SUBJECT: RELEASE OF FY22 PRELIMINARY SCHOOL AND DISTRICT GRADES

On July 7, 2022, the Florida Department of Education (FDOE) released the FY22 School and District Grades. Due to the COVID-19 pandemic, school grades were not issued for FY20 and were optional for FY21.\(^1\) For the third time since FY15, the District is an “A” Rated School District.

Student performance on the Florida Standards Assessments (FSA) provides the foundation for these grades, which are based on a school grading system adopted by the State Board of Education (SBOE). The school grading system is based on the percentage of total points earned on several components including achievement, learning gains for all students and for lowest 25% students, high school graduation rates, as well as acceleration success in middle and high school. The current school grades model has been in place since FY16, however, school grades were not released fully in either FY20 or FY21. Therefore, this summary only includes FY17, FY18, FY19, and FY22 for comparison. Schools and districts are rated “A” through “F” based on a percentage of points earned.\(^2\),\(^3\)

A review of the FY22 preliminary School and District grades reveals the following:

District Grades
- Palm Beach and Miami-Dade were the only two of the Seven Largest Florida Districts to earn an “A” grade.
- The District outperformed all neighboring districts including Broward, Martin, St. Lucie, and Okeechobee.
- The District’s performance was equal to or higher than other large districts in two of the 11 components including Middle School Acceleration Success and High School Acceleration Success.

---

\(^1\) The District did not opt to partake in school grades in FY21.
\(^2\) Grading Scale: A = 62% of points or greater, B = 54% to 61% of points, C = 41% to 53% of points, D = 32% to 40% of points, F = 31% of points or less.
\(^3\) This year, the District had 9 schools that received an “I” in lieu of a school grade. This is likely due to lingering impacts from the COVID-19 pandemic. The “I” grades will be examined further with additional information from FLDOE, but in the interim are excluded from these analyses.
When compared with all 67 Florida school districts on total points earned, SDPBC was ranked 11th and one of 14 districts to receive an “A” grade.

School Grades

- For FY22, the results for District Traditional schools showed that:
  - 85% of high schools were rated “A” or “B”, an increase of 17 percentage points from FY19.
  - 53% of middle schools were rated “A” or “B”, a decrease of 3 percentage points from FY19.
  - 59% of elementary schools were rated “A” or “B”; a decrease of nearly 11 percentage points from the FY19.
  - The District had the highest percentage of “A” rated middle schools among the Seven Largest Florida Districts and the State.
  - The District had the second highest percentage of “A” rated high schools, following Dade, among the Seven Largest Florida Districts and the State.
  - The District had among the highest percentage of “A” rated combination schools, along with Orange, among the Seven Largest Florida Districts and the State.
  - This year seven District-Operated Schools and two Charters received “I” grades. This is higher than normal and reflects a trend statewide. It is likely due in part to lingering issues that persist due to COVID-19.

Tables 1a-1e contain the numbers and percentages of School Grades for Florida and District operated elementary, middle, high, combination, and charter schools. Tables 2a–2e contain the percentages of letter grades for district operated elementary, middle, high, combination, and charter schools in the Seven Largest Florida Districts. Table 3 contains district grades for the Seven Largest Florida Districts. Table 4 contains school grade components for each Palm Beach County School.
