

Tuition Waiver for Classroom Teachers

Per Florida Statute 1009.26(10) and State Board of Education Rule 6A-14.0542, a state university or Florida College System institution may waive tuition and fees for a classroom teacher, as defined in s. 1012.01(2)(a),

- Who is employed full-time by a School District.
- Who meets the academic requirements established by the Florida College System institution or state university.
- Who enroll in courses approved by the Florida Department of Education for up to 6 credit hours per term on a space-available basis.
- Enroll in courses scheduled outside the School District's regular school day.

**COURSES WILL BE LIMITED TO UNDERGRADUATE COURSES RELATED TO
SPECIAL EDUCATION, MATHEMATICS, OR SCIENCE.**

For additional information, teachers should contact the college/university for information on whether the institution is offering the fee waiver for the identified classes. If teachers are using a class to renew their teaching certificate, they must request an official transcript reflecting the three-credit course and the grade earned and then submit the documents to the District's Certification Office.

The list of approved courses is attached.
