handbook and shall review the selection and reconsideration procedures with the staff as needed, emphasizing Board policy pertaining to the teaching of controversial issues and the ethical considerations that are needed in handling citizen complaints with courtesy and integrity.

7. Reporting Objections

a. HB 1467 (2022), which created Fla. Stat. § 1006.28 (2)(e) requires that:

   "Annually, beginning June 30, 2023, [the School Board] submit to the Commissioner of Education a report that identifies: a. Each material for which the school district received an objection pursuant to Fla. Stat. 1006.28 subparagraph (a)2 [regarding an objection by a parent or a resident of the county to the use of a specific instructional material or any material used in a classroom, made available in a school library, or included on a reading list] for the school year and the specific objections thereto. b. Each material that was removed or discontinued as a result of an objection. c. The grade level and course for which a removed or discontinued material was used, as applicable."

b. However, Fla. Stat. § 1011.67 Funds for instructional materials relating to the Superintendent report due to the Commissioner of Education by July 1 states:

   "The certification must identify any material that received an objection pursuant to s. 1006.28 for the school year and the specific objections thereto, each material that was removed or discontinued as a result of an objection, and the grade level and course for which a removed or discontinued material was used, as applicable."

c. Accordingly, this data must be collected for these reports in a manner as determined by the Superintendent/designee.
