Course 207:

Construction Based Project Management

Thursday, June 13, 2024

4:00 pm - 6:00 pm

Hybrid: CBP 103 Lecture Room, Palm Beach State College, 4200 S Congress Ave. Lake Worth, FL or via ZOOM

Course Description

This second project management course caters specifically to subcontractors operating within the construction sector, offering insights that are widely adaptable across industries. Guided by Professor Hector Hernandez of Palm Beach State College, participants will delve into an examination of each fundamental phase of project management, with a side-by-side, real-world example and practical insights from Marc Savoy, an accomplished project manager from Kaufman Lynn Construction.

Through interactive discussions and relatable examples, participants will acquire the practical skills necessary to navigate projects seamlessly from inception to completion.
