Title I Comprehensive Schoolwide Plan
BEAR LAKES MIDDLE SCHOOL (1981)
ELA

Using your recording templates from your CNA discussions respond to each item in detailed.

1. List prioritized needs statements.

Data from PM1 and PM2 show that less than 35% across all grade levels are projected to be proficient in ELA. There has been a high turnover in the ELA department this year, with 4 of the teachers being hired with no experience after December. ELA teachers observed that students lack the foundational skills necessary to write an essay.

2. List the root causes for the needs assessment statements you prioritized.

Teachers struggle to implement effective strategies for differentiating instruction in reading and writing. Parents have limited resources for students to practice with outside the classroom. 4 out of the 6 ELA teachers have less than 3 years of experience, with 3 teachers having less than 1 year of experience and need focused support in understanding the ELA standards. Parents requested support for them to work with their children. Lack of time and personnel to provide additional interventions for students.

3. Share possible solutions that address the root causes.

Teachers will be provided additional opportunities to develop capacity in providing differentiated instruction through the use support personnel, collaborative planning, etc. Develop and implement a Parent Academy to support our families. Providing support for students through the use of personnel in small groups, tutorial, materials and resources, technology to support learning at home.

4. How will school strengthen the PFEP to support ELA?

We will continue utilizing Parent Link(Calls, Emails, Text), flyers and personal calls to communicate with parents. Continue using our methods of communication sharing student progress, opportunities to be part of decision-making and offering flexible meetings.
• Parent Training

Parent Trainings will be offered to support parents/families as they work with their students at home on foundational skills (vocabulary, comprehension).

5. How will each stakeholder group strengthen the School-Parent Compact to support ELA?

• School

School will... implement a parent night/parent academies that will provide them with academic strategies they can easily practice with students at home; have a data chat to discuss student grades and performance on assessments. Providing strategies to increase vocabulary and comprehension to increase student achievement.

• Students

Students will... monitor their own academic progress with consistent data chats; attend tutorials and engage in small groups to target deficits. Students will use strategies to increase vocabulary and comprehension to increase student achievement.

• Parents

Parents will... attend parent academies, SAC meetings, student conferences & data chats (progress monitoring). Support use of strategies at home to increase vocabulary and comprehension to increase student achievement.

• Staff Training

Provide staff trainings on various methods to support families (e.g., APTT Style trainings) on foundational skills (vocabulary and comprehension). Staff Trainings to assist teachers in understanding how to better engage and support parents/families as they work with their students at home (ELA).
Accessibility

In addition to making sure the school is ADA compliant, we will continue to support families with disabilities as needed. This may include ASL support and alternative settings for parents with mobility issues.

Math

Using your recording templates from your CNA discussions respond to each item in detailed.

1. List prioritized needs statements.

Data from PM 1 and PM 2 show that Math across all 3 grades is below 45% proficient. Teachers have observed that students lack fundamental math skills needed to be successful. This year’s 6th graders were below 22% proficient.

2. List the root causes for the needs assessment statements you prioritized.

Teachers struggle to implement effective strategies for differentiating instruction in Math. Parents have limited resources for students to practice with outside the classroom. Lack of time and personnel to provide additional interventions for students.

3. Share possible solutions that address the root causes.

Teachers will be provided additional opportunities to develop capacity in providing differentiated instruction through the use support personnel, collaborative planning, etc. Develop and implement a Parent Academy to support our families. Providing support for students through the use of personnel in small groups, tutorial, materials and resources, technology to support learning at home.

4. How will school strengthen the PFEP to support Math?

Communication

We will continue utilizing Parent Link (Calls, Emails, Text), flyers and personal calls to communicate with parents. Continue using our methods of communication sharing student progress, opportunities to be part of decision-making and offering flexible meetings.
• Parent Training

Parent Trainings will be offered to support parents/families as they work with their students at home focused on basic math computational skills.

5. How will each stakeholder group strengthen the School-Parent Compact to support Math?

• School

School will... implement a parent night/parent academies that will provide them with academic strategies they can easily practice with students at home; have a data chat to discuss student grades and performance on assessments

• Students

Students will... monitor their own academic progress with consistent data chats; attend tutorials and engage in small groups to target deficits.

• Parents

Parents will... attend parent academies, SAC meetings, student conferences & data chats (progress monitoring).

• Staff Training

Provide staff trainings on various methods to support families (e.g., APTT Style trainings) focused on basic math computational skills. Staff Trainings to assist teachers in understanding how to better engage and support parents/families as they work with their students at home (Math).

• Accessibility

In addition to making sure the school is ADA compliant, we will continue to support families with disabilities as needed. This may include ASL support and alternative settings for parents with mobility issues.

Science

Using your recording templates from your CNA discussions respond to each item in detailed.
1. List prioritized needs statements.

Diagnostic data for science showed proficiency of 0%. Both 8th grade science teacher are new to the content and have less than 2 years of teaching experience.

2. List the root causes for the needs assessment statements you prioritized.

Teachers struggle to implement effective strategies for differentiating instruction in Science. Parents have limited resources for students to practice with outside the classroom. Lack of time and personnel to provide additional interventions for students

3. Share possible solutions that address the root causes.

Teachers will be provided additional opportunities to develop capacity in providing differentiated instruction through the use support personnel, collaborative planning, etc. Develop and implement a Parent Academy to support our families. Providing support for students through the use of personnel in small groups, tutorial, materials and resources, technology to support learning at home.

4. How will school strengthen the PFEP to support Science?

• Communication

We will continue utilizing Parent Link (Calls, Emails, Text), flyers and personal calls to communicate with parents. Continue using our methods of communication sharing student progress, opportunities to be part of decision-making and offering flexible meetings.

• Parent Training

Parent Trainings will be offered to support parents/families as they work with their students at home.

5. How will each stakeholder group strengthen the School-Parent Compact to support Science?
• School
School will... implement a parent night/parent academies that will provide them with academic strategies they can easily practice with students at home; have a data chat to discuss student grades and performance on assessments

• Students
Students will... monitor their own academic progress with consistent data chats; attend tutorials and engage in small groups to target deficits.

• Parents
Parents will... attend parent academies, SAC meetings, student conferences & data chats (progress monitoring).

• Staff Training
Provide staff trainings on various methods to support families (e.g., APTT Style trainings). Staff Trainings to assist teachers in understanding how to better engage and support parents/families as they work with their students at home (Math).

• Accessibility
In addition to making sure the school is ADA compliant, we will continue to support families with disabilities as needed. This may include ASL support and alternative settings for parents with mobility issues.

Social Studies
Using your recording templates from your CNA discussions respond to each item in detailed.

1. List prioritized needs statements.
Both Civics teachers are new to the content. Diagnostic data for Civics showed 6% proficiency.
2. List the root causes for the needs assessment statements you prioritized.

Teachers struggle to implement effective strategies for differentiating instruction in Civics. Parents have limited resources for students to practice with outside the classroom. Lack of time and personnel to provide additional interventions for students.

3. Share possible solutions that address the root causes.

Teachers will be provided additional opportunities to develop capacity in providing differentiated instruction through the use support personnel, collaborative planning, etc. Develop and implement a Parent Academy to support our families. Providing support for students through the use of personnel in small groups, tutorial, materials and resources, technology to support learning at home.

4. How will school strengthen the PFEP to support Social Studies?

- Communication

We will continue utilizing Parent Link (Calls, Emails, Text), flyers and personal calls to communicate with parents. Continue using our methods of communication sharing student progress, opportunities to be part of decision-making and offering flexible meetings.

- Parent Training

Parent Trainings will be offered to support parents/families as they work with their students at home.

5. How will each stakeholder group strengthen the School-Parent Compact to support Social Studies?

- School

School will... implement a parent night/parent academies that will provide them with academic strategies they can easily practice with students at home; have a data chat to discuss student grades and performance on assessments.

- Students

Students will... monitor their own academic progress with consistent data chats; attend tutorials and engage in small groups to target deficits.
• Parents

Parents will attend parent academies, SAC meetings, student conferences & data chats (progress monitoring).

• Staff Training

Provide staff trainings on various methods to support families (e.g., APTT Style trainings). Staff Trainings to assist teachers in understanding how to better engage and support parents/families as they work with their students at home (Math).

• Accessibility

In addition to making sure the school is ADA compliant, we will continue to support families with disabilities as needed. This may include ASL support and alternative settings for parents with mobility issues.

Acceleration Success

Mission Statement

Create one statement that communicates the vision for parent and family engagement in a motivating way. The mission statement should:

- reflect the beliefs or values the school holds regarding the importance of family engagement;
- explain the purpose of the school's Parent and Family Engagement Plan;
- be written in parent-friendly language; and
- inspire stakeholders to be engaged and supportive of the program.
1. Mission Statement

Bear Lakes Middle School is committed to providing a world-class education with excellence and equity to empower each student to reach his or her highest potential with the most effective staff to foster the knowledge, skills, and ethics required for responsible citizenship and productive careers. Our school strives to empower parents and families to support their children's cognitive and social-emotional development by strengthening district, school, family and community partnerships through communication, resource support, and training.

Involvement of Stakeholders

Describe how the school will engage stakeholders (parents, families, school personnel, District staff and community) in the planning, development, review, implementation and improvement of the Title I Schoolwide Plan. Include decisions regarding how funding will support parent and family engagement. All SAC meetings should have Title I as a standing agenda item and discussion of such is reflected in the minutes to ensure compliance is met. (Note: Evidence of stakeholder input during the CNA process is available in the CNA Launcher.)

2. What are the procedures for selecting members representing all stakeholders? Describe the process for electing members.

All stakeholders are invited to the meeting through ParentLink and e-mail invitations. At the first SAC meetings parents are provided the information and encouraged to join. There is a vote at the SAC meeting on members after reviewing description of each role. To ensure proper representation of different parent groups, some parents may receive a personal invitation from the SAC chair or administration to become involved. SAC members are selected to reflect the diverse community that Bear Lakes serves.

3. How will stakeholders be involved in jointly developing the Schoolwide Plan (CNA/SWP/PFEP)? Include details of meeting dates and times.

Stakeholder involvement will be facilitated through SWP planning meetings to develop a schoolwide plan (CNA/SWP/PFEP) scheduled for February 15th at 9 a.m.
4. How did stakeholders provide input as to how Title I funding will support parent and family engagement? Include the outcome.

Stakeholders provided input through the Google Meet/Face to Face hybrid discussion on how to spend Parent and Family Engagement funding. It was decided that it would be spent on supplies for parent trainings and postage.

**Annual Parent Meeting**

All parents and families are invited and encouraged to attend the Title I Annual Meeting, at a convenient time, to learn about the school's Title I programs, requirements and the rights of Title I parents.
Describe the steps the school will take to conduct an effective Annual Meeting. The meeting should inform parents about:

- What it means to be a Title I School;
- The school's Title I Schoolwide Plan;
- Parent and Family Engagement Plan, including the School-Parent Compact;
- Special programs such as Migrant Education and McKinney-Vento;
- Parent's Right-to-Know; and
- Other opportunities for parents.

1. What is the actual date, time and location of the Annual Meeting?

   October 19th, 2023 @ 8:30 a.m. in the Bear Lakes Middle School SAC room.

2. How will you notify parents, teachers and the community of the Annual Meeting? Be specific (school website, marquee, call-out, newsletter, invitations, etc.).

   Parent-Link, E-mail, invitation.

3. What resources will be prepared for the Annual Meeting? List materials or supplies needed to host the meeting.

   The school's Title I Schoolwide Plan; FY24 Parent and Family Engagement Plan, including the School-Parent Compact; Title I Annual Meeting, PowerPoint, Agenda, Invitation

---

**Staff Trainings**

Describe the professional development trainings you will provide to build the capacity of teachers and other support personnel to understand the value and contribution of parents/families, build ties between parents and school staff, effectively reach out to, communicate with and work with families as equal partners in order to improve student achievement.
1. Staff Training for Parent and Family Engagement #1

- **Name of Training**
  
  ParentLink Training

- **What specific strategy, skill or program will staff learn to implement with families?**
  
  Teachers will be trained on Parent Link to be able to communicate with parents more consistently and keep parents informed of what is happening with their children in the classrooms using ParentLink.

- **What is the expected impact of this training on family engagement?**
  
  Families will be able to keep up with their students' assignments in class, receive updates and communications from teachers, and find resources that will allow them to help their children be successful.

- **What will teachers submit as evidence of implementation?**
  
  Teacher created ParentLink reports of communication by teachers with parents, will be used as evidence of implementation.

- **Month of Training**
  
  August

- **Responsible Person(s)**
  
  Academic Coaches and Department Chairs

2. Reflection/Evaluation of Training #1
• Name and Brief Description
TBD

• Number of Participants
TBD

• What were teachers able to do as a result of the training?

4. Reflection/Evaluation of Training #2

| **Name and Brief Description** | TBD |
• Number of Participants
TBD

• What were teachers able to do as a result of the training?
TBD

• Have you seen evidence that teachers are implementing the strategy, skill, or program they learned through this training?
on

• How do you know?
TBD

• What went well with the training
TBD

• What improvements would be made and what steps will you implement to make the training more effective
TBD

**Parent Trainings**

Describe the trainings you will offer parents and families that will build their capacity to support learning at home to improve student academic achievement. Trainings must focus on skills that parents and families can use to extend learning at home, support students in meeting challenging state standards and monitor their child's academic progress.

1. Parent and Family Capacity Building Training #1
• Name of Training
SIS Gateway Training

• What specific strategy, skill or program will parents learn to implement with their children at home?
To support student learning at home, parents will be able to access student grades, attendance and test scores and communicate directly with teachers through SIS Gateway.

• Describe the interactive hands-on component of the training.
Parents will use their smartphones or laptops to connect to SIS Gateway and practice navigating it and using it to communicate with their child's teachers.

• What is the expected impact of this training on student achievement?
Parents will now be able to directly monitor their students' progress in each class and email the teachers directly if they have questions.

• Date of Training
08/05/2023

• Responsible Person(s)
Jennifer English, Carline Tabuteau

• Resources and Materials
Presenstation.
• Will use funds for refreshments as noted in SWP:
  on

• Amount (e.g. $10.00)
  N/A

2. Reflection/Evaluation of Training #1

• Name of Training
  SIS Gateway Training

• Number of Participants
  TBD

• What were parents able to do as a result of the training?
  TBD

• Have you seen evidence that parents are implementing the strategy, skill or program they learned through this training?
  on

• How do you know?
  TBD
• What went well with the training?
  TBD

• What improvements would be made and what steps will you implement to make the training more effective?
  TBD

3. Parent and Family Capacity Building Training #2

• Name of Training
  Schoolwide Writing Strategies

• What specific strategy, skill or program will parents learn to implement with their children at home?
  To support student learning at home, parents will be able to familiarize themselves with the questions styles and format for the new BEST standards assessments.

• Describe the interactive hands-on component of the training.
  Parents will be able to practice with question styles based on the resources that are made available over the summer. They will practice using question stems with the passages provided. They will be given some passages and a set of question stems to take home. We will use ParentLink to periodically send additional passages home for practice.

• What is the expected impact of this training on student achievement?
  This will help students increase confidence and competence on the state writing assessment.

• Date of Training
  September 2023
• Responsible Person(s)
  Academic Coaches and Resource Teachers

• Resources and Materials
  Writing presentation, white boards, writing prompts, chart paper, markers, question stems

• Will use funds for refreshments as noted in SWP:
  on

• Amount (e.g. $10.00)
  N/A

4. Reflection/Evaluation of Training #2

• Name of Training
  Schoolwide Writing Strategies

• Number of Participants
  TBD

• What were parents able to do as a result of the training?
  TBD
• Have you seen evidence that parents are implementing the strategy, skill or program they learned through this training?

• How do you know?

</table>
• Number of Participants

N/A

• What were parents able to do as a result of the training?

N/A

• Have you seen evidence that parents are implementing the strategy, skill or program they learned through this training?

N/A

• How do you know?

N/A

• What went well with the training?

N/A

• What improvements would be made and what steps will you implement to make the training more effective?

N/A

Coordination and Integration

Describe how your school collaborates with other federal programs, District departments, the business community, library systems and other governmental and non-governmental organizations to provide integrated parent and family engagement opportunities. Identify the three (3) most relevant agencies/organizations that support your school’s parent and family engagement goal.

1. Partnership #1 - List Federal Program such as Migrant, Homeless, Professional Development, ESOL/ELL, IDEA, Region Support, or Safe Schools
Name of Agency
McKenny Vento

Describe how agency/organization supports families.
Provide collaboration, communication and ongoing support to families by providing housing support, meal support, bus passes, clothing and counseling.

Based on the description list the documentation you will provide to showcase this partnership.
Log of families who receive supplies, Documentation in SIS, Parent communication logs., emails.

Frequency
As needed

2. Partnership #2 - List Department, Organization, or Agency

Name of Agency
Drug Alcohol Treatment Association (DATA)

Describe how agency/organization supports families.
Provide drug abuse community resources and educational resources for families. They also provide continuous screening, collaboration and support for alcohol and drug abuse.

Based on the description list the documentation you will provide to showcase this partnership.
Parent informational flyers/info sheets Parent communication logs
• Frequency
Quarterly

3. Partnership #3 - List Department, Organization, or Agency

• Name of Agency
Multicultural

• Describe how agency/organization supports families.
Provide support, trainings and translation services to families who speak little or no English. Works with families to complete applications and facilitates access to community multicultural resources.

• Based on the description list the documentation you will provide to showcase this partnership.
Parent training and communication logs, emails, Translated information, Sign Ins from meetings where translation services were provided.

• Frequency
As needed

**Communication**

After reflecting on the stakeholder input meeting, training evaluations and analysis of events, describe the process that your school will use to provide timely and easy to understand updates to parents and families on Title I programs, curriculum, assessments and student progress/proficiency level information.

1. Describe how school will provide parents and families with timely information about the Title I programs, meetings and other activities in a format and language parents can understand. Consider Title I programs such as tutoring, mentoring, parent/family trainings.
2. Describe how school will inform parents about the curriculum and proficiency levels students are expected to meet.

3. Describe how school will inform parents about forms of academic assessments used to measure student progress and achievement levels of State academic standards.

4. Describe how school will inform parents about opportunities to participate in decision-making related to the education of their children.

5. Describe how the school will offer flexible meeting dates and times for trainings, activities and events to remove barriers for attendance.

- Description

Information about Title I programs (meetings, tutoring, parent trainings, and other activities) will be routinely sent through: ParentLink, flyers.

- List evidence that you will upload based on your description.

Flyers, ParentLink Screenshots, newsletters.

- Description

Information will be disseminated to parents about curriculum and proficiency levels through ParentLink, Parent Trainings, Conferences and SIS Gateway. The school will inform parents about the curriculum and proficiency levels students are expected to meet through flexibly scheduled conferences either virtually or in person at the best time convenient for them. Bear Lakes Middle School has an open door policy and allows for parents to come in without appointments to meet with administration or guidance to discuss their child's progress. Information will be translated for parents who need it.

- List evidence that you will upload based on your description.

Screenshots, conference notes, newsletters, SIS Gateway reports. Abbreviated version of Best standards for ELA and Math distributed to parents at meetings.
• Description
Information will be disseminated to parents about forms of academic assessments through ParentLink, Parent Trainings, Conferences, SIS Gateway and will be translated as needed.

• List evidence that you will upload based on your description.
Screenshots, agendas, report cards, progress reports.

• Description
Information will be disseminated to parents about opportunities to participate in decision-making related to the education of their children through SAC, CNA meeting, ParentLink and Conferences.

• List evidence that you will upload based on your description.
Screenshots, flyers, agendas, ParentLink, conference notes.

• Description
The school will allow for flexible scheduling of trainings and will offer additional or personalized trainings as the need arises. Virtual meetings will be scheduled for parents who request them if they are unable to attend.

• List evidence that you will upload based on your description.
Screenshots, flyers with link to virtual meetings, invitations, conference notes

Accessibility
It is important to address barriers that hinder families' participation in activities. After considering information gathered at your parent input meetings, describe how you ensure parents and families in the special categories below are able to fully participate in school
meetings, trainings, activities and events. Describe the accommodations the school will provide for each subgroup of parents listed below.

1. Parents and families with limited English proficiency

2. Parents and families with disabilities

3. Families engaged in migratory work

4. Families experiencing homelessness

• Description

CLFs will be present at all SAC meetings and trainings and any conferences that require ELL support. Flyers and the School Compact will be translated into multiple languages. ParentLink messages will be sent in multiple languages. Translation support will be provided for parents as needed.

• List evidence that you will upload based on your description.

Screenshots of ParentLink communications in multiple languages, PFEP summaries, Copies of flyers and the school compact in multiple languages. Sign in sheets from meetings.

• Description

Transcripts can be provided upon request. School buildings are ADA compliant - elevator, disabled parking available and audio enhancement in classrooms. If additional support for parents is needed, we will contact the district.

• List evidence that you will upload based on your description.

Photos of ADA compliant areas and audio enhancement.
• Description

CLFs will be present at all SAC meetings and trainings and any conferences that require ELL support. Flyers and the School Compact will be translated into multiple languages. ParentLink messages will be sent in multiple languages. The ELL coordinator will connect migrant families with support from Multicultural Department. Free school supplies and school appropriate clothing will be provided as needed.

• List evidence that you will upload based on your description.

SIS entry, ESOL Log, Translated documents, Sign in sheets, emails, and distribution of resources log/photos, Migrant brochure about resources, as applicable.

• Description

Families will be connected with the McKinney-Vento for support for meals, housing, free clothing, free school supplies and counseling services. Home visits, as needed.

• List evidence that you will upload based on your description.

Log of students who receive supplies and clothing. SIS entry, Emails, Log of any home visits made and logs/photos of distribution of resources as needed.

Other Activities

This is an optional step. List other activities, including additional parent and family trainings, which are planned to strengthen parent and family engagement at your school. Title I funds may not be used to purchase food for these activities.

Brief Description
This school has chosen to be exempt from this area.

Building Non-Academic Skills
How do you build students’ skills outside of academic subject areas? Include descriptions of:

- Build coping skills;
- Address social/emotional needs;
- Foster a growth mindset;
- Teach resilience and persistence;
- Promote healthy habits;
- Promote positive behavior;
- Develop students organizational skills;
- Build strong study habits;
- Build character; and/or
- Develop a sense of service for others.
1. Building Students’ Non-Academic Skills

Bear Lakes Middle integrates Single School Culture by sharing our Universal Guidelines for success following our Behavioral Matrix. There is a universal attention signal all teachers and staff use that focuses the attention of students. We also have a universal recognition program - "Shout outs". Every day at the end of the day, administration shares "Shout outs" through the PA system for behavior and academics. Students pick up a treat from the front office when their name is called. These universal strategies to maintain a Single School Culture helps teachers, students, and all staff members work together in making sure we meet our vision of implementing a dynamic, collaborative, multicultural community where education and lifelong learning are valued and supported, and all learners reach their highest potential and succeed in the global economy. This has created a clear behavioral expectation to ensure a system of fairness that is consistently enforced schoolwide. We also have a School Wide Positive Behavior Support Plan (SWPBS), which is instrumental in maintaining a positive culture. All staff and students know of the school-wide rules, interventions, consequences, rewards, and expectations for success. Administration provides tools for teachers to be able to support positive behavior and staff meets once a month to discuss strategies on how to improve. The SWPBs systems promotes a successful, respectful and safe environment. School Guidance Counselors meet with every student throughout the year to make sure they are on target for promotion and to discuss grade level requirements. Students are able to schedule an appointment with school counselors as needed throughout the year. School Counselors meet with certain students in small groups based on need (anger management, divorce care, bereavement, etc.). Counselors also present Civics and Career Placement curriculum to 8th grade students every year to expose them to various career choices. Bear Lakes Middle provides Mental Health support with a Mental Health Counselor. School Guidance Counselors teach Peer Counseling classes to help students develop organizational skills, build strong study habits and fosters a growth mindset. Our school also participates in the Character Counts program which helps develop a sense of service for others.

SBT/MTSS Implementation

Describe your implementation of a tiered model of support (SBT/MTSS):

- Identify students for tiered support;
- Determine supports needed;
- Implement support; and
- Track students’ progress.
1. SBT/MTSS Implementation

School Based Leadership Team (SBLT) will schedule and facilitate regular School Based Team Meetings/Response to Intervention (RtI) meetings, ensure attendance of team members, take measures to follow up of action steps, allocate resources. Tier 1 Implementation: All students participate in Reading Plus and Small Group Differentiated Instruction. In conjunction with Tier 1 problem solving, the Leadership Team members will meet weekly to monitor and review infrastructure and implementation of building level MTSS. Teachers develop effective multidisciplinary teams in place to problem solve and create action plans for all students. The Multi-Tier Support System (MTSS) Leadership Team sets Tier 1 goals, monitor academic and behavioral data and to evaluate progress towards goals at least three times per year by: 1. Holding regular team meetings where problem solving is the sole focus. 2. Using the four-step problem solving process as the basis for goal setting, planning, and program evaluation during all team meetings that focus on increasing student achievement or behavioral success. 3. Team will determine the evidence that will demonstrate if progress was made towards proficiency. 4. Team will respond when grades, subject areas, classes, or individual students have not shown a positive response (reteach/reassessment component will be implemented across all disciplines). 5. Ensure that students in need of intervention are actually receiving appropriate supplemental Tier 2 intervention. Gather Ongoing Progress Monitoring (OPM) for all interventions and analyze that data using the Tier 2 problem solving process after each Ongoing Progress Monitoring (OPM). Tier 2 implementation: The second level of support consists of supplemental instruction and interventions provided in addition to and in alignment with effective core instruction and behavioral supports to groups of targeted students who need additional instructional and/or behavioral support. Tier 2 problem solving meetings occur regularly to: 1. Review Ongoing Progress Monitoring (OPM) data for intervention groups to evaluate group and individual student response. 2. Support intervention where there is not an overall positive group response. 3. Select students for Tier 3 intervention. The School Improvement Plan (SIP) summarizes Bear Lakes Middle's academic and behavioral goals for the year and describes the school's plan to meet the specific, identified goals. Interventions used for Tier 2 students are to scheduled students for an Intensive Reading or math support class. Student progress is monitored every week. Also, academic tutors work with a small group of students on Tier 2 for additional remediation support. This lesson is based on the individual needs of the child as per the School-based Team Tier 2 plan. The Tier 3 Implementation; Tier 3 interventions are planned for the students who continue to struggle. The School-based Leadership Team (SBLT), the instructional faculty and the parents/guardians is a critical part of the Multi-Tier Support System (MTSS) program. Interventions in the school, home and community are all geared to assist and correct or modify academic and behavioral issues before they interact or combine to interfere with the instructional delivery of content. Interventions include: • Behavior Contract • Behavior Intervention Plan (BIP) • Check In • Functional Behavior Assessment (FBA) • Mentoring At-Risk Students • Support Facilitation personnel pull individual students to provide intensive remediation and reassess students as needed. Lesson is based on the teacher's lesson plan and the individual need of the student. Student progress on Tier 3 intervention is monitored daily for behavior and academics every 4-6 weeks.

Provision of a Well-Rounded Education

How do you ensure all students are provided with a well-rounded education including enrichment opportunities? Describe:
• The process used to determine core instructional needs (data).
• How the school ensures instruction is aligned to standards.
• Courses/electives that are not considered core-content.
• Courses/electives that are focused on job skills.
• Opportunities to extend learning time.
• How the school connects classroom learning to real world applications
• How extra curricular opportunities enrich the students' education.

*The term "well-rounded education" means courses, activities, and programming in subjects such as English, reading or language arts, writing, science, technology, engineering, mathematics, foreign languages, civics and government, economics, arts, history, geography, computer science, music, career and technical education, health, physical education, and any other subject, as determined by the State or local educational agency, with the purpose of providing all students access to an enriched curriculum and educational experience. [ESSA, section 8101 (52)].
1. Well-Rounded Education

Students are immersed in rigorous tasks encompassing the full intent of the standards. • Students are actively engaged with complex texts, tasks, and talk using evidence from the text and creating work samples that are standards-based and rigorous. • Students are actively engaged in a coherent progression of mathematical practices that relate new concepts to prior skills and target the aspect of rigor called for by the standards. Intensive Reading Bear Lakes ensures that students below satisfactory level on FSA will receive additional reading and math support for remediation in the critical areas of the reading/math process are served. Delivery of instruction is framed around the district adopted instructional materials that are aligned to the Florida State Standards and complex texts, tasks, and tasks. The reading/math classes are designed for differentiated instruction and learning utilizing a Rotational Instructional Model (RIM). In the Reading classes students will use the computer program Reading Plus, independent reading library, audio book library, and consumable student workbooks for small group instruction. Data is used from Diagnostic, Common Assessment, FSQs and USAs Grade level assessments to determine instructional needs and to monitor student progress in reading, math, science, and civics. Florida State Assessment (FSA) scores and teacher recommendations are used to help place students in high school credit classes and advanced classes. During Common Planning, Weekly Leadership Meetings and Faculty Meetings, teachers, administrators and Instructional Coaches analyze and discuss data in order to create Focus Calendars and to address item specifications which align with District and State Curriculum. Ongoing Progress Monitoring and Professional Performance Assessments provide a sketch of the effectiveness of the instruction based upon data outcomes. Elective classes support the reading program by providing reading warm-up and time for students to use Reading Plus during class. Khan Academy and Google classroom are used by all students to remediate particular skills based on data during instructional time. Elective classes include Band, Fundamentals of the Web, Fundamentals of Networking, Computer Applications, Introduction to Business, PE, Medical Skills, Critical Thinking. Most elective classes focus on foundational skills/knowledge of future careers. Team sports like Baseball, Softball, Volleyball, Basketball, and Science, Engineering, Communication, Mathematics, and Enrichment (SECME) help enrich student education are extracurricular opportunities that we offer for our students. The participation in team sports build characters, cooperation, relationship building, and build future interests in science and team sports.

Post-Secondary Opportunities and Workforce Readiness

How do you build students’ awareness of and readiness for post-secondary opportunities and the workforce? Consider the following examples:

• College awareness/readiness curricula and programs;
• Building pathways to rigorous coursework;
• Accelerated course offerings (AMP, Honors, AP, AICE, IB);
• Dual enrollment opportunities;
• ACT/SAT prep programs;
• Project-based learning opportunities;
• Job skills development (collaboration, critical thinking);
• ROTC programs;
Career and technical courses; Career Days or guest speakers; and Job shadowing, field experiences, clinicals.

1. Post-Secondary Opportunities and Workforce Readiness

We build students' pathways and ensure they are ready for high school by providing students with Algebra 1 Honors, Algebra 2 Honors, Geometry Honors, Physical Science Honors, Sociology, Fundamentals of Technology, Emerging Technology in Business. Many of these courses allow students to earn high school credit and ensure students are ready for postsecondary opportunities. The purpose is to give students an opportunity to enter the dual enrollment program in high school. The students will learn research methods, communication skills (speaking, listening, writing, and telecommunication, multimedia presentation skills) and other areas affecting the business environment. Furthermore, after taking the Emerging Technology in Business class students will receive Industrial Certification and it will make them marketable to receive Information Technology (IT) jobs. We offer the Preliminary Scholastic Aptitude Test (PSAT) to all of our 8th grade students every year. The PSAT is a prep for the Scholastic Aptitude Test (SAT), which is usually taken in high school, and our students take this test at the beginning of the year without preparation in order to get a true depiction of where they are in Math and Reading. PSAT scores are used to identify National Merit Scholars and award merit scholarships. The PSAT measures college and career readiness and gives students tools for planning their future. Also, in the 8th grade, US History and Career Placement class, students are exposed to career options unit presented by Guidance Counselors. 8th grade students participate in a High School Fair. These schools talk about career choice options they offer students.

Transition From Early Childhood to Elementary School

**Elementary Schools:** Describe the strategies used to assist preschool students in transitioning from early childhood education programs to elementary school. Consider:

- Headstart programs
- VPK on campus
- Bridges Program
- Meetings at local preschool programs to provide information to rising Kindergartners' parents
- Kindergarten Round-up
- On-site school tours for new kindergarten families
- Early school year start/summer program for incoming Kindergarteners
- Staggered start
- Meet the teacher
- Kindergartener for a day for pre-K students
• Pre-K parent trainings throughout the school year to provide Kindergarten readiness strategies
• Looping from Pre-K to K
• Collaboration with local preschools to develop readiness skills

**Secondary Schools**: Click on the Exemption button above if this is not applicable to you.

1. Transition to Elementary School

This school has chosen to be exempt from this area.

## Professional Development

In addition to Title I funded professional development listed in the CNA/Strategies section, what other opportunities are provided for teachers, tutors, paraprofessionals, and instructional coaches to improve the delivery of instruction and the use of data to support instructional decisions? Consider:

- Regional Support
- District Curriculum Support
- Conferences (AVID, content specific, STEM, AP/IB/AICE, etc)
- APTT
- Peer Observation Program using Palm Beach Model of Instruction
- Mentoring
- PAR Teacher
- Online workshops
- Professional book study
- Consultants
- Multicultural and ESE trainings
1. Professional Development

Professional development is provided through daily departmental common planning meetings. The master schedule has been designed to provide consistent time for teachers to meet by common content. Research-based protocols are utilized to focus the meetings on students' academic needs and how students might be assessed. Student improvement is monitored and instruction is modified as needed based on decisions made through collaboration. Adjustments have been made to provide professional development opportunities to allow for more impactful teaching during distance learning. Topics for professional development opportunities through common planning meetings are: * Data Analysis - to drive the instruction and to monitor student progress * Marzano - Best practices for instruction * BEST Standards - Unpack standards to understand the depth of instruction and develop lesson collaboratively * Best strategies/practices - model strategy or practice * Supporting ESE students * Supporting ELL students Education Support Program (ESP) provides support for beginning teachers or teachers new to the District. New teachers are paired with a mentor teacher to help build their capacity. We provide time for them to observe other classrooms (behavior and academics) to build their capacity. Teachers will meet monthly with the ESP Coordinator and Voluntary Lead Mentor to discuss: * Classroom management * Knowledge of content related curriculum * Learn culture of school (who to go to for help/support) for procedures Teachers also receive professional development and support by participating in team common planning. All first year teachers are participating in the Educator Support Program (ESP). ESP is the School District of Palm Beach County's formal program of support for newly hired educators. Systems of support include a mentor support team, staff development opportunities, observations, conferences and written & oral feedback. • Collaboratively schedule periodic visits to mentee's classroom. • Mentors will meet with mentees weekly to discuss instructional improvement and concerns. • Mentors will model lessons for mentees and share best practices. • Mentors will conduct monthly meetings to review school-wide evaluation feedback. • Providing training to understand the new Marzano Evaluation tool alignment to the Florida Educators Accomplished Practices. • Attend Professional Learning Communities and Monthly ESP meetings. Teachers that are a part of the ESP program are monitored for up to 3 years before completion. The goal is to help groom teachers to become masters of their subject area and effective educators.

Recruitment and Retention of Effective Educators

How do you recruit and retain effective teachers (particularly in high need subjects)? Consider:

**Recruitment:**
- Job Fairs
- Collaboration with HR and Region Office
- Intern Teachers, Interim Teachers, Substitutes, Academic Tutors (Grow Your Own)

**Retention:**
- Orientation
- Mentoring/Peer Teacher
- Teaching Team with Team Leaders
1. Recruitment and Retention

Recruitment: Administration attends job fairs as needed and we collaborate with HR and Region office to recruit teachers. Strong, effective substitute teachers are encouraged to get certified. Once they become eligible we hire them as teachers. Retention: We are able to retain our teachers by setting up a good mentoring program. Education Support Program (ESP) provides support for beginning teachers or teachers new to District. New teachers are paired with a veteran teacher to help build their capacity. We provide time for them to observe other classrooms (behavior and academics) to build their capacity. Best practices are shared and modeled with coaching support. Teachers will meet monthly with administration to discuss: * Classroom management * Knowledge of content related curriculum * Learn culture of the school (who to go to for help/support) New teachers also receive professional development and support by participating in team common planning. We provide them with leadership opportunities, collaborative planning, we provide coaching support on a regular basis. We also have a open door policy to see any administrator to discuss concerns. Finally, we give our teachers opportunities to make extra part time pay by participating in club sponsors, sport team coaching, and tutoring.
