Title I Comprehensive Schoolwide Plan
PINE GROVE ELEMENTARY SCHOOL (0911)
ELA

Using your recording templates from your CNA discussions respond to each item in detailed.

1. List prioritized needs statements.

   Overall improvement of 3rd-5th reading proficiency. As of PM2, 3rd grade is at 35% proficiency and 4th and 5th grade are at 44% proficient. Our goal is to be at 60% proficiency. In K-2 the goal is also 60%. As of PM2, K is at 47% proficiency, First grade is at 33% proficiency, and Second grade is at 48% proficiency. Areas of focus would be: comprehension, foundational skills, and phonics.

2. List the root causes for the needs assessment statements you prioritized.

   - Diverse population; We are now 51% ESOL population-so an influx of newcomers
   - Lack of stamina in students; Lack of background knowledge
   - Lack of teacher capacity for BEST standards 3-5
   - Minimal time needed to for students to practice and master foundational skills

3. Share possible solutions that address the root causes.

   - Working with multicultural to provide print rich environment for students.
   - Provide differentiation on instruction and scaffold resources
   - Being intentional when planning and conducting PLCs and PD
   - Continue to hold parent trainings to train parents on how to help students close some reading gaps at home or extra practice with foundational skills.
   - Continue to provide job-imbedded PDD to our teachers
   - More support from home on academics, attendance and behavior

4. How will school strengthen the PFEP to support ELA?

   The school will ensure that communication is in parent preferred language whether that is by call out, fliers, paperwork from the school or parent meetings. This is to inform parents about Title I programs, Curriculum and proficiency levels, Academic Assessments and student progress, Opportunities to participate in decision-making and Offering flexible meeting dates and times
• Parent Training

Invite the parents to join in on our literacy nights to get information such as: comprehension strategies to use at home, fluency practice for reading, and foundational skills.

5. How will each stakeholder group strengthen the School-Parent Compact to support ELA?

• School

The school will provide opportunities for parents to come to parent trainings and have readily available and relevant information that align with benchmark and helps address our priorities needs for our students.

• Students

Student will continue to engage in their reading lessons and be accountable for their learning in class and through adaptive technology and assessments.

• Parents

Parents will support and reinforce skills taught during the school day and maintain an open line of communication with teachers.

• Staff Training

Invite staff to trainings to include communicating the assessment results, new standards, ELA basic strategies and conferencing with parents. Supporting the teachers in being mindful of time and body language to communicate and be mindful of our school culture.

• Accessibility

The school works with ESE team to ensure that all student accommodations are flexible and also include out homeless and migrant students. This will include: communication, transportation, after care, and flexible schedule of meetings. All meetings are open to all families. Limited English Proficiency, Disabilities, Migratory Work & Homelessness
Math

Using your recording templates from your CNA discussions respond to each item in detailed.

1. List prioritized needs statements.

   - Increase proficiency across all grade levels. As of PM2, 3rd grade is at 35% proficiency and 4th grade is at 51% and 5th grade are at 50% proficient. Our goal is to be at 60% proficiency. In K-2 the goal is also 60%. As of PM2, K is at 47% proficiency, First grade is at 57% proficiency, and Second grade is at 65% proficiency. Areas of focus would be: math fluency, vocab, multi-step problems, word problems.

2. List the root causes for the needs assessment statements you prioritized.

   - There is a lack of teacher knowledge on content (teachers new to grade levels) - Curriculum pacing - too fast for some students to master the concepts being taught - Content not being front loaded before state assessments - Large gap in students knowledge of number sense

3. Share possible solutions that address the root causes.

   - Continue collaborating during PLC-utilizing coaches and district support - Strengthening strategies during PDD days-building teacher capacity - Strengthening small group time to focus on the foundational math skills needed to apply to more rigorous skills; more resources hardbound and online - Provide extended learning opportunities

4. How will school strengthen the PFEP to support Math?

   • Communication

   Communication will take place various ways: take home folders, call out, parent trainings, parent conferences. To inform parents about Title I programs, Curriculum and proficiency levels, Academic Assessments and student progress, Opportunities to participate in decision-making and Offering flexible meeting dates and times

   • Parent Training

   Parents will be invited to participate in curriculum night where math fluency and strategies will be taught to parents so they can reinforce at home.
5. How will each stakeholder group strengthen the School-Parent Compact to support Math?

• School

The school will continue to support teachers so that students are receiving relevant and rigorous instruction. Also having parents participate in curriculum nights.

• Students

Students can be accountable and track their own progress on classroom assessments as well as adaptive technology resources. Also continue to participate in spiral math reviews to increase their math fluency.

• Parents

The parents can help by working with the teachers to support the math instruction and reinforce at home and keeping the line of communication open as well.

• Staff Training

Review best practices with teachers during PLC, staff meetings so that teachers are able to share with parents in a way they can understand and reinforce at home.

• Accessibility

The school works with ESE team to ensure that all student accommodations are flexible and also include out homeless and migrant students. This will include: communication, transportation, after care, and flexible schedule of meetings. All meetings and SAC are open to all families- Limited English Proficiency, Disabilities, Migratory Work & Homelessness.

Science

Using your recording templates from your CNA discussions respond to each item in detailed.
1. List prioritized needs statements.

Science proficiency is at 22%, which is down from last year. We want to increase proficiency by at least 23%. There needs to be a focus on vocabulary, test taking strategies, and small group instruction.

2. List the root causes for the needs assessment statements you prioritized.

- Limited time to teach science concepts
- Students need additional time to practice and master science content and be able to apply to a question they are answering.
- Lack of prior knowledge in K-4

3. Share possible solutions that address the root causes.

- Continue to provide training and PLC for all grade levels - this was something started in the current year.
- Continue to provide science tutorials - adding fine arts tutorial to rotate during the week.
- More hands-on lesson and materials; Science lab
- Integrate lessons and apply reading strategies

4. How will school strengthen the PFEP to support Science?

• Communication

Ensuring that parents are receiving information in their native language through: call outs, newsletters, and parent conferences. To inform parents about Title I programs, Curriculum and proficiency levels, Academic Assessments and student progress, Opportunities to participate in decision-making and Offering flexible meeting dates and times.

• Parent Training

Focusing on a curriculum night to support parents in helping reinforce science concepts at home and how to apply to questions they are expected to answer.

5. How will each stakeholder group strengthen the School-Parent Compact to support Science?
• School
The school will continue to train teachers and support science instruction during the school day.

• Students
The students will engage in science lessons and building their vocabulary of the science content. They will also be accountable for tracing their own progress for their assessments.

• Parents
Parents will help by attending curriculum night where science activities and strategies will be taught so that parents can help their students at home.

• Staff Training
Provide time for teachers to plan for science during PLCs and PDD days and share science strategies to families

• Accessibility
The school works with ESE team to ensure that all student accommodations are flexible and also include out homeless and migrant students. This will include: communication, transportation, after care, and flexible schedule of meetings. All meetings and SAC are open to all families- Limited English Proficiency, Disabilities, Migratory Work & Homelessness

Action Step: Classroom Instruction
Implement schoolwide academic essentials that support and ensure that all students will have access to rigorous tasks through small group instruction.

Budget Total: $7,193.74

**Mission Statement**

Create one statement that communicates the vision for parent and family engagement in a motivating way. The mission statement should:

- reflect the beliefs or values the school holds regarding the importance of family engagement;
- explain the purpose of the school's Parent and Family Engagement Plan;
- be written in parent-friendly language; and
- inspire stakeholders to be engaged and supportive of the program.

1. **Mission Statement**

   Our mission at Pine Grove is to utilize and work cooperatively with the community to encourage and empower our families to be informed partners in Pine Grove's efforts to make a positive impact on student achievement and their social-emotional well-being.

**Involvement of Stakeholders**

Describe how the school will engage stakeholders (parents, families, school personnel, District staff and community) in the planning, development, review, implementation and improvement of the Title I Schoolwide Plan. Include decisions regarding how funding will support parent and family engagement. All SAC meetings should have Title I as a standing agenda item and discussion of such is reflected in the minutes to ensure compliance is met. (Note: Evidence of stakeholder input during the CNA process is available in the CNA Launcher.)

2. What are the procedures for selecting members representing all stakeholders? Describe the process for electing members.

The procedure for selecting members was to allow the faculty and staff to sign up to help. We also shared with the SAC committee who was more than willing to offer input and be a part of the group. The SAC meeting is advertised to parents via flyer invitation, Big marquee, and Parent link. SAC members are selected from the group of people who attend, represent the culture and population of the school.
3. How will stakeholders be involved in jointly developing the Schoolwide Plan (CNA/SWP/PFEP)? Include details of meeting dates and times.

Feedback and suggestions will be conducted throughout the monthly SAC meetings, Open House meeting September 19, 2023 at 5:30 PM, Title I Meeting September 27, 2022 at 5:00 PM. We will also be able to have discussion around the CNA through a meeting on February 20, 2024 at 2:30 P.M.

4. How did stakeholders provide input as to how Title I funding will support parent and family engagement? Include the outcome.

The parent feedback and suggestions were discussed during the parent input meeting. Parents involvement will be discussed ongoing during SAC, parent trainings, family engagement survey, and we also discussed some areas of opportunities for the parents and community to be a part of the process. The parents again this year wanted to know if we would be implementing Parent University more frequently next year. Part of the parent engagement funds would be used to pay teachers and Language Facilitators during those meetings and communication folders.

**Annual Parent Meeting**

All parents and families are invited and encouraged to attend the Title I Annual Meeting, at a convenient time, to learn about the school's Title I programs, requirements and the rights of Title I parents.

Describe the steps the school will take to conduct an effective Annual Meeting. The meeting should inform parents about:
What it means to be a Title I School;
The school's Title I Schoolwide Plan;
Parent and Family Engagement Plan, including the School-Parent Compact;
Special programs such as Migrant Education and McKinney-Vento;
Parent's Right-to-Know; and
Other opportunities for parents.

1. What is the actual date, time and location of the Annual Meeting?

Wednesday, September 24, 2023 5:30 pm in the cafeteria.

2. How will you notify parents, teachers and the community of the Annual Meeting? Be specific (school website, marquee, call-out, newsletter, invitations, etc.).

Call-out to parents, marquee, invitations in backpacks.

3. What resources will be prepared for the Annual Meeting? List materials or supplies needed to host the meeting.

Invitation, Sign-In Sheets, Agenda, PPT, copy of FY24 PFEP summary, copy of FY234 Compact, parent evaluations, and reflection notes template. There will also be personnel for translation purposes.

Staff Trainings

Describe the professional development trainings you will provide to build the capacity of teachers and other support personnel to understand the value and contribution of parents/families, build ties between parents and school staff, effectively reach out to, communicate with and work with families as equal partners in order to improve student achievement.

1. Staff Training for Parent and Family Engagement #1
- **Name of Training**
  Positive Behavior System Professional Development

- **What specific strategy, skill or program will staff learn to implement with families?**
  Teachers and staff that are new and returning will be able to effectively teach our Dolphin Points system that correlates to the PBS system. This will be taught to the students as well as communicated to the parents so that they can understand.

- **What is the expected impact of this training on family engagement?**
  The teachers will communicate the expectations for PBS through Open House and parent meetings so that the parents can be aware of how to the PBS system works. They will be able to remind students at home about reaching their goals in class to earn the rewards each month.

- **What will teachers submit as evidence of implementation?**
  The teachers will effectively use and track Dolphin points to positively reward students during the school day positively. It will be entered into the SIS system. The teachers can print our reports of dolphin points earned.

- **Month of Training**
  August

- **Responsible Person(s)**
  All staff

2. Reflection/Evaluation of Training #1

- **Name and Brief Description**
  TBD
• Number of Participants
   TBD

• What were teachers able to do as a result of the training?
   TBD

• Have you seen evidence that teachers are implementing the strategy, skill, or program they learned through this training?
   TBD

• How do you know?
   TBD

• What went well with the training
   TBD

• What improvements would be made and what steps will you implement to make the training more effective
   TBD

3. Staff Training for Parent and Family Engagement #2

• Name of Training
   Data Review
• What specific strategy, skill or program will staff learn to implement with families?

Teacher will be able to analyze and review data so that teachers can share with parents and why it matters. They will also be able to explain levels and how they correlate to the standards.

• What is the expected impact of this training on family engagement?

The impact of this training will give parents a better understanding of the new standards this year and teachers will communicate effectively with parents, so that they know what the expectations are for each subject area.

• What will teachers submit as evidence of implementation?

Faculty meeting agenda, conference forms where data was discussed.

• Month of Training

September/October

• Responsible Person(s)

All staff

4. Reflection/Evaluation of Training #2

• Name and Brief Description

TBD

• Number of Participants

on

How do you know?
TBD

What went well with the training
TBD

What improvements would be made and what steps will you implement to make the training more effective
TBD

Parent Trainings

Describe the trainings you will offer parents and families that will build their capacity to support learning at home to improve student academic achievement. Trainings must focus on skills that parents and families can use to extend learning at home, support students in meeting challenging state standards and monitor their child's academic progress.

1. Parent and Family Capacity Building Training #1

Name of Training
Reading, Math, & Science Night 3-5
• What specific strategy, skill or program will parents learn to implement with their children at home?

To support student learning at home, the parents will be able to understand the new standards based report card, view student work samples and learn strategies to reinforce at home.

• Describe the interactive hands-on component of the training.

The parents will be able to interact with teachers in order to create math activities that focus on (place value, Multiplication facts, shapes, and characteristics). For reading they will create activities to support reading at home. Such as: fluency and building comprehension with question stems. The parents will also receive information on how to support Science at home. Such as: quick hands on experiments they can do at home also building on Science vocabulary.

• What is the expected impact of this training on student achievement?

After this training and giving parents the tools to help at home, there should be an increase of student understanding of the content areas.

• Date of Training

10/24

• Responsible Person(s)

3-5 teachers

• Resources and Materials

Sign in sheet. Ziploc bags with materials for each subject one per student and family to be used together.

• Will use funds for refreshments as noted in SWP:

on

TBD

3. Parent and Family Capacity Building Training #2

• Name of Training

Reading and Math Night K-2

• What specific strategy, skill or program will parents learn to implement with their children at home?

To support student learning at home, the parents will be able to understand the new standards based report card, view student work samples and learn strategies to reinforce at home.

• Describe the interactive hands-on component of the training.

The parents will be able to interact with teachers in order to create math activities that focus on (place value, Multiplication facts, shapes, and characteristics). For reading they will create activities to support reading at home. Such as: fluency and building comprehension with question stems. The parents will also receive information on how to support Science at home. Such as: quick hands on experiments they can do at home also building on Science vocabulary.

• What is the expected impact of this training on student achievement?

After this training and giving parents the tools to help at home, there should be an increase of student understanding of the content areas.

• Date of Training

12/5/23
**Responsible Person(s)**
K-2 teachers

**Resources and Materials**
Sign in sheet. Ziploc bags with materials for each subject one per student.

**Will use funds for refreshments as noted in SWP:**
on

**Amount (e.g. $10.00)**
TBD

4. Reflection/Evaluation of Training #2

**Name of Training**
TBD

**Number of Participants**
TBD

on

• How do you know?

TBD

• What went well with the training?

TBD

• What improvements would be made and what steps will you implement to make the training more effective?

TBD

5. Parent and Family Capacity Building Training #3

• Name of Training

Parent University

• What specific strategy, skill or program will parents learn to implement with their children at home?

To support student learning at home, the parents will be able to know how to access the school website, portal, e-mail, and opportunities for outside assistance/agencies.

• Describe the interactive hands-on component of the training.

The school counselors will model for the parents how to access information through the School District Website in order to help their child at home. Such as: email to communicate with the teachers, how to sign in on the portal to access student test scores, and also information to help them access outside agencies.
What is the expected impact of this training on student achievement?

The expected impact is that parents will know how to locate information for their child or for themselves in order to stay connected to what is going on in class with their child.

Date of Training

10/24 & 12/5

</tbody>
</table>
3. Partnership #3 - List Department, Organization, or Agency

- **Name of Agency**
  Roots and Wings Organization

- **Describe how agency/organization supports families.**
  This agency supports our Tutorial program for 2nd and 3rd grade students. This program is offered free to the parents in order to help the academic needs of their children. The organization also donates food/gifts throughout the holiday season.

- **Based on the description list the documentation you will provide to showcase this partnership.**
  Communication and support of events School-Wide recognition. Thank you notes. Notifications of planning and sharing data through email.

- **Frequency**
  as needed yearly

---

**Communication**

After reflecting on the stakeholder input meeting, training evaluations and analysis of events, describe the process that your school will use to provide timely and easy to understand updates to parents and families on Title I programs, curriculum, assessments and student progress/proficiency level information.

1. Describe how school will provide parents and families with timely information about the Title I programs, meetings and other activities in a format and language parents can understand. Consider Title I programs such as tutoring, mentoring, parent/family trainings.
2. Describe how school will inform parents about the curriculum and proficiency levels students are expected to meet.

3. Describe how school will inform parents about forms of academic assessments used to measure student progress and achievement levels of State academic standards.

4. Describe how school will inform parents about opportunities to participate in decision-making related to the education of their children.

5. Describe how the school will offer flexible meeting dates and times for trainings, activities and events to remove barriers for attendance.

• Description

The school will send out a newsletter, call-out, and share Title I information at the annual meeting. Throughout the year, school will share information about Title I programs (tutorial, push-in or pull-out support, mentoring, parent training events, etc.) with families. The school would inform families about our Title I programs through flyers, email, call out, marquee.

• List evidence that you will upload based on your description.

Open House invites, translated. SAC agendas, parent training invites, translated, newsletters

• Description

The school will send out a newsletter, call-out, and share the information at the SAC meetings, Parent Trainings, Dolphin Pride Days, and or parent conferences. Parents will be informed about curriculum, assessment, and proficiency levels of their students through curriculum Night, parent teacher conferences, IEP meetings, LEP meetings, notes/phone calls/texts from the teacher, home visits as needed, progress reports, and report cards.

• List evidence that you will upload based on your description.

Open house/curriculum night presentation, handouts, conference notes capturing conversations around curriculum, proficiency levels, and other data, invitation, sign-in sheets, newsletter.
The school will send out a newsletter, call-out, and share the information at the SAC meetings, Parent Trainings, Parent University, and or parent conferences. Parents will be informed about curriculum, assessment, and proficiency levels of their students through curriculum Night, parent teacher conferences, IEP meetings, LEP meetings, notes/phone calls/texts from the teacher, home visits as needed, progress reports, and report cards.

List evidence that you will upload based on your description.

Assessment result reports, SAC agendas and sign-in sheets, conference notes that capture conversations around academic assessments and student progress, newsletter.

The school will send out a newsletter, call-out, and share the information at the annual meeting. Information with dates will also be shared at Open House. Parent conferences will provide parents the opportunity to have input on how to support academics at home. Parents will be invited to the annual CNA stakeholder meeting.

List evidence that you will upload based on your description.

SAC and other meeting invitations and sign-in sheets, parent-teacher conference notes that capture parents input on supporting academics at home, IEP meeting notes, LEP meeting notes.

We will offer meetings in the am and pm in order to try to be flexible for the parents. School will also conduct home visits if needed to share information with parents. IEP/LEP/SBT meeting are scheduled at a time that is convenient for families to attend.

List evidence that you will upload based on your description.

Invitations, agendas, calendars, newsletters, marquee photos showing dates and times of events.
Accessibility

It is important to address barriers that hinder families' participation in activities. After considering information gathered at your parent input meetings, describe how you ensure parents and families in the special categories below are able to fully participate in school meetings, trainings, activities and events. Describe the accommodations the school will provide for each subgroup of parents listed below.

1. Parents and families with limited English proficiency

2. Parents and families with disabilities

3. Families engaged in migratory work

4. Families experiencing homelessness

• Description

All communication that we send out via flyer, call-out, goes out in the different languages. The CLF facilitators will attend meetings and conferences as needed.

• List evidence that you will upload based on your description.

Supporting evidence will include: Photos of translation occurring at meetings, SAC agendas, translated compacts, monthly newsletters sent in all languages.

• Description

The school will make every effort to accommodate a parent/guardian who has a disability, so that they can play an active role in their child’s education. The school will request support from the ESE Department as needed. Some examples would include: providing an interpreter if needed, if transportation is not available arrangements for a home visit can be made. The campus is already equipped with ramps that are wheelchair accessible. We will provide print materials and the school has audio enhancement capabilities.
• List evidence that you will upload based on your description.

Photos of handicap parking areas, conference notes and communications with ESE Department where accommodations are being scheduled.

• Description

Resources are available for the families who are migrant. Our ELL Counselor as well as our school counselor will help students and families continue to succeed and providing the emotional support, the cultural support, and the services they can also utilize outside of school. The school will provide home visits as needed to share information and connect families with the migrant program in the district. The school will coordinate with the Migrant Department as needed to provide additional support to our migratory working families.

• List evidence that you will upload based on your description.

Home visit notes, a copy of the presentation at the Title I Annual meeting talking about resources, conference notes if/when support is needed or requested, correspondence with Migrant Department.

• Description

We have our school counselors/liaisons work out transportation if need be. The are also provided help with after school care, supplies, food. School personnel will assist families in setting them up with the McKinney-Vento program. The Student Housing Questionnaire (SHQ) form (2479) is sent home to all families to help identify families experiencing homelessness.

• List evidence that you will upload based on your description.

Transportation log, communications, after care communication, McKinney-Vento flyer, District communication with McKinney-Vento department, samples of form 2479

Other Activities

This is an optional step. List other activities, including additional parent and family trainings, which are planned to strengthen parent and family engagement at your school. Title I funds may not be used to purchase food for these activities.
1. Activity #1

- Brief Description
  TBD

3. Activity #3

- Name of Activity
  TBD

- Brief Description
  TBD

**Building Non-Academic Skills**
How do you build students’ skills outside of academic subject areas? Include descriptions of:

- Build coping skills;
- Address social/emotional needs;
- Foster a growth mindset;
- Teach resilience and persistence;
- Promote healthy habits;
- Promote positive behavior;
- Develop students organizational skills;
- Build strong study habits;
- Build character; and/or
- Develop a sense of service for others.

1. Building Students’ Non-Academic Skills

Guidance will be meeting all students through their Fine Arts rotations to address skills for learning and life standards. They will work on the following: self-awareness, self-management, social awareness, relationship skills, and responsible decision making. Students are offered individual and small group counseling by ELL (English as a second language) Counselor and School Counselor. Collaborative efforts with outside agencies to ensure individual and family counseling, in addition, to psychiatric services. Some of the agencies that our school works with are: Chrysalis, Boystown, Roots & Wings, and the Achievement Center for Children and families (ACCF). Our school teacher expected behaviors, SwPBS (School Wide Positive Behavior System) The SwPBS programs incentives change. The students who exhibit the character traits of the month will be chosen by their teachers to be recognized and given a certificate and prize. We are also adding Dolphin points this year that can be awarded through SIS for positive behaviors.

SBT/MTSS Implementation

Describe your implementation of a tiered model of support (SBT/MTSS):

- Identify students for tiered support;
- Determine supports needed;
- Implement support; and
- Track students’ progress.
**1. SBT/MTSS Implementation**

The School Based Team is comprised of a team that comes together with the teacher/parent to decide if a student needs additional support. The teacher would offer support in the classroom and submit a referral to the SBT leader if they feel the student needs additional academic/behavior support. The system is set up in three tiers. Our core instruction consists of all students (Tier 1) receiving Guidance lessons on the Fine Arts rotations. During core instruction with their teacher, students will also have an additional resource teacher for small group reading and math. This strategy helps target students and their individual needs. In our Kindergarten, First, and Second grade classes the students will receive an additional Phonics programs that will focus on letters and sounds such as Heggerty PA. The students will also use Benchmark reading program, a comprehensive program for teaching skills in reading, writing, listening, and speaking, Benchmark also builds students' knowledge and vocabulary in literature, history, geography, and science. The students who need some additional support (Tier 2) will receive supplemental academic intervention with a resource teacher. This support would be given to a student on their reading needs. If the support is needed through Exceptional Student Education (ESE) and/or English as a second language (ESOL), the coordinators will also provide small group instruction to meet the students' needs. The students will be monitored with a progress monitoring log and the SBT will meet to monitor the progress every 6-8 weeks. If additional support is needed then the School Based Team (SBT) through the (Response to Intervention) RTI team will provide interventions to a selected group (Tier 3) of students during reading club or in the afternoon. This would also be additional academic time based on the students' needs. These students are well below grade level or have been identified as Level one students. They will be progress monitored through the use of research based probes, and SBT will meet to monitor their progress.

**Provision of a Well-Rounded Education**

How do you ensure all students are provided with a well-rounded education including enrichment opportunities? Describe:

- The process used to determine core instructional needs (data).
- Opportunities to extend learning time.
- How the school ensures instruction is aligned to standards.
- How the school connects classroom learning to real world applications.
- Courses/electives that are not considered core-content.
- Courses/electives that are focused on job skills.
- How extra curricular opportunities enrich the students' education.

*The term “well-rounded education” means courses, activities, and programming in subjects such as English, reading or language arts, writing, science, technology, engineering, mathematics, foreign languages, civics and government, economics, arts, history, geography, computer science, music, career and technical education, health, physical education, and any other subject, as
determined by the State or local educational agency, with the purpose of providing all students access to an enriched curriculum and educational experience. [ESSA, section 8101 (52)].

1. Well-Rounded Education

All of our students are offered a student-centered, personalized environment. Students will rotate through several small groups within their classroom, where the teacher has planned, scaffolded lessons to help them be successful readers. Students are encouraged and supported to take ownership of their learning through their voice and through their tasks in class. Their independent time is structured to not only enhance their thinking, but to scaffold them to think beyond the text. The students experience rigorous standards-based instruction based on their need to ensure that they are successful. The students also review their data with their teacher (through their FSQs and USAs that are given for reading and math) and analyze their progress in order to see the growth that they have made and what their next steps are. Administration and coaches help with the planning process and provide plans and strategies through PLC. Administration conducts data chats and walkthroughs to monitor. The students in grade 2 through grade 5 are able to participate in after school tutorial as well to help in closing their reading and math gaps. The students also have access to a support system of services to feel safe, supported, and cared for by peers, adults, and the community. The students also have the opportunity to experience physical education, art, music, media/computer, and guidance throughout the week.

Post-Secondary Opportunities and Workforce Readiness

How do you build students’ awareness of and readiness for post-secondary opportunities and the workforce? Consider the following examples:

- College awareness/readiness curricula and programs;
- Building pathways to rigorous coursework;
- Accelerated course offerings (AMP, Honors, AP, AICE, IB);
- Dual enrollment opportunities;
- Career and technical courses;
- ACT/SAT prep programs;
- Project-based learning opportunities;
- Job skills development (collaboration, critical thinking);
- ROTC programs;
- Career Days or guest speakers; and
- Job shadowing, field experiences, clinicals.
1. Post-Secondary Opportunities and Workforce Readiness

Students consistently experience rigorous, standards-based instruction grounded in the expectation that all students can succeed in the classroom. The students meet with two teacher led reading groups each week in order to strengthen their reading skills. Students have the opportunity to use technology to research and apply to what they are learning in the classroom. In 2023-2024 we are offering Accelerated math to our 3rd grade students and 4th grade students. During the first week of school, FAU students come to welcome the students to school and talk with them. They also come for field day, and share their story during testing time to help motivate the students. Career day is held annually in May through guidance rotations. We also hold LAW day in May as well. We offer choice programs information training's for parents and students so that they are able to understand and make an well formed decision for their child. The guidance department shares college and career ready information during their guidance lessons. They also invite guest speaker to come in and speak to the students about the path it took them to their profession today.

Transition From Early Childhood to Elementary School

**Elementary Schools:** Describe the strategies used to assist preschool students in transitioning from early childhood education programs to elementary school. Consider:

- Headstart programs
- VPK on campus
- Bridges Program
- Meetings at local preschool programs to provide information to rising Kindergartners’ parents
- Kindergarten Round-up
- Pre-K parent trainings throughout the school year to provide Kindergarten readiness strategies
- On-site school tours for new kindergarten families
- Early school year start/summer program for incoming Kindergarteners
- Staggered start
- Meet the teacher
- Kindergartener for a day for pre-K students
- Looping from Pre-K to K
- Collaboration with local preschools to develop readiness skills

**Secondary Schools:** Click on the Exemption button above if this is not applicable to you.
1. Transition to Elementary School

Our Head Start program runs year round and promotes school readiness and helps enhance the students' cognitive, social and emotional development in a learning environment. At Pine Grove the Head Start teachers and aides (ECP's) have the opportunity to attend trainings throughout the year. We also utilize the District support staff to ensure fidelity of the program and to help with strategies in the class that supports children's growth in language, literacy, mathematics, science, social and emotional functioning, creative arts, and physical skills. The last three years our Pre K teachers have been trained in Fundations and we have seen an increase of the skills transfer to our Kindergarten students. Communication with the parents is also supported with the teacher and two family support personnel to ensure that the students as well as the families are well supported. This program allows for the transition of the students into Kindergarten with some foundational knowledge and skills. We also hold a Kindergarten Round up to invite new parents to our school and learn about Kindergarten. The parents come in and tour our school and have an opportunity to speak with the Kindergarten teachers. We also train the parents with some resources they can use at home to help and offer them the resources and materials to take home. Our Pre K liaisons also hold monthly parent trainings in the morning to help foster education and to help parents to make the school to home connection stringer.

Professional Development

In addition to Title I funded professional development listed in the CNA/Strategies section, what other opportunities are provided for teachers, tutors, paraprofessionals, and instructional coaches to improve the delivery of instruction and the use of data to support instructional decisions? Consider:

- Regional Support
- District Curriculum Support
- Conferences (AVID, content specific, STEM, AP/IB/AICE, etc)
- APTT
- Peer Observation Program using Palm Beach Model of Instruction
- Mentoring
- PAR Teacher
- Online workshops
- Professional book study
- Consultants
- Multicultural and ESE trainings
1. Professional Development

The Professional Learning Communities (PLCs) provide teachers time for developing lessons and activities that support the standards. These conversations and learning opportunities also allow for the teachers to receive input from the reading and math coaches in order to ensure the students success. Our teachers are also offered the opportunity to attend trainings to continue to learn and grow. Trainings are offered through the curriculum department to assist teachers in leaning programs/strategies that can be useful in the classroom. The school district also provides the opportunity for the teachers to be trained online. The professional development department also has webinars for the teachers to participate in on several different topics. For example, Benchmark Literacy, and math cadres, to help with planning for lessons. The teachers the share during PLC and common planning. Our new teachers are a part of our Educator Support Program (ESP). In this program, we pair our new teachers with mentors and veteran teachers. They help support them in any way they can. They also have the opportunity to observe other teachers styles, they receive modeling from our reading and math coaches, and evaluations with feedback. The new teachers also meet monthly with the Assistant Principal to continue to learn about the Palm Beach Model of Instruction and any other support they need. We also utilize our Single School Culture Coordinator (SSCC), our reading coach, math/science coach and area support to support the teachers as needed. Our ESE contact and ELL Coordinator are also part of the leadership team. They are present at PLCs as well in order to provide strategies within the classroom to help students. Our ELL students are also taught how to use their cognates and dictionaries in order to help them during instruction.

Recruitment and Retention of Effective Educators

How do you recruit and retain effective teachers (particularly in high need subjects)? Consider:

Recruitment:
- Job Fairs
- Collaboration with HR and Region Office
- Intern Teachers, Interim Teachers, Substitutes, Academic Tutors (Grow Your Own)
- Word of Mouth
- Glades Supplement
- Other Incentives such as signing bonuses and pay for performance

Retention:
- Orientation
- Mentoring/Peer Teacher
- Teaching Team with Team Leaders
- Collaborative Planning
- Department Chairs
- Coaching Support
- School/Employee Morale
1. Recruitment and Retention

School based administration and the leadership team recruit and work in conjunction, with the Human Resource Department to recruit highly qualified applicants. We also support our new teachers in the Educator's Support Program and the ongoing professional development opportunities ensures the retention of highly qualified individuals. Our professional development is aligned by teacher need and very much job-imbedded. Some of our teachers host interns throughout the year. We pair up teachers with veteran teachers, we do peer observations and hold meetings to talk about the Palm Beach Model of Instruction. Our teachers also have an opportunity to have common planning where they are able to work on their relationships and share ideas and strategies. Teachers who are interested are given leadership roles such as overseeing the tutorial program, and have opportunities to grow into other leadership capacity. This year we have the opportunity of hiring leaders for reading recovery and SAI. We also have a Beach Club, which is our hospitality committee. The committee meets and schedules different events throughout the year to foster working relationships. We also have staff recognized each month and awarded with a special parking spot up front. Our community also recognizes teachers that go above and beyond quarterly.
