SCHOOL DISTRICT OF PALM BEACH COUNTY MISSION STATEMENT:

The School District of Palm Beach County is committed to providing a world-class education with excellence and equity to empower each student to reach his or her highest potential with the most effective staff to foster the knowledge, skills, and ethics required for responsible citizenship and productive careers.

WELLINGTON COMMUNITY HIGH SCHOOL MISSION STATEMENT:

Wellington Community High School is dedicated to providing every student a world-class education in a safe and orderly environment while developing lifelong learners who are productive and ethical citizens.

WELLINGTON COMMUNITY HIGH SCHOOL LIBRARY MEDIA CENTER MISSION STATEMENT:

According to the American Association of School Libraries (AASL), “Today's school librarian works with both students and teachers to facilitate access to information in a wide variety of formats, instruct students and teachers how to acquire, evaluate and use information and the technology needed in this process, and introduces children and young adults to literature and other resources to broaden their horizons. As a collaborator, change agent, and leader, the school librarian develops, promotes and implements a program that will help prepare students to be effective users of ideas and information, a lifelong skill.”

As such, the Wellington Community High School Library Media Center’s mission is to provide a safe, open learning environment that focuses on student needs and growth. The WCHS Media Center will partner with faculty to promote student achievement by extending and deepening learning through research skills, teaching digital and information literacy, and providing space for collaboration. The Media Center will also promote a lifetime love of reading through collection development, supporting inclusivity through seeking out diverse literature and “own voices” where possible, encouraging a culture of reading, and the belief that so-called non-readers just haven’t found the right book yet.

I. PURPOSE/PHILOSOPHY OF THE WELLINGTON COMMUNITY HIGH SCHOOL COLLECTION DEVELOPMENT POLICY:

SDPBC Policy 8.12 (6.a) stipulates: “Each school shall, in conjunction with the "Library Bill of Rights" http://www.ala.org/advocacy/sites/ala.org.advocacy/files/content/intfreedom/librarybill/lbor.pdf of the American Library Association (ALA) and District policy, establish procedures for the evaluation, selection, management, and disposal of library media materials in conformance with this policy and Policy 8.1205 and shall record such in the school’s collection development policy.”
The collection development policy is a statement of the principles and guidelines used by the Wellington Community High School Media Center in the selection, acquisition, evaluation, and maintenance of library media center materials. It will be used both in providing consistency among those responsible for developing the collection and in communicating the library media center's policies to faculty, students, and staff and other interested stakeholders of the school community.

It is understood that this document is fluid and changes in the curriculum, demographics, information needs, or programs of the school will mandate updates to the collection and its governing policies.

The acquisition and maintenance of the Library Media Center materials collection is a primary function of the Library Media Specialist.

Collection development and management refers to the process of building and maintaining the library's entire materials collection, in print, non-print, audio visual, and electronic formats so that they are available to every student at the time of need to support and enrich the student's educational experience. The collection development process includes the formulation of policy and procedures, budget allocations, needs assessments, selection, collection maintenance and evaluation, and resource sharing.

The primary goal of the Media Center's collection development efforts is to build a current collection that supports the needs of the curriculum and the school community and maintains the recommended boundaries for:

- size of collection,
- average age of collection, and
- access to the collection.

This goal supports the information needs of students as defined by the mission and goals of the:

- School District of Palm Beach County;
- ALA / AASL Standards for the 21st Century Learner;
- Partnership for 21st Century Skills;
- Florida’s BEST Standards
- International Society for Technology in Education (ISTE) National Education
- Technology Standards (NETS).

The Library Media Center recognizes its responsibility to respond to the reading, research, and technology education needs of the student body and faculty in an age of information abundance. The electronic catalog of resources for the school and the district is maintained by the Department of K12 Instructional Materials and Library Media Services and is available at all times to students, faculty and parents.

The Library Media Center of Wellington Community High School provides ongoing services that transcend the tenure of any single individual. To this end, the administrators, teachers, students, and School Advisory Committee have the
right to read this document and observe the library media center at any time. As this is a fluid document, requests for changes in policy may be submitted to the Library Media Specialist and principal for consideration.

II. PROFILE/IDENTIFICATION OF USERS:

The patrons at Wellington Community High School are in grades 9-12. Patrons also include the faculty and staff of Wellington Community High School as well as the parents of our students. As of March 2023, WCHS had an enrollment of 2687 students. The following percentages represent a profile of the student population: 43% White, 12% Black, 39% Hispanic, 3% Asian, 3% Multi-Ethnic, and 0.3% Native American. We currently have 45% of our students participating in the Free/Reduced Lunch Program.

In addition, the Wellington Community High School Media Center supports the unique curricular needs of the Drafting & Communications Design Academy, Equine/Pre-Veterinary Academy, Fine Arts Academy, Fire Science Academy, and Marketing Academy, as well as ESE, AICE, AP and ESOL classes.

III. GOALS:

*Goals for the 2023-2024 School Year:

1. To support the District’s Strategic Theme of “Academic Excellence & Growth”, I will support the teachers with assisting in collaboration and research facilitated by the Media Specialist in the Media Center for the students.
   a. Inviting teachers to bring their students into the Media Center for direct support on research and instructions on how the media center can support students.

2. To support the District’s Strategic Theme of “Committed and Impactful Employees,” I will support the teachers and administration in finding resources that will support the teachers classroom instruction.
   a. Researching and Finding resources for teachers to support their classroom.
   b. Developing and leading Professional Development by request of administration.

3. To support the District’s Strategic Theme of “Student-Focused Culture” I will create a space where students will have support for academic success to achieve their academic goals.
   a. This will be accomplished through opening the Media Center before, during lunch, and after school.
   b. Inviting Math and English Lab to utilize the space for student academic support.

Ongoing/Long-term Goals:

1. Faculty Collaboration:
   a. Work with faculty and staff to be a curriculum specialist who can help meet their needs and/or direct their searches to find inspiration
   b. Encourage use of the Media Center for classes, projects, and research

2. Access to the Media Center:
   a. Work with administration to ensure the library is used/closed as little as possible during various testing windows so that students and teachers may access the library, its resources, and the school librarian
*ANALYSIS OF LAST YEAR’S GOALS*

Wellington Community High School has not had an open media center since FY20 prior to the COVID-19 pandemic. This will be the first year that the media center has a certified media specialist since that time. All of the goals listed above come secondary to my goal of establishing the media center to be a resource to students and staff once again.

Materials support both curriculum and pleasure reading as per School Board Policy 8.12.

According to best practices for school libraries in the United States, the print and non-print collection at Wellington Community High School is arranged by the Dewey Decimal Classification System. Additional resources are provided by district-wide subscriptions to electronic information databases that provide 24/7 access for students.

The library media collection includes all the resources available in the school library media center along with all those that students, faculty, and administrators can access through interlibrary loan.

The library is open every day that students and/or faculty are in attendance, unless administration has closed it due to testing or another meeting or event. The number of days the library is closed is tracked and reported on the End of Year Statistical Report. Summer hours are not provided.

VI. COLLECTION DEVELOPMENT:

Collection Development is the process of providing quality materials and equipment for the library media center. The goal of collection development is to ensure the collection has information sources in adequate quantity and variety to support students' academic and personal interest needs. The Media Specialist is charged with leading this process with the input of teachers, students, and parents.

VII. SELECTION AND EVALUATION CRITERIA:

Materials considered for purchase are selected based on the criteria established in SDPBC 8.12 (6):

6. Selection Criteria

a. Materials for use in school media centers or classroom library collections shall be carefully selected. A choice of materials that support the instructional program and promote reading shall be available to students and professional staff to allow for varying achievement levels, interests, and teaching/learning styles. Each school shall, in conjunction with the "Library Bill of Rights" (www.al.org/advocacy/sites/al.org.advocacy/files/content/intfreedom/librarybill/bor.pdf) of the American Library Association ("ALA") and District policy, establish procedures for the evaluation, selection, management, and disposal of library media materials in conformance with this policy and Policy 8.1205 and shall record such in the school's collection development plan.

b. The "Library Bill of Rights" referenced herein is to be used as a suggested guideline. To the extent that there are inconsistencies between the guidelines in the "Library Bill of Rights" and District policy, District policy shall take precedence and shall govern the selection, retention and disposition criteria of library media materials for library media centers and classrooms.
c. Selection of materials shall also be consistent with the provisions in the School Board's collective bargaining agreement with CTA relating to academic freedom and responsibilities--Article II, Section K--to the extent those provisions are applicable.

d. Moreover, consistent with Fla. Stat. § 1006.28 (2) (a) 2, library media materials must be suited to student needs and their ability to comprehend the material presented, and be appropriate for the grade level and age group for which the material is used.

e. In conjunction with the selection criteria above, library media specialists, teachers and administrators at each school location shall evaluate and select print and non-print materials for the library media center using several of the criteria outlined below, as appropriate for the media type. Any library media material containing pornography or otherwise prohibited by Fla Stat. § 847.012 as harmful to minors may not be used or made available within any public school.

f. Additional criteria used in evaluating all materials include:

   i. PROFESSIONAL REVIEWS. -- Print or non-print media including video footage that have been favorably reviewed by two or more professional sources such as a School Library Journal, Horn Book, Booklist, and/or Children’s Catalog.

   ii. EDUCATIONAL SIGNIFICANCE. -- Material is valuable to an individual course of study or to the library media collection; the degree to which the material would be supplemented and explained by mature classroom instruction.

   iii. APPROPRIATENESS. -- Material is geared to the age, maturity, diverse interests, and learning levels of students for whom it is intended. Reading levels and Lexiles are considered to provide a range of material that challenges the student and guides their selection process.

   iv. ACCURACY. -- Nonfiction information is correct, recent, and objective.

   v. LITERARY MERIT. -- Fiction that has a noteworthy plot, setting, characterization, style and theme.

   vi. SCOPE. -- Content is covered adequately to achieve its intended purpose.

   vii. AUTHORITY. -- The author, editor, or producer has a superior reputation for producing materials of this nature.

   viii. SPECIAL FEATURES. -- The item has maps, charts, graphs, glossaries, and/or other learning aids that support the content, are unique or are valuable.

   ix. TRANSLATION INTEGRITY. -- Material translated from one language to another maintains the stylistic characteristics of the original.

   x. ARRANGEMENT. -- Concepts are presented in a logical sequence and in a way that assures learning.

   xi. TREATMENT. -- Typeset, visuals, style, and/or medium captures and holds the student's attention.

   xii. TECHNICAL QUALITY. -- Sound is clear and audible; visuals project clearly.

   xiii. AESTHETIC QUALITY. -- Material is superior to similar items in attractiveness and presentation of content.

   xiv. POTENTIAL DEMAND. -- Item has particular timeliness or popular appeal.

   xv. DURABILITY. -- Material has the potential for frequent use or is of a nature that it will be considered consumable.

   xvi. OBSCENITY.-- No books or other material containing pornography or otherwise prohibited by Fla. Stat. § 847.012 as harmful to minors shall be used.

   xvii. COPYRIGHT.-- Library media materials used in a school shall be procured and used in accordance with federal, state and District copyright laws, rules, and policies as referenced in School Board Policy 8.121.

Other reliable, unbiased, professional reviewing sources used for selection include:

- School Library Journal
- Kirkus
- Booklist
When selecting materials, the needs of the school based on curriculum and the existing collection are given first consideration.

The Media Specialist collaborates with both staff and students to get recommendations, attends meetings, exhibits, and conferences to discover new equipment, materials, and latest practices related to school curriculum and student achievement.

Media Center materials are selected for a reason. Materials are evaluated according to their literary and social value, appropriateness to student age and emotional maturity, relevance to the curriculum, and aesthetic. They reflect diverse populations and balanced representations of opinions.

**District-Wide Procedures for Selecting and Developing Library Collections**

1. Each book made available to students through this School District's library media centers must be selected by a school district employee who holds a valid educational media specialist certificate, regardless of whether the book is purchased, donated, or otherwise made available to students.

2. In addition, employees holding a valid educational media specialist certificate must also have completed the required Florida Department of Education training once it is available and by law must be developed by January 1, 2023.

3. In addition, the person selecting the books is employed at that school location or if a qualified person is not employed at the school, by another District employee with these qualifications.

4. For resources needing additional review by District Library Media Services, school-based certified library media specialists or principal designee will use PBSD 2671 to solicit additional input.

5. Consultation with stakeholders is required which is accomplished by the following:

   a. Any community stakeholders may provide consultation on selections via the list of LMS Selections for the current school year at Active Book Orders.
   b. On the date of the requested purchase or acceptance of library media center materials, the District will provide an email or text notice to current members of the Board's Academic Advisory Committee (Policy 1.097) that there are new materials under consideration, the link to find the list of materials, and the deadline(s) for submitting questions or comments.
   c. Stakeholders with questions or concerns are directed to the following email
address: librarymediaservices@palmbeachschools.org, for sending their feedback to be reviewed by the District Library Media Services for consideration.

d. Selections may be purchased or accepted 72 hours after posting for book fair materials and two weeks after posting for all other purchases or donations.

Criteria for Selection

1. All book selections must meet these criteria:

   a. Free of pornography and material prohibited under Florida Statute 847.012 [harmful to minors].
   b. Suited to student needs and their ability to comprehend the material presented.
   c. The content is to be appropriate for the grade level and age group for which the materials are used or made available. The District shall rely on any State Board of Education Rules, if they exist, to determine what is age appropriate.

2. In developing library media center collections consultation of reputable, professionally recognized reviewing periodicals is required, if available, after a documented diligent search.

3. These periodicals are print or non-print media including video footage that have been favorably reviewed by two or more professional sources, if available, after a documented diligent search, such as a School Library Journal, Horn Book, Booklist, Association for Library Service to Children, Kirkus, Young Adult Library Services Association, and/or Children's Catalog.

4. Library media center collections will be based on reader interest, support of state academic standards and aligned curriculum, and the academic needs of students and faculty.

5. Subject to the required statutory criteria stated above, additional selection criteria apply:

   a. A choice of materials that support the instructional program and promote reading shall be available to students and professional staff to allow for varying achievement levels, interests, and teaching/learning styles.    b. The "Library Bill of Rights" referenced herein is to be used as a suggested guideline. To the extent that there are inconsistencies between the guidelines in the "Library Bill of Rights" and State Statute, or District policy, State Statute and District policy shall take precedence and shall govern the selection, retention and disposition criteria of library media materials for library media centers and classrooms.
   c. Selection of materials shall also be consistent with the provisions in the School Board's collective bargaining agreement with CTA relating to academic freedom and responsibilities—Article 11, Section K—to the extent those provisions are applicable.

### Removal of Materials

1. Library Media Materials are subject to regular removal or discontinuance of books based on, at a minimum, physical condition, rate of recent circulation, alignment to state academic standards and relevance to curriculum, out-of-date content, and required removal pursuant to School Board Policy 8.1205 Objection Procedures for Library Media Materials.

2. In addition to regular review, removal, or discontinuance by a school library media specialist, the Superintendent or designee, even without an Objection or challenge, has the authority to remove library media materials based on statutory considerations. The basis for the removal shall be documented.

3. The District will restrict access to school library media and reading list materials from students in grade Kindergarten through Grade Three if such materials instruct on sexual orientation or gender identity because HB 1557 (2022) prohibits such instruction.

### Oversight for Compliance

1. School principals are responsible for overseeing compliance with school district procedures for selecting school library media center materials at the school to which they are assigned.

2. Support toward compliance is available when the assigned school library media specialist(s) attend professional development/training hosted by the District Library Media Services.

3. Annually, the District requires using the selection criteria and the removal criteria referenced in these procedures to have library media specialists evaluate their collection in order to write a School Collection Development Plan to enhance their individual library programs that align to the District required components. They will share that plan with both their principal and District Library Media Services. Once the plan is approved, the school will post the school's plan on the school website. District Library Media Services
will offer annual training on this process.

4. The School Collection Development Plan will include: School Mission Statement, Library Mission Statement, Purpose of the Collection Development Plan, School Community Description, Description of Your Library Program, Budget and Funding, Scope of Collection, Collection Development, Gifts and Donations, Collection Maintenance, Challenged Materials, and Goals and Objectives.

VIII. GIFTS AND DONATIONS:

Donations or gifts to the Media Center must meet the same stringent criteria as materials that are purchased by the Media Specialist. Donated materials that are not deemed appropriate for the school collection may be disposed of at the discretion of the Library Media Specialist.

A librarian, regardless of education and training, is not considered by the Internal Revenue Service (IRS) to be qualified to place a value on donated materials. In acknowledging gifts, the librarian may write a letter indicating how many and what type of materials have been given (i.e., fifteen paperbacks in excellent condition), but the librarian cannot say how much such materials might be worth.

IX. COLLECTION MAINTENANCE AND WEEDING:

Continuous re-evaluation of the collection is important to keep the collection current. The weeding of materials and resources is essential for maintaining a relevant and up to date, academically useful library collection. Weeding is defined as quality control of the collection in which outdated, inaccurate and worn-out materials and equipment are eliminated.

The Library Media Specialist is responsible for the on-going process of maintaining a quality collection by following objective criteria for removing materials and equipment from the Media Center. The objective criteria may include outdated information, physical age and condition, and unused items. One popular method for weeding is found in the CREW Manual. The Texas State Library has made the CREW Manual available at https://www.tsl.texas.gov/sites/default/files/public/tslac/ld/ld/pubs/crew/crewmethod12.pdf.

Materials weeded from the collection are disposed according to School District Library Media Services procedures and guidelines. Items that are obsolete or have misinformation are sent to Library Media Services as off-adoption material. Other materials may be disposed by:

- Giving to students and faculty/staff for individual use
- Giving to teachers for classroom libraries (NOT outdated items)
- Recycling the materials for various instructional activities
- Cannibalizing non-repairable parts or pages
- Donating to a community organization or charity
- Destroying (i.e. trashing in recycle bins) by any reasonable and safe method in accordance with Board Policy 7.12
X. STATISTICS, PROCESSING, FINES, AND INVENTORY:

While the Media Center at WCHS works to eliminate barriers that inhibit students from accessing and using reading, reference, and research materials, the responsibilities of students, parents and teachers for lost or damaged Instructional Materials is outlined in SDPBC Policy 8.1225. Students, parents and teachers are held accountable for lost or damaged material.

High schools have the option of imposing late fines as students mature and prepare for similar responsibility and experiences in public libraries and university settings; however, in an effort to encourage book check-out, Wellington Community High School does not charge late fees. Notices are sent to students to alert them about overdue materials.

Fees for damaged or lost items will be assessed and placed in Destiny. If a student leaves WCHS with an outstanding fine, that fine will be transferred to SIS. If a student graduates without paying a fine, the fine will be deleted. Therefore, it is extremely important that administration and guidance adhere to the sign-out process for graduating seniors and collect outstanding fines before graduation.

Per Florida Statute governing Instructional Materials, instructional material stored in the library media center must be inventoried annually. To facilitate the circulation and inventory process, Destiny Library Manager software has been made available to all schools.

Wellington Community High School inventories portions of its collection each year on a rotational cycle:

- Year 1 - DVDs
- Year 2 - Fiction, Biographies
- Year 3 - Non-Fiction, Reference

Processing specifications for media items, including books, are maintained centrally by the Department of Instructional Materials and Library Media Services. The specifications are followed by vendors, by Library Media Services, and by individuals at schools who process materials. Wellington Community High School very rarely processes instructional materials per district recommendation. Items are either purchased with processing completed or are sent to the central processing center at Library Media Services.

Destiny Library Manager Software can generate numerous reports on circulation and average age of collection. These reports can be one indicator of the success of a library media program.

XI. INTELLECTUAL FREEDOM:

The Media Center at Wellington Community High School supports Intellectual Freedom as stated in the documents published by the American Library Association (http://www.ala.org/aboutala/offices/oif).

XII. CHALLENGED MATERIALS:
In the event of a challenge by a citizen of Palm Beach County, personnel at Wellington Community High School will follow SCPBC Policy 8.1205 – Challenge Procedure for Instructional Materials.

LIBRARY BILL OF RIGHTS

The American Library Association affirms that all libraries are forums for information and ideas and that the following basic policies should guide their services.

I. Books and other library resources should be provided for the interest, information, and enlightenment of all people of the community the library serves. Materials should not be excluded because of the origin, background, or views of those contributing to their creation.

II. Libraries should provide materials and information presenting all points of view on current and historical issues. Materials should not be proscribed or removed because of partisan or doctrinal disapproval.

III. Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment.

IV. Libraries should cooperate with all persons and groups concerned with resisting the abridgment of free expression and free access to ideas.

V. A person's right to use a library should not be denied or abridged because of origin, age, background, or views.

INTELLECTUAL FREEDOM

AMERICAN LIBRARY ASSOCIATION
THE FREEDOM TO READ STATEMENT

The freedom to read is guaranteed by the Constitution. Those with faith in free people will stand firm on these constitutional guarantees of essential rights and will exercise the responsibilities that accompany these rights.

We therefore affirm these propositions:

1. It is in the public interest for publishers and librarians to make available the widest diversity of views and expressions, including those that are unorthodox, unpopular, or considered dangerous by the majority.
2. Publishers, librarians, and booksellers do not need to endorse every idea or presentation they make available. It would conflict with the public interest for them to establish their own political, moral, or aesthetic views as a standard for determining what should be published or circulated.
3. It is contrary to the public interest for publishers or librarians to bar access to writings on the basis of the personal history or political affiliations of the author.
4. There is no place in our society for efforts to coerce the taste of others, to confine adults to the reading matter deemed suitable for adolescents, or to inhibit the efforts of writers to achieve artistic expression.
5. It is not in the public interest to force a reader to accept the prejudgment of a label characterizing any expression or its author as subversive or dangerous.
6. It is the responsibility of publishers and librarians, as guardians of the people's freedom to read, to contest encroachments upon that freedom by individuals or groups seeking to impose their own standards or tastes upon the community at large; and by the government whenever it seeks to reduce or deny public access to public information.
7. It is the responsibility of publishers and librarians to give full meaning to the freedom to read by providing books that enrich the quality and diversity of thought and expression. By the exercise of this affirmative responsibility, they can demonstrate that the answer to a "bad" book is a good one, the answer to a "bad" idea is a good one.

This statement was originally issued in May of 1953 by the Westchester Conference of the American Library Association and the American Book Publishers Council, which in 1970 consolidated with the American Educational Publishers Institute to become the Association of American Publishers.

CONGRESS SHALL MAKE NO LAW RESPECTING AN ESTABLISHMENT OF RELIGION, OR PROHIBITING THE FREE EXERCISE THEREOF; OR ABRIDGING THE FREEDOM OF SPEECH, OR OF THE PRESS; OR THE RIGHT OF THE PEOPLE PEACEABLY TO ASSEMBLE, AND TO PETITION THE GOVERNMENT FOR A REDRESS OF GRIEVANCES.

Policy 8.12 – Selection of Library Media Center Materials and Reading List Materials

1. Adequate Library Media Materials.-- Library media materials for the school's Library Media Center, including print, non-print, serials [periodicals], electronic resources, computer software, video images, films, and instructional television programs, represent fundamental resources selected for schools to support instruction, promote reading, further the pursuit of knowledge through research and exploration, and provide information literacy experiences of educational significance for class groups, individual students, teachers and administrators. It is the shared responsibility of the State, District, and school, within budgetary constraints, to provide an adequate number and range of library media materials and resources in a variety of formats that are appropriate, timely, and essential to the attainment of specified educational objectives subject to District policy. It is also the responsibility of the State and District and school to provide library media materials that represent the diverse cultures, ethnic groups, languages and religious beliefs of the community and that are free of bias, stereotypes, distortions, and prejudices.

2. Reading List Materials.-- Reading list materials are recommended or assigned materials school-wide or grade level.

3. Purpose.-- The Board believes that the selection of library media materials and reading list materials is within its jurisdiction pursuant to relevant statutory and constitutional laws. The library media center, within budgetary constraints, shall contain a comprehensive collection of materials and equipment, in a variety of media formats that are accessible to students during the school day, to:
   a. Promote the development of lifelong reading habits and information literacy skills in students;
   b. Provide a broad background of information resources in areas of knowledge;
   c. Support the general educational goals of the District and the objectives of specific courses, including materials that represent diverse points of view in order that young citizens may develop, under guidance, the practice of critical analysis of media and intellectual integrity in forming judgments;
   d. Meet the personal needs and interests of students, including materials that: nurture the development of recreational reading/listening/viewing, cultural appreciation, and aesthetic values; represent the many religious, racial, ethnic, linguistic, and cultural groups in our society and reflect their contributions to the heritage and culture of our civilization; foster respect for the diverse roles available to women and men in today's society; and provide access to materials in heritage language as stipulated by the META agreement.
e. Support the professional needs of teachers and administrators; and
f. Introduce new instructional technologies into the learning environment.

4. Choice.-- Library media materials are available to students and staff as optional resources and are usually not mandatory reading as is the case with textbook instructional materials.

Library media that is sensitive or mature may not be appropriate for all readers in a school but remains a part of the collection to address the needs of some of the reading community if it meets the selection criteria of the school. Educators and library media specialists should be sensitive to the reading level, belief system, interest level and maturity level of students when helping make selections for individuals, reading aloud to groups, or when having whole class participation in a reading project. If a parent or adult student states a reasonable objection to library reading material assigned to a class, comparable instruction will be made available for the student through an alternate reading assignment without penalty.

5. Use of Library Media Materials Allocation.-- School principals are responsible for ensuring that operating budget and state categorical funds are used to purchase library media materials that reinforce instruction and stimulate leisure reading for the students enrolled at the grade level(s) for which the materials are designed and to effectively communicate to parents the manner in which materials are used to implement the curriculum of the school under Fla. Stat. § 1006.40.

6. Management of Library Media Materials.-- Following practice and precedent, the school library media centers in Palm Beach County will arrange media and materials according to the Dewey Decimal Classification System. Library media materials acquired with funds from the General Appropriation Act of the State of Florida are to be cataloged and inventoried as part of the library media collection. Library media materials may be inventoried in one to three year cycles.

7. Selection.-- HB 1467 (2022), amending Fla. Stat. § 1006.28 provides selection requirements.

a. Initial Review Process
   i. “Each book made available to students through a school district library media center or included in a recommended or assigned school or grade-level reading list must be selected by a school district employee who holds a valid educational media specialist certificate, regardless of whether the book is purchased, donated, or otherwise made available to students.”

   ii. For resources needing additional review by District Library Media Services, school-based certified library media specialists or principal designee will use PBSD 2671, attached hereto and incorporated as part of this policy, to solicit additional input.

b. The School Board is herein adopting “procedures for developing library media center collections” and shall “post the procedures” on each school’s website within the District.

c. Each elementary school [1] must “publish on its website, in a searchable format prescribed by the [Florida Department of Education], a list of all materials maintained in the school library media center (as defined by SBER 6A-7.0713, including classroom libraries) or required as part of a school or grade-level reading list.”

d. Per HB 1467 (2022), § 1006.28 (2) (d), these procedures for developing library media center collections must:
   i. “Require that book selections meet the criteria in s. 1006.40(3) (d).”[2]

   ii. Require consultation of reputable, professionally recognized reviewing periodicals[3], if available after a documented diligent search, and school community stakeholders. [4]

   iii. “Provide for library media center collections based on reader interest, support of state academic standards and aligned curriculum, and the academic needs of students and faculty.”

   iv. “Provide for the regular removal or discontinuance of books based on, at a minimum, physical condition, rate of recent circulation, alignment to state academic standards and relevancy to curriculum, out-of-date content, and required removal pursuant to subparagraph (a) 2.”[5]

In addition to regular review, removal, or discontinuance by a school library media specialist, the Superintendent or designee, even without an Objection or challenge, has the authority to remove library media materials or materials on reading lists based on statutory considerations.
The basis for the removal shall be documented. Removal procedures regarding an Objection are based on Statute and/or School Board Policy 8.1205 Objection Procedures for Instructional Materials.

e. The District may restrict access to school library media and reading list materials from students in grade Kindergarten through Grade Three if such materials instruct on sexual orientation or gender identity because HB 1557 (2022) prohibits such instruction.

8. Additional Selection Criteria
a. Materials for use in school media centers or classroom library collections shall be carefully selected subject to the requirements stated above in Paragraph 7. A choice of materials that support the instructional program and promote reading shall be available to students and professional staff to allow for varying achievement levels, interests, and teaching/learning styles. Each school shall, in conjunction with the "Library Bill of Rights" (https://www.ala.org/advocacy/intfreedom/librarybill) of the American Library Association ("ALA"), State Statute, and District policy, follow District procedures for the evaluation, selection, management, and disposal of library media materials in conformance with this Policy and Policy 8.1205. Annually, the District requires using the selection criteria and the removal criteria referenced in this Policy to have library media specialists evaluate their collection in order to write a School Collection Development Plan to enhance their individual library programs that align to the District required components. They will share that plan with both their principal and District Library Media Services. Once the plan is approved, the school will post the school’s plan on the school website. District Library Media Services will offer annual training on this process.

b. The "Library Bill of Rights" referenced herein is to be used as a suggested guideline. To the extent that there are inconsistencies between the guidelines in the "Library Bill of Rights" and State Statute, or District policy, State Statute and District policy shall take precedence and shall govern the selection, retention and disposition criteria of library media materials for library media centers and classrooms.

c. Selection of materials shall also be consistent with the provisions in the School Board's collective bargaining agreement with CTA relating to academic freedom and responsibilities--Article II, Section K--to the extent those provisions are applicable.

d. Moreover, consistent with Fla. Stat. § 1006.28 (2) (a) 2, library media materials must be suited to student needs and their ability to comprehend the material presented.

e. In conjunction with the selection criteria above, employees holding a valid educational media specialist certificate (with the required training once it is available as stated in Paragraph 10 below) at each school location or if a qualified person is not employed at the school, by another District employee with these qualifications, shall evaluate and select print and non-print materials for the library media center using several of the criteria outlined below, as appropriate for the media type. Any library media material containing pornography or otherwise prohibited by Fla Stat. § 847.012 as harmful to minors may not be used or made available within any public school.

f. Additional criteria used in evaluating and selecting all materials include:

i. EDUCATIONAL SIGNIFICANCE. -- Material is valuable to an individual course of study or to the library media collection; the degree to which the material would be supplemented and explained by mature classroom instruction.

ii. APPROPRIATENESS. -- Material is geared to the age, maturity, diverse interests, and learning levels of students for whom it is intended. Reading levels and Lexiles are considered to provide a range of material that challenges the student and guides their selection process.

iii. ACCURACY. -- Nonfiction information is correct, recent, and objective.

iv. LITERARY MERIT. -- Fiction that has a noteworthy plot, setting, characterization, style and theme.

v. SCOPE. -- Content is covered adequately to achieve its intended purpose.

vi. AUTHORITY. -- The author, editor, or producer has a superior reputation for producing materials of this nature.

vii. SPECIAL FEATURES. -- The item has maps, charts, graphs, glossaries, and/or other learning aids that support the content, are unique or are valuable.

viii. TRANSLATION INTEGRITY. -- Material translated from one language to another maintains the stylistic characteristics of the original.
9. Compliance
   a. Per HB 1467 (2022), school principals are responsible for overseeing compliance with school district procedures for selecting school library media center materials at the school to which they are assigned.

   b. Support toward compliance is available when the assigned school library media specialist(s) attend professional development/training hosted by the District Library Media team.

10. The Florida Department of Education (FL DOE) is developing an online training program by January 1, 2023 for school librarians, media specialists, and other personnel involved in the selection and maintenance of library media and collections or materials maintained on a reading list. These persons must complete this training once it is available before reviewing and selecting age appropriate materials, reading list materials, and library resources.

11. Per Fla. Stat. § 1006.29 (6), no later than July 1, 2023, and annually thereafter, the Superintendent must certify to the FLDOE that all school librarians and media specialists employed by the District have completed the FL DOE online training program.

This Policy does not apply to the 30-day post-adoption challenges to specific instructional materials by parents or County residents in compliance with Fla. Stat. § 1006.28(1) (a) (3). The procedures to follow for those challenges are outlined in School Board Policy 8.122, subparagraph (3)(g).

In addition, the Superintendent or designee, even without an objection or challenge, has the authority to remove instructional materials, library media materials, supplemental classroom materials on reading list based on statutory considerations. The basis for the removal shall be documented.

Stat. § 1006.28 (2)(a)2 relating to: objections by parents or this County’s residents to: a) instructional materials more than 30 days after adoption of instructional materials and b): library media materials, including reading lists, and non-adopted classroom materials. The procedures to follow for those challenges are outlined below; however, a parent or a resident of this County has the option to speak and proffer evidence at the Board hearing on adopting instructional materials and the Board adoption meeting without having followed the procedures below.

   a. The Superintendent or his/her designee is authorized to administer the following procedures in accordance with federal and state law.

   b. If the parent has children at different schools in Palm Beach County, then the objection must specify which school(s) the objection pertains to and it will be heard in that/those school(s). If the objecting party is not the parent of a child in the School District, the objection will be assigned to the appropriate school within the boundary corresponding to the residence of the objecting party for review if the material is located at that school or to the school in close proximity where the material is located.

2. School Level: Informal Complaint

a. Any complaint arising out of the use of a material in a school shall be registered in writing with the principal of the school. Within five school days of the receipt of the complaint, the principal and/or his/her designee and the appropriate staff member(s) shall meet with the complainant to explain:

   i. the school's selection procedures for these materials;
   ii. the criteria used for the selection of these materials;
   iii. the role that the material in question has in the school's curriculum or library media center or classroom collection; and
   iv. whatever additional information is deemed needed regarding the item's use.

b. If the complainant is not satisfied with the explanation and desires to file a formal complaint, the formal procedures below shall be followed.

3. School Level: Formal Complaint

a. The form can be found on the District's forms website at: https://www2.palmbeachschools.org/formssearch/pdf/2569.pdf.

b. For objections to Library Media Materials, the complainant shall file form PBSD 1113 ("Objection to Library Media Materials") and this form can be obtained from the Principal or a designee. c. The complainant shall sign and sufficiently complete the applicable form in its entirety for each material to be considered, including stating the basis of the objection, retain one copy, and send one copy of the completed form to the principal of the school. **Failure to sufficiently fill out the form along with the complainant's signature will result in the rejection of the form and no formal review process under this subsection will be initiated.**

d. A challenge to the same material(s) by multiple challengers within one school can be consolidated into one challenge for consideration by the School Materials Review Committee, Principal, Superintendent, District Material Review Committee, and School Board (the reviewing persons and entities) as set forth in the below proceedings.

e. A challenge to multiple materials will require additional preparation time for the reviewing persons and entities set forth below. A challenge of more than five materials will add an additional two (2) days per item to the time deadlines for the school or District actions that are specified within this Policy.

f. For materials used in that school, the form and the material in question shall be studied by a School Materials Review Committee appointed on an ad hoc basis by the school Principal. Representation on the School Materials Review Committee should reflect the diversity of the District and school, and the following provisions apply:

   i. The committee shall consist of the Principal or his/her designee of the school where the complaint was made; two teachers in the appropriate subject area/grade; one teacher from another subject area/grade; a library media specialist; a guidance counselor; one student from the appropriate grade level or a student who is accomplished in the specific subject area (middle and senior high school only); one layperson from the school's Parent-Teacher Association or the School Advisory Council; a representative designated by the Regional Superintendent, and a representative from the District department representing Instructional Materials and/or Library Media Services.

   ii. The School Materials Review Committee shall meet within fifteen (15) school work days of receipt by the Principal of the reconsideration form. The complainant shall be notified of the committee's meeting

iii. The School Materials Review Committee shall solicit, if readily available, professionally written reviews of the material, from sources such as those listed in School Board Policy 8.12(7)(d)(ii).

iv. The School Materials Review Committee shall be chaired by the Principal or his/her designee. A recorder of minutes shall be appointed from the membership of the committee to take minutes and to record the recommendation of the committee.

v. If the review is not completed, the committee may schedule additional meetings. Within five (5) school work days of its final meeting, the School Materials Review Committee shall prepare the committee’s recommendation with supporting reasons and use form PBSD 1857, School Materials Review Committee Recommendations, or a signed letter written on school letterhead. The form can be found on the District’s forms Web site at [https://www2.palmbeachschools.org/formssearch/pdf/1857.pdf](https://www2.palmbeachschools.org/formssearch/pdf/1857.pdf) and is incorporated herein by reference.

g. Guidelines for Committee’s Recommendation. -- The School Materials Review Committee shall review enough of the relevant portions of the material being challenged in order to make an informed recommendation on the request. The committee shall also consider readily available reviews of the material, study the comments on the complainant’s questionnaire, consider one or more of the evaluative criteria in Policy 8.12(7) (for media center materials) or State requirements and guidelines and Policy 8.122 (for textbooks or other instructional materials and reading lists) and shall render a decision based on a majority vote.

i. The selection criteria in Policy 8.12(7), for media center, shall be made available to all interested persons.

ii. The recommendation to the Principal will be based on the selection criteria in School Board Policy 8.12(7) (for media center materials), State requirements and guidelines and School Board Policy 8.122 (for textbooks and instructional materials), and the following additional factors and criteria:

D. summation of the professional reviews on the media;

E. literary merit;

F. validity, accuracy, objectivity, and up-to-date and appropriate information;

G. freedom from stereotypes, bias, prejudice or distortion; and

H. timeliness or permanence.

A. In addition, the recommendation shall also consider the provisions in the School Board’s collective bargaining agreement with CTA relating to academic freedom and responsibilities—Article II, Section K—to the extent those provisions are applicable. However, pursuant to current case law, the committee may not recommend removal of non-curricular books from the school's media center or classroom simply because a majority of the committee dislikes the ideas or the points-of-view contained in the media center instructional or supplemental classroom instructional materials.

h. Committee’s Recommendation to the Principal. -- The committee’s final recommendation shall be immediately forwarded to the school Principal and may be any or a combination of the following:

ii. leave the challenged material in the classroom or library media center, but allow students to use alternate materials approved by school personnel who require the use of the disputed item;

iii. limit the educational use of the challenged material;
iv. transfer the challenged material to a higher level school (e.g. elementary to a middle school); and/or

v. remove the challenged material from the school environment.

This written communication must inform the complainant of the next level of appeal under this policy and the time deadline if the decision is not the relief sought by the objecting party. Such communication shall be sent by regular U. S. Mail, and certified mail, return receipt requested.

4. District Level: Formal Appeal. -- The complainant may appeal the Principal's decision to the Superintendent, subject to the following provisions.

a. If the complainant appeals the Principal's decision, the Principal shall send copies of all reports and communications to division and department heads that supervise Instructional Materials and Library Media Services and to the appropriate Regional Superintendent.

b. Access to challenged materials shall not be restricted during the reconsideration process; the materials shall remain in use unless the School Materials Review Committee, through formal vote, recommended removal of the instructional materials to the Principal, and the decision to remove is made by the Principal.

c. Within twenty (20) calendar days of the date of the Principal's decision, the complainant shall notify the Superintendent in writing of the request to appeal. Failure to comply with these requirements will result in the appeal not being considered.

d. Within twenty (20) school work days of receipt of such request, the Superintendent or his/her designee and appropriate staff shall review the action taken at the school level and issue a decision based on the same criteria set forth in subsection (3)(g) above and with the same alternative results as set forth in subsection (3)(h) above. If the decision does not include further review by the Superintendent/designee (and District Materials Review Committee), the complainant shall be so notified of the decision and be informed of the ability and deadline to request in writing an appearance to appeal directly to The School Board of Palm Beach County, Florida in accordance with this Policy. Notice to the complainant shall be made by regular U. S. Mail and certified mail, return receipt requested.

e. If the Superintendent finds cause for further review, the complaint shall be submitted to a District Materials Review Committee whose representation reflects the diversity of the District and school, appointed on an ad hoc basis by the Superintendent or his/her designee, according to the following provisions:

i. Representation on District Instructional Materials Committees should reflect the diversity of the District and schools.

ii. Individuals on the District Materials Review Committee cannot be the same as those that served on the School Materials Review Committee.

iii. The General Counsel to the School Board, or designated attorney(s) of his/her Office, may be invited to provide legal advice to the Committee, if deemed appropriate by the Superintendent.

iv. In the event that a person from a position named above cannot be present at the District Materials Review Committee meeting(s), the Superintendent may appoint an alternate.

v. District Materials Review Committee Procedures

A. The District Materials Review Committee shall be chaired by the Chief Academic Officer or his/her designee. A recorder of minutes shall be appointed from the membership of the committee to take minutes and to record the recommendation of the committee.
B. The District Materials Review Committee shall solicit, if readily available, professionally written reviews of the material, from sources such as those listed in Policy 8.12(7)(d)(ii).

C. The District Materials Review Committee shall meet and provide a recommendation with supporting reasons to the Superintendent within twenty (20) school work days of receipt of the referral from the Superintendent, based on the criteria set forth in subparagraph (4)(e)(v)(D) and paragraph (vi) below. The complainant shall be notified of the committee's meeting date and time and shall be invited to present an argument for no more than 10 minutes, unless time is extended by the committee for good cause. A question/answer period or committee discussion may follow the presentation at the committee's discretion.

D. If the review is not completed, the committee may schedule additional meetings. Within five (5) school work days of its final meeting, the District Materials Review Committee shall prepare the committee's recommendations with supporting reasons.

f. Guidelines for Recommendation to the Superintendent. -- The District Materials Review Committee shall review enough of the relevant portions of the material being challenged in order to make an informed recommendation on the request. The committee shall also consider readily available reviews of the material, study the comments on the complainant's questionnaire, consider one or more of the evaluative criteria in School Board Policy 8.12(7) (for media center materials) or State requirements and guidelines and School Board Policy 8.122 (for textbooks and instructional materials) and shall render a decision based on a majority vote.

i. The Selection Criteria in Policy 8.12(7) (for media center materials) shall be made available to all interested persons.

ii. The recommendation to the Superintendent will be based on the selection criteria in School Board Policy 8.12(7) (for media center materials), State requirements and guidelines and School Board Policy 8.122 (for textbooks and instructional materials), as well as the following criteria:

A. educational significance of the material;
B. appropriateness of age and maturity level;
C. need and value to the collection/curriculum;
D. summation of the professional reviews on the media;
E. literary merit;
F. validity, accuracy, objectivity, and up-to-date and appropriate information;
G. freedom from stereotypes, bias, prejudice or distortion; and
H. timeliness or permanence.

I. In addition, the recommendation shall also consider the provisions in the School Board's collective bargaining agreement with CTA relating to academic freedom and responsibilities--Article II, Section K--to the extent those provisions are applicable. However, pursuant to current case law, the committee may not recommend removal of non-curricular books from the school's media center or classroom simply because a majority of the committee dislikes the ideas or the points-of-view contained in the media center or supplemental classroom instructional materials.

g. Committee's Recommendation to the Superintendent. -- The recommendation of the District Materials Review Committee and the basis for that recommendation shall be transmitted to the Superintendent; the Chief Academic Officer; the Principal of the school that received the original complaint; and the complainant.

h. 5. Board Level Appeal

a. The complainant may appeal the decision of the Superintendent/designee to the School Board under subsection (4)(b) or paragraph (4)(d) above by filing a signed writing with the School Board Clerk within thirty (30) days of the decision and may request an appearance before the School Board.

b. After notice to the appealing party, the School Board Level review shall occur at a public meeting and allow presentation of evidence. The School Board's decision shall be based on the same criteria considered by the Superintendent as set forth in subsections (4)(f) and (h) above.

7. Reporting Objections

a. HB 1467 (2022), which created Fla. Stat. § 1006.28 (2)(e) requires that:

"Annually, beginning June 30, 2023, [the School Board] submit to the Commissioner of Education a report that identifies: a. Each material for which the school district received an objection pursuant to [Fla. Stat. 1006.28] subparagraph (a)2 [regarding an objection by a parent or a resident of the county to the use of a specific instructional material or any material used in a classroom, made available in a school library, or included on a reading list] for the school year and the specific objections thereto. b. Each material that was removed or discontinued as a result of an objection. c. The grade level and course for which a removed or discontinued material was used, as applicable."

b. However, Fla. Stat. § 1011.67 Funds for instructional materials relating to the Superintendent report due to the Commissioner of Education by July 1 states:

"The certification must identify any material that received an objection pursuant to s. 1006.28 for the school year and the specific objections thereto, each material that was removed or discontinued as a result of an objection, and the grade level and course for which a removed or discontinued material was used, as applicable."

c. Accordingly, this data must be collected for these reports in a manner as determined by the Superintendent/designee.
