

Bridgestone Retail Operations, LLC employs over 22,000 teammates in North America and operates more than 2,200 company-owned stores. **Our locations include Firestone Complete Auto Care, Tires Plus, and Wheel Works.**

We are the nation's largest and most advanced automotive service retailer and we're looking for the very best automotive techs. Our stores are full service shops and our mechanics are the lifeblood of our organization. Our full-time technicians enjoy great pay and a full range of benefits including health, dental and vision insurance as well as a 401k match retirement account!

But isn't the car dealer the best place for top technicians? THINK AGAIN! HERE IS WHY:

Over the last few years, at a time when many dealers were closing their doors, we were experiencing tremendous growth. Our technicians enjoy a very high level of stability because our stores are not dependent on highly cyclical and unstable new car sales. At a time when many dealers were closing or experiencing management shuffle after shuffle, our technicians enjoyed job stability as we continued to open stores and experience increased service sales. We bring more stability, because our business isn't dependent on the volatility of new car sales! Most dealers simply can't offer the benefits or job stability that we can. There are quite a few automotive shops hiring today, but our technicians know they can count on us to be here TODAY and TOMORROW.

Why pay out of pocket for your ASE's?

We pay our technician's ASE test costs AND pay a Bonus for each that they pass! We understand we wouldn't have any stores if we didn't employ the very best mechanics in the industry! We take pride in hiring the very best technicians, who are responsible for diagnosing, repairing and performing preventive maintenance on our customer's vehicles. Bridgestone and Firestone Complete Auto Care together with our other national brands including Tires Plus are the Biggest (fact) and BEST (our humble opinion) automotive team in the WORLD! If you have a winning attitude and would like a long term career with a great company, we are interested in speaking with you.

TIRE MAINTENANCE TECHNICIAN
