PY 23 Retiree Benefits
Dear District Retirees,

We welcome you to view the benefits information included in this reference guide. We’ve compiled all the information about benefits available to you as a retiree of The School District of Palm Beach County.

MEDICAL

We offer several options for retirees and are confident you will find a plan that meets your needs and budget.

DENTAL AND VISION COVERAGE

Dental and Vision Insurance are important optional benefits that are not part of most medical plans.

MEDICARE PART D FOR MEDICARE ELIGIBLE RETIREES

Your existing prescription coverage with the School District of Palm Beach County is on average as good as standard Medicare prescription drug coverage. You can keep this coverage and not pay extra if you later decide to enroll in Medicare prescription drug coverage. You should also know that if you drop or lose your coverage with the School District of Palm Beach County and don’t enroll in Medicare prescription drug coverage when your current coverage ends, you may pay more (a penalty) to enroll in Medicare prescription drug coverage later.

SINCERELY,
Mike Burke, Superintendent

Open Enrollment October 14 - November 4, 2022
New Retirees

BENEFITS AVAILABLE FOR NEW PRE-MEDICARE RETIREES

As a retiree of the School District of Palm Beach County, you are eligible to continue medical, dental and/or vision coverage if you are not yet eligible for Medicare and are current with all premium contributions. For more information regarding benefits, policies and premiums, please refer to the retiree benefit information found under the Careers tab at: www.palmbeachschools.org

Your benefits as an active employee will end on the last day of the month in which you retire if you worked the majority of duty days in that month. For example, if an employee retires on “May 15, active coverage will terminate on May 31. Retiree information will be mailed to the home address on file. You will have 30 days from the day your benefits ends as an active employee to make elections to continue the retiree benefits offered to you. However, for all employees (with the exception of 12-month employees) who retire at the end of a school year and work through their contract period — coverage will end on July 31 of that year.

MEDICARE ELIGIBLE PLANS - FSRBC

In order to be eligible to continue health insurance benefits, you have to be retired and receiving monthly payments from FRS. Enrollment in the FRS investment plan may limit your eligibility to continue health benefits upon retirement. Please refer to School Board Policy 6Gx50-3.79 for more information.

If you are eligible for Medicare upon retirement, Medicare will become the primary payer on the first of the month following your last date worked, regardless of your coverage through the district.

Palm Beach County School District has joined the Florida School Retiree Benefits Consortium (FSRBC). The Consortium will be providing enhanced retiree benefits through their partners Aon and BSwift. FSRBC open enrollment is from October 14, thru November 04, 2022.

IMPORTANT

Benefits are provided for active employees until the end of the month in which you retire, provided you have actually worked the majority of duty days during that month.

Please Note:

Your retirement date must be in a month in which you are covered under the district’s benefits plan in order to continue benefits as a retiree. For less than 12-month employees, the same rules apply except that at the end of the school year, if you complete your contract, most benefits will remain in place through the end of July. If you do not physically return to work in August, your benefits ended in July, so your retirement date must be in July. Continuing with this example, if you choose an August retirement date, you will not be eligible to continue benefits as a retiree.
Retirees

**Annual Enrollment Benefits Available**
Every year during the month of October, we have an annual enrollment period during which retirees have the opportunity to switch from one medical or dental plan to another. Retirees may also add or drop dependent coverage. Retirees who wish to add a dependent to the medical, dental and/or vision plan must provide documentation; Social Security information is required for all enrolled dependents.

**Plan Premium Payments**
Premium payments are due by the first day of the month. Monthly premiums can be taken from your Florida Retirement System (FRS) pension. We are also pleased to offer ACH (debit from other accounts) as an alternative method of payment. Retirees under the Investment plan only option to continue premium payment is ACH debit.

Please note that once you drop an area of coverage, you will not be eligible to enroll in that area of coverage at any time in the future. Refer to this booklet for information on the health, dental and vision plans.

Tips to Make Your Doctor’s Visit Worthwhile

Before your appointment:
1. Make a list of all the questions you have for your doctor, nurse or pharmacist.
2. Write down medications you are currently taking, including prescriptions, over-the-counter medicines, and herbal supplements.
3. Plan to bring a family member or friend to your visit if you have a hard time remembering what your doctor tells you.

During your appointment:
1. Tell your doctor if a family member has been diagnosed with a serious disease or condition. Also mention if you have or will be traveling outside the country.
2. Ask your doctor at every visit to send any laboratory test to a network facility.
3. Before you leave, make sure you can read and/or understand your doctor’s or pharmacist’s instructions. If you don’t, it’s okay to ask them to explain until you understand.

*UnitedHealth Premium Tier 1 is not available in all geographic locations. For a complete description of the UnitedHealth Premium Tier 1 designation program, including details on the methodology used, geographic availability and program limitation, please visit myuhc.com®.
Criteria for designation come from nationally recognized quality standards and market-based cost efficiency standards. For our members with special medical concerns, we also provide information from the National Committee for Quality Assurance (NCQA) Doctor Recognition Program.

Consumer Driven Health Plan (CDHP)
UnitedHealthcare Medical Benefits-at-a-Glance

Our medical plan is provided by UnitedHealthcare. The pharmacy benefits are provided directly through Optum Rx. The Consumer Driven Health Plan (CDHP) puts you in control of your medical spending and gives you the ability to save money through a Health Savings Account (HSA) for future healthcare needs (Eligibility requirements for a HSA and how to open an HSA account are discussed on subsequent pages). This plan gives you the freedom to see any doctor or other health professional from our national network, including specialists, without a referral. With this plan, you will receive the highest level of benefits when you seek care from a network doctor, facility or other healthcare professional. You may also choose to seek care outside the network without a referral. However, you should know that care received from a non-network doctor, facility or other healthcare professional means a higher deductible and copayment.

Health Savings Account (HSA)

Introduction to health savings accounts

A health savings account (HSA) allows you to save money for qualified medical expenses that you’re expecting, such as contact lenses or monthly prescriptions, as well as unexpected ones—for this year and the future.

Why have an HSA?

You own it
The money is yours until you spend it, even deposits made by others, such as an employer or family member. You keep it, even if you change jobs, health plans or retire.

Tax savings
HSAs help you plan, save and pay for health care, all while saving on taxes.
- The money you deposit is federal income tax-free
- Savings grow income tax-free
- Withdrawals for qualified medical expenses are also income tax-free

It’s not just for doctor visits
Once you’ve contributed to your account, you can use the funds in your HSA to pay for qualified medical expenses such as:
- Dental care, including extractions and braces
- Vision care, including contact lenses, prescription sunglasses and LASIK surgery
- Prescription medications
- Certain over-the-counter drugs and medications
- Chiropractic services
- Acupuncture

For a full list of qualified medical expenses, visit optumbank.com/qualifiedexpenses.

Save for the future
Your HSA rolls over from year to year, so you can continue to grow your savings and use it in the future—even into retirement.

Contribution limits
There are contribution limits, set by the Internal Revenue Service (IRS) and adjusted annually. The limits in 2023 are:
- $3,850 for individual coverage
- $7,750 for family coverage
- $1,000 extra if you’re 55 or older, also known as catch-up contributions
Health Savings Account (HSA)

Who can open an HSA?
To be an eligible individual and qualify for an HSA, you must have a qualifying high-deductible health plan (HDHP) that meets IRS guidelines for the annual deductible and out-of-pocket limit.

In addition, you must:
• Be covered under a qualifying HDHP on the first day of a given month
• Not be covered by any other health coverage except what is permitted (dental, vision, disability and some other types of additional coverage are permissible)
• Not be enrolled in Medicare, TRICARE or TRICARE for Life
• Have not received Department of Veterans Affairs (VA) benefits within the past 3 months, except for preventive care; if you are a veteran with a disability rating from the VA, this exclusion does not apply
• Not be claimed as a dependent on someone else’s tax return
• Not have a health care flexible spending account (FSA) or health reimbursement account (HRA); alternative plan designs, such as a limited-purpose FSA or HRA, might be permitted

Other restrictions and exceptions also apply. Consult a tax, legal or financial advisor to discuss your personal circumstances.

Open your account
Check with your employer or benefits specialist to learn about your company’s application process. You may be able to sign up through your employer or enroll at optumbank.com or through myuhc.com®. You cannot use your HSA to pay for medical expenses you had before you opened your account—so be sure to open your HSA as soon as you are eligible.

And be sure to save your receipts! For a full list of qualified medical expenses, visit optumbank.com/qualifiedexpenses.

Contributions add up quickly
When Marcus started his new job, he decided to open an HSA and contribute $100 per month. Because he hasn’t had many medical expenses, he decided not to touch the balance during his first year. Here’s how his contributions added up:
• Monthly contribution: $100
• Annual contribution: $1,200
• Annual income tax savings:* $452

Health Savings Account (HSA)

Planning for retirement with a health savings account

Health care expenses are one of the top financial worries in retirement—especially for people with health conditions. As you’re planning for the future, think about how your Optum Bank® health savings account (HSA) can help ease your mind and prepare you for retirement by saving money income tax-free.

Wondering how much you might need to save?

Good question. Here are the current health savings recommendations for retirement:1

- **$605K** for a 65-year-old couple retiring today
- **$950K** for a 55-year-old couple retiring in 10 years
- **$1.57M** for a 45-year-old couple retiring 20 years from now

Looking for a personalized estimate? Take the Optum Financial Health Savings Checkup at healthsavingscheckup.com. Answer a few questions about your health, your HSA activity and retirement goals, and you will receive a personalized snapshot of your potential health care expenses in retirement. You’ll also get ideas to help you stay healthy, spend less and save more.
Health Savings Account (HSA)

Investing with an HSA
Investing* HSA dollars has many potential tax benefits and can be an additional way to save for long-term health care needs and financial goals. Once your HSA reaches the investment threshold, you may choose to invest a portion of your HSA dollars. Optum Financial makes investing easy and more accessible for you by offering 2 investment opportunities.

1 Optum Financial self-directed mutual funds:
Choose from a wide variety of over 30 mutual funds that average a 4-star Morningstar rating and represent some of the lowest expense ratios in the industry, including life stage funds.

2 Betterment digitally managed investments:
Betterment helps take the guesswork out of investing your HSA. Based on your HSA investment goals, Betterment will recommend a personalized portfolio of low-cost exchange traded funds (ETFs) and help keep your HSA investment on track through auto-deposits and automated rebalancing.

Catch-up contributions
Once you turn 55, you can contribute an additional $1,000 each year to your HSA, called a catch-up contribution. If you and your spouse are both over the age of 55, you can each contribute an additional $1,000. Your spouse will just need to open their own HSA for their additional portion.

HSAs and Medicare
The benefits of an HSA don’t stop when you retire. While you are no longer allowed to contribute to your HSA after enrolling in Medicare, you can still use your HSA funds income tax-free to pay for qualified medical expenses. You can also use your HSA to pay for Medicare premiums and qualified out-of-pocket expenses including deductibles, copays and coinsurance for:

- Part A (hospital and inpatient care)
- Part B (doctor and outpatient care)
- Part D (prescription drugs)

Keep in mind that standard Medicare does not cover hearing aids or vision, dental or nursing home care.

Withdrawing funds during retirement
You can use the money in your HSA to pay for qualified medical expenses at any time. Once you turn 65, however, you can withdraw the money from your HSA for nonqualified expenses without a penalty. You will just be required to pay ordinary income tax on that amount.

### When & Where to Get Care

#### Compare care options to help keep costs down

Getting care at the place that may best fit your condition or situation may save you up to $2,300 compared to an emergency room (ER) visit.* If you have a life-threatening condition, call 911 or go to the ER. For everything else, it may be best to contact your primary care provider (PCP) first. If seeing your PCP isn’t possible, it’s important to know your other care options, especially before heading to the ER.

Pre-Medicare Retiree Vision Benefits

Provider: EyeMed Vision Care
eyemed.com

An eye examination means more than getting a prescription – it evaluates your eye health and is critical in the early detection of several vision and health-related conditions, including:

• glaucoma
• cataract
• diabetes
• hypertension

Plan Features
You may choose independent ophthalmologists, optometrists, opticians or the convenience of a retail facility including LensCrafters®, most Pearle Vision locations, and Target Optical locations in your area or throughout the country for:

• eye examinations
• contact lenses
• glasses
• Rx sunglasses
• lens options and accessories
• LASIK and PRK laser vision correction procedures
• Hearing Discounts

Lens Options
You can choose from many different lenses and lens options for your frames at participating eye provider locations. Here are just a few of the lens options you may find at participating provider locations:

• Ultra Violet (UV) protection - UV ray exposure can be generated from the sun or other light sources. With enough exposure to these light rays, there could be an increased risk of cataracts and macular degeneration.
• Anti-reflective (AR) coating - This coating reduces the amount of light that reflects off the lenses. These lenses can be particularly helpful for driving at night, when reflections on your lenses may be greater than daylight driving conditions. AR coating also enables people to see your eyes more clearly as opposed to seeing the reflection off your lenses.

CERTIFICATE OF CREDITABLE COVERAGE

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with the School District of Palm Beach County and prescription drug coverage available for people with Medicare.

IMPORTANT NOTICE FROM THE SCHOOL DISTRICT OF PALM BEACH COUNTY ABOUT YOUR PRESCRIPTION DRUG COVERAGE AND MEDICARE

It also explains the options you have under Medicare prescription drug coverage and can help you decide whether or not you want to enroll. At the end of this notice is information about where you can get help to make decisions about your prescription drug coverage.

There are two important things you need to know about your current coverage and Medicare’s prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare through Medicare prescription drug plans and Medicare Advantage Plans that offer prescription drug coverage.
   - All Medicare prescription drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
   - The School District of Palm Beach County has determined that the prescription drug coverage offered by UnitedHealthcare is, on average for all plan participants, expected to pay out as much as the standard Medicare prescription drug coverage will pay and is considered creditable coverage.

Because your existing coverage is on average at least as good as standard Medicare prescription drug coverage, you can keep this coverage and not pay extra if you later decide to enroll in Medicare prescription drug coverage.

Individuals can enroll in a Medicare prescription drug plan each year from October 15 through December 7 and when they first become eligible for Medicare. However, if you lose your current creditable prescription drug coverage through no fault of your own, you will also be eligible for a two month special enrollment period (SEP) to join a Medicare drug plan.

If you do decide to enroll in a Medicare prescription drug plan and drop your UnitedHealthcare prescription drug coverage, be aware that you will not be able to get this coverage back. Prescription drug coverage is a part of the total health insurance plan offered by UnitedHealthcare and cannot be purchased separately.

Please contact us for more information about what happens to your coverage if you enroll in a Medicare prescription drug plan.

If you drop your coverage with the School District of Palm Beach County and enroll in a Medicare prescription drug plan, you will not be able to get this coverage back later. You should compare your current coverage, including which drugs are covered, with the coverage and cost of the plans offering Medicare prescription drug coverage in your area.

Your current coverage pays for other health expenses, in addition to prescription drugs, and you will still be eligible to receive all of your current health and prescription drug benefits if you choose to enroll in a Medicare prescription drug plan.

You should also know that if you drop or lose your coverage with the School District of Palm Beach County and don’t enroll in Medicare prescription drug coverage after your current coverage ends, you may pay more (a penalty) to enroll in Medicare prescription drug coverage later.

If you go 63 days or longer without prescription drug coverage that’s at least as good as Medicare’s prescription drug coverage, your monthly premium will go up at least 1 percent per month for every month that you did not have that coverage. For example, if you go 19 months without coverage, your premium will always be at least 19 percent higher than what many other people pay. You’ll have to pay this higher premium as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to enroll.

For more information about this notice or your current prescription drug coverage: contact our office at 1-561-434-8580.

NOTE: You will receive this notice at other times in the future, such as before the next period you can enroll in Medicare prescription drug coverage, or if this coverage changes. You also may request a copy of this notice at any time.

For more information about your options under Medicare prescription drug coverage:

More detailed information about Medicare plans that offer prescription drug coverage is in the “Medicare & You” handbook. You’ll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare prescription drug plans. For more information about Medicare prescription drug plans:

• Visit: www.medicare.gov
• Call your state health insurance assistance program for personalized help (see your copy of the “Medicare & You” handbook for their telephone number).
• Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

For people with limited income and resources, extra help paying for Medicare prescription drug coverage is available. Information about this extra help is available from the Social Security Administration (SSA) online at www.socialsecurity.gov or by phone at 1-800-772-1213 (TTY 1-800-325-0778).

Remember: Keep this notice. If you enroll in one of the new plans approved by Medicare that offer prescription drug coverage, you may be required to provide a copy of this notice when you join to show that you are not required to pay a higher premium amount.

Opportunity to Enroll in Connection with Extension of Dependent Coverage to Age 26

Individuals whose coverage ended, or who were denied coverage (or were not eligible for coverage), because the availability of dependent coverage of children ended before attainment of age 26 are eligible to enroll in health plans offered by the School District of Palm Beach County. Individuals may request enrollment for such children during the annual enrollment period. Enrollment will be effective January 1, 2023. For more information contact Risk & Benefits Management at 1-561-434-8580.

Patient Protection

The medical plans offered by the School District of Palm Beach County do not require you or your family to designate a primary care provider. However, you have the right to select any primary care provider who participates in our network and who is available to accept you or your family members. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact UnitedHealthcare at www.myuhc.com or call the customer service phone number shown on your UHC ID card.

For children, you may designate a pediatrician as the primary care provider.

You do not need prior authorization from UnitedHealthcare or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a healthcare professional in our network who specializes in obstetrics or gynecology. The healthcare professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating healthcare professionals who specialize in obstetrics or gynecology, contact UnitedHealthcare at www.myuhc.com or call the customer service phone number shown on your UHC ID card.

Insurance Coverage after Retirement

Under section 112.0801, Florida Statutes, your FRS employer is required to offer you or your eligible dependents the option of continued participation in any employer-sponsored group insurance plans in which you were participating at your retirement or at your DROP termination date.

As a retiree, your premium cost for health and hospitalization insurance coverage may not exceed the total employee and employer premium cost applicable to active employees. You may lose your eligibility to participate if you choose not to continue participating in your employer’s group plan at retirement, initially choose to continue but subsequently stop participating, defer your retirement to a future date, or otherwise do not meet your employer’s group plan requirements. Before you terminate employment, contact your FRS employer about continuing your employer-sponsored group insurance coverage. The division has no authority over or responsibility for employer group health and hospitalization plans.

Flexible Spending Accounts (FSAs)

Your Flexible Spending Account (FSA) will terminate on the last day of the month in which you retire unless you elect to continue contributing to your Health Care FSA account after retirement through COBRA. You will have until March 31, 2023 to submit any claims for eligible expenses incurred before your retirement. For more information, please contact the WageWorks (flexible spending accounts administrator) customer service at 1 (855) 428-0446.

You are allowed to use the remaining money in your HCFSA account after your retirement effective date, by continuing contribution to your account through December 31st of your initial retirement year. You will have until March 31 of the following calendar year to submit eligible claims for expenses incurred while you were actively contributing and enrolled in an FSA plan. This will allow you to keep your Health Care FSA active and receive reimbursement for expenses incurred after your retirement date. If you do not wish to continue your Health Care FSA, it will terminate on the last day of the month in which you retire.

Please send payments directly to:
