Job Responsibilities

- Diagnose and repair to specifications – brake and hydraulic, exhaust, primary and/or advanced fuel ignition and electrical, suspension and alignment, air conditioning and computer systems.
- Adequately explain technical diagnoses and needed repairs to non-mechanical individuals which may include employees and customers on an as-required basis.
- Continuously learn new technical information and techniques in formal training sessions in order to stay abreast with rapidly changing automotive technology.
- Assist fellow technicians/mechanics in performing technical activities.
- Keep store management aware of mechanical repair problems as they occur.
- Maintain an organized and neat bay.
- Adhere to all company policy, procedure, safety and environmental rules.

Qualifications

- A High School Diploma or GED
- At least 2-3 years of strong automotive mechanical diagnosis, problem-solving and repair experience.
- At least 1 ASE certification is required for this position.
- You'll also need a high level of motivation, energy and a customer-focused attitude.
- Must have a valid driver's license.
- Pre-employment drug test/physical/ background check will help assure we build teams of people who can best work with others and serve customer needs.

If you meet the qualifications listed above, possess a can do attitude and have a desire to progress in your career with the automotive service industry leader who puts their mechanics / auto technicians first, please apply today!
