Principal's Report: (Slide presentation)-Mrs. Matuella:

A. Testing: Progress Monitoring 2 Results:

- This is a new test so the data is not yet available to help make predictions about growth and patterns of performance.
- Ms. Matuella reviewed scores by grade level comparing end of year performance(last year) to mid year of the following year.
- Grade levels/teams have individual plans to target growth.

B. Boosterthon: The first callout was just sent yesterday. Raising money for computers for media center, shredder, and house initiatives.

C. A+Money (vote needed): Staff voted for how A+ money should be shared. Three options were given as follows: equal shares

among all full time employees for 2022-20233, 75% share to instructional staff/25% non instructional staff, and/or none of the above.

The staff voted for equal shares among all staff.

***The SAC committee unanimously voted to approve sharing A+ Money in equal shares among all full time staff.**

D. Treasurer's Report:

- SY24 balance -\$2,008.14

Public Comments Specific to Agenda Items(2 minutes/person):

- Mrs. Vita asked if scores (PM2) are available for the district. Ms. Matuella reported that there are and, at this time, JFCES is below Marsh Point on the district list; whereas we are typically achieving about the same as Marsh Point.
- Mrs. Sanford explained that the nature of this new test is different from what was used before and students cannot skip answers and go back. They are now having to learn to 'take the best guess', which is different from the testing strategies taught before.
- Mrs. Shimkus requested that the incentives for students to participate in Boosterthon be shared with families in the next callout. Mrs. Sanford and Ms. Matuella agreed that this would be good to provide families with this information.

Future Meeting Dates:

- Mar. 13, Apr 10, May 8

Mr. Rebholz adjourned the meeting at 3:27 with no objections.
